HAPPY BIRTHDAY TO ALL STUDENTS, STAFF, TEACHERS, AND ADMINISTRATORS BORN IN THE MONTH OF JANUARY

HAPPY BIRTHDAY TO OUR HUSKIES BORN IN JANUARY!

NURSE'S CORNER

January is National Blood Donor Month!

The winter is one of the most difficult seasons to collect blood, due to holidays, inclement weather, and seasonal illnesses. Typically, blood drives are hosted throughout the community as well as twice a year here at Howard High School. For additional information about school-based donation, please contact Mrs. Farriba or Mrs. Fincher. For additional information about community-based donation, please contact the America Red Cross at <https://www.redcrossblood.org>.

General Guidelines for Blood Donation

- Be in good general health and feeling well.
- Maintaining your iron level is an important part of being a healthy donor. We encourage you to [learn more](#) about iron and donating blood
- Be at least 17 years old in most states (16 years old with parental consent in some states).
- Weigh at least 110 lbs. Additional height and weight requirements apply for donors 18 years old and younger and all high school student donors.
- Have not donated blood in the last 56 days.

How should I prepare for my blood donation?

Please make sure to bring your photo identification or Red Cross donor card with you. You should feel well on the day of donation. If you're not feeling well, we ask that you wait and donate when you're better. Here are some other helpful tips to prepare:

- Get at least eight hours of sleep the night before your appointment
- Eat a healthy breakfast or lunch – or both, if you're donating later in the day
- Choose lean proteins (lean meat, cheese and yogurt) or complex carbohydrates (bread, cereal and fruit) and avoid fatty foods

- Drink a few extra glasses of water, including an extra glass about 10 to 30 minutes before your donation
- Wear comfortable clothing with sleeves that can be raised above your elbow

It is also important that you have a good understanding of your medical history. You will be asked a series of questions that are personal in nature – about travel, medication, drug use and sex. It's important you answer questions honestly. Remember, your answers are confidential.

What should I do after my blood donation?

- Keep the strip bandage on for the next several hours; to avoid a skin rash, clean the area around the bandage with soap and water.
- Don't do any heavy lifting or vigorous exercise for the rest of the day.
- If the needle site starts to bleed, apply pressure and raise your arm straight up for 5-10 minutes or until bleeding stops.
- Call us at 1-866-236-3276 to report any additional health information that you forgot to tell us, if you have any problems or if you needed medical care after giving blood.
- If you experience dizziness or lightheadedness, stop what you're doing and sit down or lie down until you feel better; avoid performing any activity where fainting may lead to injury for at least 24 hours.
- Keep eating [iron-rich foods](#).
- If you donate frequently, be sure to take multivitamins with iron to ensure you continue to [replenish your iron stores](#) before your next donation.

SELF-CARE CORNER BY ELLIE FARRIBA

As we engage with our students, colleagues, and parents, consider how we can infuse empathy and compassion into the practice of gratitude, nurturing stronger relationships within our school community.

Walk in their Shoes: Take a step back and try to understand the experiences, challenges, and emotions of those around you. Everyone's journey is unique. By putting yourself in their shoes, you can foster a deeper sense of empathy. Approach conversations and interactions with genuine curiosity and a desire to truly comprehend their perspectives.

Give Voice to Emotions: Encourage an environment where people feel comfortable expressing their emotions openly. By acknowledging and validating their feelings, you foster a sense of safety and connection. Listen attentively, allowing space for both joys and struggles to be shared. Creating this emotional space can lead to greater understanding and empathy among everyone at school.

Practice Active Gratitude: Integrate gratitude exercises into your daily routine as a deliberate practice. Encourage students to identify and appreciate the positive aspects of their relationships and experiences at school. Lead by example, expressing appreciation openly and regularly. Promote opportunities for everyone to share what they are grateful for, fostering a sense of togetherness and connection.

Remember, empathy and compassion are essential pillars in building strong and supportive relationships within the school environment. By centering these qualities in the practice of

gratitude, we create an inclusive and nurturing community where everyone feels seen, heard, and valued.
