1. Introduction

The Governors of Thurlow Educational Trust have overall responsibility for the health, safety and welfare of staff, students and visitors to its sites. They are committed to the provision of a safe and healthy environment for all staff, pupils and visitors whilst working or carrying out any activities across Rosemead Preparatory School and Nursery sites. Although overall accountability for health and safety lies with the Trust, oversight of this has been delegated to the governors of St Dunstan's Trustee Ltd, which is chaired by Mr Paul Durgan.

Day-to-day responsibility has been further delegated to the Head, Mr Graeme McCafferty (with executive leadership and oversight provided by the Head of St Dunstan's College.) The Head then delegates out specific duties, as set out in this policy.

The Chair and Head will take all necessary precautions to ensure that Rosemead Preparatory School and Nursery has:

- safe systems of work in place;
- suitable and sufficient work equipment;
- adequate welfare arrangements; and
- robust arrangements to provide information, training and supervision to staff to ensure they are competent to perform their task.

All steps will be taken to eliminate and reduce risks as far as reasonably practicable. Any remaining residual risks will be managed by ensuring adequate control measures are in place.

This Health and Safety Policy, which must be read in conjunction with the policies and related documents listed in Appendix 1, is the overarching Health and Safety Policy for Rosemead Preparatory School and Nursery. It applies to all employee of Thurlow Educational Trust Ltd.

2. Statement of Intent

Thurlow Educational Trust, the Chair of Governors of St Dunstan's Trustee Ltd, the Head of

Reviewed: Lent 2024

Next Review: Lent 2025

Rosemead Preparatory School & Nursery, and the Head of St Dunstan's College accept responsibility for all safety, environmental matters, including health and safety at work, environmental protection and fire safety. All are aware of the requirements of the Health and Safety at Work etc. Act 1974, Management of Health and Safety at Work Regulations 1999 and other relevant health and safety regulations to provide a safe and healthy working environment.

In keeping with the spirit and intentions of the Acts, Section Three 'Organisation' and Section Four 'Arrangements' of this policy set out how Thurlow Educational Trust and St Dunstan's Trustee Limited meets its legal and moral obligations and complies with legislation.

Thurlow Education Trust and St Dunstan's Trustee Limited is committed to achieving the highest standards in all aspects of safety and environmental protection and the wellbeing of staff, pupils, visitors and contractors.

In addition, all Rosemead Preparatory School and Nursery staff are responsible for complying with this Health and Safety Policy and must:

- act in a safe manner so as to ensure that their actions or inactions do not put themselves or anyone else in danger;
- cooperate with the Head to assist with the maintenance of a safe and healthy working environment;
- ensure they are competent to carry out their tasks, including safe use of any equipment as part of their role;
- not interfere with any items provided for Health and Safety; and
- report any health and safety concerns, accidents and incidents using the correct procedure.

The Chief Operating Officer will make regular reviews of safety and environmental standards within Rosemead Preparatory School and Nursery to ensure compliance, including record keeping, as laid down in all relevant policies.

Contractors, sub-contractors, hirers and visitors also have a duty of care and a right to a safe working environment; they must ensure that they comply with the requirements of this Health and Safety Policy.

3. Organisation

3.1 Thurlow Educational Trust and St Dunstan's Trustee Ltd.

Thurlow Educational Trust, who delegate oversight to St Dunstan's Trustee Limited, have overall responsibility for ensuring compliance with this Health and Safety Policy document. In particular, Thurlow Educational Trust and St Dunstan's Trustee Limited are responsible for:

- ensuring an approved Health and Safety Policy is in place and reviewed annually;
- monitoring the application of the Health and Safety Policy including consideration of inspection reports;
- including Health and Safety on meeting agendas;
- making arrangements to ensure compliance with all relevant legislation particularly the Health and Safety at Work Act and the Management of Health and Safety at Work Regulations 1999; ensuring that
 - procedures are in place to identify hazards and evaluate risk control measures;
 - there is an appropriate management structure, and its effectiveness is periodically monitored with regard to Health and Safety;
 - one member of St Dunstan's Trustee Limited takes specific responsibility for Health and Safety (the Health and Safety Link Governor) and attends any health and safety training as appropriate;
 - the Head, as the Key Manager for health and safety, carries out the appropriate responsibilities; and
- reporting and discussing any concerns with the Head.

3.2 The Head

The Head of Rosemead Preparatory School and Nursery (with executive leadership and oversight provided by the Head of St Dunstan's College) is accountable for, and has day to day responsibility for, ensuring compliance with all health and safety procedures at Rosemead Preparatory School and Nursery

The Head is responsible for:

Reviewed: Lent 2024

Next Review: Lent 2025

- day-to-day management of all Health and Safety matters in accordance with the Health and Safety Policy;
- delegating responsibilities to other competent members of staff to promote Health and Safety across Rosemead Preparatory School and Nursery;
- co-operating with and providing necessary facilities for trade union safety representatives;
- putting into effect any remedial measures, or referring as necessary to the Finance and Resources Committee, or the Health and Safety Committee, as required;
- consulting with members of staff on health and safety matters; and
- ensuring that all staff are aware of this Health and Safety Policy and have access to the policy and other health and safety guidance and advice.

3.3 The Chief Operating Officer (COO)

The Chief Operating Officer (COO) is responsible for:

- line management of the Director of Estates & Commercial Activities;
- being aware of safe working practices and setting a good example personally;
- ensuring remedial action is taken where appropriate;
- ensuring regular inspections are carried out;
- receiving regular reports of any accidents, injuries or near misses that occur, investigating such accidents; reporting those that fall within RIDDOR to the Health and Safety Executive, analysing trends and proposing remedial actions to prevent reoccurrence in liaison with the Head or Health and Safety Consultant, as appropriate;
- identifying staff safety training and awareness needs;
- liaising with the Health and Safety Consultant;
- notifying the Finance and Resources Committee regarding significant incidents.

3.4 The Director of Estates & Commercial Activities (DECA)

The Director of Estates & Commercial Activities is responsible for:

- line management of the Estates team;
- ensuring all statutory and non-statutory planned preventative maintenance is carried out;

Reviewed: Lent 2024

Next Review: Lent 2025

- ensuring that appropriate maintenance and testing is undertaken by external contractors.
- ensuring compliant functioning of the Estates and Enterprise teams, including organising and monitoring all maintenance services and remedial works in accordance with the College's planned preventative maintenance programme.

3.5 The Head of Operations

The Head of Operations is responsible for:

- line managing the Caretaker;
- supporting the implementation of health and safety policy, procedures, works and training;
- coordinating all health and safety related audits and associated action plans;
- managing all statutory inspections and testing of the following services and systems: electrical installations and electrical equipment; asbestos; fire safety systems and equipment; emergency lighting systems; lightning protection systems; water systems including the management of legionella bacteria.
- chairing the Health and Safety Committee;
- ensuring effective management of contractors; including ensuring that contractors have the necessary health and safety approvals in place. For example risk assessments, method statements and permits to work;
- acting on and sharing information received on Health and Safety matters with appropriate people;
- inspecting the buildings and equipment as per statutory requirements and on a termly basis submitting a report to the COO; and
- organising and monitor the maintenance and testing required to be undertaken by external contractors.

3.6 The Caretaker

The Caretaker is responsible for:

- inspecting the buildings and site access on a daily basis, ensuring that all fire escape doors are unlocked, escape routes are clear of obstruction and that access to the site is safe;
- recording all defects noted and, if urgent, effecting immediate repair;

Reviewed: Lent 2024

Next Review: Lent 2025

- reporting major defects to be repaired by outside contractors/authorities to the Head of Operations;
- maintaining all Automated External Defibrillators (AED);
- liaising with all external contractors, reminding them of their obligations under this Policy and notifying them of any existing hazards;
- notifying the Head of Operations of any hazards introduced by contractors on site;
- undertaking, reviewing and keeping up to date annual risk assessment of all estates activities; and
- arranging for any unsafe item of furniture, fitting or equipment to be withdrawn, repaired or replaced.

3.7 Heads of Departments and Heads of Years

Heads of Department and Heads of Year are responsible for:

- taking the lead on health and safety matters for their area or department;
- managing staff health and safety training specific to their area or department;
- maintaining the department health and safety folder;
- keeping up to date with health and safety guidance specific to their specialist area (e.g. Art, Sport, Music);
- completing risk assessments as required and keeping these documents under at least annual review;
- checking safe storage and use of equipment and apparatus in their department or area;
- conducting termly inspection of their departmental areas; and
- involving pupils in the health and safety of the school.

3.8 The Catering Contractor

The Catering Contractor is responsible for:

- managing the health and safety of the kitchen, including food safety matters. This includes ensuring that the equipment is kept in good condition, raising any concerns with the Head of Operations; and
- providing evidence of any health and safety audits, including EHO visits, to the Head of Operations.

Reviewed: Lent 2024

Next Review: Lent 2025

3.9 First Aid Coordinator

The First Aid Coordinator is responsible for:

- maintaining pupil health records and emergency contact information;
- completing medical risk assessments for pupils;
- maintaining and reviewing the accident book, reporting any concerns and trends to the Head of Operations or Head as appropriate;
- ensuring that accidents are reported to the Health and Safety committee on a twice termly basis;
- coordinating first aid provision across the sites;
- maintaining an up to date list of first aid qualified staff;
- ensuring that the First Aiders list is kept up to date; and
- ensuring that first aid kits and equipment are maintained and that stocks are kept replenished and are in date.

3.10 First Aiders

First Aiders are responsible for:

- responding promptly to calls for assistance;
- giving immediate assistance to casualties with injuries and illness;
- ensuring that an ambulance or professional medical help is summoned as appropriate; and
- recording details of accidents and treatments using the online accident book and notifying the College Nurse of any first aid supplies that need replacement.

3.11 The Chief People Officer

The Chief People Officer is responsible for:

- ensuring the wellbeing of all staff, including communicating the benefits of a healthy work-life balance and the various channels and support mechanisms available should employees experience wellbeing issues;

Reviewed: Lent 2024

Next Review: Lent 2025

- ensuring that health and safety is included in the staff induction process and ensuring that line managers receive the training and resources to understand their responsibilities with regard to health and safety and specifically with regard to employee wellbeing;
- ensuring that line managers understand the importance of employees completing Display Screen Equipment assessments and that appropriate remedial action is offered for identified issues and how to complete employee-specific risk assessments, such as risk assessments for expectant and new mothers; and
- chairing the Termly Wellbeing Committee.

3.12 Educational Visits Coordinator

The Educational Visits Coordinator is responsible for:

- ensuring that appropriate risk assessments, including pre-visit assessments, are suitable and sufficient;
- ensuring that a competent Trip Leader is nominated for every trip;
- ensuring that School Trip Management training is available to all staff;
- ensuring that supervision ratios for a trip are appropriate;
- ensuring that emergency arrangements for a trip are in place; and
- ensuring that records are kept of any incidents or accidents that happen on a trip, including near misses.

3.13 All staff

Health and Safety is the responsibility of *all* staff. All staff are responsible for:

- taking care of themselves and others who may be affected by their acts or omissions;
- co-operating with the Head to ensure that statutory requirements are met;
- not interfering with or misusing anything provided in the interest of health, safety or welfare;
- checking classrooms and work areas are safe and that fire exits are unlocked and unobstructed prior to use;

Reviewed: Lent 2024

Next Review: Lent 2025

- checking equipment is safe before use;
- ensuring that they are aware of safe procedures and that these are followed;
- ensuring that protective equipment is used when needed;
- participating in inspections as appropriate;
- bringing any concerns relating to Health and Safety to the attention of their line manager in the appropriate way; and
- ensuring all accidents to pupils, staff or visitors are recorded by the person affected, member of staff supervising the activity or first aider as outlined in Section 4.1.

3.14 The Health and Safety Consultant

The Health & Safety Consultant will:

- give advice and assistance to the College in the discharge of their responsibilities in relation to Health and Safety;
- be the nominated Competent Person in respect of Health and Safety legislation;
- carry out regular audits of all Health and Safety management systems, policies and procedures;
- ensure that regular inspections of premises, and establishments are carried out to ensure the maintenance of a safe working environment;
- provide support to the COO with the reporting of any accidents, injuries or near misses that fall within RIDDOR to the Health and Safety Executive;
- maintain adequate and up to date information of relevant law and safety management practice; and
- coordinate liaison with the relative statutory authority (Health and Safety Executive, London Fire and Emergency Planning Authority, etc.) during any investigations or inspections.

3.15 Health and Safety Representatives

Thurlow Educational Trust, St Dunstan's Trustee Limited and the Head recognise the role of Health and Safety Representatives who may be appointed by a recognised Trade Union.

Health and Safety Representatives will be:

Reviewed: Lent 2024

Next Review: Lent 2025

- allowed to investigate accidents and potential hazards, pursue employee complaints and carry out site inspections within directed time wherever practicable; and
- entitled to certain information, e.g., information relating to accidents, and to paid time away from the workplace to train for and carry out their health and safety functions.

Representatives are not part of the management structure and do not carry out duties on behalf of the Head, Thurlow Educational Trust, or St Dunstan's Trustee Limited.

4. Organisation

4.1 Accident reporting

All members of staff have a duty to report any accident or near miss incident that they are involved in, or witness. Where the accident involves a child this must be reported to the First Aid Coordinator at the Prep and the School Secretary at the Pre-Prep, so that it can be logged and the pupil's parent informed.

All accidents, incidents and near misses should be reported on the accident form that can be located in the forms folder on the shared drive. Completion of these forms enable investigations to be completed and remedial action to prevent recurrence. The First Aid Coordinator will review the forms to identify potential trends or recurring patterns.

Further information is detailed in the First Aid Policy.

Major accidents, i.e., any fatality, major injury, reportable disease or dangerous occurrence, must be reported immediately to the Head and Head of Operations to enable a report to be submitted to the Health and Safety Executive in compliance with the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013.

4.2 Asbestos Register

A copy of the Asbestos Register is held by the Head of Operations.

All staff are made aware of the dangers of disturbing asbestos during the mandatory Health and Safety awareness training, attended by all staff. For example, they are instructed not to use drawing pins in any asbestos containing material.

The Caretaker and other Estates staff must be familiar with the location of asbestos within the premises and must ensure that contractors access the Asbestos Register prior to commencing work.

An Asbestos Management Plan detailing how any asbestos containing material on the premises is to be protected or monitored is held by the Head of Operations and reviewed annually.

4.3 Biological Hazard Control

4.3.1 Coronavirus (Covid 19)

The school is committed to protecting the health and safety of everyone who comes onto the school site and controlling the spread of the virus and will:

- follow the most up to date guidance, including but not limited to, from the Government, Public Health England and the Department for Education; and
- consult with all staff, staff representatives, Thurlow Educational Trust and St Dunstan's Trustee Limited as required.

4.3.2 Legionella (Water Hygiene)

The Head accepts their duty with respect to the control of risk from exposure to legionella to staff, students, visitors and contractors under the Health and Safety at Work etc. Act 1974, Control of Substances Hazardous to Health Regulations 2002 and the Management of Health and Safety at Work Regulations 1999.

The school will manage all operations with regard to the design and maintenance of domestic water systems and air handling systems to ensure that:

- all sources of risk are identified, a suitable and sufficient risk assessment is carried out and kept up to date;
- a Written Scheme is in place to prevent or control the risk;

Reviewed: Lent 2024

Next Review: Lent 2025

- precautions are implemented, managed, monitored and routine testing is undertaken;
- records are maintained;
- there is a clear allocation of responsibilities and training is provided to ensure competence; and
- a specialist, competent contractor is appointed to undertake aspects of the operation, maintenance and control measures required for the systems.

Further detail is provided in the Legionella Scheme of Control.

4.4 Cash Handling

The amount of cash entering Rosemead Preparatory School & Nursery and being handled on the premises must be kept to a minimum. Where cash is held, it must be kept in the safe and must be banked on a regular basis.

Cash must be counted out of sight, for example in an inner room. Where staff need to transport cash to the bank this should be carried out at random times and, in the instance of a member of staff being subjected to a robbery, should hand over the cash and report the incident immediately to the Police.

4.5 Competency and Training

All Rosemead Preparatory School & Nursery staff must be competent to perform their duties and specific training is required where, for example, additional hazards exist or if specialist duties are required. The Head of Operations and the Caretaker are among those staff requiring specific training.

A health and safety training matrix is monitored by the Head of Operations and a record of all training courses attended by staff is maintained by the People Operations Team.

4.5.1 Induction

During the induction process, all Rosemead Preparatory School & Nursery staff will be provided with general awareness regarding Health and Safety and Fire Safety including action in the event of emergencies, evacuation, Fire Marshal duties and lone working arrangements.

Reviewed: Lent 2024

Next Review: Lent 2025

4.5.2 All staff training

All staff training will be refreshed every three years and includes:

- General Health and Safety Awareness
- Accident / incident reporting procedures
- General fire safety awareness, including awareness of relevant Personal Emergency Evacuation Plans (PEEPs)
- Fire Marshal training
- Evacuation procedures
- Safeguarding (annual refresher)

4.5.3 Estates staff training

All Estates staff will complete the following training, which is refreshed every three years:

- Asbestos Awareness
- Chemical Safety
- Legionella Awareness
- Manual Handling
- Water Hygiene Management
- Working at Height

4.5.4 Specific staff training (e.g. First Aiders, Sport, Art, Music)

Specific staff training will be offered in accordance with individual role requirements. It will include, but not be limited to:

- First Aid Training
- Training in the use of evacuation aids for those with mobility impairments, if required
- Chemical Safety
- Manual Handling
- Working at Height

Reviewed: Lent 2024

Next Review: Lent 2025

4.6 Contractors and Visitors

All contractors and visitors must report to the main reception where they will be asked to sign in and issued with the appropriate lanyard. All contractors and visitors must also sign out.

Arrangements in the case of emergencies and evacuation or other relevant information e.g., fire arrangements will be shared during the signing in process via a visitor leaflet. The fire alarm sounds can be heard by listening to a video in the visitor waiting room.

Reception will be made aware in advance regarding planned visitors and contractors so they can alert the relevant member of staff to meet the contractor/visitor in reception.

The member of staff hosting the contractor or visitor will be asked to go to reception to meet the contractor or visitor. The host will then be responsible for the contractor or visitors whilst on site. This includes explaining health and safety information including fire and lockdown procedures. The visitor must not be allowed to move around the site unaccompanied unless they are registered on the Single Central Register (SCR) and are wearing a yellow lanyard.

The control of contractors on site, including the induction process will be in accordance with the Contractor Management Policy.

4.7 Display Screen Equipment (DSE)

All Display Screen Equipment (DSE) users will be identified and must complete a DSE self-assessment to ensure that all workstations are set up correctly and remedial action is taken, where required.

4.8 Emergency Planning

Rosemead Preparatory School & Nursery arrangements in the event of any emergency e.g., fire, adverse weather, loss of services such as gas, water, electricity and lockdown are detailed in the Critical Incident Policy.

4.9 Fire Precautions

All Rosemead Preparatory School & Nursery staff must ensure that:

Reviewed: Lent 2024

Next Review: Lent 2025

- they know what to do in the case of fire;
- they are familiar with the sound of the fire alarm;
- all classrooms and other areas are vacated immediately on hearing the fire alarm;
- hazardous electrical appliances are disconnected and all doors shut when vacating the premises;
- they inform the Head of Operations by email if they are using equipment likely to emit smoke, dust, etc.; and
- they always check for any potential fire hazard at the end of the day.

Further, every employee must never:

- ignore a fire alarm or disregard any notice on fire prevention;
- smoke (including e-cigarettes) in the school building or grounds;
- be untidy and leave waste materials laying around;
- leave obstructions in passages or stairways;
- leave any temporary heating appliances burning/switched on when unattended;
- move or interfere with firefighting appliances; and
- leave furniture etc. by fire exits or placed directly in front of electrical heaters.

In the event of a fire, pupils will be escorted from the buildings via the nearest exit, in silence, and line up at the designated fire assembly points.

All staff must report any faults, for example, failure to hear the alarms at the correct level, to the Caretaker or Head of Operations.

Detailed fire arrangements are included in the Fire Safety Management Plan.

4.10 First Aid

The First Aid Coordinator, supported by the Head of Operations, will ensure that a suitable number of staff are qualified to administer first aid in an emergency as identified in the First Aid Policy.

Reviewed: Lent 2024

Next Review: Lent 2025

The arrangements for the administration of medicines are covered in the School Medical Needs Policy and the responsibility of First Aiders as identified in Section 3.10 of this Policy.

First aid boxes are located across the sites and are clearly identified. The contents will be checked on a weekly basis by the First Aid Coordinator and all deficiencies made good.

A record will be kept of every occasion when any member of staff, student or other person receives first aid treatment whether on the premises or as part of a school-related activity and the appropriate reporting will be undertaken as identified in Section 4.1 of this Policy.

Full First Aid arrangements are detailed in the First Aid policy.

4.11 Hazardous Substances

Rosemead Preparatory School & Nursery acknowledges that persons may use or be exposed to substances (or mixtures of substances), both chemical and biological with the potential to cause harm to health. Where possible exposure to hazardous substances will be prevented e.g., a non-hazardous substance used.

Rosemead Preparatory School & Nursery understands that it must comply with the Control of Substances Hazardous to Health (COSHH) Regulations 2002 (as amended) and the relevant staff e.g., Caretaker, Art teacher, will ensure that:

- an inventory of all substances is maintained and regularly reviewed;
- current Safety Data Sheets are held together with the COSHH assessments; and
- all substances are stored, used and disposed of in accordance with the COSHH assessment.

The inventory will be stored in the relevant department folder on the shared drive.

Bleach, or bleach products, are not allowed on school premises.

Personal Protective Equipment (PPE) will be provided, where identified in the COSHH assessment and health surveillance will be arranged, where required. Arrangements will be put in place to deal with emergencies related to hazardous substances.

Reviewed: Lent 2024

Next Review: Lent 2025

4.12 Lettings

Where Rosemead Preparatory School & Nursery buildings, grounds and facilities are let to external parties to use for authorised activities, all lettings will be in accordance with the Lettings Policy which sets out the terms and conditions including responsibilities of all parties and exclusions.

4.13 Lifting Equipment

Where Rosemead Preparatory School & Nursery provides a lift for people to use to access floors above or below ground floor level:

- Rosemead Preparatory School & Nursery accepts the duties placed on establishments who operate lifting equipment by the Lifting Operations and Lifting Equipment Regulations 1998 (LOLER) including the requirement for the equipment to be of adequate strength and stability and the additional general obligations under the Provision and Use of Work Equipment Regulations 1998 (PUWER) regarding the suitability of work equipment; and
- Rosemead Preparatory School & Nursery acknowledges that persons can be at greater risk of harm when they are lifted by machinery and will ensure that enhanced levels of safety are considered in the:
 - design and manufacture;
 - use and maintenance; and
 - inspection and thorough examination.

In addition, Rosemead Preparatory School & Nursery will maintain the safety of the lifting equipment used, by:

- carrying out simple inspections and checks;
- appointing a competent person(s) to carry out a thorough examination at the required intervals. This is every six months for equipment for lifting people; and
- ensure any defects are reported and any remedial action taken with serious defects being reported to the relevant enforcing authority.

4.14 Local Exhaust Ventilation relevant – don't think so... will ask XSELV

The school recognises that whilst using substances they may become hazardous to health in different forms including gas, fume, vapour dust and mist.

Reviewed: Lent 2024

Next Review: Lent 2025

St Dunstan's College accepts its duty to control the exposure to substances that are hazardous to health to staff, pupils, visitors and contractors under the Health and Safety at Work Act 1974, Control of Substances Hazardous to Health Regulations 2002 and the Management of Health and Safety at Work Regulations 1999.

Where Local Exhaust Ventilation (LEV) systems are used to control this exposure, Rosemead Preparatory School & Nursery will have considered all other controls; eliminating the substance creating the hazard, substituting it with a safer substance, reducing the amount of substance used, changing work processes to reduce the frequency and time of emission, reducing the number of persons involved in the process or applying simple controls.

Rosemead Preparatory School & Nursery will ensure that:

- all components of the LEV system(s) are specified, designed and commissioned correctly including, hood, airflow indicators and ducting;
- a user manual and logbook is present;
- all persons required to carry out routine checks are competent with the system and its function, how it should be used and how to recognise defects; and
- a competent service provider is appointed to carry out maintenance and through examination and tests at least every 14 months.

4.15 Lone Working

Staff must avoid lone working wherever possible. Due to the expansive nature of the site, lone working may occur in the case of members of staff working late in the evening or where a member of the Estates Team is required to work during a weekend or bank holiday.

Certain activities such as locking and unlocking and cleaning duties must also be considered.

Staff are aware of the Lone Working Policy which is available on the Shared Drive and covers:

- The process for reporting when working alone;
- communication, security and emergency arrangements; and
- work/activities that must not be carried out whilst working alone e.g., working at height, use or dangerous machinery.

Reviewed: Lent 2024

Next Review: Lent 2025

In circumstances where lone working may occur, this will be included in relevant risk assessments.

4.16 Manual Handling

To comply with the Manual Handling Operations Regulations 1992, Rosemead Preparatory School & Nursery will ensure:

- the need for manual handling is avoided as far as reasonably practicable;
- a risk assessment is carried out for any manual handling that cannot be avoided; and
- the risk of injury has been reduced as far as reasonably practicable.

Low risk, ad hoc manual handling activities must be included in general risk assessments and assessment made that the activities can be carried out safely.

All staff required to undertake manual handling operations (lifting, pushing, pulling or carrying of equipment) with a potential risk of injury as part of their role must:

- receive appropriate training prior to carrying out such duties;
- be provided with information regarding the task;
- follow appropriate safe systems of work; and
- use any mechanical aids provided correctly and/or undertake team handling where applicable.

4.17 Monitoring

Application of the Health and Safety Policy is monitored on an annual basis as part of the Health and Safety Audit carried out by the Health and Safety Consultant. The results of any monitoring carried out will be reported to Thurlow Educational Trust, St Dunstan's Trustee Limited, the Head and other staff as necessary.

Termly Health and Safety monitoring inspections will be carried out by means of a walk around by the COO with the Director of Estates & Commercial Activities and Head of Building Operations.

Reviewed: Lent 2024

Next Review: Lent 2025

4.18 Online Safety

Online Safety is managed by the IT Manager and outlined in the Information Security Policy.

4.19 Personal Protective Equipment

Personal Protective Equipment (PPE) will be provided free of charge and must be used as identified in risk assessments.

Staff will be provided with information, instruction and formal training, where required, in the use of PPE.

Adequate supplies of all PPE will be maintained, storage/locker facilities will be provided for multi-use items and arrangements for disposal of single use items in place.

It is the responsibility of the member of staff required to wear PPE to ensure:

- they wear the PPE correctly and at all times as specified in the risk assessment;
- dispose of, or store, the PPE correctly; and
- report any defects in relation to their PPE to their line manager promptly.

4.20 Provision and Use of Work Equipment (PUWER) Provision

All work equipment will be provided in accordance with the requirements of the Provision and Use of Work Equipment Regulations 1998 (PUWER) and in conjunction with other relevant legislation.

Work equipment/machines include:

- toolbox tools, such as hammers, screwdrivers, handsaws;
- powered equipment /machines - electrical and battery powered;
- lifting equipment;
- all apparatus and equipment used by individual departments e.g., Art, Design Engineering, Drama, Science and Sports;
- any outdoor fixed play equipment; and

- transport, including the minibus fleet.

All work equipment and machinery provided by Rosemead Preparatory School & Nursery will be suitable, inspected, maintained and used by competent persons in the correct environment in accordance with a risk assessment to ensure that any electrical, mechanical and any other hazards have been considered and control measures applied.

Portable electrical equipment will be included in annual Portable Appliance Testing (PAT) with non-statutory and statutory testing and maintenance schedules for all other work equipment and machinery and procedures in place for ensuring remedial action is undertaken, if required.

4.21 Risk Assessments

The Head will ensure that suitable and sufficient risk assessments are carried out by a competent person(s). Where this is delegated to other staff, suitable training and supervision will be provided to ensure that assessments are carried out by the relevant staff who are aware and in control of risks in that area.

Heads of Departments will ensure risk assessments are in place for their area.

The Head of Operations will ensure that risk assessments are completed for Estates activities.

Risk assessments will be in place for all communal areas including hall, corridors, staffrooms and toilets. These risk assessments must cover any activities that may take place in these areas, e.g., use during wet play.

Risk assessments will be in place for all events.

Risk assessments will:

- identify hazards;
- evaluate the risk that these hazards present and to whom;
- identify suitable measures to reduce and control the risks;
- record the significant findings;
- monitor the effectiveness of the control measures;

- review the risk assessment on a regular basis.

Specific risk assessments are required for new and expectant mothers, working at height, violence, lone working, etc. where such a risk exists.

All staff must use the Rosemead Preparatory School & Nursery agreed risk assessment template, review the risk assessment at least annually and ensure the risk assessment is recorded in the central risk assessment register.

Further detail is provided in the Risk Assessment policy.

4.22 Safeguarding

The Head recognises their responsibility under Section 175 of the Education Act 2002 to safeguard and promote the welfare of children.

Rosemead Preparatory School & Nursery will ensure that:

- the Safeguarding and Child Protection Policy is in place and kept under review
- a Safeguarding Governor, Designated Safeguarding Lead and Deputy Safeguarding Leads are appointed; and
- all staff are trained, attend refresher training and are kept up to date.

Further detail is provided in the Safeguarding & Child Protection Policy.

4.23 Security

Rosemead Preparatory School & Nursery has a clear secure line, with entrance gates/doors along the secure line unlocked only at the appropriate times for arrival and dismissal. This is set out in the security risk assessment. There must be appropriate supervision of these gates/doors during arrival and dismissal. During the school day, visitor entry is only permitted via the receptions, both of which have access controlled front doors. All other gates are kept locked but easily openable in emergency. There are regular spot checks throughout the school day and gates are supervised during arrival and dismissal

4.24 Safety on School Visits

The Head will ensure that suitable and sufficient risk assessments are carried out for all school trips and visits, with the Head of Operations acting as the school's Educational Visits Coordinator (EVC). Ensuring the safety of visits, before, during and after the trip has ended, the EVC is also responsible for assisting in the planning of procedures to help Rosemead Preparatory School & Nursery fulfil its health and safety obligations for visits.

Rosemead Preparatory School & Nursery is the overall supervisor of arrangements for trips. They will ensure that the EVC is suitably trained, monitor their activities and ensure that the College has emergency procedures in place in case of a major incident.

During the trip itself, the Trip Leader is responsible for all aspects of Health and Safety. A specific risk assessment must be completed for each trip. All risk assessments and arrangements will be reviewed and signed off by the EVC.

Further information is detailed in the Educational Visits Policy.

4.25 Smoking

Smoking, either cigarette or vape, is not allowed in any buildings across the estate. Any persons wishing to smoke must leave the grounds and move away from the site. Cigarettes and matches must not be left where pupils can have access to them. If staff light candles for any reasons (e.g., religious services, scientific experiments etc.) they should be subject to risk assessment and not be left unattended.

4.26 Transport

Staff required to use the Rosemead Preparatory School & Nursery's minibus, when acquired, must:

- have a full current UK driving licence covering the use of minibuses;
- undergo a minibus driver assessment every three years; and
- complete the pre use checklist prior to any use and ensure remedial action is taken, if required.

The Head of Operations will ensure that the staff records, vehicles, tax, MOT, insurance and servicing is kept up to date.

Further information is detailed in the Minibus Policy.

4.27 Tree Safety

All trees across the estate must be checked for disease and checked to guard against falling branches on a regular basis.

Formal inspections, by a competent tree inspector, should be carried out every five years, with monitoring by an arboriculturist conducted annually.

All low-level bushes etc. should be checked regularly by the Estates Team to ensure that they do not present a risk to pupils, either of scratches or skin or eye penetration by sharp twigs.

4.28 Violence

The risk of violence and aggression towards staff is included in relevant risk assessments.

Any incident or violence or physical aggression against staff, whether by a fellow staff member, parent, or pupil, or other must be reported immediately to a line manager or the Head immediately.

4.29 Wellbeing

The Head, the Chief People Officer (CPO) and line managers take responsibility for the wellbeing of all staff. All staff have access to an Employee Assistance Programme. A Wellbeing Committee, with representation from across the staff body, is Chaired by the CPO and meets termly. Wellbeing is an item on departmental meeting agendas and the Health and Safety Committee.

Further information is detailed in the Employee Wellbeing Policy.

4.31 Working at Height

All working at height will be properly planned, risk assessed, supervised and carried out by competent people to comply with the Work at Height Regulations 2005.

Working at height will be avoided where it is reasonably practicable to do so. Where work at height cannot be avoided, the work will be planned with a robust risk assessment carried out taking the following factors into consideration:

- the height at which the work has to be undertaken;
- location of work, access and egress, fragile surfaces, adverse weather;
- availability of appropriate correct equipment, both to carry out the work and for personal protection, which is checked regularly;
- duration of work; and
- competency of staff.

Contractors will be informed that they are expected to have their own risk assessments, method statements for working at height and provide their own working at height equipment. Contractors are not permitted to use the school equipment.
