Welcome to Our Weekly POP Newsletter

We Honor the Pack!

THE IMPORTANCE OF INTERNET SAFETY AND DIGITAL CITIZENSHIP

Be Safe

The Internet provides access to many new and exciting resources. Each day more and more resources are being created. Unfortunately, not all new resources are reliable nor safe. Please remember to keep personal information private and **ONLY** share information about yourself, family members or others when a parent or teacher has given approval.

Each week a Reminder of How to Be Safe on the Internet will be shared in the POP and you can always check out our school website for more links to help with Internet Safety and Digital Citizenship @ <https://howardhs.bcsdk12.net/cms/One.aspx?portalId=1744442&pageId=2223217>. Daily students will be reminded to stay safe during the school day, Stay tuned for next week's topic and always **Be Smart When Using the Internet!**

Be SMART When Using the Internet

Stay safe on the Internet by not sharing personal information or downloading files without permission.

Manage your digital footprint by not oversharing information, because once it is on the Internet you can't get it back.

Act responsibly by standing up to cyber bullies and reporting them to adults.

Respect other people's ideas, thoughts and personal beliefs.

Take regular breaks from technology and the Internet to spend time on other activities and interests.

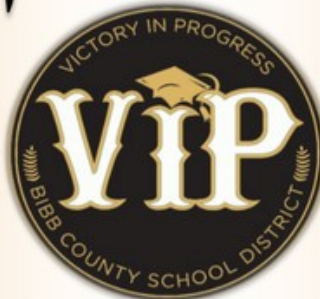

For more information on Internet safety, go to <https://staySAFE.org/teens/>

"Don't Be Late; You'll Miss Something Great"

What is Tardy?

A student arriving to school after the bell, chime or buzzer has sounded

If Tardy...

A student receives an entry pass after being signed in at the front office

Leadership, Scholarship, Citizenship

If your student is late only...	That equals...	Which is...	Over 13 years of school
10 minutes per day	50 minutes per week	Nearly 1 and a half weeks per school year	Almost half of a school year
20 minutes per day	1 hour 40 minutes per week	Over 2 and a half weeks per year	Nearly 1 full school year

Classroom time is critical and we need our students to be present and on time daily!

What Can You Do to Help?

- Wake up early enough to get ready and arrive to school 20 minutes early to avoid long carpool lines, allow your student time to enjoy breakfast, and get ready to start their school day off right!
- Utilize District bus transportation to make sure your child arrives to school on time.
 - Set a regular bedtime schedule and morning routine.
 - Prepare clothes and book bags at night.
- Communicate any issues you may have arriving on time with school personnel.

The Time Is NOW– Help Us Make Every Minute Count!

Progress Reports

Progress Report grades posted to the student and parent portals of Infinite Campus on Wednesday, March 2nd.

Students - please make sure that you are working to bring up failing grades. Speak with your teachers about any opportunities to make up missing assignments or quizzes/tests. Partial credit is better than no credit!

Promotion at the high school level is based entirely on credits earned by the end of the school year. To **promote to 10th grade**, a student must have to have 5 total credits (3 of which need to be core academic - English, Math, Science, or Social Studies - credits).

To **promote to 11th grade**, a student must have to have 11 total credits (6 of which need to be core

To **promote to 12th grade**, a student must have 17 total credits (9 of which need to be core academic credits).

Remember that attendance also affects your grade! If you have **more than 5 unexcused absences**, any passing grades at the end of the semester will become a failing grade of 69. Attendance recovery is ongoing every Monday through Thursday afternoon in room 124 from 2:35-4:15 pm. Every afternoon stayed in its entirety removes 2 unexcused absence class periods from your attendance. Check your days in IC and, if you have more than 5 unexcused absences in each class, make plans to stay after school for Attendance Recovery and get caught up.

February 1, 2022

Dear Bibb County Parents, Guardians, and Students:

The Georgia Milestones Assessments will be administered to 3rd – 12th grade students beginning April 25 through May 6. The Georgia Milestones Assessment System is a comprehensive summative assessment and is designed to provide information about how well students are mastering the state-adopted content standards in the core content areas of English language arts, mathematics, science, and social studies.

The results from the 2021–2022 Georgia Milestones Assessments will be used to provide parents, students, teachers, and schools information on how to best meet the learning needs of the students during the upcoming school year. In grades 3, 5, and 8 the Georgia Milestones Assessment scores may be used for promotion, placement, or retention decisions. Students who fail the first administration of the test will re-test June 27–30. If a student does not pass the Milestones Re-test, the student may be retained or administratively placed to the next grade level.

Promotion Criteria:

- Third-graders who receive "Below Grade Level" on the Reading Status of the Georgia Milestones may not be promoted to the next grade.
- Fifth-graders who receive "Below Grade Level" on the Reading Status and/or "Beginning Learner" on math of the Georgia Milestones may not be promoted to the next grade.
- Eighth-graders who receive "Below Grade Level" on the Reading Status and/or "Beginning Learner" on math of the Georgia Milestones may not be promoted to the next grade.

High School Information Only: The Georgia Department of Education has determined that the Georgia Milestones End-of-Course Assessments have a weight of 20% of the student's final grade in the course.

The following high school courses require an End-of-Course assessment:

- American Literature and Composition
- Algebra I
- Biology
- US History

If you have any questions, please feel free to contact your child's school.

Sincerely,

Estimados Padres, Guardianes y Estudiantes del Condado de Bibb:

Las Evaluaciones de Georgia Milestones se administrarán a estudiantes de 3^a a 12^a grado a partir del 25 de abril hasta el 6 de mayo. El Sistema de Evaluación de Georgia Milestones es una evaluación sumativa integral y está diseñada para proporcionar información sobre qué tan bien los estudiantes dominan los estándares de contenido adoptados por el estado en las áreas de contenido básico de lengua y literatura en inglés, matemáticas, ciencias y estudios sociales.

Los resultados de las Evaluaciones Georgia Milestones de 2021–2022 se utilizarán para proporcionar a los padres, estudiantes, maestros y escuelas información sobre cómo satisfacer mejor las necesidades de aprendizaje de los estudiantes durante el próximo año escolar. En los grados 3, 5 y 8, los puntajes de la evaluación Georgia Milestones pueden usarse para decisiones de promoción, ubicación o retención. Los estudiantes que no aprueben la primera administración de la prueba volverán a tomar la prueba del 27 al 30 de junio. Si un estudiante no aprueba la Reevaluación de Milestones, el estudiante puede ser retenido o colocado administrativamente en el siguiente nivel de grado.

Criterios de promoción:

- Los estudiantes de tercer grado que obtengan una calificación "Por debajo del nivel de grado" en lectura de Georgia Milestones no podrán ser promovidos al siguiente grado.
- Los estudiantes de quinto grado que obtengan una calificación de "Por debajo del nivel de grado" en lectura y/o "Estudiante principiante" en matemáticas de Georgia Milestones no podrán ser promovidos al siguiente grado.
- Los estudiantes de octavo grado que obtengan una calificación "Por debajo del nivel de grado" en lectura y/o "Estudiante principiante" en matemáticas de Georgia Milestones no podrán ser promovidos al siguiente grado.

Solo información de la escuela secundaria

El Departamento de Educación de Georgia ha determinado que las evaluaciones de fin de curso de Georgia Milestones tienen un peso del 20% de la calificación final del estudiante en el curso.

Los siguientes cursos de la escuela secundaria requieren una evaluación de fin de curso:

- Literatura estadounidense y composición
- Álgebra I
- Biología
- Historia de EE. UU.

Si tiene alguna pregunta, no dude en comunicarse con la escuela de su hijo.

READING STRATEGY

Visualizing Vocabulary

Research indicates that vocabulary should be taught as concepts instead of words to be memorized. Teaching vocabulary as concepts may be enhanced by visualization and by challenging students to design images that represent their conceptual understanding of the terms.

Visualizing Vocabulary engages students in a struggle to transform their understanding of concepts into images or symbols, after which, explain why the images are good illustrations of the concepts. This strategy makes learning personal because students design images that represent their own understanding of the concept instead of what the textbook or teacher tells them. This strategy may be used for emphasis on a small number of critical concepts or for making meaning of multiple academic concepts encountered in a unit.

For concepts of an entire unit, follow the steps below:

1. Identify the most important concepts and terms in the unit. Focus attention on the critical concepts and academic terms instead of every new term.
2. Provide or have student create a five-column glossary. Introduce the terms and allow students to write down each term and the textbook definition in their glossaries.
3. As students learn more about each concept, encourage them to rewrite the definition in their own words.
4. Tell students that once they feel they have solid understanding of the term, they should create an image or symbol that represents the term and explain why their image is a good representation of the term.

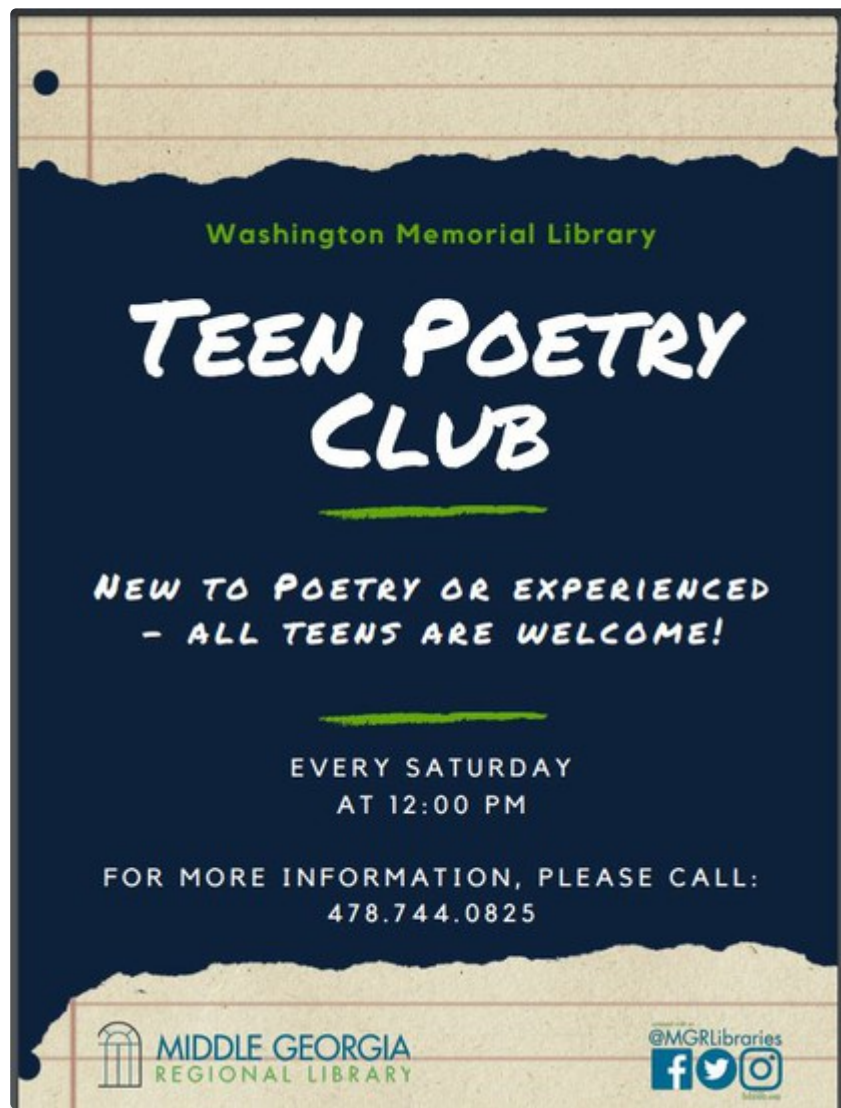

5. Allow students to share their images and explanations in small groups or as a class, give students the chance to add to or refine their definitions and images if they choose.
6. Encourage students to use their glossaries as a study guide.
