Getting a **flu vaccine this fall** can reduce your risk of getting flu and help save scarce medical resources needed to care for people with COVID-19. It's important for everyone to do their part to stay healthy this flu season. Prevent the spread of flu and other respiratory illnesses:

- **Mask Up:** Cover your nose and mouth with a mask when out in public.
- **Lather Up:** Wash your hands frequently with soap and water.
- **Sleeve Up:** Roll up your sleeve to get a flu shot.

The more people vaccinated against flu, the more people protected from flu. Learn more:

Self-care is never a selfish act. Caring for ourselves is actually one of the best gifts we can give to our students and communities. By collectively enhancing our own health and well-being, we can truly Change the World, One Teacher at a Time.

Reflection 3: As we begin the 2023-2024 school year, how will you prioritize your self-care?

During the 2023-2024 school year, I commit to maintaining these two self-care practices:	
I anticipate I might be overwhelmed during the 2023-2024 school year if...	
If I do become overwhelmed during the 2023-2024 school year, these are some coping skills and self-care practices I could turn to:	
If I need external support during the 2023-2024 school year from a family member, friend, or professional, these are some people who would be there for me:
