RELATIONS WITH OTHER EDUCATION AGENCIES

Membership in recognized associations will be maintained by the district for several reasons, including:

1. the inservice education benefits to district staff and the Board of Education which come from participating in meetings, conferences, clinics and conventions;

2. access to the communications media of such associations, such as newsletters, periodicals, and advisory services; and

3. representation in actions affecting education in general and this district in particular.

The Board, in maintaining such membership(s), in no way abdicates its authority over and responsibility for district schools as outlined in state law and Board policy.

The Superintendent of Schools is authorized to expend budgeted funds for such memberships and for paying the costs of adequate participation of staff in the activities of such associations to achieve the above-listed purposes.
