RFP EVALUATION & CONTRACT AWARD

4MATIV reserves the right to reject any and all proposals, or to waive any informalities, irregularities or technicalities in any proposal, should it deem to be in the best interest of The Schools and 4MATIV to do so. Proposals should be submitted on the premise that the proposal must be acceptable to 4MATIV and the Board of each of The Schools being serviced under the proposed contract. While the financial responsibility of the Offeror is a significant concern, 4MATIV is equally concerned with the proven ability of the Offeror to satisfactorily perform the contract so that the service will be provided in accordance with proposed contract documents. After determining that a proposal satisfies the mandatory minimum requirements stated in the Request for Proposal, the comparative assessment of the relative benefits and deficiencies of the technical proposals in relation to the published evaluation criteria shall be made by using subjective judgment of a committee of evaluators representing 4MATIV.

4MATIV reserves the right to award separate contracts and accept one proposal of an Offeror while rejecting the other(s) of the same Offeror, unless the proposals are expressly conditioned to the contrary. Conditioning one or more proposals can be a basis for 4MATIV not accepting the proposal(s) if 4MATIV determines, in its absolute discretion, that the condition is not the most advantageous. 4MATIV will award Contract(s) to the Offeror(s) offering the most advantageous proposal(s), taking into consideration all proposal elements, in addition to price.

Offerors are encouraged in all sections of their proposal to elaborate on ways they will enhance service beyond the minimum requirements of the RFP, specifically in the areas of safety, operational performance, technology, data, communications, and customer service.

Contracts may be awarded for a number of yellow bus or daily small vehicle routes for one or more The Schools; but no contract award shall be construed as a minimum quantity of work guaranteed exclusively to the successful Offeror.

Offerors must satisfy themselves, upon examination of these specifications, as to the intent of the specifications. After submission of the Proposal, no complaint or claim that there was any misunderstanding in regard to items listed for bidding will be entertained from either party.

All proposals submitted shall be deemed final, conclusive and irrevocable and no proposal shall be subject to correction or amendment for any error or miscalculation.

19. DISINCENTIVES (LIQUIDATED DAMAGES)

4MATIV shall have the right to assess liquidated damages for each failure by the Contractor to perform the services required under the contract. It is not the intent of 4MATIV, however, to penalize the Contractor for operational failures that are out of their control or reasonable considering the normal vagaries of traffic, weather, student issues, and other ordinary exceptions to normal execution of schedules and routes that are designed to succeed in normal conditions.

4MATIV must inform the Contractor within 30 days of a listed violation of its intent to assess liquidated damages for such an event and must bill for such liquidated damages within 31 days of its assessment. Failure to either timely notify or bill the Contractor shall relieve the Contractor of its obligation to pay liquidated damages for the particular event.

In the event the Contractor agrees to an increase in service levels, and at the start of the school year or after start date of any new route, the Contractor shall be afforded a period of thirty (30) days following implementation of such changes during which time no liquidated damages may be assessed with respect to scheduled drop-off times or availability of buses on routes while the Contractor makes operational adjustments to meet 4MATIV's requirements.

Payment will not be made for routes that did not operate. Routes that are folded into other routes / combined to temporarily provide service (split or doubled) will not constitute an operating route.

In an event of extenuating circumstances (accident, trains, weather, etc.) or for any other reason, 4MATIV reserves the right to waive any liquidated damage. Such waiver will not constitute a change to the contract or a waiver of future claims for liquidated damages.

The below table of Liquidated Damages, without limitation of 4MATIV's legal and equitable remedies for breach of contract, may be imposed by 4MATIV as specified here.
