San Andreas High School

*We believe in students.
We're small enough to make a big
difference.*

3232 Pacific Street, Highland, CA 92346 (909) 388-6521

Culture of Success via Supports

San Andreas is an alternative high school in the San Bernardino City Unified School District that is fully WASC accredited and has the honor of the following recognitions:

- PBIS Gold Certification
- Model Continuation School
- Linked Learning Alliance Gold Certified Career Pathways

San Andreas High School prides itself on its teacher-to-student ratio, social emotional learning supports and hands-on, work based learning experiences. SAHS aims to guide and support students in their goals of graduation, higher education, and meaningful employment. We are committed to helping students who are most in need of support find success. **We believe in every student!**

San Andreas offers:

- AM and PM sessions
- Four periods a session
- Six grading blocks a year
- 20 credits a block
- Opportunity to earn 120 credits a year
- Bussing

Extra Curricular Programs

San Andreas offers many activities before or after school for students who need a little extra support or for students who want to get involved in clubs and fun events. SAHS offers **Saturday** and **Summer School**. Every student is encouraged and welcomed to participate in any of the activities offered on campus.

The **SAHS Library/Resource Center** offers students SORA online library. SORA gives students a state-of-the-art reading experience that allows them to borrow eBooks and audiobooks from the district's digital collection. It is available on smartphones, tablets and desktops, students can read for pleasure and complete assigned reading anytime, anywhere. The library also hosts many activities during lunch like:

- Fun Fridays
- Arts
- Crafts
- Games

Currently there are two **Career Technical Student Clubs** tied to the career pathways on campus. Students can gain leadership experience by planning career events and participating in skills competitions. The two clubs are:

- Career Club (Health)
- Quake Innovators (Business & Technology)

Creative After School Programs for Success (CAPS)

The vision of CAPS is to provide exemplary before and after school experiences that will enhance each student's academic, social, emotional and physical development. These programs include a daily supper, homework time, and **academic and recreational enrichment activities**.

Program goals are:

- Promote academic achievement in curricular areas
- Increase daily student attendance rates
- Reduce student suspension and expulsion rates
- Develop both positive student behavior and cooperative social skills

At San Andreas, CAPS is held before and after school on campus where students can get involved in games, puzzles and crafts. CAPS is where students may go for assistance in the following:

- Tutoring/mentoring
- Home/school work assistance
- Resume writing
- Job applications
- Senior Portfolio

- Group Counseling
 - ◆ In-depth Drug Prevention

Tier 3 Supports

5-15% of students

- Individual Counseling
- IEHP Health Navigator
- 504/IEP
- Destination Diploma
- Personalized services

Climate Culture/Positive Behavior Supports

San Andreas has implemented a school-wide **Positive Behavior Support system** which is a proactive approach based on a three-tiered model of prevention and intervention aimed at:

- Creating safe and effective schools
- Supporting students
- Teaching and reinforcing important social skills, which also prepare our students for success in career and college.
- Data-based problem-solving techniques to address existing behavior concerns.

The San Andreas team rewards students with **PBIS points** for positive behavior and students can accumulate these points and purchase school swag such as t-shirts, hoodies, snacks and a variety of supplies and goodies from the Student Quake Store.

Counseling Resources

San Andreas' **Counseling Corner** is an essential part in preparing students to be successful, lifelong learners. Our school counselors and support staff work together with teachers to create a positive and supportive learning environment for students. Counselors are located in the **Calming Center** where students can meditate and reflect.

The Counseling Department is designed to help students with

- Academic supports
- Personal & social emotional resources
- A variety of interventions
- Referral to therapy, a social worker, and for **Restorative Practices**

Counselors use tools like affective statements, restorative questions and restorative conferences to replace punitive practices. We encourage behaviors that provide space for student accountability, reflection, and learning from circumstances that get in the way of student achievement.

Teen Parenting Resources

San Andreas has many resources for students who are pregnant and/or parenting. Our **California School Age Families Education (CalSAFE)** program is a state-funded, comprehensive, school-based program. This program is constructed to improve the student's educational experience while pregnant and parenting and to increase availability of support services incorporating, but not limited to:

- Case management,
- Counseling
- Referral and service coordination
- Child care and development services

The goal of CalSAFE is to promote healthy families and increase graduation rates for teen parents.

Teen parents are enrolled in the **CalSAFE** classroom part time where students receive curriculum in:

- Prenatal care
- Postpartum care
- Human development
- Skills for healthy relationships

The district offers a **daycare center** on the San Andreas campus for infants through four years of age.

Destination Diploma

San Andreas High has a school within a school. **Destination Diploma** is a program provided for older students/seniors that prefer an accelerated online credit recovery program in a classroom setting. Students may complete an A-G track or Diploma Bound track.

Destination Diploma offers:

- Teacher one-on-one assistance is available in every subject matter
- Student intern mentors/tutors
- The Edmentum online credit recovery system
- Students may continue work while at home with good on campus attendance
- Student paced work
- Senior Portfolio assistance
- College and FASFA/CADAA application assistance.
- PBis Rewards and attendance incentives

Students always have the opportunity to take part in CAPS, clubs, other activities and events on the main campus.

College and Career Readiness

San Andreas has a **College and Career Center** where students receive assistance with:

- FAFSA/CADAA
- College and job Applications
- Resume writing
- Job searches
- Work permits
- ASVAB

Students may take articulated college courses and take classes with Valley College on campus grounds.

San Andreas offers many opportunities for work-based learning experiences. There are many **career events** such as:

- Industry speakers
- College presentations
- Military presence
- Field trips
- College and career fairs

Career pathways at SAHS collaborate with industry partners and organizations to work toward the goal of engaging and empowering students with rigorous academics and high quality, career-technical education through work-based learning that helps students stay on track to graduate, attend college and thrive in the workplace. San Andreas offers two **Gold Certified Linked Learning** career pathways.

Business & Technology Pathway

This pathway offers students cutting-edge technology and information systems training. Students obtain authentic fieldwork by managing our Quake Innovators student run business. Our students learn about modern growing technologies, harvest produce and work in progressive hydroponics lab and greenhouse. Students create products or grow produce. Students work with community businesses and schools. Students write business plans, service tower gardens throughout the community, help create gardens, teach school children and community members how to grow, produce, and deliver produce to the San Bernardino City School District Nutrition Services, restaurants, and food banks in the community.

Students will have opportunities to participate in community college classes and internships. This pathway encourages student innovation and creativity while developing solid business practices. Currently, students can earn certifications in: General OSHA, Food Handlers, Food Allergen and Forklifting.

Health Science Pathway

Students are given the opportunity to explore careers in health care and emergency medical services. Students gain a foundation and understanding of medical terminology, body systems, disorders, diseases, and pre-hospital care for the sick and injured. Students will develop medical skills within the responsibilities of a first responder and proper procedures of patient care in an introduction to CNA. This pathway will prepare students who are interested in a career as an emergency medical technician, paramedic, and health care careers in general. Students will also have the opportunity and background to pursue further endeavors in medicine and public service.

Upon completion of all required CTE sequenced courses, students will have had the opportunity to earn several industry certifications that can be used to assist students in obtaining a job or enter into a career field. Currently, students can earn certifications in: FEMA Incident Command, General OSHA, Infection Control, Basic Life Support and First Aid.
