Standardized assessments in conjunction with school projects, essays, and local formative/summative assessments provide an evaluation of a student's progress. Each plays an important role in giving important information about a student's academic progress and success.

Please encourage your learner to give their best effort on this assessment. Parents/Guardians may exempt their students from participation in statewide assessments. To do so, please contact Guidance to discuss. However, full participation is greatly appreciated and needed for State accountability and community support. As soon as score reports are available they will be mailed home. If you have any questions, please contact your student's counselor, or Principal Downing.

Thank you,
