3	Additions/Changes to the Agenda (1 minute) Core Fencing Review - Aliceon Sloss shared the information from the district about the upgrades in fencing and blacktop improvements that will occur this summer beginning in June right after school is out. There will be new fencing surrounding our campus with intended points of entry and exit to promote safety on our site. A new blacktop will go in to replace our current one, and there will be an installation of bollards to keep vehicles from coming onto the grass area located next to the lower parking lot. The existing cargo container will be removed and two newer ones (20 feet in length) will be put in place along the back fence line. One will be used for PE equipment and one will be used for school equipment storage. See slide show for visual.	Input	Principal

7	<p>New Business (30 minutes):</p> <p><u>SPSA Updates</u></p> <p>Aliceon shared all of the updated expenditures spent on the four goals of our SPSA plan. The \$500 that was allocated for communication (1.2) Connected to School Communities will not be used as the district provides avenues and platforms for communications with families. The \$2,000 that was allocated for Professional Learning (2.6) Healthy Environments will not be used as teachers seeking professional development opportunities are getting needs met at the district level.</p> <p>It was requested that monies from 1.2, 2.6, and any other unspent funds be reallocated to 3.9 (Materials and Supplies) to help cover those costs for our staff and students for the remainder of the 2023-2024 school year. Jennifer Morgan made the motion to approve this request. Dave Daley seconded the motion. All members present voted Yea; motion passes. All remaining funds can be reallocated to 3.9.</p> <p><u>24/25 Budget Allotments and Funding Decisions</u></p> <p>At this time, decisions and allocations of next year's funding are being assessed and discussed with staff. Several surveys have been completed and analyzed by staff and the leadership team. With that, Aliceon went over the spending priorities to date that the staff has discussed in a proposed first draft. See slide show for specific categories.</p> <p><u>California Dashboard Data and Site Action Steps</u></p> <p>Aliceon went over the 2021-2022 Dashboard data and Cameron Ranch's ATSI status (Additional Targeted Support & Improvement). Overall, academic performance in English language arts, mathematics, and English learner progress has increased. Chronic Absenteeism has decreased, and suspension rate has decreased. Site actions continue to address and improve in all of these areas this year as well. Data shows improvements in the growth of our ELL population for the past few years. There is a trend for many more newcomers coming to our school site. To date, our school was redesignated and no longer is in ATSI status.</p> <p><u>Equity Team Update</u></p> <p>Our equity team continues to facilitate the choosing of books by grade level, aid in the purchasing of books, and creating lesson plans that promote diversity, equity, and inclusion. The following themes are promoted: Our Actions are Important, Our Families are Important, Our Identities are Important, Our Traditions are Important, Our Features are Important, and Our Histories are Important.</p> <p><u>Moozoom! SEL Lessons</u></p> <p>Staff members shared piloting videos and lessons on social-emotional learning. These videos are current, relatable to students, promote high engagement, enhance vocabulary</p>	Input/Information Discussion/Approval	SSC Chair/Principal Site Staff

	<p>around SEL, and may be purchased for the 2024-2025 school year.</p> <p>Site Area of Focus: Project Optimism</p> <p>Armoni Easley and Jeaneen Cruz were guest speakers who represented Project Optimism and came to our meeting to share information about their program with SSC. Kimberly Jackson is our lead who is coordinating and planning curriculum for five schools. PO meets with 30 of our students who are in the 4th and 5th grades after school every Tuesday from 3:30 - 5:45. Each student has a mentor, often college students, who helps to create goals with them and provide academic and peer relationship skills. Team building is a large part of their program as well. The staff stresses diversity within their team. Effective communication with our families is important to them, and they also provide parenting workshops. We discussed how we could try to get 5th grade students to be “junior” mentors to work with incoming 3rd graders and/or upper grade ILS students. This program will continue at Cameron Ranch next year.</p>		PO Representatives
