MENTAL HEALTH COLLABORATIVE

Project C.O.P.E.

St. Clair County Schools partner with the Jefferson, Blount, St. Clair Mental Health Authority to connect children within the school district between the ages of 5-18 years, whose struggles are negatively impacting their school experience, with mental health services that will create the potential to overcome their everyday problems. This partnership is called Project C.O.P.E. If you would like to learn more about Project C.O.P.E., reach out to your school counselor for additional information.

For more information and resources visit our Student Social Services page at SCCBOE.org
