

# *explore* YOUR **POSSIBILITIES**

Hunterdon County Vocational School District is offering two unique opportunities for middle school students to explore the district's offerings. Students planning ahead for high school can experience first-hand all the district has to offer!

Hunterdon County Vocational School District offers four-year academy programs in Biomedical Science, Computer Science & Applied Engineering, and Environmental Sustainability & Engineering. Middle school students and their families are invited to attend the upcoming Capstone Symposium to hear our seniors present research projects that culminate years of learning in their program.
