  - develop additional competencies through extracurricular activities and athletics
  - participate in Career and Technical Education courses
  - complete an IB diploma

# Community Partners Continuum

PK-5

- Partners can ...
- volunteer for career exploration in the classroom
  - invite classrooms and students to explore your organization's work space for a field trip
  - provide schools with virtual career exploration in your field

PK-5

- Partners can ...
- highlight the benefits of being bilingual in the work place
  - provide students opportunities to see professionals who look like them in successful careers
  - support celebrations of students participating bilingual programming

6TH-8TH

- Partners can ...
- PK-5 Opportunities AND
  - invite students to engage in learning experiences to expose them to different career options
  - serve as a mentor to students who are interested in your field
  - invite students to participate in learning experiences aligned to their interests

6TH-8TH

- Partners can ...
- support the district in creating a district-wide career fair
  - volunteer to support our AVID tutoring program and other BVSD programs
  - create partnerships with middle schools to sponsor field trips and meet school specific needs

9TH-12

- Partners can ...
- PK-8 Opportunities AND
  - expand the career fair to include additional partners, industries and organizations
  - support in creating a Historically Black Colleges and Universities (HBCU) and Hispanic Serving Institutions (HSI) college fair
  - extended mentorship programs to support students' development in additional competencies through extracurricular activities and athletics

9TH-12

- Partners can ...
- establish strong relationships with work-based learning coordinator to provide opportunities for work-based learning, internships, and apprenticeships
  - maintain and grow relationships with industry partners that align to CTE Pathways
  - creative solutions-based thinking to staffing challenges within CTE Career Pathways
  - volunteer for Career Readiness Academy via Impact on Education
