

Student Parking Permit Application

All students must complete a parking form to park in the student parking lot located through the Prairie City Road entrance on campus. Students are not allowed to park anywhere on campus besides the student parking lot. The cost of a parking permit is \$10. Please complete the [Student Vehicle Information Google form](#) using your student's FCUSD Google account login. All forms must include student and vehicle information along with a parent and student signature. Once the form is completed, you may pay for the permit at Student Accounts. A physical permit will be issued once the form is complete and payment has been made.
