

Livermore High's Green Engineering Academy!

GEA is for passionate students interested in hands-on learning, joining a supportive community of like-minded peers, and building a pathway to post-graduate education and careers involving renewable energy, sustainability and energy efficient manufacturing.

GEA Highlights Include:

- Hands-on engineering projects
- Constant collaboration with teachers and the formation of close, lasting friendships with other GEA students
- Field trips (NASA, Google, LLNL, etc.) and guest speakers
- Academic support and tutoring programs
- Industry mentors and internships
- ...AND MORE!

Questions?

Email Mrs. Fletcher at kfletcher@lvjUSD.org

What do current GEA students have to say about the program?

"I enjoy everything in GEA! The computer aided design skills give me options to help people outside of school asking me to help with their projects."

- Jaxon Chapman (Class of 2022)

"I really like that GEA is project oriented and hands-on. The students work well together and that made it more fun and we learned more."

- Samantha Ruelas (Class of 2020)
