Superintendent's Message

June 30, 2015

The 2015-2016 Proposed Budget for Norwalk-La Mirada Unified School District is being presented in this budget document and submitted to the Governing Board for approval. Surging revenues, which are projected to continue into next year, will provide much needed relief for our schools and community still healing from the aftermath of the "Great Recession." The Governor and Legislative Analyst; however, warn that "the reality is another recession is coming," and Governor Brown is splitting the increase in Proposition 98 funding between ongoing spending, one-time expenditures and paying off debts. The Governor's Budget Proposal acknowledges the continuing expansion of the state economy and a surge in state revenues in the current year well in excess of the level projected just five months ago when the January Proposal was released; resulting in a $6 billion increase to the minimum funding guarantee under Proposition 98 over the three-year period 2014-15, 2015-16, and 2016-17.

Careful alignment of the district's ***Local Control Accountability Plan (LCAP)*** and Proposed Budget is essential, and funding provided under the **Local Control Funding Formula (LCFF**) is needed to provide the increased or improved services to students required and included in the District's LCAP. This is the second year of LCAP implementation, and LCAP Action Teams were created to include various stakeholder groups to develop and present our ***Local Control Accountability Plan (LCAP),*** which was submitted on June 8, 2015 to the public and Board of Education for input. The LCAP plan is a strategic roadmap for improved student outcomes and incorporates the public's input in meeting the State's **eight priorities** and addresses how the budget increases or enhances services for English-language learners, low socio-economic students, and foster youth, also known as the ***proportionality requirement.***

As we embark on our 50th year of serving the students and families of our community, we are truly blessed to have their support, as demonstrated by the passing of Measure G, which will provide much needed bond funds to continue to build and invest in the educational needs of Norwalk-La Mirada students. The Board of Education have stayed true to its mission to *develop in all students the knowledge, understanding, skills, and attitudes to empower them to become life-long learners and productive citizens in an ever-changing world,* and have carefully chosen a new leader to take the helm and build upon our previous successes. Norwalk-La Mirada has many accomplishments and achievements to be proud of in 2014-2015, and many more things to look forward to in the upcoming year.

Sincerely,

Ginger Shattuck

BUDGET ASSUMPTIONS
2015-2016

GENERAL FUND REVENUES

The District's projected budgeted income for the total General Fund is $196.80 million, an increase of $16.08 million from the prior year estimated actuals. Unrestricted totals represent 75.4 percent of all General Fund revenues or $148.35 million, and restricted revenues are budgeted at $48.46 million.

As depicted in the chart, the largest sources of income are LCFF and Property Taxes and when combined, make up total LCFF sources.

Of the total budgeted income, 83.5 percent is attributed to LCFF sources and State sources of income account for 8.9 percent. Federal, other local revenue, and other financing sources make up the remaining portion of the District's General Fund revenue. Current income excludes one-time revenue, deferrals, and carryover from the previous year.

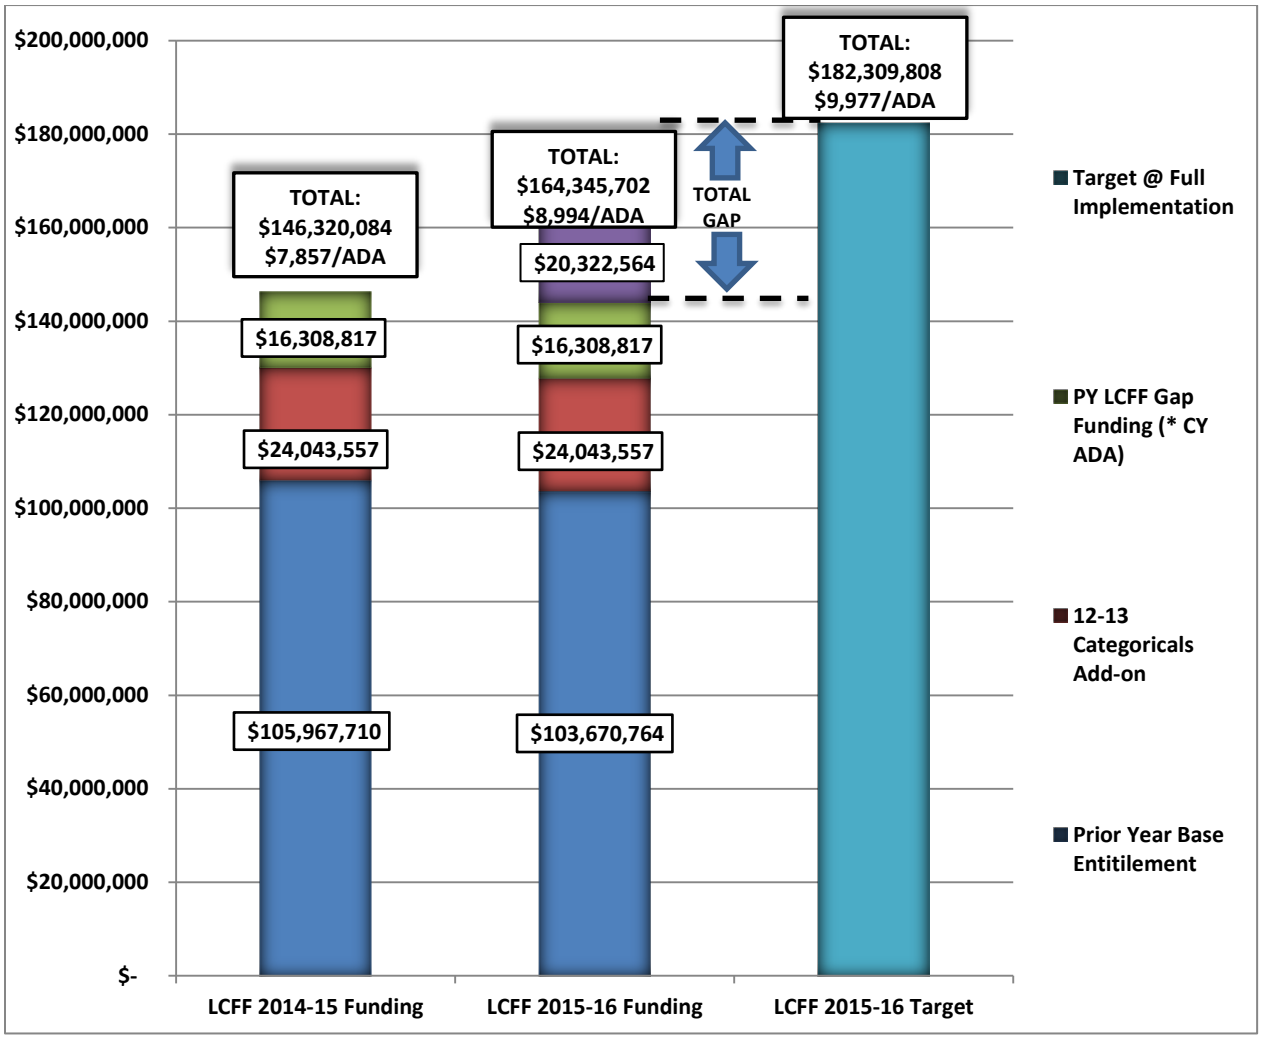

LCFF Sources (8000-8099) **$164,345,702**

LCFF has been budgeted at $164.35 million, representing 96.83 percent of unrestricted revenues, excluding contributions. This is a significant increase over prior year estimated actuals, reflecting the Governor's proposal to increase funding by $6.1 billion, which would fund each district's "gap" by an estimated 53.08 percent, or $20.3 million as reflected in Graph I.

The Administration anticipates the transition to fully fund the LCFF (aka "Target) will take eight years, with full funding occurring in 2020-2021, however, with the State's robust revenue growth the target may be reached much sooner. Until then, increases in funding will be as the State budget appropriates funding for that purpose. Districts must calculate their "target" at full implementation every year to determine their specific amount of "Gap" funding to be appropriated. Graph I illustrates the calculation for 2015-2016.

GRAPH I

The Department of Finance is projecting that enough additional funds will be provided to fund the Gap by 37.40 percent in 2016-2017 and by 36.70 percent in 2016-2017. **However, there is no statutory guaranteed increase in funding in any given year until full implementation is reached. Furthermore, expiration of some temporary tax increases in 2016 and 2018, as well as uncertainty regarding the continued recovery of the State's economy, results in uncertainty regarding future year's increases in LCFF funding.**

Therefore, LACOE is recommending that districts assign, reserve, or otherwise set-aside any projected increase in LCFF revenue as a result of Gap funding in 2016-2017, and subsequent years, which is reflected in the District's multi-year projections.

LCFF also provides equal base grants per-pupil for four grade spans, and targeted supplemental funding based on specific pupils (ELs, Foster Youth, FRPM), as depicted in Table I. The statutory COLA for 2015-2016 is 1.02 percent, and Base grants are increased annually by the statutory COLA. **It is important to note that the COLA affects only the calculation of the LCFF Target, and does not describe the net increase in funding for each district.**

The Augmentation Grant provides additional funding for grades K-3 (CSR) and 9-12 (Career Technical Education). The CSR augmentation is 10.4 percent of the K-3 Base Grant, estimated at $737 per ADA for 2015-2016. When the LCFF is fully funded, and as a condition of receipt, districts shall maintain average class sizes of 24:1, unless a locally bargained alternative ratio is agreed on. The CTE augmentation is 2.6 percent of the 9-12 Base Grant, estimated at $223 per ADA. Unlike the CSR augmentation, there is no specific requirement to allocate these funds for CTE purposes; however, the LCAP must include a CTE component.

The Supplemental and Concentration Grants provide additional funding to students identified as qualifying for free and reduced price meals, EL, and foster youth. Each district will determine the unduplicated count for the identified students. A three-year rolling average of the unduplicated count will be the basis for funding, which is projected at **72.31 percent** for 2015-2016.

The Supplemental Grant provides an additional 35 percent of the Base Grant multiplied by the unduplicated count percentage. The Concentration Grants provide additional funding for districts with unduplicated counts greater than 50 percent, with an additional 35 percent of the Base Grant multiplied by the unduplicated count in excess of 50 percent. With the increases in Gap funding, Districts with larger unduplicated counts are receiving significantly more dollars. **Nearly 61 cents of every new LCFF dollar received must be spent on Supplemental and Concentration type activities, which is also referred to as the proportionality requirement.**

Other Elements Included or Affecting LCFF Calculations

Student Enrollment, Average Daily Attendance, and Unduplicated Pupils

The LCFF apportionment for "Base Grants" is multiplied by **grade-span** average daily student attendance generated through the Second Period Attendance (P-2) for students. Under the funding provisions for the LCFF, the District is eligible to claim

the higher ADA between current or prior fiscal year. Consequently, ADA generated revenue for 2015-2016 is based on the 2014-2015 P-2 ADA of 18,179.

Table II below details the cumulative ADA decline since 2002-2003, and also shows ADA claimed for regular and special education programs, but excludes students in non-public schools or agencies and/or county community schools.

For 2015-2016 through 2016-2017, the table above reflects staff's projections of a further **decline in enrollment of 340 students.** This projection is based on trends for the past five years, which is an improvement from earlier projections due to increases in transitional kindergarten classes and special education special day class students. For the current reporting period, **declining enrollment will continue to lower LCFF funding by approximately $2.3 million in 2015-2016, lowering the overall Gap funding increase from $20.32 million to $18.03 million.**

Education Protection Account-EPA (informational only) $22,246,221

The EPA was established to collect and disburse the temporary taxes generated under Proposition 30. EPA revenues are estimated at $22.25 million for 2015-2016 and are included in the proposed budget for LCFF income. Passage of Proposition 30 requires school districts to use the new revenues for any purpose excluding administration. The District continues to utilize EPA funds to cover instructional related costs and posts the use of these funds on the District website, as required by law.

Federal Revenues (8100-8299) $11,583,476

Federal income is budgeted at $11.6 million for 2015-2016, an increase of $0.02 million from the previous reporting period. Budgeted income is exclusive of carryover funds or deferred revenues and includes the following assumptions and major changes:

- The District received new funding for the California Mathematics and Science Partnership (CaMSP) grant of $1.0 million. The main purpose of these funds are to improve academic achievement in mathematics and science for students participating in these projects, by providing professional development for teacher using scientifically based and researched teaching methods. The District will work in collaboration with California State University Long Beach to form a partnership that will focus on long-term professional development for up to 100 teachers.

- Medi-Cal Billing Option income has not been budgeted for 2015-2016 pending final audit report for years 2009-2010 and 2010-2011 detailing a repayment liability that would most likely eliminate future years' revenue. Until the District receives the audit report from the State and the liability amount can be ascertained, a contribution from the unrestricted General Fund has been budgeted to cover program costs for 2015-2016. Fiscal services staff will continue to monitor and revise budgets, as needed, for any new funds received.

- Medi-Cal Administrative Activities (MAA) income has not been budgeted for 2015-2016. The MAA program recently underwent a radical transformation in how MAA time is measured. The new system has only been in effect for one quarter and the District's reimbursement rate going forward will be pooled with all LACOE participants; as a result, a contribution from the unrestricted General Fund has been budgeted to cover program costs for 2015-2016. Fiscal services staff will continue to monitor and revise budgets, as needed, once the reimbursement rate for the pooled participants is known.

- Restricted revenue changes are provided in the table below. Also provided on Pages 15-16 of this report, is additional information related to program operating activities for the upcoming school year, broken down by spending category.

Total Change in Restricted Income:	**$18,692**

State Revenues (8300-8599) $17,481,023

State revenues are budgeted at $17.48 million, a decrease of $1.75 or 9.1 percent from the previous reporting period, primarily due to the loss of one-time Mandated Costs funds. Provided below are collective changes for both restricted and unrestricted programs.

Lottery **$3,445,254**

Beginning in 2015-2016, Local Education Agencies (LEAs) will no longer receive the per ADA Lottery Funding for Adult or ROC/P ADA that has been part of the allocation in prior years. Accordingly, the proposed budget reflects the California Department of Education (CDE) recently revised projections based on the District's 21,267 ADA:

- The unrestricted portion is projected at $2,722,176 based on $128/ADA.
- The restricted portion is projected at $723,078 based on $34/ADA.

Mandated Cost Block Grant **$669,053**

In 2013-2014, the Board of Education voted to accept the Mandated Cost Block Grant (MBG). For 2015-2016, the budget assumes that the District will apply for the grant, which replaces the claiming process for districts; however, agencies must continue to perform mandated activities regardless and decide to participate annually. Estimated income is based on rates of $28/ADA for grades K-8, and $56/ADA for grades 9-12. Funds received will continue to be used to support the ongoing costs of post-employment retiree benefits.

Special Education **$10,923,687**

State revenues include the increase of the 1.02 percent COLA and reduction for declining enrollment. The major revenue categories are composed of the following and include Federal and Local sources for informational purposes:

TABLE IV

Source	Amount
State Aid	$9,607,374
Low Incidence	55,470
Mental Health	1,082,616
Project WorkAbility 1	178,227
State Sources Subtotal:	**$10,923,687**
Federal Programs	4,070,973
SELPA Excess Costs for ABC	600,000

Federal and Local Sources Subtotal:	**$4,670,973**
Total:	**$15,594,660**

- For fiscal year 2015-2016, and in past years, costs for the Special Education Program (excluding transportation) are **projected to exceed revenues by $15.0 million,** requiring a contribution from unrestricted dollars to cover the encroachment.

Other State Unrestricted & Restricted Categorical Programs $2,443,029

Other state unrestricted revenues are budgeted at $0.07 million and restricted categorical programs are budgeted at $2.38 million. Specific programs are listed in the table below:

TABLE V

Source	**Amount**
Miscellaneous State Apportionments (CalWorks, etc.)	$65,000
Unrestricted Program Subtotal:	**$65,000**
After School Education and Safety (ASES)	1,773,707
CA Partnership Academies-VAPA	62,820
Tobacco Use and Prevention Ed. (TUPE)	177,904
California Partnership Academies	356,400
Child Health & Disability	7,198
Restricted Program Subtotal:	**$2,378,029**
Total:	**$2,443,029**

One-time Unrestricted Funds (informational only)

In January, the Governor's Budget proposal include more than $1.1 billion in discretionary one-time Proposition 98 funding for local educational agencies. The May Revision adds $2.4 billion to total more than $3.5 billion in total discretionary funding. The discretionary funds may be used for any educational purpose; however, funds received are also offsetting any outstanding mandate reimbursement claims. The distribution of the funding is on a per-ADA basis, currently estimated at $601 per ADA, or roughly $10.7 million for the District. ***LACOE warns that if districts choose to recognize this additional revenue they should have a contingency or alternative plan in place should these funds fail to materialize. The District has not included these funds in the Proposed Budget due to the uncertainty surrounding the State Budget, and will update its budget figures within 45-days as required by law once the State Budget has been approved.***

Local Revenues (8600-8799) $2,490,350

Local income is budgeted at $2.49 million, a decrease of $0.68 million from the loss of one-time Cerritos College Tech-Prep and E-Rate funds. This projection is based on prior year trends and related funding agreements for specific locally funded programs as follows:

TABLE VI

Program:	Amount
Sale of Surplus Equipment/Materials	$20,000
Use of Facilities	$350,000
Interest	$216,550
Interagency Agreements (South East Academy)	$203,440
Local Revenue	$85,000
Site Donations	$150,000
SME (PRIME) Education Foundation	$10,000

Total	**$2,490,350**

Other Financing Sources (8900-8979) $ 900,000

Other financing sources include Board approved transfers between unrestricted and restricted programs among the various funds of the District to support specific identified purposes. Budgeted figures include the following:

- A transfer from the School Aged Child Care (SACC) Program of $200,000; and
- A transfer from the Post-Retirement Benefits Fund (20.0) of $700,000 for 2015-2016 costs of the pay-as-you-go portion of retiree health costs.

Contributions (8980-8999) $-

Contributions to restricted programs, from the unrestricted General Fund are currently budgeted at $21.38 million. The 2015-2016 Proposed Budget excludes the contribution for the Transportation program, which is now part of LCFF in the unrestricted side of the budget.

Additionally, the flexibility provisions that allowed district's the ability to lower the Routine Restricted Maintenance Account (RRMA) to as low as one percent expired at the end of 2014-2015 and returns to three percent beginning with 2015-2016. The District's contribution is going from two to three percent, and is included in the proposed budget. Summarized below are the contributions from the unrestricted General Fund to encroaching programs:

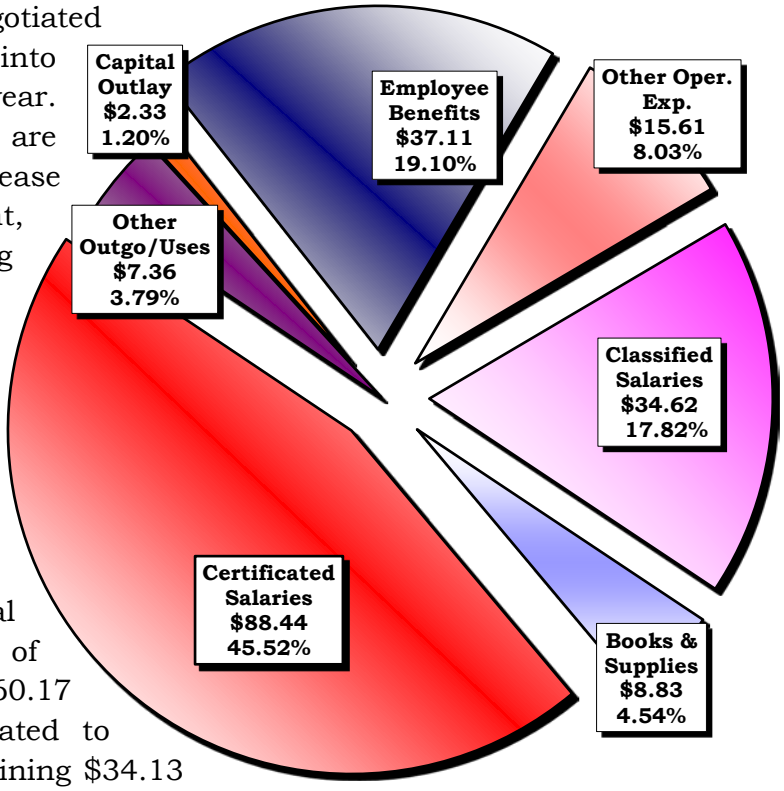

TABLE VII

Program	Budgeted Contributions (from unrestricted sources)
Medi-Cal Billing Option	$404,282
Special Education	15,001,827
Restricted Routine Maintenance	5,828,951
Health on Wheels Program	15,773

Medical Administrative Activities (MAA)	130,337
Totals:	**$21,381,170**

GENERAL FUND EXPENDITURES

The District's projected total for General Fund expenditures is budgeted at $194.30 million, an increase of $10.06 million or 5.46 percent from prior year estimated actuals. Unrestricted expenditures are budgeted at $145.94 million, an increase of $11.07 million or 8.21 percent from prior year estimated actuals. The expenditure increases reflect new or improved services for supplemental and concentration grants in addition to salary and benefit adjustments for full-year negotiated bargaining agreements that came into effect mid-year in the prior year. Budgeted restricted expenditures are estimated at $48.36 million, a decrease of $1.01 million or -2.05 percent, primarily due to collective funding adjustments for special education expenditures serviced in the LCAP by LCFF unrestricted funding, use of one-time grants in 2014-15 and the carry-over funds estimates not budgeted.

The pie chart on the right illustrates the District's General Fund budget by spending category; of the total budgeted expenditures, $160.17 million or 82.43 percent is allocated to salaries and benefits with the remaining $34.13 million or 17.57 percent allocated to books, materials, supplies, capital equipment, other operating expenditures, and other uses.

Detailed below is an explanation of each budget category with special emphasis on the ***unrestricted*** portion of the General Fund. For the restricted portion of the budget, a *Summary Table by Major Object Code* is provided Page 16.

Certificated and Classified Salaries (1000-2999) $123,057,724

Unrestricted certificated salaries are budgeted at $73.44 million and classified salaries are budgeted at $21.56 million for a combined total of $95.0 million. Included in these amounts are the salaries of 669 classroom teachers, 45 certificated site administrators, 33 counselors, 32 other certificated staff, 34 certificated and classified management staff, 8 confidential employees and 452 classified site and district staff.

Certificated and classified budgeted salaries also include the increased or improved services to pupils reflected in the District's LCAP. The expenditures are based on

supplemental and concentration grant funding under the proportionality requirement, and include new positions and increased services to support English-language learners, low socio-economic students, and foster youth. A detailed listing of these increased or improved services is available on Page17-18.

- **Negotiations**: Staffing reflects terms of the agreements between both bargaining units settled for the 2014-2015 school year, which includes a four (4) percent salary improvement that took effect January 1, 2015. **The District realized the use of additional LCFF funds to cover the cost of these agreements in 2014-2015. Failure by the State to fund the LCFF or further restrict control could severely affect the District's solvency in future years, and will require the District to develop a fiscal stabilization contingency plan.**

- **Cost-of-living adjustment (COLA)**: No additional cost-of-living adjustment (COLA) has been budgeted for fiscal year 2015-2016. For informational purposes only, the calculated cost of a one-percent salary improvement for all employees is $1,373,336.

- **Step, Scale and Longevity:** An estimated projection of $1,330,755 is included in the proposed budget.

Employee Benefits (3000-3999) $37,109,395

Employee Benefits are budgeted at $37.11 million; of this amount, $28.72 million is applicable to salaries funded with unrestricted monies and $8.39 million is applicable to salaries funded with categorical/restricted programs.

- Statutory benefits were calculated using the following rates:
  - STRS, 10.73 percent
  - PERS, 11.847 percent

Beginning in 2014-2015, the Governor proposed a plan to eliminate the estimated $74.4 billion California State Teacher's Retirement System (CalSTRS) and the Public Employees Retirement System (PERS) outstanding liabilities by requiring **increased contributions, primarily coming from employers, phased in over the next seven years** (see proposed rates below).

Employer Contribution	2014-2015	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021
STRS	8.88%	10.73%	12.58%	14.43%	16.28%	18.13%	19.10%
PERS	11.771%	11.847%	13.05%	16.60%	18.20%	19.90%	20.40%

These increased employer contributions for STRS and PERS are estimated to impact the District's multi-year projections by over $3.60 million through 2017-18.

- Alternative Retirement Program (ARP), 5.0 percent
- Social Security, 6.20 percent
- Medicare, 1.45 percent
- State Unemployment Insurance, 0.05 percent
- Workers' Compensation, 2.72 percent
- OPEB, 0.01537 percent

♦ In 2000-2001, the District reached an agreement with both associations to establish a Special Reserve - Health and Welfare Benefits (Fund 67.1) to contribute a negotiated level per benefited employee. Prior year negotiations resulted in an increase in the District contribution per each eligible active employee from $9,800 to $10,075. The District also added and boosted the annual ongoing contribution from $600,000 to $800,000, which increases the per-employee contribution each plan year. Contributions into this fund cover medical, dental, vision, life insurance, and any other miscellaneous Health and Welfare Fund related costs. The proposed budget includes $18.59 million comprising the negotiated amounts mentioned above.

♦ The District is self-funded for Workers' Compensation. A transfer of $3,500,000 from all payroll-bearing accounts in the District is included in the proposed budget to cover estimated costs.

Retirement Packages

♦ By contract, the District pays for qualified retirees' health insurance for a period of five years or to age sixty-five, whichever comes first. With the beginning of fiscal year 2006-2007, early retirees contribute the same amount to health insurance premiums as do active employees. For Plan Year 2016, the proposed budget includes coverage for approximately seventy-six (76) retirees, at a projected pay-as-you-go cost of $748,882.

Other Operating Expenditures (4000-7999) $34,131,234

Other operating expenditures include items such as instructional materials, supplies, equipment, insurance fees, software licensing, maintenance and support agreements, utilities, contracted services, consultants, conference attendance requests, indirect costs, inter-fund transfers, etc. The table below depicts the breakdown of these funds by major object code.

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the approval of the budget.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA		
3.0%	0	to	300
2.0%	301	to	1,000
1.0%	1,001	and	over

District ADA (Form A, Estimated P-2 ADA column, lines A6 and C9):	17,935
District's ADA Standard Percentage Level:	**1.0%**

1A. Calculating the District's ADA Variances

DATA ENTRY: For the Second and Third Prior Years, enter data in the Revenue Limit Funded ADA, Original Budget column. For the First Prior Year, enter the data in the Estimated Funded ADA, Original Budget column. All other data are extracted.

Fiscal Year	Revenue Limit (Funded) ADA/Estimated Funded ADA Original Budget (Form RL, Line 5c) (Form RL, Line 5c) (Form A, Lines A6 and C4) (Form A, Lines A6 and C9)	Estimated/Unaudited Actuals (Form RL, Line 5c) (Form A, Lines A6 and C4) (Form A, Lines A6 and C9)	ADA Variance Level (If Budget is greater than Actuals, else N/A)	Status

1b. STANDARD MET - Funded ADA has not been overestimated by more than the standard percentage level for two or more of the previous three years.

Explanation:
(required if NOT met)

2. CRITERION: Enrollment

STANDARD: Projected enrollment has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA		
3.0%	0	to	300
2.0%	301	to	1,000
1.0%	1,001	and	over

3A. Calculating the District's ADA to Enrollment Standard

DATA ENTRY: All data are extracted or calculated.

Fiscal Year	P-2 ADA Estimated/Unaudited Actuals (Form A, Lines 3, 6, and 26) (Form A, Lines A6 and C4) (Form A, Lines A6 and C9)	Enrollment CBEDS Actual (Criterion 2, Item 2A)	Historical Ratio of ADA to Enrollment

Explanation:
(required if NOT met)

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)[1] and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA[1] and its economic recovery target payment, plus or minus one percent.

[1]Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

4A. District's LCFF Revenue Standard

Indicate which standard applies:

LCFF Revenue

Basic Aid

Necessary Small School

The District must select which LCFF revenue standard applies.
LCFF Revenue Standard selected: LCFF Revenue

4A1. Calculating the District's LCFF Revenue Standard

DATA ENTRY: Enter LCFF Target amounts for the budget and two subsequent fiscal years.
Enter data in Step 1a for the two subsequent fiscal years. All other data is extracted or calculated.
Enter data for Steps 2a through 2d. All other data is calculated.

Projected LCFF Revenue

Has the District reached its LCFF target funding level? No

If Yes, then COLA amount in Line 2b2 is used in Line 2e Total calculation.
If No, then Gap Funding in Line 2c is used in Line 2e Total calculation.

4C. Comparison of District LCFF Revenue to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected change in LCFF revenue has met the standard for the budget and two subsequent fiscal years.

Explanation:
(required if NOT met)

5. CRITERION: Salaries and Benefits

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the budget year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.

It is likely that for many districts the 2014-15 and 2015-16 change from the historical average ratio will exceed the standard because certain revenues that were restricted prior to the LCFF are now unrestricted within the LCFF.

5A. Calculating the District's Historical Average Ratio of Unrestricted Salaries and Benefits to Total Unrestricted General Fund Expenditures

6. CRITERION: Other Revenues and Expenditures

STANDARD: Projected operating revenues (including federal, other state, and other local) or expenditures (including books and supplies, and services and other operating), for any of the budget year or two subsequent fiscal years, have not changed from the prior fiscal year amount by more than the percentage change in population and the funded cost-of-living adjustment (COLA) plus or minus ten percent.

School Finance Glossary of Terms

AB 1200 Reference to AB-1200 (Chapter 1213/1991) that imposed major fiscal accountability controls on school districts and County Offices of Education, by establishing significant administrative hurdles and obligations for agency budgets and fiscal practices.

AB602 Simplified Special Education Funding Model (Chapter 854/1997) replaces the old J-50 funding document.

Abatement A complete or partial cancellation of an expenditure of revenue.

Academic Performance Index (API) A numeric index (or scale) that ranges from a low of 200 to a high of 1,000. It is used to measure the academic performance and growth of schools. The current statewide API target for all schools is 800.

Accountability The notion that people (e.g., students or teachers) or an organization (e.g., a school, school district, or state department of education) should be held responsible for improving student achievement and should be rewarded or sanctioned for their success or lack of success in doing so.

Account Code A number assigned to sources of revenues, purposes of expenditures, assets, liabilities and fund balances.

Account Numbers Numbers assigned to the ordinary titles of accounts for classification of accounts and ease of reference.

Accounts Payable An account that reflects amounts owed by the district for goods and services received but not paid for at the date of the financial report. Accounts payable may include amounts owed to vendors, employees, financial institutions and others; except other governments or other funds. Amounts reported here are payable within a short period of time, usually less than one year.

Accounts Receivable An account that reflects amounts owed to the district for goods and services. These amounts should be paid to the district within a short period of time, typically within one year.

Accrual Basis Accounting Transactions are recorded when they have been reduced to a legal or contractual right or obligation to receive or pay out cash or other resources.

Apportionment Allocation of State or Federal aid, district taxes or other monies among Local Educational agencies (LEAs) or other governmental units.

Assessed Valuation **(AV)** The total value of property within a school district as determined by state and county assessors. The AV of a school district will influence the total property tax income of a school district. The percentage growth in statewide AV from one year to the next is an important ingredient in determining appropriation levels required from the state for fully funding district and county revenue limits, as well as for Proposition 98 calculations. All functions in the testing and diagnostic process leading up to the development of an appropriate, individualized, educational needs.

Assessment/Evaluation All functions in the testing and diagnostic process leading up to the development of an appropriate, individualized, educational needs.

Associated Student Body (ASB) Any organization of students having as its purpose the conduct of activities on behalf of the students approved by the governing body of the organization and by the school authorities, and not in conflict with the authority and responsibility of the public school officials. ASB organizations are either organized secondary or unorganized elementary. Student organizations in middle schools and high schools are called organized student body associations because the students organize their activities around student clubs and a student council.

Attendance Reports Each school district reports its attendance three times during a school year. The First Principal Apportionment ADA, called the P-1 ADA or the P-1 count, is counted from July 1 through the last school month ending on or before December 31 of a school year. The Second Principal Apportionment ADA called the P-2 ADA, is counted from July 1 through the last school month ending on or before April 15 of a school year. Fiscal or annual ADA is based on the count from July 1 through June 30.

Audit A formal examination of records and documents, and the securing of other evidence, for the purpose of determining whether transactions are complete and accurately recorded in the accounts; and that the statements fairly represent the financial transactions and condition of the district. An independent audit of a school district's financial reports is required annually.

Average Daily Attendance – (ADA) There are several kinds of attendance which are counted in different ways. For regular attendance, ADA is equal to the average number of pupils actually attending classes who are enrolled for a least the minimum school day, or having a valid excuse. In classes for adults and ROC/P, one unit of ADA is credited for each 525 classroom hours.

Balance Sheet A formal financial statement that reports the value of assets, liabilities, and fund balance as of a specific date.

Base Revenue Limit See Revenue Limit.

Basic Aid School District In a Basic Aid School District, local property taxes equal or exceed its revenue limit. These districts may keep the money from local property taxes and still receive constitutionally guaranteed state basic aid funding.

Bilingual Education Programs for students with limited proficiency in English. Some federal and state categorical funds are targeted for bilingual education.

Block Grant A lump sum allocation of special purpose funds.

Bond A written obligation to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity. Bonds generally carry interest at a fixed rate, but may carry variable rates. Principal and interest payments are usually payable periodically. A bond can have a final maturity of no greater than twenty years.

Bonded Debt That portion of indebtedness represented by outstanding bonds.

Bonded Debt Limit The maximum amount of bonded debt for which a school district may legally obligate itself. The total amount of bonds issued cannot exceed a stipulated percent of the assessed valuation of the district. New school bond issues are no longer permitted (Proposition 13).

Bonded Indebtedness An obligation incurred by the sale of bonds for acquisition of school facilities or other capital expenditures. Since 1986, districts have been able to levy a local property tax to amortize bonded indebtedness provided the taxes are approved by a two-thirds vote of the electorate.

Bond Measure Bonds allow school districts to borrow funds to pay for a large capital investment-much as a person borrows to purchase a home. Since 2001 voters in a school district can authorize a local general obligation bond with a 55% supermajority vote. In the past a two-thirds vote was required. Districts can choose to seek bond passage with either a two-thirds vote or a 55% vote that requires greater accountability measures. The principal and interest are repaid by local property owners through an increase in property taxes. A simple majority of state voters must approve a state general

obligation bond, which is repaid by state taxes and has no impact on property tax rates.

Budget A plan of financial operation consisting of an estimate of proposed revenue and expenditures for a given period and purpose. The term usually indicates a financial plan for a single fiscal year.

Budgeting The process of allocating the available resources of an organization among potential activities to achieve the objectives of the organization; planning for the use of resources.

Career Technical Education (CTE) A program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers.

Cash Balance The actual cash on hand at a specific point in time. Many school districts will have a negative cash balance at some point in the year unless they borrow. Cash balance is contrasted to Fund Balance in that it includes only cash.

Categorical Aid Funds from the state or federal government granted to qualifying school districts for specialized programs regulated and controlled by federal or state law or regulation. Examples include programs for: children with special needs, such as Special Education; special programs, such as the School Improvement Program; or special purposes, such as transportation. Expenditure of most categorical aid is restricted to its particular purpose. The funds are granted to districts in addition to their revenue limits.

Certificated Personnel School employees who hold positions for which a credential is required by the State-teachers, counselors, and most administrators.

Certificates of Participation (COP) A financing technique which provides long-term financing through a lease (with an option to purchase or a conditional sale agreement).

Classified Personnel School employees who hold positions that do not require credentials, like aides, custodians, most business office staff, etc.

Class Size Penalties The penalties imposed on school districts which have classes in excess of certain maximum sizes. Class size penalties result in a reduction in ADA

which, in turn, results in a loss in revenue limit income.

Class Size Reduction (CSR) Initiated in the 1996–97 school year for kindergarten through third grade, the state has two programs that provide incentive funding for schools to reduce or maintain class sizes of no more than 20 students per teacher. One program covers kindergarten through third grade classes. A separate program supports smaller classes for core academic subjects in 9th grade.

Clearing Accounts Accounts used to accumulate fiscal receipts or expenditures for later distribution among the accounts to which such receipts or expenditures are properly allocable.

Closing Entries Entries recorded at the end of each fiscal period to transfer the balances in the revenue and expenditure (or expense) accounts to the permanent equity accounts (fund balance or retained earnings) of an accounting entity.

Concurrently Enrolled Pupils who are both enrolled in a regular program for at least the minimum school day and also in a regional occupational center or program (ROP/C) or classes for adults. Such a student will generate both regular ADA for the time in the regular program plus concurrently enrolled ADA for the time in ROC/P or adult classes. By qualifying for both regular ADA, such a student can generate more than one unit of ADA.

Consumer Price Index (CPI) A measure of the cost of living compiled by the United States Bureau of Labor Statistics. Separate indices of inflation are calculated regularly for the United States, California, some regions within California, and selected cities. The CPI is one of several measures of economic change.

Content Standards Test (CST) A test specifically for California schools aligned with State standards that describe what students should know and be able to do in each grade level. The test is given to students in grades 2 through 11 as part of the State's STAR Program.

Contribution A term used in school finance to describe the situation in which a program's costs surpass its funding, thus forcing school officials to use funds meant for other purposes to pay for these additional costs. Contributions occur in most districts which provide services for children with disabilities. Other contributions are caused by deficit factors or local decisions to allocate general purpose funds to special purpose programs.

Cost-of-Living (COLA) An increase in funding for government programs, including revenue limits or categorical programs.

Credentialed Teacher One holding a credential to teach issued by the State Commission on Teacher Credentialing. A credential is issued to those who have successfully completed all college training and courses required by the State, have graduated from an accredited college or university, have met any other state requirements, and have passed the California Basic Education Skills Test (CBEST).

Credit Rating A rating that establishes the school district's relative risk to a purchaser of debt in comparison with other debt issued by other entities. Debt of public entities is rated by one or more of three rating agencies – Moody's Investors Services, Standard and Poor's and Fitch Investment Services.

Criteria and Standards Local district budgets must state-adopted provisions of "Criteria and Standards." These provisions establish minimum fiscal standards that school districts, county offices of education and State use to monitor district fiscal

solvency and accountability.

Debt Service Expenditures for the payment of principal and interest on long-term debt.

Deferred Revenue Revenue received in a given period, but unearned, which is set up as a liability to be included as revenue in subsequent periods.

Deferred Maintenance Major repairs of buildings and equipment which have been postponed by school districts. The state provides some money to match local districts' funds for deferred maintenance. If districts develop a maintenance plan and set aside up to one-half of 1% of their general fund for deferred maintenance, the state matches that money. The money must go into a separate accounting fund.

Deficit Factor When an appropriation to the State School Fund for revenue limits or for any specific categorical program is insufficient to pay all claims, a deficit factor is applied to reduce the amount of State aid apportioned to the program.

Deficit Fund Balance The excess of liabilities of a fund over its assets.

The law also strengthens federal support for a standards-based reform agenda including high academic standards for all students; extra support to help students and schools meet those standards; and greater accountability for the results, particularly as measured by student performance on standardized tests. NCLB also provides funds to support innovative programs such as charter schools and create out-of-school programs. Besides providing funds to prepare, train, recruit, and retain high quality teachers, the law has also placed attention on the need for high quality teachers and the unequal distribution of credentialed teachers, setting guidelines for states to use in defining a highly qualified teacher. Further, it mandates that only teachers fitting the state description are to be hired at schools that receive Title I funding (for students living in poverty). This ruling established certain standards under which the school finance system would be constitutional, and was upheld by the California Supreme Court in 1976. In 1983, the California Superior Court

in Los Angeles County ruled that the then current system of school finance was in compliance with the earlier Court Order. The case was subsequently appealed to the Appellate Court which upheld the Superior Court ruling, and then appealed once again to the California Supreme Court. In August 1988, the California Supreme Court sent the Serrano case back to the Appellate Court to hear only the relatively minor issue of county juvenile court school equalization.
