

Texas Scholars
Community Service Guidelines

Please read carefully

The Texas Scholars program is a workforce development program sponsored by the Odessa Chamber of Commerce, in partnership with ECISD, local businesses, and area nonprofits for high school students.

Community service hours are required to encourage students to expand their awareness of community needs and civic responsibilities. The objective is for students to gain adult insight by beginning to recognize and accept personal responsibility in meeting needs in Ector County.

Community service is more than a good deed or volunteering to perform a service. For our sponsor, the Chamber of Commerce, it is volunteering your time, energy, and/or talents to an organization, project or event that serves to:

- Improve the quality of life
- Enhance the community's appearance
- Support community non-profit or charitable events
- Provide youth guidance activities (outside the classroom)
- Promote higher education, or
- Increase civic responsibility awareness.

A list of approved organizations will be available on the district website as well as in the office of your Texas Scholars Campus Coordinator. All hours must be completed at an approved organization.

Community service may only be performed for an approved organization. Texas Scholars will not recognize volunteer activities performed on school campuses.

Deadline to report hours is April 1st to your Texas Scholars Campus Coordinator. Do not **No late submissions accepted.**

Please Note:

Not all volunteer activities are considered community service. Some volunteer efforts are self-serving. In other words, if you volunteer to wash cars and the funds raised are used by a booster club that supports your organization's activities, then the benefit will come back to you. Even though you volunteered your time, it did not help anyone outside the organization. See Texas Scholar Community Service description on this form.
