

Somers High School

Arts Course Offerings

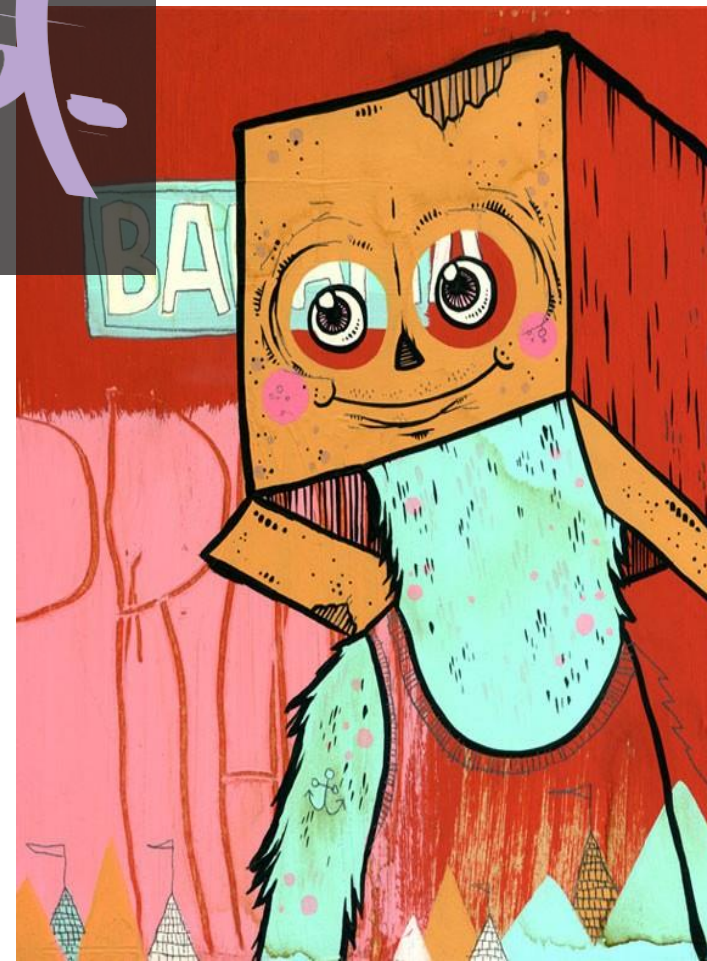

You are cordially invited and encouraged to enroll in one of our many Arts Education courses. We have a great selection of classes to choose from, including various one and two semester courses to fit any schedule. We are very proud of the facilities and activities available here at Somers High School. If you have questions about any course, please feel free to drop by the Art Office and speak to Mrs. Holder, Mrs. Brooks, Mrs. Sheehy, Mr. Monroe or Mrs. Magaletti

For students who cannot find the time to be involved in a course due to schedule conflicts, we have just the thing for you -- clubs after school! The Somers Arts Department offers different clubs to ensure your involvement within the arts, just ask, there is one for you!

Objectives of the Arts Department:

- To instill a sense of self-esteem and confidence in students through creative enterprise
- To create a class environment where creativity, imagination and experimentation are encouraged for 21st century learners
- To expose students to a wide variety of media
- To develop an appreciation for the various artistic styles and major trends in art throughout history
- To understand that art is life giving, and necessary for our emotional, creative and spiritual growth

Put on a Happy Box, Michael Sieben
