INDEPENDENT AUDITOR'S REPORT

Governing Board
Norwalk-La Mirada Unified School District
Norwalk, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Norwalk-La Mirada Unified School District (the District) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2015-2016 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, issued by the California Education Audit Appeals Panel as regulations. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Norwalk-La Mirada Unified School District, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Correction of an Error

As discussed in Note 17 to the financial statements, in 2016, the District restated its beginning balance for net pension liability to more accurately reflect the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* for its enterprise fund. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 18, budgetary comparison schedule on page 79, schedule of other postemployment benefits funding progress on page 80, schedule of the District's proportionate share of the net pension liability on page 81, and the schedule of District contributions on page 82, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Norwalk-La Mirada Unified School District's basic financial statements. The accompanying supplementary information such as the combining and individual non-major fund financial statements and Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the other supplementary information as listed on the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2016, on our consideration of the Norwalk-La Mirada Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Norwalk-La Mirada Unified School District's internal control over financial reporting and compliance.

This section of Norwalk-La Mirada Unified School District's (the District) annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2016, with comparative information for the year ending June 30, 2015. Please read it in conjunction with the District's financial statements, which immediately follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Statements

The financial statements presented herein include all of the activities of the District and its component units using the integrated approach as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34.

The *Government-Wide Financial Statements* present the financial picture of the District from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately. These statements include all assets of the District (including capital assets), as well as all liabilities (including long-term obligations). Additionally, certain eliminations have occurred as prescribed by the statement in regards to interfund activity, payables, and receivables.

The *Fund Financial Statements* include statements for each of the three categories of activities: governmental, business-type, and fiduciary.

The *Governmental Activities* are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

The *Business-Type Activities* are prepared using the economic resources measurement focus and the accrual basis of accounting. The fiduciary activities are agency funds, which only report a balance sheet and do not have a measurement focus. *Reconciliation of the Fund Financial Statements to the Government-Wide Financial Statements* is provided to explain the differences created by the integrated approach.

The Primary unit of the government is the Norwalk-La Mirada Unified School District.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2016

REPORTING THE DISTRICT AS A WHOLE

The Statement of Net Position and the Statement of Activities

The *Statement of Net Position* and the *Statement of Activities* report information about the District as a whole and about its activities. These statements include all assets and liabilities of the District using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net position and changes in them. Net position is the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources, which is one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position will serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Other factors to consider are changes in the District's property tax base and the condition of the District's facilities.

The relationship between revenues and expenses is the District's *operating results*. Since the governing board's responsibility is to provide services to our students and not to generate profit as commercial entities do, one must consider other factors when evaluating the overall health of the District. The quality of the education and the safety of our schools will likely be an important component in this evaluation.

In the *Statement of Net Position* and the *Statement of Activities*, we separate the District activities as follows:

Governmental Activities - Most of the District's services are reported in this category. This includes the education of kindergarten through grade twelve students, adult education students, the operation of child development activities, and the on-going effort to improve and maintain buildings and sites. Property taxes, State income taxes, user fees, interest income, Federal, State, and local grants, as well as general obligation bonds, finance these activities.

Business - Type Activities - The District charges fees to help it cover the costs of certain services it provides. The District's child care program is included here.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2016

REPORTING THE DISTRICT'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the District as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money that it receives from the U.S. Department of Education.

Governmental funds - Most of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The differences of results in the governmental fund financial statements to those in the government-wide financial statements are explained in a reconciliation following each governmental fund financial statement.

Proprietary funds - When the District charges users for the services it provides, whether to outside customers or to other departments within the District, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the *Statement of Net Position* and the *Statement of Revenues, Expenses, and Changes in Fund Net Position*. In fact, the District's enterprise funds are the same as the business-type activities we report in the government-wide statements, but provide more detail and additional information, such as cash flows, for proprietary funds. We use internal service funds (the other component of proprietary funds) to report activities that provide supplies and services for the District's other programs and activities, such as the District's Self-Insurance Fund. The internal service funds are reported with governmental activities in the government-wide financial statements.

THE DISTRICT AS A TRUSTEE

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or *fiduciary*, for funds held on behalf of others, like our funds for associated student body activities and scholarships. The District's fiduciary activities are reported in the *Statement of Fiduciary Net Position* and the *Statement of Revenues, Expenses, and Changes in Fund Net Position*. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance its operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2016

THE DISTRICT AS A WHOLE

Net Position

The District's net position was \$(7,755,132) for the fiscal year ended June 30, 2016. Of this amount, \$(196,949,834) was unrestricted. Restricted net position is reported separately to show legal constraints from debt covenants and enabling legislation that limit the governing board's ability to use that net position for day-to-day operations. Our analysis below, in summary form, focuses on the net position (Table 1) and change in net position (Table 2) of the District's activities.

Table 1

	Governmental Activities		Business-Type Activities		School District Activities	
	2016	2015 as restated	2016	2015 as restated	2016	2015 as restated
ASSETS						
Current and other assets	\$ 152,412,645	\$ 104,169,860	\$ 237,388	\$ 203,224	\$ 152,650,033	\$ 104,373,084
Capital assets	288,624,585	282,348,093	-	-	288,624,585	282,348,093
Total Assets	441,037,230	386,517,953	237,388	203,224	441,274,618	386,721,177
Deferred Outflows of Resources	36,680,325	12,689,262	109,732	31,030	36,790,057	12,720,292
LIABILITIES						
Current liabilities	22,738,213	14,540,855	17,421	62,829	22,755,634	14,603,684
Long-term obligations	260,517,181	230,394,124	-	-	260,517,181	230,394,124
Aggregate net pension liability	167,093,347	139,567,882	350,401	276,679	167,443,748	139,844,561
Total Liabilities	450,348,741	384,502,861	367,822	339,508	450,716,563	384,842,369
Deferred Inflows of Resources	34,996,618	39,234,647	106,626	108,188	35,103,244	39,342,835
NET POSITION						
Net investment in capital assets	150,847,101	150,048,305	-	-	150,847,101	150,048,305
Restricted	38,347,601	26,003,962	-	-	38,347,601	26,003,962
Unrestricted	(196,822,506)	(200,582,560)	(127,328)	(213,442)	(196,949,834)	(200,796,002)
Total Net Position	\$ (7,627,804)	\$ (24,530,293)	\$ (127,328)	\$ (213,442)	\$ (7,755,132)	\$ (24,743,735)

The \$(196,949,834) in unrestricted net position represents the accumulated results of all past years' operations. This unrestricted net position now includes the long-term liabilities from pension benefits as required under GASB 67/68, impacting the overall net position. Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – increased by \$3,846,168 (\$(196,949,834) compared to \$(200,796,002)).

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2016

Changes in Net Position

The results of this year's operations for the District as a whole are reported in the *Statement of Activities* on page 20. Table 2 takes the information from the Statement, rounds off the numbers, and rearranges them slightly so you can see our total revenues for the year.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

**MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2016**

Governmental Activities

As reported in the *Statement of Activities* on page 20, the cost of all of our governmental activities this year was \$243,320,812, an increase of \$22,693,416 or 10.3 percent over the prior year. However, the amount that our taxpayers ultimately financed for these activities through local taxes is only a small portion equating to 17.7 percent of overall expenditures and the vast majority of expenditures were paid by those who benefited from the programs \$(2,002,995) or by other governments and organizations who subsidized certain programs with grants and contributions \$(49,499,556). We paid for the remaining "public benefit" portion of our governmental activities with \$165,385,613 from Federal and State unrestricted funds and from other revenue sources, such as interest and general entitlements.

In Table 3, we have presented the cost and net cost of each of the District's largest functions: regular program instruction, including special instruction programs and other instruction-related programs, student support services, including student transportation and school food services, administration, maintenance and operations, and all other remaining functional costs. As discussed above, net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

Table 3

	Total Cost of Services		Net Cost of Services	
	2016	2015	2016	2015
Instruction-related	\$ 159,626,087	\$ 142,842,437	\$ 124,388,152	\$ 110,375,333
Student support services	27,494,119	24,000,972	16,027,525	12,392,705
Administration	11,565,996	9,290,452	9,859,556	7,845,097
Maintenance and operations	22,368,475	21,184,944	19,675,905	20,698,880

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2016

THE DISTRICT'S FUNDS

As the District completed this year, our governmental funds reported a combined fund balance of \$104,734,894, which is an increase of \$40,498,037 from last year. An itemized chart is provided below labeled as Table 4.

Table 4

	Balances and Activity			
	July 1, 2015	Revenues	Expenditures	June 30, 2016
General Fund	\$ 30,430,912	\$ 215,631,856	\$ 198,064,809	\$ 47,997,959
Special Education Pass-Through Fund	-	85,135	85,135	-
Adult Education Fund	381,151	4,609,226	3,816,112	1,174,265
Child Development Fund	139,405	10,684,431	10,675,370	148,466
Cafeteria Fund	7,904,340	11,417,041	12,379,331	6,942,050
Deferred Maintenance Fund	699,814	300,157	840,011	159,960
Building Fund	7,064,840	24,149,772	10,721,075	20,493,537
Capital Facilities Fund	502,909	345,196	182,383	665,722
Special Reserve Fund for Capital Outlay Projects	9,691,740	2,365,617	1,274,332	10,783,025
Bond Interest and Redemption Fund	7,421,746	25,806,382	16,858,218	16,369,910
Total	\$ 64,236,857	\$ 295,394,813	\$ 254,896,776	\$ 104,734,894

The primary reasons for these increases are:

- The General Fund is inclusive of the Special Reserve Fund for Postemployment Benefits (Fund 20) in accordance with GASB 54 Fund Balance Regulations, and increased from \$30.4 million to \$48.0 million or \$17.6 million for both unrestricted and restricted sources.
 - The unrestricted General Fund increased \$13.8 million, as a result of the state providing a large increase in Local Control Funding Formula funds by closing "gap" funding percentage by \$20.3 million, which was offset by increases in expenditures for Local Control Accountability Plan services, and a five (5) percent negotiated salary increase for all employees.
 - The restricted General Fund increased \$3.7 million for additional grants received from the state, which provide funds to support specific legislation; such as, the Clean Energy Jobs Grant (\$2.2 million) and the Educator Effectiveness Grant (\$1.2 million).
- The Building Fund increased from \$7.1 million to \$20.5, or \$13.4 million due to the deposit of general obligation bond proceeds from the Measure G initiative; totaling \$24 million. The proceeds were used to implement the district's 2020 Technology plan and purchase student devices, and were also used to begin the planning phases of Phase I projects.
- The Bond Interest and Redemption Fund is used for the repayment of bonds issued under Measure S and Measure G, and was increased by \$9.0 million for unsecured and secured roll taxes levied under the new Measure G initiative.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2016

General Fund Budgetary Highlights

Over the course of the year, the District revises its budget as it attempts to deal with unexpected changes in revenues and expenditures. The final amendment to the budget was adopted on May 9, 2016. (A schedule showing the District's original and final budget amounts compared with amounts actually paid and received is provided in our annual report on page 79.)

- Budgetary revenue changes were \$15.5 million higher than original anticipated, inclusive of transfers in; and expenditures were higher by \$2.5 million, inclusive of transfers out, from the Adopted Budget. In total, final budgetary revisions for the 2015-2016 fiscal year projected an increase in the estimated fund balance of \$15.5 million. Noteworthy budget revisions to revenues are outlined below:
 - Local Control Funding Formula, also known as LCFF, was left relatively unchanged from the original budget to final projections. The total budgetary change of -0.27 percent or (\$0.45 million) was a result of reductions in the gap funding percentage from 53.08 percent to 51.97, which were partially offset by higher unduplicated pupil counts than originally projected.
 - Federal revenues increased 13.55 percent or \$1.57 million. Significant changes included Title I, II, III, and IV program carryovers of \$1.02 million, \$0.39 million for a new Elementary and Secondary Counseling grant, various Special Education program decreases of \$0.11 million, and a \$0.22 million for advance placement testing and MAA reimbursement-based programs.
 - State revenues were revised from \$17.48 million to \$30.75 million, an increase of \$13.27 million for various one-time funds provided by the state as follows:
 - Discretionary funds to pay down a portion of the debt to districts for mandated costs totaling \$529/ADA or \$9.63 million.
 - Educator Effectiveness grant funding of \$1.39 million to target mentoring and beginning teacher support.
 - California Clean Energy Jobs grant funding of \$2.24 million to implement the district's approved five-year plan to improve energy efficiency district-wide.
 - Local revenue budgetary revisions were \$1.11 million, increasing income from \$2.49 million to \$3.60 million from the following sources:
 - Interest income from the County Treasurer of \$0.06 million
 - Donations made to various K-8 schools increased by \$0.25 million
 - First 5 program funding increased by \$0.30 million due to an increase in classes offered
 - E-rate funding and other technology donations were received, increasing local revenue by \$0.26 million.
 - Cerritos College Tech-Prep Career grants in the amount of \$0.18 million were also received after the original budget

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2016

- Noteworthy budget revisions to expenditures are outlined below:
 - Certificated and Classified salaries and benefits were \$3.33 million higher than the Adopted Budget primarily due to increases to cover a negotiated cost-of-living increase of 5.0 percent, effective July 1, 2015; a shift in grades TK-3 class-reduction from a ratio of 28:10 to 27:1, and unfilled positions for LCAP plan implementation.
 - Books and supply budgets were \$1.11 million higher in total. Unrestricted budgets were increased slightly by \$0.29 million primarily for various materials purchased to implement LCAP related goals and objectives; while restricted budgets increased \$0.82 million for the use of one-time carryover from various state, federal, and local programs; in addition to new grants received.
 - Services and operating expenditures and capital outlay budgeted totals increased from \$17.94 million to \$19.42 million, an increase of \$1.48 million or 8.23 percent and reflects an increase in projected changes for additional services, contracts, and software licenses of \$2.41 million; which was offset by a reduction in capital equipment expenditures of \$0.94 million to the Restricted Routine Maintenance Account (RRMA) for Assembly Bill (AB104) that was modified to allow for a gradual increase in the required RRMA contribution.
 - Budgeted totals for other outgo and debt service expenditures had projected changes of \$0.44 million; decreasing from \$3.39 million to \$2.96 million. Changes reflected lower tuition/excess costs at county operated schools due to lower student enrollment and referrals.
 - Other financing sources "Transfers Out" were adjusted by \$3.0 million to reflect a reduction in the transfer to the Adult Education fund to cover operations. This amount was supplanted by the new Adult Education Block Grant that was provided by the state.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2016

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2016, the District had \$288,624,585 in a broad range of capital assets (net of depreciation), including land, buildings, and furniture and equipment. This amount represents a net increase (including additions, deductions, and depreciation) of \$6,276,492, or 2.2 percent, from last year (Table 5).

Table 5

	Governmental Activities	
	2016	2015
Land and construction in progress	\$ 18,068,501	\$ 34,355,521
Buildings and improvements	264,127,554	242,655,001
Furniture and equipment	6,428,530	5,337,571
Total	\$ 288,624,585	\$ 282,348,093

Capital assets represent one of the largest investments for the District. Modernization and construction projects continue to progress and a more detailed explanation is outlined in Note 5.

Significant projects over prior year commitments include the improvements and completion of Benton and Corvallis Middle School modernization, central kitchen renovation, and other construction planning for the new Measure G initiative. Other projects were also completed and include the following; district-wide heating and ventilation upgrades, and upgrades for site upgrades for new computer labs.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2016

Long-Term Obligations

At the end of this year, the District had \$260,517,181 in long-term obligations outstanding versus \$230,394,124 last year, an increase of 13.1 percent. Those obligations consisted of:

Table 6

	Governmental Activities	
	2016	2015
General obligation bonds - net (financed with property taxes)	\$ 211,313,729	\$ 184,635,281
Certificates of participation	2,770,165	2,770,165
Capital lease	214,065	283,811
Accumulated vacation - net	2,474,774	2,187,067
Claims liability	17,036,000	16,836,000
Postemployment benefits	26,396,007	23,321,445
SELF workers' compensation assessment	312,441	360,355
Total	\$ 260,517,181	\$ 230,394,124

The District's general obligation bond rating is Aa3 assigned by Moody's Investors Service. The State limits the amount of general obligation debt that districts can issue to five percent of the assessed value of all taxable property within the district's boundaries. The District's outstanding general obligation debt is significantly below the voter-approved threshold statutorily imposed limits.

Other long-term obligations are inclusive of compensated absences payable, workers' compensation claims liability and assessment, and the supplemental early retirement plan. We present more detailed information regarding our long-term obligations in Note 9 of the financial statements.

Net Pension Liability (NPL)

At year-end, the District had a pension liability of \$167,093,347 in the governmental activities and \$350,401 in the business-type activities, as a result of the adoption of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. The District therefore recorded its proportionate share of net pension liabilities for CalSTRS and CalPERS.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2016

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

In considering the District Budget for the 2016-2017 year, the governing board and management used the following criteria:

The key assumptions in our revenue forecast are:

1. LCFF revenue sources are budgeted at \$9,540, an increase of \$558 per ADA from 2015-2016 estimated funding levels. Revenue Limit/LCFF funding includes zero (0.00) percent cost-of-living adjustment, which is used to increase the base grants annually. It is important to note that the COLA affects only the calculation of the LCFF Target, and does not describe the net increase in funding for each district. Projected Second Period Apportionment (P2 ADA) is calculated at 17,807 excluding non-public school and County Operated Programs. Enrollment projections indicate a decline in student population, in addition to changes to the newly created "unduplicated pupil counts" that directly effects LCFF funding. Under the funding provision for LCFF, the District is eligible to claim the higher totals between current and prior year ADA; consequently, budget projections for 2016-2017 are based using 2015-2016 generated ADA.
 - a. LCFF income is projected at \$170.62 million (inclusive of EPA funding and property taxes), representing 82.8 percent of all revenue sources. This is a significant increase over prior year estimated actuals. The increase is a result of Governor's Proposal to increase funding by \$2.9 billion statewide, resulting in an estimated "Gap" funding of 54.84 percentage, or \$9.5 million. Similar to revenue limits, LCFF Gap funding is partially offset by declining enrollment of an estimated 325 students, or roughly \$2.8 million.
 - i. Property tax revenues have been increasing in recent years due to the shift of community redevelopment property tax funds from cities to districts. Revenues are estimated \$23.09 million, or 11.21 percent of total budgeted revenues.
 - ii. Education Protection Account funding was also established to collect and disburse the temporary taxes generated under Proposition 30. EPA revenues are estimated at \$23.67 million; and similar to property taxes, any changes in EPA funding is offset by a change in LCFF.
2. Federal income is budgeted at \$11.77 million, a decrease of \$1.38 million from the previous reported budget. Funding losses for one-time carryover funds from various federal programs will be re-evaluated and adjusted in the next budget update.
3. Income from State funding sources is budgeted at \$21.13 million, a decrease of \$9.62 million or 31.29 percent from the District's final budget amounts. The reduction was primarily due to the loss of one-time discretionary funds of \$529/ADA provided by the state in 2015-2016.
4. Local revenues are projected to be \$1.58 million, or \$2.02 million lower than prior year estimates from the loss of one-time LAUP, E-rate and deferred income from local grants. .
5. Other Financing Sources (transfers-in) include Board of Education approved transfers to support and fund specific identified activities, such as child-care and OPEB, and are budgeted at \$0.95 million.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2016

Expenditures are based on the following forecasts:

1. Certificated and classified salaries and benefits total over 85 percent of total expenditures. Salaries for certificated and classified personnel total \$131.74 million, an increase of \$5.83 million, or 4.63 percent from prior year estimated totals, and reflect staffing ratios approved in policy and employee contracts. Provided below are teacher staffing ratios, while classified staffing is designed by school-site levels.

	<u>Staffing Ratio</u>	<u>Enrollment</u>
Grades kindergarten through third	27:1	5,378
Grades four through five	31:1	2,657
Grades six through eight	30:1	4,234
Grades nine through twelve	28.8:1	5,353

Salary projections include the following:

- a. Negotiations for the 2015-2016 were settled with both bargaining associations and the cost of the 5.00 percent cost-of-living increases are budgeted; however, 2016-2017 negotiations remain unsettled.
 - b. Certificated and classified budgeted salaries also include the increased or improved services to pupils reflected in the District's Local Control Accountability Plan, which is driving the majority of salary increases.
 - c. Step, scale, and longevity increases estimated at \$1.29 million, which has been adjusted for attrition.
2. Employee benefits are budgeted at \$42.15 million, and include statutory benefits for all positions as follows: (STRS 12.58 percent, PERS 13.888 percent, OASDI 6.2 percent, Medicare 1.45 percent, SUI 0.05 percent, Workers' Comp 2.49 percent, Alternative Retirement 5.00 percent, and OPEB 0.014 percent.). STRS and PERS rates reflect increases from previous years which were 10.73 and 11.847 percent, respectively. The State has warned that future increases are scheduled to be phased-in over the next seven years to eliminate the outstanding liabilities. These increased employer contributions for STRS and PERS are estimated to impact multi-year projections by over \$3.52 million through 2018-2019.
 - a. The District also negotiated to increase the contribution for each active employee eligible for health and welfare benefits from \$9,800 to \$10,075, effective Plan Year 2015; and will also contribute an additional \$0.80 million annually to mitigate future medical premium increases. The District also makes a contribution to cover retiree's pay-as-you go portion, which is estimated at \$0.62 million.
 3. \$30.53 million, or 14.94 percent of the total General Fund operating budget is allocated for books, supplies (\$7.50 million), other operating expenses and services (\$17.97 million), capital outlay (\$0.90 million), and other outgo and uses (\$4.16 million).
 4. Staff presented the LCAP and use of supplemental and concentration funds to meet the needs of the targeted students (also known as the proportionality percentage) as required by statute to the Board of Education, which was approved and included in the 2016-2017 District Budget. Total funding required to meet the proportionality percentage requirement is budgeted at \$27.41 million, resulting in a minimum proportionality percentage 19.71 percent, an increase of 2.69 percent over the prior year.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION JUNE 30, 2016

Total Fund Balance - Governmental Funds	\$ 104,734,894
Amounts Reported for Governmental Activities in the Statement of Net Position are Different Because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds.	
The cost of capital assets is:	\$ 399,721,828
Accumulated depreciation is:	<u>(111,097,243)</u>
Net Capital Assets	288,624,585
This is the deferred amount on refunding as a result of refunding of bonds. The difference between the amounts that were sent to the escrow agent for the repayment of the old debt and the actual remaining debt obligation will be amortized as an adjustment to interest expense over the remaining life of the refunded debt. This balance represents the unamortized remaining balance as of year-end.	
	1,181,601
Expenditures relating to contributions made to pension plans were recognized on the modified accrual basis, but are not recognized on the accrual basis.	
	13,985,921
In governmental funds, unmatured interest on long-term obligations is recognized in the period when it is due. On the government-wide statements, unmatured interest on long-term obligations is recognized when it is incurred.	
	(1,074,391)
An Internal Service Fund is used by the District's management to charge the costs of the workers' compensation insurance program to the individual funds. The assets and liabilities of the Internal Service Fund are included with governmental activities.	
	8,665,488
The net change in proportionate share of net pension liability as of the measurement date is not recognized as an expenditure under the modified accrual basis, but is recognized on the accrual basis over the expected remaining service life of members receiving pension benefits.	
	388,069
The difference between projected and actual earnings on pension plan investments are not recognized on the modified accrual basis, but are recognized on the accrual basis as an adjustment to pension expense.	
	(11,608,372)
The differences between expected and actual experience in the measurement of the total pension liability are not recognized on the modified accrual basis, but are recognized on the accrual basis over the expected average remaining service life of members receiving pension benefits.	
	352,025
The changes of assumptions is not recognized as an expenditure under the modified accrual basis, but is recognized on the accrual basis over the expected average remaining service life of members receiving pension benefits.	
	(2,615,537)

The accompanying notes are an integral part of these financial statements.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION, (Continued) JUNE 30, 2016

Net pension liability is not due and payable in the current period, and is not reported as a liability in the funds.		\$ (167,093,347)
Long-term obligations, including bonds payable, are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.		
Long-term obligations at year-end consist of:		
General obligation bonds	\$ (151,433,700)	
Unamortized premium on bond issuance	(5,034,692)	
2005 Certificates of Participation (QZAB program)	(2,770,165)	
Capital leases payable	(214,065)	
Other postemployment benefits (OPEB)	(26,396,007)	
Compensated absences (vacations)	(2,474,774)	
In addition, the District has issued "capital appreciation" General Obligation Bonds. The accretion of interest on the General Obligation Bonds to date is:	(54,845,337)	
Total Long-Term Obligations		(243,168,740)
Total Net Position - Governmental Activities		\$ (7,627,804)

The accompanying notes are an integral part of these financial statements.

GOVERNMENTAL FUNDS

RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2016

Total Net Change in Fund Balances - Governmental Funds

Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:

\$ 40,498,037

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures; however, for governmental activities, those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities.

This is the amount by which capital outlays exceed depreciation in the period.

Capital outlays

\$ 14,156,973

Depreciation expense

(7,880,481)

Net Expense Adjustment

6,276,492

Some of the capital assets acquired this year were financed with capital leases.

The amount financed by the leases is reported in the governmental funds as a source of financing. On the other hand, the capital leases are not revenues in the Statement of Activities, but rather constitute long-term liabilities in the Statement of Net Assets.

(71,051)

In the Statement of Activities, certain operating expenses - compensated absences (vacations) and special termination benefits (early retirement) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). This year, there are no special termination benefits. Vacation earned was more than the amounts used by \$287,707.

(287,707)

In the governmental funds, pension costs are based on employer contributions made to pension plans during the year. However, in the Statement of Activities, pension expense is the net effect of all changes in the deferred outflows, deferred inflows and net pension liability during the year.

485,612

Contributions for postemployment benefits are recorded as an expense in the governmental funds when paid. However, the difference between the annual required contribution and the actual contribution made, if less, is recorded in the government wide statements as an expense. The actual amount of the contribution was less than the annual required contribution.

(3,074,562)

Proceeds received from issuance of debt is a revenue in the governmental funds, but it increases long-term obligations in the Statement of Net Position and does not affect the Statement of Activities:

Proceeds from general obligation bonds

(31,855,000)

The accompanying notes are an integral part of these financial statements.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

GOVERNMENTAL FUNDS RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES, (Continued) FOR THE YEAR ENDED JUNE 30, 2016

Governmental funds report the effect of premiums and deferred charges on a refunding when the debt is first issued, whereas the amounts are deferred and amortized in the Statement of Activities.

Deferred charges on refunding	\$ 662,411	
Premium on issuance	(2,446,042)	
Combined Adjustment		\$ (1,783,631)

Repayment of principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities:

General obligation bonds	14,605,000
Capital lease obligations	140,797

Under the modified basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the Statement of Activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. This adjustment combines the net changes of the following balances:

Deferred charges on refunding	(444,396)	
Premium on issuance	501,888	
Combined Adjustment		57,492

Interest on long-term obligations in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. The additional interest reported in the Statement of Activities is the result of two factors. First, accrued interest on the general obligation bonds and the certificates of participation increased by \$323,746 and second, \$7,484,294 of accumulated interest was accreted on the District's "capital appreciation" general obligation bonds.

(7,808,040)

An Internal Service Fund is used by the District's management to charge the costs of workers' compensation coverage, liability and property coverage, and health benefits to the individual funds. The net revenue of the Internal Service Fund is reported with governmental activities.

(280,950)

Change in Net Position of Governmental Activities	\$ 16,902,489

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Norwalk-La Mirada Unified School District (the District) was unified on July 1, 1965 under the laws of the State of California. The District operates under a locally elected seven-member Board form of government and provides educational services to grades K-12 as mandated by the State and/or Federal agencies. The District is located in Los Angeles County, and occupies the cities of Norwalk and La Mirada, in addition to smaller portions of the cities of Santa Fe Springs, Whittier, and unincorporated areas of Los Angeles County. The District operates 17 elementary schools, six middle schools, three high schools, a continuation high school, and two adult education schools.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For Norwalk-La Mirada Unified School District, this includes general operations, food service, and student related activities of the District.

Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The District's funds are grouped into three broad fund categories: governmental, proprietary, and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major and non-major governmental funds:

Major Governmental Funds

General Fund The General Fund is the chief operating fund for all districts. It is used to account for the ordinary operations of the District. All transactions except those accounted for in another fund are accounted for in this fund.

One fund currently defined as a special revenue fund in the California State Accounting Manual (CSAM) does not meet the GASB Statement No. 54 special revenue fund definition. Specifically, Fund 20, Special Reserve Fund for Postemployment Benefits, is not substantially composed of restricted or committed revenue sources. While this fund is authorized by statute and will remain open for internal reporting purposes, this fund functions effectively as an extension of the General Fund, and accordingly has been combined with the General Fund for presentation in these audited financial statements.

As a result, the General Fund reflects an increase in fund balance of \$5,892,232 as of June 30, 2016.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Building Fund The Building Fund exists primarily to account separately for proceeds from the sale of bonds (*Education Code* Section 15146) and may not be used for any purposes other than those for which the bonds were issued.

Bond Interest and Redemption Fund The Bond Interest and Redemption Fund is used for the repayment of bonds issued for a District (*Education Code* Sections 15125-15262).

Non-Major Governmental Funds

Special Revenue Funds The Special Revenue funds are established to account for the proceeds from specific revenue sources (other than trusts, major capital projects, or debt service) that are restricted or committed to the financing of particular activities and that compose a substantial portion of the inflows of the fund. Additional resources that are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund.

Special Education Pass-Through Fund This fund is used by the Administrative Unit of a multi-district Special Education Local Plan Area (SELPA) to account for Special Education revenue passed through to other member districts.

Adult Education Fund The Adult Education Fund is used to account separately for Federal, State, and local revenues for adult education programs and is to be expended for adult education purposes only.

Child Development Fund The Child Development Fund is used to account separately for Federal, State, and local revenues to operate child development programs and is to be used only for expenditures for the operation of child development programs.

Cafeteria Fund The Cafeteria Fund is used to account separately for Federal, State, and local resources to operate the food service program (*Education Code* Sections 38090-38093) and is used only for those expenditures authorized by the governing board as necessary for the operation of the District's food service program (*Education Code* Sections 38091 and 38100).

Deferred Maintenance Fund The Deferred Maintenance Fund is used to account separately for State apportionments and the District's contributions for deferred maintenance purposes (*Education Code* Sections 17582-17587) and for items of maintenance approved by the State Allocation Board.

Capital Project Funds The Capital Project funds are used to account for financial resources that are restricted, committed, or assigned to the acquisition or construction of major capital facilities and other capital assets (other than those financed by proprietary funds and trust funds).

Capital Facilities Fund The Capital Facilities Fund is used primarily to account separately for monies received from fees levied on developers or other agencies as a condition of approving a development (*Education Code* Sections 17620-17626). Expenditures are restricted to the purposes specified in *Government Code* Sections 65970-65981 or to the items specified in agreements with the developer (*Government Code* Section 66006).

Special Reserve Fund for Capital Outlay Projects The Special Reserve Fund for Capital Outlay Projects exists primarily to provide for the accumulation of General Fund monies for capital outlay purposes (*Education Code* Section 42840).

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Proprietary Funds Proprietary funds are used to account for activities that are more business-like than government-like in nature. Business-type activities include those for which a fee is charged to external users or to other organizational units of the local education agency, normally on a full cost-recovery basis. Proprietary funds are generally intended to be self-supporting and are classified as enterprise or internal service. The District has the following proprietary funds:

Enterprise Fund Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The only enterprise fund of the District accounts for the financial transactions related to the fee-based child care program of the District.

Internal Service Fund Internal service funds may be used to account for goods or services provided to other funds of the District on a cost-reimbursement basis. The District operates a self-insurance program that is accounted for in an internal service fund. The Internal Service Fund consists of three sub-funds as follows:

Health and Welfare Fund The Health and Welfare Fund is used to account for resources committed to the District's medical insurance program.

Workers' Compensation Fund The Workers' Compensation Fund is used to account for resources committed to the District's self-insurance program for workers' compensation.

Property and Liability Fund The Property and Liability Fund is used to account for resources committed to the District's self-insurance program for property and liability insurance.

Fiduciary Funds Fiduciary funds are used to account for assets held in trustee or agent capacity for others that cannot be used to support the District's own programs. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. The key distinction between trust and agency funds is that trust funds are subject to a trust agreement that affects the degree of management involvement and the length of time that the resources are held.

Trust funds are used to account for the assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore, not available to support the District's own programs. The District operates a trust fund for the Paul and Estelle Fincik Scholarship Fund. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Such funds have no equity accounts since all assets are due to individuals or entities at some future time. The District's agency fund accounts for associated student body (ASB) activities.

Basis of Accounting - Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements, but differs from the manner in which governmental fund financial statements are prepared.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and program revenues for each segment of the business-type activities of the District and for each governmental function, and excludes fiduciary activity. Direct expenses are those that are specifically associated with a service, program, or department and are therefore, clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the Statement of Activities. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the District. Eliminations have been made to minimize the double counting of internal activities.

Net position should be reported as restricted when constraints placed on net position are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other activities result from special revenue funds and the restrictions on their use.

Fund Financial Statements Fund financial statements report detailed information about the District. The focus of governmental and proprietary fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements.

Governmental Funds All governmental funds are accounted for using the flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide financial statements, prepared using the economic resources measurement focus and the accrual basis of accounting, and the governmental fund financial statements, prepared using the flow of current financial resources measurement focus and the modified accrual basis of accounting.

Proprietary Funds Proprietary funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. All assets and all liabilities associated with the operation of this fund are included in the Statement of Net Position. The statement of changes in fund net position presents increases (revenues) and decreases (expenses) in net total assets. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary fund.

Fiduciary Funds Fiduciary funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. Fiduciary funds are excluded from the government-wide financial statements because they do not represent resources of the District.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Revenues - Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter, to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within 90 days of fiscal year-end. However, to achieve comparability of reporting among California districts and so as not to distort normal revenue patterns, with specific respect to reimbursement grants and corrections to state-aid apportionments, the California Department of Education has defined available for districts as collectible within one year. The following revenue sources are considered to be both measurable and available at fiscal year-end: State apportionments, interest, certain grants, and other local sources.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose restrictions. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned Revenue Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

Certain grants received before the eligibility requirements are met are recorded as unearned revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as unearned revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable, and typically paid within 90 days. Principal and interest on long-term obligations, which has not matured, are recognized when paid in the governmental funds as expenditures. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds but are recognized in the entity-wide statements.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include cash with county treasury balances for purposes of the statement of cash flows.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Investments

Investments held at June 30, 2016, with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in county and State investment pools are determined by the program sponsor.

Prepaid Expenditures (Expenses)

Prepaid expenditures (expenses) represent amounts paid in advance of receiving goods or services. The District has the option of reporting an expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditures when paid.

Stores Inventories

Inventories consist of expendable food and supplies held for consumption. Inventories are stated at cost, on the first-in, first-out basis. The costs of inventory items are recorded as expenditures in the governmental and fiduciary funds when used.

Capital Assets and Depreciation

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the District. The District maintains a capitalization threshold of \$5,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized, but are expensed as incurred.

When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in the government-wide financial statement of net position. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at estimated fair market value on the date donated.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the capital assets of governmental funds.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings and improvements, 20 to 50 years; equipment, tow to 15 years; and vehicles, eight years.

Compensated Absences

Compensated absences are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide statement of net position. For governmental funds, the current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Sick leave is accumulated without limit for each employee at the rate of one day for each month worked. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave. Credit for unused sick leave is applicable to all certificated employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full-time.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide and proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the governmental funds.

However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the governmental fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, and other long-term obligations are recognized as liabilities in the governmental fund financial statements when due.

Debt Issuance Costs, Premiums and Discounts

In the government-wide financial statements and in the proprietary fund type financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund Statement of Net Position. Debt premiums and discounts, as well as issuance costs, related to prepaid insurance costs are amortized over the life of the bonds using the straight-line method.

In governmental fund financial statements, bond premiums and discounts, as well as debt issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are also reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position also reports deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The District reports deferred outflows of resources for the unamortized loss on the refunding of general obligation bonds and deferred outflows of resources related to pension items.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The District reports deferred inflows of resources related to pension items.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the California State Teachers Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) plan for schools (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalSTRS and CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Member contributions are recognized in the period in which they are earned. Investments are reported at fair value.

Fund Balances - Governmental Funds

As of June 30, 2016, fund balances of the governmental funds are classified as follows:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed - amounts that can be used only for specific purposes determined by a formal action of the governing board. The governing board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through resolutions or other action as approved by the governing board.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the District's adopted policy, only the governing board or chief business officer/assistant superintendent of business services may assign amounts for specific purposes.

Unassigned - all other spendable amounts.

Spending Order Policy

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Minimum Fund Balance Policy

The governing board adopted a minimum fund balance policy for the General Fund in order to protect the district against revenue shortfalls or unpredicted one-time expenditures. The policy requires a Reserve for Economic Uncertainties consisting of unassigned amounts equal to no less than five percent of General Fund expenditures and other financing uses.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

Net Position

Net position represents the difference between assets and liabilities. Net position net of investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Enabling legislation relates to laws passed that create a revenue source to be used for specific purposes. The government-wide financial statements report \$38,347,601 restricted by enabling legislation.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the District, these revenues are charges to other funds related to the self-insurance program and child care fees. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Interfund Activity

Transfers between governmental and business-type activities in the government-wide financial statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements. Interfund transfers are eliminated in the governmental and business-type activities columns of the Statement of Activities, except for the net residual amounts transferred between governmental and business-type activities.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Budgetary Data

The budgetary process is prescribed by provisions of the *California Education Code* and requires the governing board to hold a public hearing and adopt an operating budget no later than July 1st of each year. The District governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for. For budget purposes, on behalf payments have not been included as revenue and expenditures as required under generally accepted accounting principles.

Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Los Angeles bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

Change in Accounting Principles

In February 2015, the GASB issued Statement No. 72, *Fair Value Measurement and Application*. This Statement addresses accounting and financial reporting issues related to fair value measurements. The definition of *fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

The District has implemented the provisions of this Statement as of June 30, 2016.

In June 2015, the GASB issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and No. 68*. The objective of this Statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency.

This Statement establishes requirements for defined benefit pensions that are not within the scope of Statement No. 68, *Accounting and Financial Reporting for Pensions*, as well as for the assets accumulated for purposes of providing those pensions. In addition, it establishes requirements for defined contribution pensions that are not within the scope of Statement No. 68. It also amends certain provisions of Statement No. 67, *Financial Reporting for Pension Plans* and Statement No. 68 for pension plans and pensions that are within their respective scopes.

The provisions in this Statement effective as of June 30, 2016, include the provisions for assets accumulated for purposes of providing pensions through defined benefit plans and the amended provisions of Statements No. 67 and No. 68. The District has implemented these provisions as of June 30, 2016. The provisions in this Statement related to defined benefit pensions that are not within the scope of Statement No. 68 are effective for periods beginning after June 15, 2016.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

In June 2015, the GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The objective of this Statement is to identify—in the context of the current governmental financial reporting environment—the hierarchy of generally accepted accounting principles (GAAP). The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and non-authoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP.

This Statement supersedes Statement No. 55, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*.

The District has implemented the provisions of this Statement as of June 30, 2016.

In December 2015, the GASB issued Statement No. 79, *Certain External Investment Pools and Pool Participants*. This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. An external investment pool qualifies for that reporting if it meets all of the applicable criteria established in this Statement. The specific criteria address (1) how the external investment pool transacts with participants; (2) requirements for portfolio maturity, quality, diversification, and liquidity; and (3) calculation and requirements of a shadow price. Significant noncompliance prevents the external investment pool from measuring all of its investments at amortized cost for financial reporting purposes. Professional judgment is required to determine if instances of noncompliance with the criteria established by this Statement during the reporting period, individually or in the aggregate, were significant.

If an external investment pool does not meet the criteria established by this Statement, that pool should apply the provisions in paragraph 16 of Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, as amended. If an external investment pool meets the criteria in this Statement and measures all of its investments at amortized cost, the pool's participants also should measure their investments in that external investment pool at amortized cost for financial reporting purposes. If an external investment pool does not meet the criteria in this Statement, the pool's participants should measure their investments in that pool at fair value, as provided in paragraph 11 of Statement No. 31, as amended.

This Statement establishes additional note disclosure requirements for qualifying external investment pools that measure all of their investments at amortized cost for financial reporting purposes and for governments that participate in those pools. Those disclosures for both the qualifying external investment pools and their participants include information about any limitations or restrictions on participant withdrawals.

The District has implemented the provisions of this Statement as of June 30, 2016.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

New Accounting Pronouncements

In June 2015, the GASB issued Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency.

This Statement replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, as amended, Statement No. 43, and Statement No. 50, *Pension Disclosures*.

The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2016. Early implementation is encouraged.

In June 2015, the GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pension*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency.

This Statement replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, for OPEB. Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, establishes new accounting and financial reporting requirements for OPEB plans.

The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2017. Early implementation is encouraged.

In August 2015, the GASB issued Statement No. 77, *Tax Abatement Disclosures*. This Statement requires governments that enter into tax abatement agreements to disclose the following information about the agreements:

- Brief descriptive information, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients
- The gross dollar amount of taxes abated during the period
- Commitments made by a government, other than to abate taxes, as part of a tax abatement agreement

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2015. Early implementation is encouraged.

In December 2015, the GASB issued Statement No. 78, *Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans*. The objective of this Statement is to address a practice issue regarding the scope and applicability of Statement No. 68, *Accounting and Financial Reporting for Pensions*. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions.

Prior to the issuance of this Statement, the requirements of Statement No. 68 applied to the financial statements of all state and local governmental employers whose employees are provided with pensions through pension plans that are administered through trusts that meet the criteria in paragraph 4 of that Statement.

This Statement amends the scope and applicability of Statement No. 68 to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan that (1) is not a state or local governmental pension plan, (2) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and (3) has no predominant state or local governmental employer (either individually or collectively with other state or local governmental employers that provide pensions through the pension plan). This Statement establishes requirements for recognition and measurement of pension expense, expenditures, and liabilities; note disclosures; and required supplementary information for pensions that have the characteristics described above.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2015. Early implementation is encouraged.

In January 2016, the GASB issued Statement No. 80, *Blending Requirements for Certain Component Units - amendment of GASB Statement No. 14*. The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, *The Financial Reporting Entity, as amended*. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The additional criterion does not apply to component units included in the financial reporting entity pursuant to the provisions of Statement No. 39, *Determining Whether Certain Organizations Are Component Units*.

The requirements of this Statement are effective for reporting periods beginning after June 15, 2016. Early implementation is encouraged.

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement.

This Statement requires that a government that receives resources pursuant to an irrevocable split-interest agreement recognize assets, liabilities, and deferred inflows of resources at the inception of the agreement. Furthermore, this Statement requires that a government recognize assets representing its beneficial interests in irrevocable split-interest agreements that are administered by a third party, if the government controls the present service capacity of the beneficial interests. This Statement requires that a government recognize revenue when the resources become applicable to the reporting period.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2016, and should be applied retroactively. Early implementation is encouraged.

In March 2016, the GASB issued Statement No. 82, *Pension Issues - An Amendment of GASB Statements No. 67, No. 68, and No. 73*. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68, *Accounting and Financial Reporting for Pensions*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and No. 68*. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements.

The requirements of this Statement are effective for reporting periods beginning after June 15, 2016, except for the requirements of this Statement for the selection of assumptions in a circumstance in which an employer's pension liability is measured as of a date other than the employer's most recent fiscal year-end. In that circumstance, the requirements for the selection of assumptions are effective for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017. Early implementation is encouraged.

NOTE 2 - DEPOSITS AND INVESTMENTS

Summary of Deposits and Investments

Deposits and investments as of June 30, 2016, are classified in the accompanying financial statements as follows:

Governmental activities	\$ 139,346,115
Business-type activities	230,715
Fiduciary funds	807,098
Total Deposits and Investments	<u><u>\$ 140,383,928</u></u>

Deposits and investments as of June 30, 2016, consist of the following:

Cash on hand and in banks	\$ 791,111
Cash in revolving	400,000
Investments	139,192,817
Total Deposits and Investments	<u><u>\$ 140,383,928</u></u>

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Policies and Practices

The District is authorized under *California Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the Los Angeles County Investment Pool to provide the cash flow and liquidity needed for operations, and by purchasing a combination of shorter term and longer term investments and timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow necessary for debt service requirements.

Specific Identification

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuation is provided by the following schedule that shows the distribution of the District's investment by maturity:

Investment Type	Reported Amount	Average Maturity in Days/ Maturity Date
Los Angeles County Investment Pool	\$ 137,230,950	608
First American Treasury Obligations Money Market Mutual Funds	1,044	35
Bnp Paribas Fortis Commercial Paper	1,960,823	12/29/2016
Total	\$ 139,192,817	

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the Los Angeles County Investment Pool is not required to be rated, nor has it been rated as of June 30, 2016. The First American Treasury Obligations Money Market Mutual Fund has been rated Aaa-mf by Moody's Investors Service. The investment in Bnp Paribas Fortis Commercial Paper has been rated P-1 by Moody's Investors Service.

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the *California Government Code* requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2016, the District's cash in banks were either insured or collateralized by securities held by the pledging financial institution's trust department, but not in the name of the District.

JUNE 30, 2016

NOTE 3 - FAIR VALUE MEASUREMENTS

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the Los Angeles County Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

The District's fair value measurements are as follows at June 30, 2016:

Investment Type	Reported Amount	Uncategorized
Los Angeles County Investment Pool	\$ 137,230,950	\$ 137,230,950

NOTE 9 - LONG-TERM OBLIGATIONS

Summary

The changes in the District's long-term obligations during the year consisted of the following:

	Balance July 1, 2015	Additions	Deductions	Balance June 30, 2016	Due in One Year
General Obligation Bonds	\$ 181,544,743	\$ 39,339,294	\$ 14,605,000	\$ 206,279,037	\$ 13,560,000
Premium on issuance	3,090,538	2,446,042	501,888	5,034,692	-
2005 Certificates of Participation (Qualified Academy Zone Bonds)	2,770,165	-	-	2,770,165	-
Capital lease	283,811	71,051	140,797	214,065	43,406
Accumulated vacation - net	2,187,067	287,707	-	2,474,774	-
Claims liability	16,836,000	2,698,828	2,498,828	17,036,000	2,498,828
Other postemployment benefits (OPEB)	23,321,445	3,703,886	629,324	26,396,007	-
SELF workers' compensation assessment	360,355	-	47,914	312,441	-
Total	\$ 230,394,124	\$ 48,546,808	\$ 18,423,751	\$ 260,517,181	\$ 16,102,234

Payments on the General Obligation Bonds are made by the Bond Interest and Redemption Fund with local revenues. The General Fund makes the payments for the capital leases. The accrued vacation will be paid by the fund for which the employee worked. Claims liability for workers' compensation and SELF assessment are paid out of the Internal Service Fund. Other postemployment benefits and the Supplemental Early Retirement Plan are generally paid by the General Fund.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

2002 General Obligation Bonds, Series 2005B

On April 20, 2005, the District issued the \$44,995,644 of 2002 General Obligation Bonds, Series 2005B. The Series 2005B bonds were issued as both current interest bonds and capital appreciation bonds, with the value of the capital appreciation bonds accreting \$70,089,356, and an aggregate principal debt service balance of \$115,085,000. The bonds have a final maturity to occur on August 1, 2029, with interest rates of 3.00 to 5.31 percent. Proceeds from the sale of the bonds were used to renovate, construct and modernize classrooms and school facilities and to pay all necessary legal, financial, engineering and contingent costs in connection with the issuance of the bonds. At June 30, 2016, the principal balance outstanding of the 2002 General Obligation Bonds, Series 2005B was \$72,250,630. Unamortized premium received on issuance of the bonds amounted to \$345,232 as of June 30, 2016.

2005 Refunding General Obligation Bonds

On April 20, 2005, the District issued the \$57,105,000 of 2005 General Obligation Refunding Bonds. The bonds have a final maturity to occur on August 1, 2019, with interest rates from 3.00 to 5.00 percent. The net proceeds from the issuance were used to advance refund all of the District's outstanding 2003 General Obligation Bonds, Series A. At June 30, 2016, the 2005 General Obligation Refunding Bonds were fully defeased.

2002 General Obligation Bonds, Series 2007C

On November 27, 2007, the District issued the \$29,200,602 of 2002 General Obligation Bonds, Series 2007C. The Series 2007C bonds were issued as both current interest bonds and capital appreciation bonds, with the value of the capital appreciation bonds accreting \$29,734,398, and an aggregate principal debt service balance of \$58,935,000. The bonds have a final maturity to occur on August 1, 2032, with interest rates of 3.50 to 5.22 percent. Proceeds from the sale of the bonds were used to prepay a portion of the District's outstanding obligation related to the 2006 Certificates of Participations (School Facility Bridge Funding) and to pay all necessary legal, financial and contingent costs in connection with the issuance of the bonds. At June 30, 2016, the principal balance outstanding of the 2002 General Obligation Bonds, Series 2007C was \$20,876,628. Unamortized premium received on issuance of the bonds amounted to \$425,117 as of June 30, 2016.

2002 General Obligation Bonds, Series 2009D

On July 14, 2009, the District issued the \$9,410,103 General Obligation Bonds, Series 2009D. The Series 2009D bonds were issued as capital appreciation bonds, with the value of the capital appreciation bonds accreting to \$43,775,000. The bonds have a final maturity to occur on February 1, 2034, with interest rates of 6.16 to 7.36 percent. Proceeds from the sale of the bonds will be used to renovate, construct and modernize classrooms and school facilities; to prepay a portion of the District's 2006 Certificates of Participation; and pay certain costs of issuance associated with the bonds. At June 30, 2016, the principal balance outstanding of the 2002 General Obligation Bonds, Series 2009D was \$15,432,154. Unamortized premium received on issuance of the bonds amounted to \$316,218 as of June 30, 2016.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

2009 General Obligation Refunding Bonds

On July 14, 2009, the District issued the \$13,580,000 of 2009 General Obligation Refunding Bonds. The bonds have a final maturity to occur on August 1, 2021, with interest rates from 1.28 to 4.68 percent. The net proceeds from the issuance were used to advance refund a portion of the District's outstanding 2002 General Obligation Bonds, Series 2007C and 2005 Refunding General Obligation Bonds and to pay the costs of issuance associated with the refunding bonds. At June 30, 2016, the principal balance outstanding on the 2009 General Obligation Refunding Bonds was \$10,474,368. Unamortized premium received on issuance of the bonds amounted to \$197,664 as of June 30, 2016.

2002 General Obligation Bonds, Series 2009E

On October 8, 2009, the District issued the \$21,392,349 General Obligation Bonds, Series 2009E. The Series 2009E bonds were issued as both capital appreciation bonds and convertible capital appreciation bonds, with the value of the bonds accreting to \$102,175,000. The bonds have a final maturity to occur on August 1, 2038, with interest rates of 5.50 to 6.47 percent. Proceeds from the sale of bonds will be used to renovate, construct and modernize classrooms and school facilities; prepay a portion of the District's 2006 Certificates of Participation; and pay certain costs of issuance associated with the bonds. At June 30, 2016, the principal balance outstanding of the 2002 General Obligation Bonds, Series 2009E was \$29,655,257. Unamortized premium received on issuance of the bonds amounted to \$932,906 as of June 30, 2016.

2013 General Obligation Refunding Bonds, Series A

On January 30, 2013, the District issued the \$11,630,000 of 2013 General Obligation Refunding Bonds, Series A. The bonds have a final maturity to occur on August 1, 2019, with interest rates from 2.00 to 4.00 percent. The net proceeds from the issuance were used to advance refund a portion of the District's outstanding 2005 General Obligation Refunding Bonds and to pay the costs of issuance associated with the refunding bonds. At June 30, 2016, the principal balance outstanding on the 2013 General Obligation Refunding Bonds, Series A was \$11,225,000. Unamortized premium received on issuance of the bonds amounted to \$488,732 as of June 30, 2016.

2014 General Obligation Refunding Bonds

On May 20, 2014, the District issued the \$15,115,000 of 2014 General Obligation Refunding Bonds. The bonds have a final maturity to occur on August 1, 2019, with interest rates from 0.45 to 2.53 percent. The net proceeds from the issuance were used to advance refund a portion of the District's outstanding 2005 General Obligation Refunding Bonds and to pay the costs of issuance associated with the refunding bonds. At June 30, 2016, the principal balance outstanding on the 2014 General Obligation Refunding Bonds was \$14,510,000.

2014 General Obligation Bonds, Series A

On November 19, 2015, the District issued the \$24,000,000 of 2014 General Obligation Bonds, Series A. The Bonds have a final maturity to occur on August 1, 2045, with interest rates from 2.00 to 5.00 percent. The net proceeds from sale of bonds will be used to finance the repair, upgrading, acquisition, construction and equipping of District sites and facilities and to pay the costs of issuing the bonds. At June 30, 2016, the principal balance outstanding on the 2014 General Obligation Bonds, Series A was \$24,000,000. Unamortized premium received on issuance of the bonds amounted to \$1,008,728 as of June 30, 2016.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

2015 General Obligation Refunding Bonds

On November 19, 2015, the District issued the \$7,855,000 of 2015 General Obligation Refunding Bonds. The Bonds have a final maturity to occur on August 1, 2025, with interest rates from 2.00 to 5.00 percent. The net proceeds from the issuance were used to advance refund a portion of the District's outstanding General Obligation Bonds, Election of 2002, Series 2007C and to pay the costs of issuing the refunding bonds. The refunding resulted in a cumulative cash flow savings of \$666,962 over the life of the new debt and an economic gain of \$774,100 based on the difference between the present value of the existing debt service requirements and the new debt service requirements discounted at 2.56 percent. At June 30, 2016, the principal balance outstanding on the 2015 General Obligation Refunding Bonds was \$7,855,000. Unamortized premium received on issuance of the bonds amounted to \$1,320,095 as of June 30, 2016.

Debt Service Requirements to Maturity

The bonds mature through 2046 as follows:

Fiscal Year	Principal Including Accreted Interest to Date	Accreted Interest	Current Interest to Maturity	Total
2017	\$ 13,560,000	\$ -	\$ 2,291,540	\$ 15,851,540

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

2005 Certificates of Participation (Qualified Academy Zone Bonds Program)

On December 29, 2005, the District, pursuant to a sublease agreement with the Public Property Financing Corporation of California (the Financing Corporation), issued the \$2,770,165 2005 Certificates of Participation (Qualified Academy Zone Bonds). The District had been granted authorization from the State Superintendent of Public Instruction to issue securities in an aggregate principal amount not to exceed \$3,069,000 in accordance with the qualified zone academy bonds tax credit program found in Section 1397E of the Internal Revenue Code of 1986 and State regulations, to finance certain projects at qualified zone academies within the District. The District and the Financing Corporation, in order to facilitate the financing of projects qualified under the QZAB Program, entered into a lease arrangement, by which the District will lease to the Financing Corporation those certain parcels of real property located in within the District and pursuant to a sublease the Corporation will sublease the property to the District, with the District required to pay base rental to the Corporation (an initial lease payment of \$600,000 was made December 29, 2005). The annual base rental payment of \$95,722, to begin December 29, 2006, will be deposited with the Bank of America into an interest generating investment to produce sufficient income to repay the \$2,770,165 certificates upon maturity on December 29, 2020. At June 30, 2016, the principal balance outstanding was \$2,770,165.

Capital Leases

The District has entered into agreements to lease equipment. Such agreements are, in substance, purchases (capital leases) and are reported as capital lease obligations. The District's liability on lease agreements with options to purchase is summarized below:

June 30, 2016	\$ 288,215
Additions	74,956
Payments	(145,201)
Balance, June 30, 2016	<u>\$ 217,970</u>

Future payments on capital leases are as follows:

Year Ending June 30,	Lease Payment
2017	\$ 45,985
2018	45,985
2019	21,000
2020	21,000
2021	21,000
2022-2024	63,000
Total	<u>217,970</u>
Less: Amount Representing Interest	(3,905)
Present Value of Minimum Lease Payments	<u>\$ 214,065</u>

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Accumulated Unpaid Employee Vacation

The long-term portion of accumulated unpaid employee vacation for the District at June 30, 2016, amounted to \$2,474,774.

Claims Liability

Liabilities associated with workers' compensation claims are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are based upon estimated ultimate cost of settling the claims, considering recent claim settlement trends including the frequency and amounts of payouts and other economic and social factors. The liability for workers' compensation claims is reported in the Internal Service Fund. The outstanding claims liability at June 30, 2016, amounted to \$17,036,000.

Other Postemployment Benefits (OPEB) Obligation

The District's annual required contribution for the year ended June 30, 2016, was \$4,628,443, and contributions made by the District during the year were \$629,324. Interest on the net OPEB obligation and adjustments to the annual required contribution were \$1,049,465 and \$(1,974,022), respectively, which resulted in an increase to the net OPEB obligation of \$3,074,562. As of June 30, 2016, the net OPEB obligation was \$26,396,007. See Note 12 for additional information regarding the OPEB obligation and the postemployment benefits plan.

Workers' Compensation Assessment

The District was a member of School Excess Liability Fund (SELF), a cost sharing Joint Powers Authority (JPA) for the purpose of providing the District excess workers' compensation insurance. The SELF board of directors declared an entity assessment to the member districts. At June 30, 2016, the District's outstanding obligation to their pro-rata share of equity assessed was \$312,441.

NOTE 11 – EXPENDITURES (BUDGET VERSUS ACTUAL)

At June 30, 2016, the General Fund exceeded the budgeted amount in total as follows:

	Expenditures		
	Budget	Actual*	Excess
General Fund	<u>\$ 196,784,614</u>	<u>\$ 198,064,809</u>	<u>\$ 1,280,195</u>

* Actual expenditures include \$5,803,183 in on-behalf payments that are not included in budgeted amounts.

NOTE 12 - POSTEMPLOYMENT HEALTH CARE PLAN AND OTHER POSTEMPLOYMENT BENEFITS (OPEB) OBLIGATION

Plan Description

The Postemployment Benefits Plan (the Plan) is a single-employer defined benefit healthcare plan administered by the Norwalk-La Mirada School District. The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Membership of the Plan consists of 93 retirees and beneficiaries currently receiving benefits, 71 terminated Plan members entitled to but not yet receiving benefits, and 1,779 active Plan members. In addition, the District has entered into an agreement with the former superintendent whereby the District will provide fully paid medical and dental benefits for the lifetime of the superintendent.

Contribution Information

The contribution requirements of plan members and the District are established and may be amended by the District and the Teachers Association (CEA), the local California Service Employees Association (CSEA), and unrepresented groups. The required contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits as determined annually through the agreements between the District, FEA, CSEA and the unrepresented groups. For fiscal year 2015-2016, the District contributed \$629,324 to the plan, all of which was used for current premiums (approximately 79 percent of total premiums). Plan members receiving benefits contributed \$165,013, or approximately 21 percent of the total premiums.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Annual OPEB Cost and Net OPEB Obligation

The District's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities (UAAL) (or funding excess) over a period not to exceed 30 years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to the Plan:

Annual required contribution	\$ 4,628,443
Interest on net OPEB obligation	1,049,465
Adjustment to annual required contribution	<u>(1,974,022)</u>
Annual OPEB cost (expense)	3,703,886
Contributions made	<u>(629,324)</u>
Increase in net OPEB obligation	3,074,562
Net OPEB obligation, beginning of year	<u>23,321,445</u>
Net OPEB obligation, end of year	<u><u>\$ 26,396,007</u></u>

Trend Information

Trend information for annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation is as follows:

Year Ended June 30,	Annual OPEB Cost	Actual Contribution	Percentage Contributed	Net OPEB Obligation
2014	\$ 3,594,618	\$ 739,259	20.57%	\$ 20,424,923
2015	3,530,020	633,498	17.95%	23,321,445
2016	3,703,886	629,324	16.99%	26,396,007

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

Funded Status and Funding Progress

A schedule of funding progress as of the most recent actuarial valuation is as follows:

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Unprojected Unit Credit (b)	Unfunded AAL (UAAL) (b - a)	Funded Ratio (a / b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ([b - a] / c)
December 1, 2015	\$ -	\$ 33,293,075	\$ 33,293,075	0%	\$ 127,947,839	26.02%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, investment returns, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 1, 2015 actuarial valuation, the "entry age normal" method was used. The actuarial assumptions included a 4.5 percent investment rate of return (net of administrative expenses), based on the Plan being funded in an irrevocable employee benefit trust invested in a combined equity and fixed income portfolio. Healthcare cost trend rates reflect an ultimate rate of four percent. The UAAL is being amortized at a level percentage of payroll method. The remaining amortization period at June 30, 2016, was 22 years. The actuarial value of assets was not determined in this actuarial valuation since there were no assets.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

NOTE 13 - RISK MANAGEMENT

Employee Medical Benefits

The District has contracted with the Alliance of Schools for Cooperative Insurance Programs (ASCIP) public entity risk pool to provide employee dental benefits. The District also purchases medical, vision, and life insurance from various vendors for health care coverage. The District is not self-funded for employee medical benefits but has chosen to report the costs of health and welfare payments for all employees plus retirees in the Internal Service Fund.

Property and Liability

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To mitigate this potential loss, the District has established an Internal Service Fund to account for and finance its uninsured risks of loss for property and liability coverage. Under this program, the Internal Service Fund provides coverage for up to a maximum of \$50,000 for each general liability claim and \$25,000 for each property damage claim. During fiscal year ending June 30, 2016, the District participated in the ASCIP public entity risk pool for property and liability insurance coverage in excess of self-insured limits. Settled claims have not exceeded the insured coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year. In addition, the District purchases commercial insurance for property and liability claims in excess of coverage provided by the Internal Service Fund and for all other risks of loss.

Workers' Compensation and Property and Liability

Since 1985, the District has self-insured itself for workers' compensation coverage, retaining the risk of loss. The District has established an Internal Service Fund to account for and finance its uninsured risks of loss for workers' compensation coverage. Under this program, the Internal Service Fund provides coverage for up to a maximum of \$350,000 for each workers' compensation claim. The District purchases insurance for workers' compensation claims in excess of coverage provided by the Fund from Schools Excess Liability Fund (SELF) JPA.

Funding of the Internal Service Fund is based on estimates of the amounts needed to pay prior and current year claims. Workers' Compensation claims are charged to the respective funds which generate the liability and the Property and Liability claims are paid by the General Fund.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

Unpaid Claims Liabilities

The fund establishes a liability for both reported and unreported events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represent the changes in approximate aggregate liabilities for the District from July 1, 2014 to June 30, 2016:

	Workers' Compensation	Property and Liability	Total
Liability Balance, June 30, 2015	\$ 20,451,167	\$ 310,000	\$ 20,761,167
Claims and changes in estimates	(1,319,865)	369,603	(950,262)
Claims payments	(2,859,302)	(115,603)	(2,974,905)
Liability Balance, June 30, 2016	16,272,000	564,000	16,836,000
Claims and changes in estimates	2,637,442	61,386	2,698,828
Claims payments	(2,353,442)	(145,386)	(2,498,828)
Liability Balance, June 30, 2016	\$ 16,556,000	\$ 480,000	\$ 17,036,000
Assets available to pay claims at June 30, 2016	\$ 26,202,337	\$ 661,234	\$ 26,863,571

NOTE 14 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

For the fiscal year ended June 30, 2016, the District reported net pension liabilities, deferred outflows of resources, deferred inflows of resources, and pension expense for each of the above plans as follows:

Pension Plan	Collective Net Pension Liability	Collective Deferred Outflows of Resources	Collective Deferred Inflows of Resources	Collective Pension Expense
CalSTRS	\$ 124,524,676	\$ 21,932,357	\$ 22,042,999	\$ 10,388,585
CalPERS	42,919,072	13,676,099	13,060,245	3,971,065
Total	\$ 167,443,748	\$ 35,608,456	\$ 35,103,244	\$ 14,359,650

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2014, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publically available reports that can be found on the CalSTRS website under Publications at: <http://www.calstrs.com/member-publications>.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP.

The District contributes exclusively to the STRP Defined Benefit Program, thus disclosures are not included for the other plans.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

The STRP provisions and benefits in effect at June 30, 2016, are summarized as follows:

	STRP Defined Benefit Program	
	On or before	On or after
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	9.20%	8.56%
Required employer contribution rate	10.73%	10.73%
Required state contribution rate	7.12589%	7.12589%

Contributions

Required member, District and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven year period. The contribution rates for each plan for the year ended June 30, 2016, are presented above and the District's total contributions were \$9,843,867.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the District were as follows:

Total net pension liability, including State share:

District's proportionate share of net pension liability	\$	124,524,676
State's proportionate share of the net pension liability associated with the District		65,859,826
Total	\$	<u>190,384,502</u>

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

The net pension liability was measured as of June 30, 2015. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. The District's proportionate share for the measurement period June 30, 2015 and June 30, 2014, respectively, was 0.1850 percent and 0.1813 percent, resulting in a net increase in the proportionate share of 0.0037 percent.

For the year ended June 30, 2016, the District recognized pension expense of \$10,388,585. In addition, the District recognized pension expense and revenue of \$5,101,583 for support provided by the State. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 9,843,867	\$ -
Net change in proportionate share of net pension liability	2,277,113	-
Difference between projected and actual earnings on pension plan investments	9,811,377	19,962,162
Differences between expected and actual experience in the measurement of the total pension liability	-	2,080,837
Total	<u>\$ 21,932,357</u>	<u>\$ 22,042,999</u>

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2017	\$ (4,201,210)
2018	(4,201,210)
2019	(4,201,210)
2020	2,452,845
Total	<u>\$ (10,150,785)</u>

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability and the differences between expected and actual experience in the measurement of the total pension liability will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the 2014-2015 measurement period is 7 years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2017	\$ 32,713
2018	32,713
2019	32,713
2020	32,713
2021	32,713
Thereafter	32,711
Total	<u>\$ 196,276</u>

Actuarial Methods and Assumptions

Total pension liability for STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2014, and rolling forward the total pension liability to June 30, 2015. The financial reporting actuarial valuation as of June 30, 2014, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2014
Measurement date	June 30, 2015
Experience study	July 1, 2006 through June 30, 2010
Actuarial cost method	Entry age normal
Discount rate	7.60%
Investment rate of return	7.60%
Consumer price inflation	3.00%
Wage growth	3.75%

CalSTRS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are based on RP2000 series tables adjusted to fit CalSTRS experience.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant. Based on the model for CalSTRS consulting actuary's investment practice, a best estimate range was determined by assuming the portfolio is re-balanced annually and that the annual returns are lognormally distributed and independent from year to year to develop expected percentiles for the long-term distribution of annualized returns. The assumed asset allocation is based on Teachers' Retirement Board of the California State Teachers' Retirement System (board) policy for target asset allocation in effect on February 2, 2012, the date the current experience study was approved by the board. Best estimates of 10-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-Term Expected Real Rate of Return
Global equity	47%	4.50%
Private equity	12%	6.20%
Real estate	15%	4.35%
Inflation sensitive	5%	3.20%
Fixed income	20%	0.20%
Cash/liquidity	1%	0.00%

Discount Rate

The discount rate used to measure the total pension liability was 7.60 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.60 percent) and assuming that contributions, benefit payments and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Net Pension Liability
1% decrease (6.60%)	\$ 188,022,569
Current discount rate (7.60%)	124,524,676
1% increase (8.60%)	71,752,804

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

California Public Employees Retirement System (CalPERS)

Plan Description

Qualified employees are eligible to participate in the School Employer Pool (SEP) under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2014 annual actuarial valuation report, Schools Pool Actuarial Valuation, 2014. This report and CalPERS audited financial information are publically available reports that can be found on the CalPERS website under Forms and Publications at: <https://www.calpers.ca.gov/page/forms-publications>.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2016, are summarized as follows:

	School Employer Pool (CalPERS)	
	On or before	On or after
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 55	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	55	62
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%
Required employee contribution rate	7.000%	6.000%
Required employer contribution rate	11.847%	11.847%

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2016, are presented above and the total District contributions were \$4,174,210.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2016, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$42,919,072. The net pension liability was measured as of June 30, 2015. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. The District's proportionate share for the measurement period June 30, 2015 and June 30, 2014, respectively was 0.2912 percent and 0.2985 percent, resulting in a net decrease in the proportionate share of 0.0073 percent.

For the year ended June 30, 2016, the District recognized pension expense of \$3,971,065. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 4,174,210	\$ -
Net change in proportionate share of net pension liability	-	1,904,593
Difference between projected and actual earnings on pension plan investments	7,049,001	8,518,585
Differences between expected and actual experience in the measurement of the total pension liability	2,452,888	-
Changes of assumptions	-	2,637,067
Total	<u>\$ 13,676,099</u>	<u>\$ 13,060,245</u>

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2017	\$ (1,077,279)
2018	(1,077,279)
2019	(1,077,279)
2020	1,762,253
Total	<u>\$ (1,469,584)</u>

The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability, changes of assumptions, and the differences between expected and actual experience in the measurement of the total pension liability will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the 2014-2015 measurement period is 3.9 years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2017	\$ (886,488)
2018	(886,488)
2019	(315,796)
Total	<u>\$ (2,088,772)</u>

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Actuarial Methods and Assumptions

Total pension liability for the SEP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2014, and rolling forward the total pension liability to June 30, 2015. The financial reporting actuarial valuation as of June 30, 2014, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2014
Measurement date	June 30, 2015
Experience study	July 1, 1997 through June 30, 2011
Actuarial cost method	Entry age normal
Discount rate	7.65%
Investment rate of return	7.65%
Consumer price inflation	2.75%
Wage growth	Varies by entry age and service

Mortality assumptions are based on mortality rates resulting from the most recent CalPERS experience study adopted by the CalPERS Board. For purposes of the post-retirement mortality rates, those revised rates include five years of projected ongoing mortality improvement using Scale AA published by the Society of Actuaries.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global equity	51%	5.25%
Global fixed income	19%	0.99%
Private equity	10%	6.83%
Real estate	10%	4.50%
Inflation sensitive	6%	0.45%
Infrastructure and Forestland	2%	4.50%
Liquidity	2%	-0.55%

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

Discount Rate

The discount rate used to measure the total pension liability was 7.65 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Based on these assumptions, the School Employer Pool fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

<u>Discount rate</u>	<u>Net Pension Liability</u>
1% decrease (6.65%)	\$ 69,284,057
Current discount rate (7.65%)	42,919,072
1% increase (8.65%)	20,353,041

Alternative Retirement Program

As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (CalSTRS or CalPERS) must be covered by social security or an alternative plan. The District has elected to use CalPERS to act as their administrators and Wells Fargo Bank to act as trustee and investment manager for the District's alternative plan. The plan is a defined benefit plan in which all contributions are made by the District. The District contributes 5.0 percent of an employee's gross earnings. The District contributed \$354,768 in the 2015-2016 fiscal year.

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS in the amount of \$5,803,183 (7.1.2589 percent of annual payroll). Contributions are no longer appropriated in the annual *Budget Act* for the legislatively mandated benefits to CalPERS. Therefore, there is no on behalf contribution rate for CalPERS. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements. On behalf payments have been excluded from the calculation of available reserves, and have not been included in the budgeted amounts reported in the *General Fund - Budgetary Comparison Schedule*.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

NOTE 15 - COMMITMENTS AND CONTINGENCIES

Grants

The District received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2016.

Litigation

The District is involved in various litigations arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2016.

Construction Commitments

As of June 30, 2016, the District had the following commitments with respect to the unfinished capital projects:

Capital Projects	Remaining Construction Commitment	Expected Date of Completion
Chavez ES Kitchen	\$ 43,023	12/31/16
Dolland ES Kitchen	43,023	12/31/16
Dulles ES Kitchen	43,023	12/31/16

	\$ 1,882,971	

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

NOTE 16 - PARTICIPATION IN JOINT POWERS AGREEMENTS

The Norwalk-La Mirada Unified School District is a member of the Southeast Regional Occupational Program (SEROP) joint power authority (JPA), Schools Excess Liability Fund (SELF) JPA, and Alliance of Schools for Cooperative Insurance Programs (ASCIP) Payments for ROP services are paid to the SEROP JPA. Payments are made to ASCIP for dental benefits for District employees and for property and liability insurance. Payments are made to SELF for excess liability coverage for workers' compensation.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these statements. Audited financial statements are available from the respective entities.

During the year ended June 30, 2016, the District made payments of \$1,879,454, \$507,292, and \$3,242,330 to SEROP, SELF, and ASCIP, respectively.

NOTE 17 - CORRECTION OF AN ERROR OF PRIOR YEAR NET POSITION

The District restated its beginning balance for net pension liability and related items to more accurately reflect the adoption of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, in the enterprise fund. As a result, the effect on the current fiscal year is as follows:

Statement of Net Position - Governmental Activities

Net Position - Beginning	\$ (24,884,130)
Exclusion of business-type activities' net pension liability previously recorded in governmental activities	276,679
Exclusion of business-type activities' deferred outflows of resources previously recorded in governmental activities	(31,030)
Exclusion of business-type activities' deferred inflows of resources previously recorded in governmental activities	108,188
Net Position - Beginning as restated	<u>\$ (24,530,293)</u>

Statement of Net Position - Business-Type Activities

Net Position - Beginning	\$ 140,395
Inclusion of business-type activities' net pension liability previously recorded in governmental activities	(276,679)
Inclusion of business-type activities' deferred outflows of resources previously recorded in governmental activities	31,030
Inclusion of business-type activities' deferred inflows of resources previously recorded in governmental activities	(108,188)
Net Position - Beginning as restated	<u>\$ (213,442)</u>

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2016

NOTE 1 - PURPOSE OF SCHEDULES

Budgetary Comparison Schedule

This schedule presents information for the original and final budgets and actual results of operations, as well as the variances from the final budget to actual results of operations.

Schedule of Other Postemployment Benefits (OPEB) Funding Progress

This schedule is intended to show trends about the funding progress of the District's actuarially determined liability for postemployment benefits other than pensions.

Schedule of the District's Proportionate Share of the Net Pension Liability

This schedule presents information on the District's proportionate share of the net pension liability (NPL), the plans' fiduciary net position and, when applicable, the State's proportionate share of the NPL associated with the District. In the future, as data becomes available, ten years of information will be presented.

Schedule of District Contributions

This schedule presents information on the District's required contribution, the amounts actually contributed, and any excess or deficiency related to the required contribution. In the future, as data becomes available, ten years of information will be presented.

NOTE 2 - CHANGE IN BENEFIT TERMS AND ASSUMPTIONS

Changes in Benefit Terms

There were no changes in benefit terms since the previous valuation for either CalSTRS and CalPERS.

Changes in Assumptions

The CalSTRS plan rate of investment return assumption was not changed from the previous valuation. The CalPERS plan rate of investment return assumption was changed from 7.50 percent to 7.65 percent since the previous valuation.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

LOCAL EDUCATION AGENCY ORGANIZATION STRUCTURE JUNE 30, 2016

ORGANIZATION

The Norwalk-La Mirada Unified School District was established on July 1, 1965. The District conducts a kindergarten through twelfth grade educational program for approximately 21,000 students through 17 elementary schools, six middle schools, three high schools, a continuation high school, and two adult education schools. The District is located in Los Angeles County, and occupies the cities of Norwalk and La Mirada, in addition to smaller portions of the cities of Santa Fe Springs, Whittier, and unincorporated areas of Los Angeles County.

K-12 AVERAGE DAILY ATTENDANCE AT P-2 ⁴	<u>17,562</u>	<u>17,827</u>	<u>18,197</u>	<u>18,550</u>

The General Fund balance has increased by \$16,176,572 over the past two years. The fiscal year 2016-2017 budget projects a further increase of \$1,627,946 (3.9 percent). For a district this size, the State recommends available reserves of at least three percent of total General Fund expenditures, transfers out, and other uses (total outgo).

The District has incurred operating deficits in two of the past three years and anticipates incurring an operating surplus during the 2016-2017 fiscal year. Total long-term obligations have increased by \$30,055,056 over the past two years.

Average daily attendance has decreased by 723 over the past two years. Additional decline of 265 ADA is anticipated during fiscal year 2016-2017.

¹ Budget 2017 is included for analytical purposes only and has not been subjected to audit.

² Available reserves consist of all unassigned fund balances including all amounts reserved for economic uncertainties contained with the General Fund.

³ On behalf payments of \$4,669,939 and \$4,535,524 have been excluded from the calculation of available reserves for the fiscal years ending June 30, 2015 and 2014.

⁴ General Fund amounts do not include activity related to the consolidation of the Fund 20, Special Reserve Fund for Other Postemployment Benefits as required by GASB Statement No. 54.

See accompanying note to supplementary information.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2016

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The District has not elected to use the ten percent de minimis cost rate as covered in Section 200.414 Indirect (F&A) costs of the Uniform Guidance.

Local Education Agency Organization Structure

This schedule provides information about the District's boundaries and schools operated members of the governing board, and members of the administration.

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. The District neither met nor exceeded its target funding. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of *Education Code* Sections 46200 through 46206.

Districts must maintain their instructional minutes at 1986-1987 requirements, as required by *Education Code* Section 46201.

Reconciliation of Annual Financial and Budget Report With Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Unaudited Actual Financial Report to the audited financial statements.

Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2016

Non-Major Governmental Funds - Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances

The Non-Major Governmental Funds Combining Balance Sheet and Combining Statement of Revenues, Expenditures and Changes in Fund Balances is included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances.

General Fund Selected Financial Information

This schedule provides a comparison of revenues and expenditures as a percentage of total revenue for the General Fund for the past three years.

Cafeteria Fund Selected Financial Information

This schedule provides a comparison of revenues and expenditures as a percentage of total revenue for the Cafeteria Fund for the past three years.

INDEPENDENT AUDITOR'S REPORTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Governing Board
Norwalk-La Mirada Unified School District
Norwalk, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Norwalk-La Mirada Unified School District (the District) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Norwalk-La Mirada Unified School District's basic financial statements, and have issued our report thereon dated December 15, 2016.

Emphasis of Matter – Correction of an Error

As discussed in Note 17 to the financial statements, in 2016, the District restated its beginning balance for net pension liability to more accurately reflect the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* for its enterprise fund. Our opinion is not modified with respect to this matter.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Norwalk-La Mirada Unified School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Norwalk-La Mirada Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Norwalk-La Mirada Unified School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Norwalk-La Mirada Unified School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Norwalk-La Mirada Unified School District in a separate letter dated December 15, 2016.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Governing Board
Norwalk-La Mirada Unified School District
Norwalk, California

Report on Compliance for Each Major Federal Program

We have audited Norwalk-La Mirada Unified School District's (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Norwalk-La Mirada Unified School District's major Federal programs for the year ended June 30, 2016. Norwalk-La Mirada Unified School District's major Federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its Federal awards applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Norwalk-La Mirada Unified School District's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about Norwalk-La Mirada Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of Norwalk-La Mirada Unified School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Norwalk-La Mirada Unified School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of Norwalk-La Mirada Unified School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Norwalk-La Mirada Unified School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Norwalk-La Mirada Unified School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Governing Board
Norwalk-La Mirada Unified School District
Norwalk, California

Report on State Compliance

We have audited Norwalk-La Mirada Unified School District's (the District) compliance with the types of compliance requirements as identified in the *2015-2016 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* that could have a direct and material effect on each of the Norwalk-La Mirada Unified School District's State government programs as noted below for the year ended June 30, 2016.

Management's Responsibility

Management is responsible for compliance with the requirements of State laws, regulations, and the terms and conditions of its State awards applicable to its State programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance of each of the Norwalk-La Mirada Unified School District's State programs based on our audit of the types of compliance requirements referred to above. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2015-2016 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. These standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on the applicable government programs noted below. An audit includes examining, on a test basis, evidence about Norwalk-La Mirada Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions. Our audit does not provide a legal determination of Norwalk-La Mirada Unified School District's compliance with those requirements.

Basis for Qualified Opinion on the After School Education and Safety Program

As described in the accompanying schedule of findings and questioned costs, Norwalk-La Mirada Unified School District did not comply with requirements regarding the After School Education and Safety Program; finding 2016-001. Compliance with such requirements is necessary, in our opinion, for Norwalk-La Mirada Unified School District to comply with the requirements applicable to that program.

Qualified Opinion on the After School Education and Safety Program

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, Norwalk-La Mirada Unified School District complied, in all material respects, with the types of compliance requirements referred to above for the year ended June 30, 2016.

Unmodified Opinion on Each of the Other Programs

In our opinion, Norwalk-La Mirada Unified School District complied, in all material respects, with the compliance requirements referred to above that are applicable to the government programs noted below that were audited for the year ended June 30, 2016, except as described in the Schedule of State Awards Findings and Questioned Costs section of the accompanying Schedule of Findings and Questioned Costs.

In connection with the audit referred to above, we selected and tested transactions and records to determine the Norwalk-La Mirada Unified School District's compliance with the State laws and regulations applicable to the following items:

	<u>Procedures Performed</u>
LOCAL EDUCATION AGENCIES OTHER THAN CHARTER SCHOOLS	
Attendance	Yes
Teacher Certification and Misassignments	Yes
Kindergarten Continuance	Yes
Independent Study	No, see below
Continuation Education	Yes, see below
Instructional Time	Yes
Instructional Materials	Yes
Ratios of Administrative Employees to Teachers	Yes
Classroom Teacher Salaries	Yes
Early Retirement Incentive	No, see below
Gann Limit Calculation	Yes
School Accountability Report Card	Yes
Juvenile Court Schools	No, see below
Middle or Early College High Schools	No, see below
K-3 Grade Span Adjustment	Yes
Transportation Maintenance of Effort	Yes
SCHOOL DISTRICTS, COUNTY OFFICES OF EDUCATION, AND CHARTER SCHOOLS	
Educator Effectiveness	Yes
California Clean Energy Jobs Act	Yes
After School Education and Safety Program:	
General Requirements	Yes
After School	Yes
Before School	No, see below
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control Accountability Plan	Yes
Independent Study - Course Based	No, see below
Immunizations	Yes, see below

Procedures
Performed

CHARTER SCHOOLS

Attendance	No, see below
Mode of Instruction	No, see below
Non Classroom-Based Instruction/Independent Study for Charter Schools	No, see below
Determination of Funding for Non Classroom-Based Instruction	No, see below
Annual Instruction Minutes Classroom-Based	No, see below
Charter School Facility Grant Program	No, see below

The District does offer an Independent Study Program, but the ADA was below the threshold required for testing; therefore, we did not perform procedures related to the Independent Study Program.

The District does not offer a Work Experience Program; therefore, we did not perform procedures related to the Work Experience Program within the Continuation Education Attendance Program.

The District did not offer an Early Retirement Incentive Program during the current year; therefore, we did not perform procedures related to the Early Retirement Incentive Program.

The District does not have any Juvenile Court Schools; therefore, we did not perform any procedures related to Juvenile Court Schools.

The District does not have a Middle or Early College High School; therefore, we did not perform any procedures related to the Middle or Early College High School Program.

The District does not offer a Before School Education and Safety Program; therefore, we did not perform any procedures related to the Before School Education and Safety Program.

The District does not offer an Independent Study-Course Based Program; therefore, we did not perform any procedures related to the Independent Study-Course Based Program.

The District did not have any schools listed on the immunization assessment reports; therefore, we did not perform the remaining procedures.

The District does not have any Charter Schools; therefore, we did not perform any procedures for Charter School Programs.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2016

The following findings represent instances of noncompliance relating to State program laws and regulations. The findings have been coded as follows:

<u>Five Digit Code</u>	<u>AB 3627 Finding Type</u>
40000	State Compliance

2016-001 40000

Criteria or Specific Requirements

According to the *California Education Code Section 8483(a)(1)* states that every after school component of a program established pursuant to this article shall commence immediately upon the conclusion of the regular school day, and operate a minimum of 15 hours per week, and at least until 6 p.m. on every regular school day. Every after school component of the program shall establish a policy regarding reasonable early daily release of pupils from the program.

Condition

The District has gathered monthly summaries of student attendance for submission to the State in order to meet the semi-annual reporting requirement. However, in reviewing Julia B. Morrison Elementary School's monthly summary total for the month of October 2015 and in comparing the total to the site's attendance rosters, it was noted that the monthly summary totals differ significantly. Julia B. Morrison Elementary School's attendance rosters had a total of 1,372 students served whereas the total of the monthly summary are 1,456 students served, resulting in 84 exceptions. Exceptions consisted of 84 students who were released before 6PM on a daily basis but had no early release form on file. In addition, in reviewing Los Alisos Middle School's monthly summary total for the month of October 2015 and in comparing the total to the site's attendance rosters, it was noted that the monthly summary totals differ significantly. Los Alisos Middle School's attendance rosters had a total of 1,139 students served whereas the total of the monthly summary are 1,170 students served, resulting in 31 exceptions. Exceptions consisted of 31 students who were released before 6PM on a daily basis but had no early release form on file.

Questioned Costs

Under the provisions of the program, there are no questioned costs associated with this condition. However, for two of the sites tested, there were 115 of 3,626 students served during the month of October 2015 for which the attendance rosters did not confirm to the District's early release policy.

Context

The condition identified resulted from our review of Julia B. Morrison Elementary School's and Los Alisos Middle School's attendance records and monthly attendance summary totals for the month of October 2015. Auditor selected two of 15 schools for the first semi-annual reporting period dated July to December 2015. Auditor also noted that for the month of October 2015, Julia B. Morrison Elementary School and Los Alisos Middle School did not have early release forms for students that were being released before 6PM on a daily basis.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2016

Effect

As a result of the conditions identified, the District was not compliant with *Education Code* Section 8483(a)(1) for the 2015-2016 fiscal year for Julia B. Morrison Elementary School and Los Alisos Middle School because the report submitted to the State reflects inaccurate attendance information.

Cause

It appears that the condition identified has materialized as a result of the site utilizing the number of students attended for a particular day rather than recounting the rosters to ensure the sites deduct those students who are not in compliance with the established early release policy. The sites did not have early release reason documented on the rosters for those students who were consistently released early from the ASES program.

Recommendation

The District should inform the sites regarding their early release policy including the importance of having an early release reason documented on the rosters for students who are continually released early. Also prior to submission of attendance information to the State, the District should ensure the monthly summaries agree to the attendance summaries. An individual from the District should review and re-compute monthly attendance numbers per school site in order to verify that accurate information is being sent to the State for reporting.

Corrective Action Plan

The ASES program has implemented new procedures, additional safeguards, and staff training to ensure compliance with state reporting regulations.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2016

Except as specified in previous sections of this report, summarized below is the current status of all audit findings reported in the prior year's schedule of financial statement findings.

State Awards Findings

2015-001 40000

Criteria or Specific Requirements

California Education Code Section 42238.02(b)(4) states that the school district should revise their submitted data on English learner, foster youth, and free or reduced-price meal eligible pupil counts to ensure the accuracy of data reflected in the California Longitudinal Pupil Achievement Data System.

Condition

The Unduplicated Local Control Funding Formula Pupil Counts submitted to the California Department of Education was inaccurate. It appears that the District inaccurately reported eligibility for a total of 152 students for English Learners only on CALPADS Form 1.18 – FRPM/English Learner/Foster Youth – Student List.

Questioned Costs

The District over claimed the total eligible pupils by 152, resulting in a decrease of approximately \$123,354 in LCFF funding.

Context

The condition identified was determined through a selection of students from Form 1.18 based on the criteria as stated on the *2014-2015 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*: "Select a representative sample, to achieve a high level of assurance, from the students that are only English Learner (EL) eligible as identified under the "ELAS Designation" column and verify there is supporting documentation that indicates the student was eligible for the designation."

The auditor selected a sample of 50 students and obtained student records to support the EL designation. Upon review of student records, we found 20 students who were noted as reclassified from EL status; however the students were noted as EL on CALPADS Form 1.18. The auditor inquired further with the District and determined that the CALPADS data was not updated to reflect students' who had been reclassified during the year. The auditor requested that the District identify all remaining students whose status should have been changed to reflect the reclassification from EL. The auditor then obtained this list and confirmed that the original 20 exceptions noted in our testing were in fact reflected on the list as reclassified from EL, yet the change was not made in CALPADS. This list noted a total of 155 students whose status should have been changed in CALPADS from EL to another designation. In addition, three additional students were identified during this process that should have been classified as EL, but were not. Thus, the net effect of the discrepancies is 152 students.

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

SUMMARY SCHEDULE OF PRIOR AUDT FINDINGS FOR THE YEAR ENDED JUNE 30, 2016

Effect

The District does not appear to be in compliance with *Education Code* Section 42238.02(b)(4). In addition, the District appears to be over claiming the total EL designated pupils by 152 for a reduction in funding of approximately \$123,354. The schedule below shows the exceptions by site and District-wide:

School Site	Enrollment Count	Certified Total Unduplicated Count	Adjustment Based on English Learner Designation	Adjusted Total Unduplicated Pupil Count	Adjusted Total Enrollment Count
Anna M. Glazier Elementary	523	437	-	437	523
Arlie F. Hutchinson Middle	561	307	(4)	303	561
Arturo Sanchez Elementary	362	338	-	338	362

NORWALK-LA MIRADA UNIFIED SCHOOL DISTRICT

SUMMARY SCHEDULE OF PRIOR AUDT FINDINGS FOR THE YEAR ENDED JUNE 30, 2016

Cause

It appears that the condition identified has materialized as a result of the CALPADS system not being updated properly to reflect the change in designation of EL only students.

Recommendation

The District should ensure that all students who are identified as reclassified from EL during the new year prior to the CALPADS reporting period are properly reflected in the CALPADS system with the new designation.

Current Status

Implemented

Governing Board
Norwalk-La Mirada Unified School District
Norwalk, California

In planning and performing our audit of the financial statements of Norwalk-La Mirada Unified School District (the District), for the year ended June 30, 2016, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we noted matters that are opportunities for strengthening internal controls and operating efficiency. The following items represent conditions noted by our audit that we consider important enough to bring to your attention. This letter does not affect our report dated December 15, 2016 on the government-wide financial statements of the District.

FIXED ASSETS ACCOUNTING

Observation

Annually, the District contracts with Duff & Phelps to assist in the preparation of the fixed assets listing. The District must provide the detailed activity for the year to Duff & Phelps and Duff & Phelps will complete the fixed assets listing, including depreciation, using the District provided information. The District then reviews the report to ensure its accuracy. However, because this process occurs subsequent to the fiscal year-end only, the fixed assets recorded are not being updated in a timely manner. The fixed assets for the current fiscal year were not available for audit until December.

Recommendation

To ensure the timely completion of the fixed asset listing for audit purposes, the District should update the fixed assets throughout the year, as opposed to completing them subsequent to year-end. Tracking the work in progress account as project costs are incurred will also assist in ensuring the timely completion of the fixed assets listing.

INTERNAL CONTROLS

Local Revenue Cycle

Observation

Per review of the supporting documents pertaining to the District's local revenues, nine of 49 receipts tested were not deposited in a timely manner. Delay in deposits ranged from approximately 15 to 22 days. Delay in cash deposits can increase the probability of theft, loss, or misappropriation.

Recommendation

The District should adhere to its established procedures related to frequency of deposits. The frequency of deposits may need to be increased depending on the volume and amount of cash collected. At a minimum, the District should try and make a single deposit once a week to reduce the risks associated with theft, loss, and misappropriation.

Non-Payroll Disbursements

Observation

Three of 40 disbursements selected for testing were not approved prior to the transaction taking place. This would indicate that the items/services were purchased prior to receiving an approval.

Recommendation

All disbursements should be pre-approved prior to the transaction taking place. Disbursement procedures require multiple levels of approval depending on the nature of the disbursement. One of those approvals is by the business department. The business department is responsible for reviewing account coding and making sure that expenditures are limited by established budgets. The District should ensure that all disbursements follow established procedures to allow for proper vetting of the nature of the disbursement and availability of funds.

Observation

Seventeen of 40 travel and conference disbursements were not preapproved. This could potentially lead to expenditures of questionable nature if disbursements are not pre-approved.

Recommendation

The District should take the necessary steps to ensure that all conference related expenditures are supported by an authorized conference request and reimbursement form that is pre-approved. This would allow the reviewing administrator to determine if the proposed conference related activities are appropriate for the funding source.

ASSOCIATED STUDENT BODY (ASB)

Reginald M. Benton Middle School

Observation

Based on the review of the cash receipting procedures, it was noted that 13 of 23 deposits tested were not deposited in a timely manner. Delay in deposit ranged from approximately 12 to 37 days from the date of receipt. This could result in large cash balances being maintained at the sites which can hinder the safeguarding of ASB assets.

Recommendation

The ASB should, at a minimum, make their deposits once a week to minimize the amount of cash held at the sites. During weeks of high cash activity, there may be a need to make more than one deposit. The District should communicate specific guidelines for this procedure including the maximum cash on hand that should be maintained at the site.

Hutchinson Middle School

Observations

During our review of the associated study body procedures, the following issues were noted:

1. Two of 25 deposits tested were not deposited in a timely manner. Delay in deposit ranged from approximately 18 to 26 days from the date of receipt. This could result in large cash balances being maintained at the sites which can hinder the safeguarding of ASB assets.
2. Two of ten disbursements tested were not approved prior to transactions taking place. This could potentially lead to spending in excess of available funds. Additionally, expenditures of a questionable nature could arise if disbursements are not pre-approved.
3. Six of ten transactions reviewed did not have receiving documentation or acknowledgement. As a result, vendor invoices were paid without the direct knowledge of whether or not the goods being ordered have been received by the ASB.
4. One of one revenue potential forms tested was incomplete. The actual column was left blank. Therefore, the auditor was unable to trace the receipts and disbursements from the source documents to the activity report.

Recommendations

1. The ASB should, at a minimum, make their deposits once a week to minimize the amount of cash held at the sites. During weeks of high cash activity, there may be a need to make more than one deposit. The District should communicate specific guidelines for this procedure including the maximum cash on hand that should be maintained at the site.
2. In order to ensure proper internal controls over the ASB disbursements, the site should ensure that all disbursement transactions are pre-approved by authorized administrative personnel and the student council. This would allow the reviewing administrator and/or the student council to determine if the proposed activities are appropriate and to determine if sufficient funding is available to finance the activities or the purchases.
3. All goods being ordered should be documented with explicit receiving documentation. Documentation should indicate the date that the goods have been received and documentation regarding whether or not the goods have been received intact, undamaged, and in the correct quantities. Payments for vendor invoices should only be made once the receiving documentation is available.
4. Revenue potentials should be prepared to assist the ASB in identifying whether or not a fundraiser will be successful. By completing the expected results section of the revenue potential, the ASB will know how much profit should be made from the fundraiser. Once the fundraiser is complete, the actual results should be summarized and compared to the expected results to determine if the fundraiser generated the profit expected. Discrepancies should be investigated and explained and a determination should be made as to whether or not it is beneficial to conduct the fundraiser in the future.

La Mirada High School

Observations

During our review of the associated study body procedures, the following issues were noted:

1. Cash collections are not always supported by sub-receipts or logs consistently. The auditor was unable to verify the accuracy and timeliness of the deposits.
2. Cash collections aren't being counted in the presence of multiple personnel during ticketed events. The person counting the cash should have at least one person beside them to ensure proper internal controls are in place.
3. 13 of 18 disbursements tested were not approved prior to transactions taking place. This could potentially lead to spending in excess of available funds. Additionally, expenditures of a questionable nature could arise if disbursements are not pre-approved.
4. Nine of 18 transactions reviewed did not have receiving documentation or acknowledgement. As a result, vendor invoices were paid without the direct knowledge of whether or not the goods being ordered have been received by the ASB.
5. Two of four fundraising event did not have a revenue potential completed to document and control fundraising activities as they occur.
6. One of four fundraising events tested did not provide an explanation for the difference between the estimated and the actual.

Recommendations

1. Pre-numbered triplicate receipts or logs should be utilized when collecting money for all ASB events and transactions. If utilizing a log, the students name and amount being turned in should be documented. If using a receipt book, the receipts should be issued in sequential order to all individuals turning in monies. Teachers and administrators who collect monies should be equipped with a triplicate receipts book or log sheet. The white copy of the receipt should be issued to the person turning in the monies, the yellow receipt or log sheet should be utilized for deposit back-up, and the pink copy should be retained in the receipt book for audit purposes. When teachers are turning in monies for deposit, a Request for Deposit should be turned in with the yellow copy of the receipts and monies to clearly identify the total amount being turned in.
2. It is recommended that the ASB adhere to their established procedures related to cash count for ticketed event sales. Two individuals should be present when teachers/clubs deposit the money with the bookkeeper. The bookkeeper and the depositing party should both sign and date the ticket form for door and gate sales.
3. In order to ensure proper internal controls over the ASB disbursements, the site should ensure that all disbursement transactions are pre-approved by authorized administrative personnel and the student council. This would allow the reviewing administrator and/or the student council to determine if the proposed activities are appropriate and to determine if sufficient funding is available to finance the activities or the purchases.
4. All goods being ordered should be documented with explicit receiving documentation. Documentation should indicate the date that the goods have been received and documentation regarding whether or not the goods have been received intact, undamaged, and in the correct quantities. Payments for vendor invoices should only be made once the receiving documentation is available.

Norwalk La-Mirada Unified School District

5. The revenue potential form is vital because it shows whether or not all the monies that should have been raised and turned in actually were based on the price of the item and amount sold. The form is also used to document overages and shortages or losses of merchandise. A secondary tool that the form accomplishes is to allow the bookkeeper to compare the advisor's log of the deposits made for the fundraiser to the financial records of the appropriate account to ensure that all entries were correctly posted. The site should ensure that these forms are completed and turned in to the bookkeeper at the conclusion of the fundraiser.
6. Revenue potentials should be prepared completely to assist the ASB in identifying whether or not a fundraiser will be successful. By completing the expected results section of the revenue potential, the ASB will know how much profit should be made from the fundraiser. Once the fundraiser is complete, the actual results should be summarized and compared to the expected results to determine if the fundraiser generated the profit expected. Discrepancies should be investigated and explained and a determination should be made as to whether or not it is beneficial to conduct the fundraiser in the future.

We will review the status of the current year comments during our next audit engagement.
