

## Language Settings

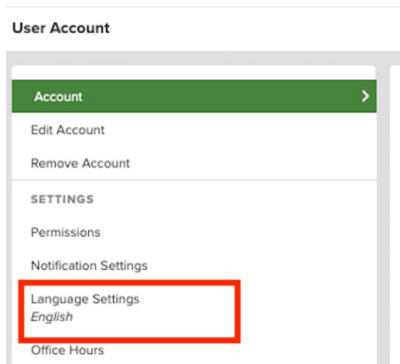

ParentSquare allows you to change your language setting so that you can receive posts in your preferred language. *Note: student language (if StudentSquare enabled) is always set to English and cannot be changed.*

### Using a Website Browser

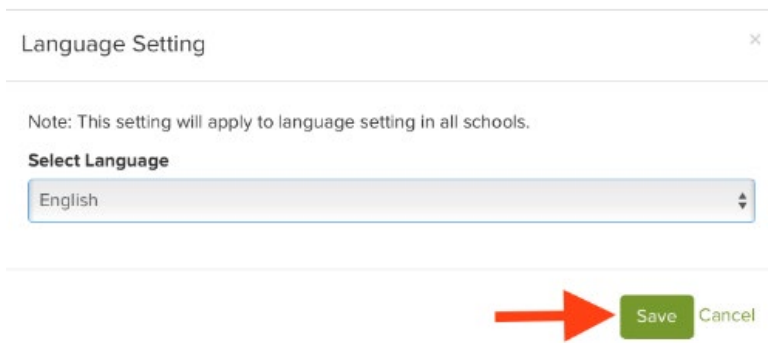

1. From **Home**, click the down arrow next to your name, in the upper right.
2. Select **My Account**.

3. Click on **Language Settings** in the left-hand sidebar.

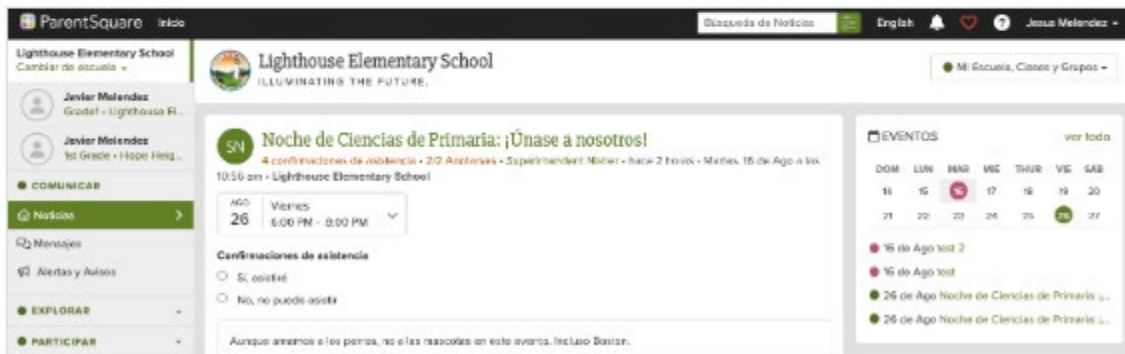

4. Select your **preferred language** from the drop-down menu and click **Save**.

## Change Menus to Spanish

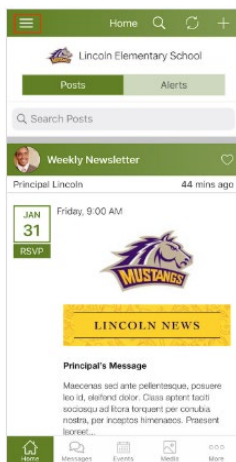

To change the application menus to Spanish, click **Español** in the top menu bar. (To change back, click **Englas**.) *Note: Spanish and English are the only languages available for the application menus.*

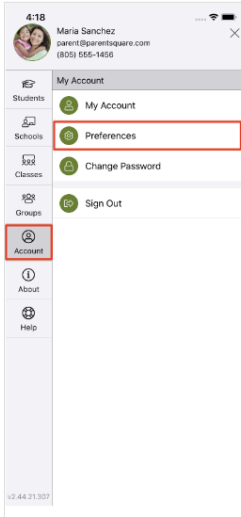

## Using the Mobile App

Follow the steps below to change the language for Posts and Messages sent to you.

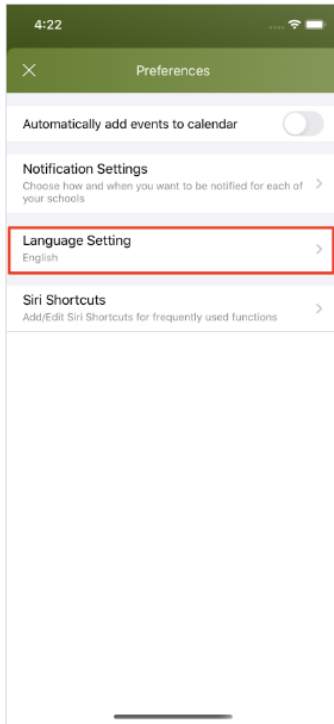

1. From **Home**, tap the **triple bars (menu)** in the upper left.

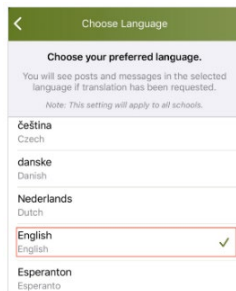

2. Select **Account**, then **Preferences**.

3. From the **Preferences** screen select **Language**.

4. Choose your preferred language. You will receive all post messages in your preferred language.

## Change Language Used by the App

To see how to change the language in the App (UI) and menus, visit:
