RELATIONS WITH OTHER GOVERNMENTAL AUTHORITIES

The Somers Central School District is separate and apart from other units of local government. Close cooperation for the general good of the education of all students, children and adults, shall be maintained with other units of government including but not limited to villages, towns, fire districts, library districts and counties.

The Board of Education reaffirms its faith in local control of education.

The Board recognizes the power to interpret the interest of federal, state and local statutes and regulations is a power of the courts. The Board also recognizes that the state has the responsibility for the establishment and maintenance of certain minimum standards of education.
