SELF-CARE CORNER BY ELLIE FARRIBA

As autumn approaches and we are in full swing at school, it's natural to feel the "fall slump" setting in. Even though we have just come off of fall break, the days may see a bit grayer, and the routine gets a little monotonous. But don't lose heart, your creative spark is still burning brightly within you!

Dedicate a few minutes to mindfulness each day. Start your week with a mindful practice that can set the tone for your week. Sit in a quiet space, close your eyes, and take a few deep, intentional breaths. Let go of the chatter in your mind and focus on being in the present moment. Feel the breath as it enters and leaves your body, grounding you in the here and now.

As you breathe, visualize your creative energy as a glowing ember within you. Picture it growing with each breath, warming your spirit, and illuminating your thoughts. Imagine this spark of creativity infusing every aspect of your teaching, making your lessons come alive with fresh, imaginative ideas.

Each Monday, choose to be a beacon of creativity in your classroom. Your passion and ingenuity are limitless, and they have the power to light up the lives of your students. Embrace this fall season as a time of transformation and growth. Let your creativity flourish like the colorful leaves outside!

Freshmen Learn How to Transition from Being a Howard Husky to a CGTC Titan By Valeria Williams

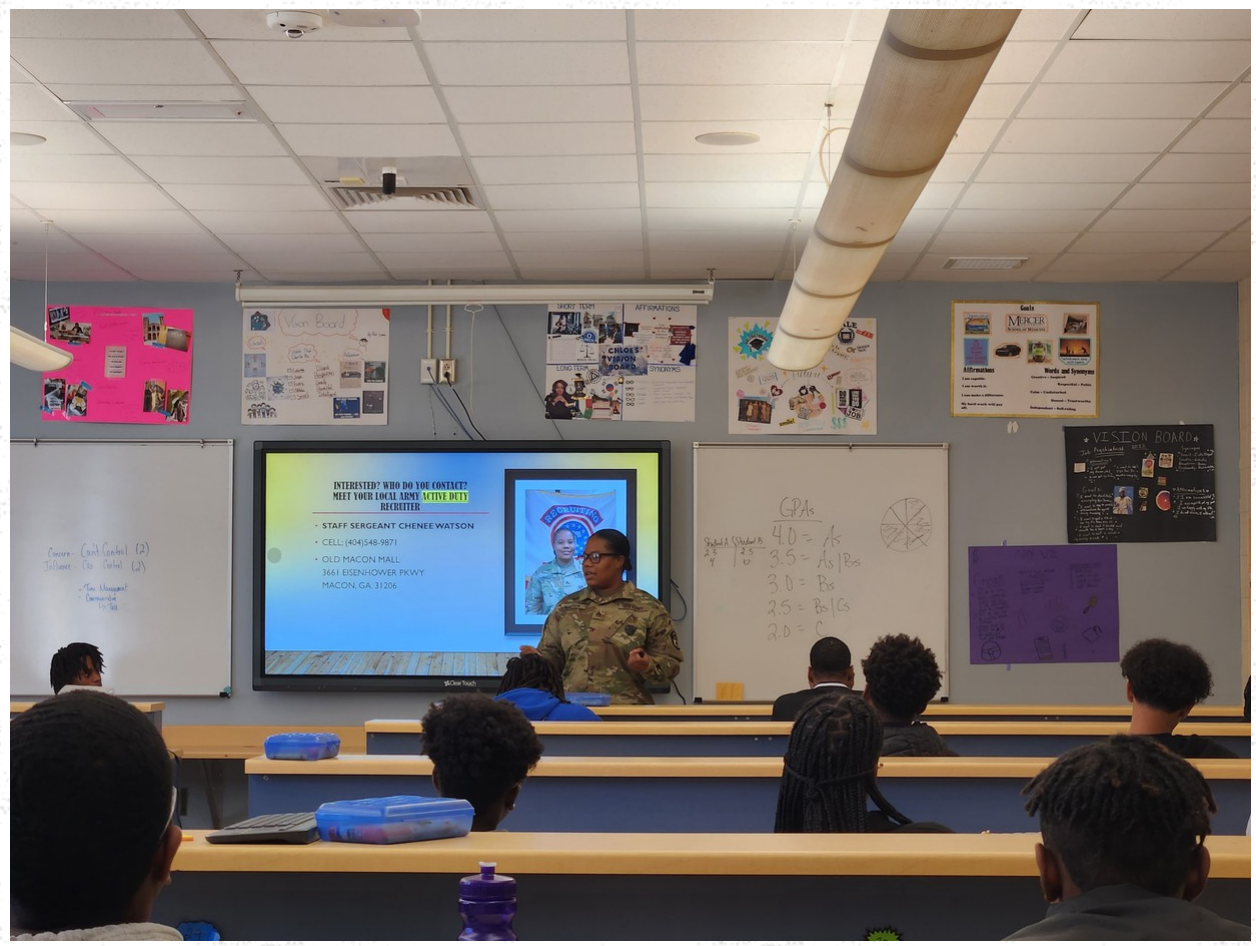

Students in the Class of 2027 are beginning with the end in mind by learning about dual enrollment. Kenneth Rozier, High School Initiatives Coordinator for Central Georgia Technical College, spoke with Freshman Seminar students about dual enrollment requirements. Students were informed about the importance of having a Georgia Futures account, GPA requirements, and how dual enrollment opportunities provide students with 30 college credit hours for free. Freshmen students will have the opportunity to use information from this session to apply for dual enrollment opportunities in February.

Be All You Can Be....As a Husky and in the Military by Valeria Williams

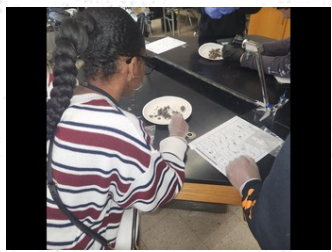

Staff Sergeant (SSG) Chenee Watson of the United States Army introduced Freshman students to countless opportunities they could experience in the military. Students learned the importance of scoring high on the ASVAB and how ASVAB scores related to military jobs. In addition, students learned the military has extracurricular activities, such as basketball, football, and band. During the presentation SSG Watson introduced the students to March2Success, a website sponsored by the US Army used to prepare students for various post-graduation opportunities.

BOOK TALK and REVIEW by J. FOSTER (CLASS OF 2025)

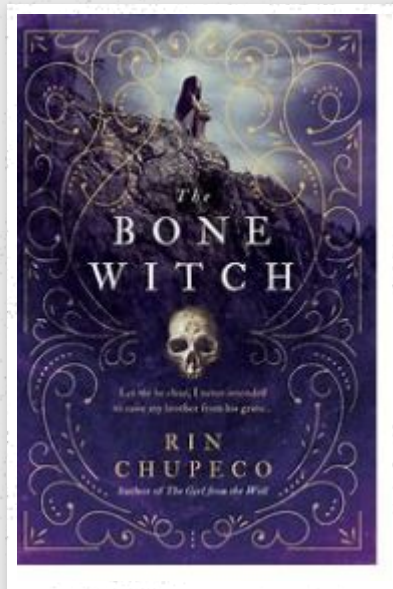

The Bone Witch by Rin Chupeco

GENRE: FICTION/FANTASY/YOUNG ADULT

The Bone Witch is about a young girl named Tea, who recently discovered that her older brother, Fox, had been killed in a war. Once the funeral was held, she heard a call from beyond the grave. She reached out and minutes later Fox rose from the grave. Magic was known within their country. The entire country hated Bone Witches, even though they would call and ask the witches for help. The gift of summoning the dead didn't sit right within the country nor within Tea's village. An older woman named Mykala would soon come to the village, and she would eventually become Tea's mentor.

There are many things happening that kept me interested in the book. It took me a while to read it. I was interested to see where Tea was going and whether she would continue to change. The story has a slow pace and it's a long journey. The writing is very interesting and beautiful. The characters are highly diverse, but as you read through the book, it becomes easy to predict the outcome of their future. I will need to reread the book to get a better understanding of it, but I did enjoy reading it. I would rate it a 3 out of 5.

****Students interested in submitting a book talk and review please stop by the media center and speak with Mrs. S. Johnson.***
