

## Data Retention

---

This policy and procedure applies to employees of St Dunstan's Trustee Limited on behalf of St Dunstan's Education Foundation & College Hire Limited.

The Foundation has a responsibility to maintain its records and record keeping systems. When doing this, the Foundation will take account of the following factors:

- The most efficient and effective way of storing records and information;
- The confidential nature of the records and information stored;
- The security of the record systems used;
- Privacy and disclosure; and
- Accessibility of records and record keeping systems.

This policy does not form part of any employee's contract of employment and is not intended to have contractual effect. It does, however, reflect the Foundation's current practice, the requirements of current legislation and best practice and guidance. It may be amended by the Foundation from time to time and any changes will be notified to employees within one month of the date on which the change is intended to take effect. The Foundation may also vary any parts of this procedure, including any time limits, as appropriate in any case.

### **DATA PROTECTION**

This policy sets out how long employment-related pupil data and other customer will normally be held by us and when that information will be confidentially destroyed in compliance with the terms of the UK General Data Protection Regulation (UK GDPR) and the Freedom of Information Act 2000.

Data will be stored and processed to allow for the efficient operation of the Foundation. The Foundation's Data Protection Policy outlines its duties and obligations under the UK GDPR.

### **RETENTION SCHEDULE**

Information (hard copy and electronic) will be retained for at least the period specified in the attached retention schedule. When managing records, the Foundation will adhere to the standard retention times listed within that schedule.

The retention schedule refers to all records regardless of the media (eg, electronic, paper, microfilm, etc.) in which they are stored. All records will be regularly monitored by the Director of Administrative Services and Events.

The schedule is a relatively lengthy document listing the many types of records used by the Foundation and the applicable retention periods for each record type. The retention periods are based on business needs and legal requirements.

## **DESTRUCTION OF RECORDS**

Where records have been identified for destruction they should be disposed of in an appropriate way. All information must be reviewed before destruction to determine whether there are special factors that mean destruction should be delayed, such as potential litigation, complaints or grievances.

All paper records containing personal information, or sensitive policy information should be shredded before disposal where possible. All other paper records should be disposed of by an appropriate waste paper merchant. All electronic information will be deleted.

The Foundation maintains a database of records which have been destroyed and who authorised their destruction. When destroying documents, the appropriate staff member should record in this list at least: -

- File reference (or other unique identifier);
- File title/description;
- Number of files; and
- Name of the authorising executive team member
- Date destroyed or deleted from system; and
- Person(s) who undertook the destruction.

## **RETENTION OF SAFEGUARDING RECORDS**

Any allegations made that are found to be malicious must not be part of the personnel records. For any other allegations made, the Foundation must keep a comprehensive summary of the allegation made, details of how the investigation was looked into and resolved and any decisions reached. This should be kept on the personnel files of the accused.

Any allegations made of sexual abuse should be preserved by the Foundation for the term of an inquiry by the Independent Inquiry into Child Sexual Abuse. All other records (for example, the personnel file of the accused) should be retained until the accused has reached normal pension age or for a period of 10 years from the date of the allegation if that is longer. Guidance from the Independent Inquiry Child Sexual Abuse states that prolonged retention of personal data at the request of an Inquiry would not contravene data protection regulation provided the information is restricted to that necessary to fulfil potential legal duties that a School may have in relation to an Inquiry.

Whilst the Independent Inquiry into Child Sexual Abuse is ongoing, it is an offence to destroy any records relating to it. At the conclusion of the Inquiry, it is likely that an indication regarding the appropriate retention periods of the records will be made.

## **ARCHIVING**

Where records have been identified as being worthy of preservation over the longer term, arrangements should be made to transfer the records to the archives. A database of the records sent to the archives is maintained by the individual departments to include, Admissions, Finance and Human Resources. The appropriate staff member, when archiving documents should record in this list the following information: -

- File reference (or other unique identifier);
- File title/description;
- Number of files; and
- Name of the authorising executive team member.

## **TRANSFERRING INFORMATION TO OTHER MEDIA**

Where lengthy retention periods have been allocated to records, members of staff may wish to consider converting paper records to other media such as digital media or virtual storage centres (such as cloud storage). The lifespan of the media and the ability to migrate data where necessary should always be considered and the proposal reviewed by the Chief Operating Officer.

## **TRANSFERRING INFORMATION TO ANOTHER SCHOOL**

We retain the pupil's educational record whilst the child remains at The Foundation. Once a pupil leaves the Foundation, the file should be sent to their next school. The responsibility for retention then shifts onto the next school. We retain the file for a year following transfer in case any issues arise as a result of the transfer. We may delay destruction for a further period where there are special factors such as potential litigation.

## **RESPONSIBILITY AND MONITORING**

The Chief Operating Officer has primary and day-to-day responsibility for implementing this Policy. The Data Protection Officer, in conjunction with the Foundation is responsible for monitoring its use and effectiveness and dealing with any queries on its interpretation. The data protection officer will consider the suitability and adequacy of this policy and report improvements directly to the COO.

Internal control systems and procedures will be subject to regular audits to provide assurance that they are effective in creating, maintaining and removing records.

Management at all levels are responsible for ensuring those reporting to them are made aware of and understand this Policy and are given adequate and regular training on it.

## **EMAILS**

Emails accounts are not a case management tool in itself. Generally, emails may need to fall under different retention periods (for example, an email regarding a health and safety report will be subject to a different time frame to an email which forms part of a pupil record). It is

Reviewed: Lent 2024

Next Review: Lent 2025

important to note that the retention period will depend on the content of the email and it is important that staff file those emails in the relevant areas to avoid the data becoming lost.

## PUPIL RECORDS

All schools with the exception of independent schools, are under a duty to maintain a pupil record for each pupil. Early Years will have their own separate record keeping requirements. If a child changes schools, the responsibility for maintaining the pupil record moves to the next school. We retain the file for a year following transfer in case any issues arise as a result of the transfer.

## RETENTION SCHEDULE

FILE DESCRIPTION	RETENTION PERIOD
<b>Employment Records</b>	
Job applications and interview records of unsuccessful candidates	Six months after notifying unsuccessful candidates, unless the Foundation has applicants' consent to keep their CVs for future reference. In this case, application forms will give applicants the opportunity to object to their details being retained
Job applications and interview records of successful candidates	6 years after employment ceases
Written particulars of employment, contracts of employment and changes to terms and conditions	6 years after employment ceases
Right to work documentation including identification documents	6 years after employment ceases
