

Evidence-Based Reporting

By Dr. Liann Hanson, Director of Standards-Based Instruction

PowerSchool Update

PowerSchool plays a vital communication role in ensuring students, parents, and educators stay up to date on academic progress. As we continue towards fully implementing Evidence-Based Reporting in all courses by the 2025-26 school year, a PowerSchool update streamlines the parent/student view by combining EBR and traditional grading systems into one accessible location.

Before this update, parents and students had to switch between different web pages to access EBR grades and traditional grades. With the latest update, however, the "Grades and Attendance" tab will display EBR grades and traditional grades on the same web page, simplifying grade access for parents and students.

This update significantly reduces the steps needed to access a student's grades. It is designed to provide a cohesive grading overview, ease the complete shift to EBR, and ensure everyone involved clearly understands the grading process.

The screenshot displays the 'Grades and Attendance' page in PowerSchool. It features a navigation sidebar on the left with icons for Canvas, Evidence Based Reporting, Grades and Attendance, Grade History, Attendance History, Email Notification, Teacher Comments, Student Reports, Forms, School Bulletin, Class Registration, My Schedule, School Information, Account Preferences, Custom FPS Links, Choice Ready, Program Of Studies, Career Pathways, SchoolPay, Print My Schedule, and Document Storage.

The main content area is titled 'Grades and Attendance: [Student Name]'. It is divided into two main sections:

- Evidence-Based Reporting:** This section shows a proficiency scale legend (A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z) and a list of courses with their projected grades. Courses include ENTERTAINMENT AND SPORTS MARKETING, EXPLORING FOODS, GEOMETRY, HEALTH 9, HONORS ENGLISH 1, LATIN 1B, PHYSICAL SCIENCE, and WOODS 1. Projected grades range from N/A to A.
- Traditional Grades and Attendance:** This section displays an 'Attendance By Class' table. The table has columns for 'Exp' (Exam Period), 'Last Week' (M, T, W, H, F), 'This Week' (M, T, W, H, F), 'Course', 'S1', 'S2', 'Y1', 'Absences', and 'Tardies'. The table lists attendance data for various courses like HEALTH 9, EXPLORING FOODS, LATIN 1B, PHYSICAL SCIENCE, and WOODS 1.
