## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Facility Conditions and Planned Improvements

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations employs an electronic work order system (Zendesk) enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the site's repairs, maintenance projects, and work order requests are performed by district maintenance personnel. Emergency situations are immediately resolved by the district maintenance staff or outside contractors, based upon the nature of the problem.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

<b>Mathematics</b> (grades 3-8 and 11)	46	48	33	37	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### 2023-24 Opportunities for Parental Involvement

At Pioneer Junior High, we recognize that education is a team effort. Our parents and community play an important role in helping our students succeed. We encourage and appreciate parental involvement and seek opportunities to engage their support through PTSA, School Site Council, and all voluntary support. The school sponsors a variety of events in which parents participate: Back to School Night, Parent-Teacher Conferences, Band and Chorus Concerts, Book Fairs, Career Day, College Night, School Orientation, and Open House. Our Pioneer Junior High parents enjoy staying in the "loop" using ParentSquare, a web-based, "paperless" communication system that informs students and parents regarding grades, progress reports, assignments, school news, announcements, fundraisers, and school events. It is a direct way for students, parents, teachers, and administration to stay informed, stay in touch, and stay in partnership. Career Day is an excellent opportunity for parents to present to students their careers and broaden students' horizons.

## Professional Development

The Upland Unified School District believes that high quality, evidenced-based professional learning for all is essential to continuous improvement of teaching skills and concepts to improve student achievement. The District provides or coordinates on-going training based on needs identified through student performance indicators, including results of the California Assessment of Student Performance and Progress, the English Language Proficiency Assessments for California, District iReady benchmark assessments, and input from sites regarding specific needs. Professional learning is aligned with the District Strategic Plan for Student Achievement and Board goals. Teachers, paraprofessionals, child care providers, substitutes, clerical staff and administrators participate in workshops, and conferences that allow them to grow professionally and provide opportunities for collegial sharing. Regular meetings of teacher leaders in literacy, mathematics, reading intervention and technology as well as follow-up coaching support full implementation of training. Additionally, each school provides time for teacher collaboration on student achievement data, curriculum development, and review of classroom-based performance measures. Examples of workshops and coaching implemented as the result of analysis of student achievement include: Effective Teaching Strategies, Classroom Management, Curriculum Alignment and Mapping, English Language Development, AVID, Thinking Maps, Positive Behavior Intervention Support, Social Emotional Learning, 21st Century Classroom Technology, Common Core State Standards, Next Generation Science Standards, Modeling Academic Language, Universal Design for Learning, and Parent Engagement. Staff members participate in professional learning in all-day workshops, after-school workshops and meetings, individual coaching/mentoring, and off-site conferences, both in person and virtually. The Induction program provides support to new teachers. The Peer Assistance and Review Program is available to provide support to teachers in the areas of content knowledge and teaching strategies. Currently, the District calendar includes a collaboration day schedule each week to allow for on-going teacher dialogue and collaboration to meet student needs.
