Somers High School Transitional Support Program Referral Process

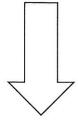

Whole Child Success Team reviews referral information to determine need and potential placement.

Transitional Support Program Steering Committee to determine appropriate placement. Identifies needs, supports, schedule, frequency, services, and duration of placement.

Transitional Support Program Intake includes a parent/student interview that provides an introduction to TSP and a detailed description of placement and services specific to the student. Documents are gathered to share information with TSP team and outside agencies/professionals.

Transitional Support Program Placement
