**Title II:** Federally funded supplemental educational program that provides financial assistance to improve the skills of teachers and the quality of instruction in core academic subjects in public and private elementary and secondary schools.

**Title IV:** Student Support and Academic Enrichment (SSAE) program is intended to help meet these goals by increasing the capacity of State educational agencies (SEAs), local educational agencies (LEAs), schools, and local communities to:

- 1) Provide all students with access to a well-rounded education
- 2) Improve school conditions for student learning
- 3) Improve the use of technology in order to improve the academic achievement and digital literacy of all students.

# Key Partner Referral Program

Student Transportation of America (STA) is having a difficult time filling open school bus and van driving positions.

They recently launched a new referral program designed to incentivize organizational (i.e. booster or civic organizations) word-of-mouth referrals amongst our school community.

Following referral and 90 days of employment, referring organizations receive donations of \$300 or \$500 (based on licensing status of driver hired).
