LAPTOP CARE

- Always keep your laptop closed when you need to walk with your laptop and it's not in the carrying case.
- Never carry your laptop while open or lift the laptop by the screen/monitor! Handling your laptop in this manner can damage your screen.
- Do not place paper/objects between your keyboard and monitor, it will crack your screen!
- Keep drinks and liquids away from your computer. A spill can damage the hard drive and the motherboard. Such damages could cause you to pay the total cost to replace the laptop, up to \$300 or more. Please be careful!
