Safety Strategies Samples

Introduction

Safe Schools are orderly and purposeful places where students and staff are free to learn and teach without the threat of physical and psychological harm. John Muir High School Early College Magnet promotes educationally and psychologically healthy environments for all children and youth. John Muir High School Early College Magnet recognizes there are comprehensive, broad factors directly related to a safe school environment such as the school facility, school programs, staff, parents and the community. John Muir High School Early College Magnet further recognizes that safe school practices make major contributions to academic and school improvement efforts.

Although keeping children safe requires a community-wide effort, schools are an important piece of the undertaking to keep children safe. John Muir High School Early College Magnet's efforts are illustrated below which broaden the safety planning and incorporate an expansive range of strategies and programs in the school safety plan.

School Safety Strategy #1: Positive pupil interpersonal relations are fostered by teaching social-personal skills, encouraging pupils to feel comfortable assisting others to get help when needed and teaching pupils alternative, socially appropriate replacement responses to violence, including, but not limited to problem solving and anger control skills. When appropriate, staff members shall make referrals to recognized community agencies and/or counseling and mental health resources in the community to assist parents/student with issues prevention and intervention. The school uses a variety of methods to communicate to pupils, parents, and the greater community that all children are valued and respected.

Preventing and Intervening: Pupil Aggressive Behavior

Creating a safe school requires having in place many preventive measures for children's mental and emotional problems. Schools can reduce the risk of violence by teaching children appropriate strategies for dealing with feelings, expressing anger in appropriate ways and resolving conflicts.

Staff members at John Muir High School Early College Magnet have received training in conflict resolution and confrontation skills. John Muir High School Early College Magnet uses a comprehensive approach to school violence prevention. Pupils are identified in their school career using measures shown to be highly effective in identifying student with antisocial and aggressive tendencies. These measures include: (a) number of disciplinary referrals to office, (b) observed aggressive behavior, and (c) teacher observation.

Mental Health Programs PUSD's Student Wellness and Support Services houses two internal mental health departments dedicated to providing mental health services to our student community. PUSD Mental Health Services and THRIVE: School Mental Health aim to provide a spectrum of comprehensive, integrated, culturally sensitive services that support the academic achievements of PUSD students by addressing mental, social, and emotional barriers.

The PUSD Mental Health Consortium is a partnership of all school-based mental health programs servicing the district. The consortium meets monthly to ensure that the highest quality of mental health services are provided to PUSD students and their families.

Any staff observing warnings signs or symptoms of mental health issues with students must communicate their concerns with a site administrator/designee and shall refer the students to appropriate mental health services available within the district. In extreme crisis situations, schools shall implement the district Procedures for Responding to Students at Risk for Suicide from the School Site Mental Health Crisis Management Manual for cases where a student presents with suicidal ideation or plan. In incidences of possible suicide, staff identified to respond in these circumstances will be contacted. Law enforcement may also need to be contacted under specific circumstances. Staff shall refer to the section titled, "Intervening with Suicidal Youth" in this Comprehensive School Safety Plan as well as the district's School Site Mental Health Crisis Management Manual for further guidance on effectively intervening with students at risk for suicide.

The following is a list of PUSD Mental Health Consortium members and the respective school sites they provide services

Professional Development The Pasadena Unified School District provides professional development for teachers, parents, and community members. Amongst the goals of such programs are to help others establish and nurture a healthy sense of self confidence and self control, to develop personal and social responsibility and to enhance academic success.

Student Recognition Programs. John Muir High School Early College Magnet offers several recognition and award programs such as Honor Roll, Attendance Awards, Athletic Awards, National Honor Society, California Scholastic Federation, MPYD, Girls Group, and other recognition programs..

School Safety Strategy #2: Procedures, programs and strategies used to help eliminate problems of bias or unfair treatment of pupils by staff and by peers because of ethnic group, gender, race, national origin, social class, religion, disability, sexual orientation, physical appearance, color, ancestry, parental status, or other relevant characteristics. The school provides a way for each pupil to safely report and, be protected after reporting, troubling behaviors that the pupil thinks may lead to dangerous situations, such as potential school violence.

Nondiscrimination and Fair Treatment of Pupils A major source of conflict in many schools is the perceived or real problem of bias and unfair treatment of students because of ethnicity, gender, race, social class, religion, disability, nationality, sexual orientation, physical appearance, or some other factor. Effective schools convey the attitude that all children can achieve academically and behave appropriately, while at the same time appreciating individual differences. Effective schools communicate to students and the greater community that all children are valued and respected.

In order to maximize the successful education of all students and help them become productive citizens and lifelong learners in a diverse society, all individuals including student, parents, staff and community members:

- Shall be treated with dignity, respect and fairness;
- Shall encourage and maintain high expectations;
- Shall model an appreciation for socio-economic, cultural, ethnic, gender and religious diversity and
- Shall contribute to an environment of mutual respect, caring and cooperation.

Students, parents, staff and community members shall join together to share a sense of belonging and take pride in our schools, facilities and programs through participation and cooperation in support of the education of all students.

A copy of the "Parent Student Handbook" is provided to each parent/student annually or upon enrollment. This handbook includes information pertaining to student rights to physical safety, to the protection of personal property, to respect from adults, and to be free of discrimination on the basis of gender, race, color, religion, ancestry, national origin, ethnic group, marital or parental status, physical or mental disability, sexual orientation or the perception of one or more of such characteristics. The District's policies on nondiscrimination and sexual harassment support these protections and serve to promote the fair treatment of all children.

Discipline Policy and Code Effective and safe schools, develop, and consistently enforce, school-wide rules that are clear, broad-based, and fair. School safety can be enhanced by the development of a school-wide disciplinary policy that includes a code of conduct, specific rules and consequences that can accommodate student differences on a case-by-case basis when necessary. Discipline consequences should be commensurate with the offense, should be written, applied in a nondiscriminatory manner, and accommodate cultural diversity. Direct teaching and social problem solving and social decision-making is now a standard feature of effective drug and violence prevention programs.

John Muir High School Early College Magnet uses both classroom and school-wide discipline codes that clearly communicate the behavioral expectancies and consequences for pupils. John Muir High School Early College Magnet has developed plans to promote positive behaviors in the playground, lunchroom, hallways, and assembly areas. Furthermore, John Muir High School Early College Magnet participates in the following district programs:

These alternative programs, when matched to a pupil's needs, can produce positive outcomes.

School Safety Strategy #4: Plan(s) and method(s) are available to identify isolated and troubled pupils, help foster positive relationships between school staff and pupils, and promote meaningful parental and community involvement.

Parent/Guardian Involvement

Staff members in effective and safe schools make persistent efforts to involve parents/guardian by: Informing them about discipline policies, procedures, and rules, and about their children's behavior, both desirable and undesirable; involving them in making decisions concerning school-wide disciplinary policies and procedures; and encouraging them to participate in prevention programs, intervention programs and crisis planning.

Teaching materials and student supplies are readily accessible to minimize student-waiting time. Seats are arranged so students can easily see instructional presentations and to reduce the opportunity for off-task behavior.

Parent Training: Promoting the Use of Community Resources

John Muir High School Early College Magnet advocates for the provision of community resources to help maximize the development of positive behavior and the suppression of antisocial behavior. Such training promises to maximize the parent's contribution to academic excellence and noteworthy social-development.

Problem Solving Teams

School communities can enhance their effectiveness by identifying factors that result in violence and other problem behaviors. In-building, collaborative problem-solving teams are viewed as essential to successful prevention and intervention with aggressive behavior. John Muir High School Early College Magnet utilizes a student study team to help address issues of problem behavior. These problem-solving efforts bring together school staff, parents, and when appropriate, involved community-based agencies and the pupil. The goal is to help identify, clarify, analyze and resolve issues concerning pupil, educational and familial concerns. The student study team is flexible enough to address individual problems and school-wide matters.

School Safety Strategy #5: Specific employees (e.g., the campus supervisor) use unique strategies to promote school safety.

Campus Supervisor and Administrative Positions

Schools can enhance physical safety by monitoring the surrounding school grounds-including landscaping, parking lots, and bus stops. Pupils can also be a good source of information. Peers often are the most likely group to know in advance about potential school violence.

John Muir High School Early College Magnet employs a principal (vice-principal), and (campus supervisor) whose job is designed to help increase school safety, prevent prohibited offenses, and promote positive student relationships. The principal (vice-principal), and (campus supervisor) has/have developed procedures to monitor the school campus, the surrounding areas, and has designated the safe entrance and exit routes to school. Furthermore, recognizing that pupils are often the first to know of dangerous plans or actions, the principal (vice-principal), and (campus supervisor) at John Muir High School Early College Magnet makes himself/herself available for a pupil to safely report troubling behaviors that may lead to dangerous situations.

When it comes to school safety, pupils are taught not to keep secrets. Effective relationships between the principal (vice-principal), and (campus supervisor) and pupils help initiate appropriate investigations, help staff learn of suspects in school offenses, and help collect important knowledge about community conflicts that may have an impact on school safety.

Campus Disturbances and Crimes

John Muir High School Early College Magnet recognizes that campus disturbances and crimes may be committed by visitors and outsiders to the campus. Several steps have been taken to protect the school, staff, and pupils from safety threats by individuals visiting the campus area. In addition, disputes often occur because of parental custody disputes. The staff of John Muir High School Early College Magnet will maintain in the student's record custody documentation provided by families and will request assistance from local law enforcement and the Office of Child Welfare and Attendance as needed.

Visitors and Disruptions to Educational Process

John Muir High School Early College Magnet is aware of the laws, policies and procedures, which govern the conduct of visitors to the school campus. John Muir High School Early College Magnet uses continuing efforts to minimize the number of campus entrance and exit points used daily. Access to school grounds is limited and supervised on a regular basis by individuals, such as the campus supervisor; staff familiar with the student body. Campus traffic, both pedestrian and vehicular, flows through areas that can be easily and naturally supervised. Delivery entrances used by vendors are also checked regularly. The campus has perimeter fencing.

To ensure the safety of pupils and staff and avoid potential disruptions, all visitors to the campus, except pupils of the school and staff members, must register immediately upon entering any school building or grounds when school is in session.

John Muir High School Early College Magnet has established a visible means of identification for visitors while on school premises (i.e. tag). Furthermore, the principal, designee or campus supervisor may direct an individual to leave school grounds if he/she has a reasonable basis for concluding that the person is committing an act that is likely to interfere with the peaceful conduct of school activities or that the person has entered the campus with the purpose of committing such an act.

John Muir High School Early College Magnet has developed a notice for disruptive individuals and, when appropriate, exercises the authority to remove a visitor or outsider from the campus. Law enforcement is immediately contacted for individuals engaging in threatening conduct, including disturbing the peace.

John Muir High School Early College Magnet's notice and removal system establishes sufficient documentation for civil law remedies as needed. For continuing disruptive behavior by a visitor or outsider, John Muir High School Early College Magnet shall contact the district office to determine whether to file for a temporary restraining order and injunction.

Sexual harassment means conduct which, when considered from the perspective of a reasonable person of the same gender as the victim, is sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile, or offensive educational environment. (Education Code 212.5, 48900.2)

(cf. 5145.7 - Sexual Harassment)

2. Caused, attempted to cause, threatened to cause, or participated in an act of hate violence as defined in Education Code 233 (Education Code 48900.3)

Hate violence means any act punishable under Penal Code 422.6, 422.7, or 422.75. Such acts include injuring or intimidating a victim, interfering with the exercise of a victim's civil rights, or damaging a victim's property because of the victim's race, ethnicity, religion, nationality, disability, gender, gender identity, gender expression, or sexual orientation; a perception of the presence of any of those characteristics in the victim; or the victim's association with a person or group with one or more of those actual or perceived characteristics. (Education Code 233; Penal

(cf. 5145.9 - Hate-Motivated Behavior)

3. Intentionally engaged in harassment, threats, or intimidation against district personnel or students that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of school personnel or students by creating an intimidating or hostile educational environment (Education Code 48900.4)

(cf. 5145.3 - Nondiscrimination/Harassment)

Suspension from Class by a Teacher

A teacher may suspend a student, including a grade K-3 student, from class for the remainder of the day and the following day for disruption, willful defiance, or any of the other acts specified in Education Code 48900 and listed as items #1-18 under "Grounds for Suspension and Expulsion: Grades K-12" above. (Education Code 48910)

When suspending a student from class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, he/she shall be appropriately supervised during the class periods from which he/she has been suspended. (Education Code 48910)

As soon as possible after the teacher decides to suspend the student, he/she shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests. (Education Code 48910)

A student suspended from class shall not be returned to class during the period of the suspension without the approval of the teacher of the class and the principal or designee. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which he/she was suspended. (Education Code 48910)

The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Suspension by Superintendent, Principal or Principal's Designee

To implement disciplinary procedures at a school site, the principal may, in writing, designate as the principal's designee another administrator or, if the principal is the only administrator at the school site, a certificated employee. As necessary, the principal may, in writing, also designate another administrator or certificated employee as the secondary designee to assist with disciplinary procedures when the principal and the principal's primary designee are absent from the school site.

The Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to have committed any of the acts listed in the Board policy under "Authority to Expel" and for which he/she is required to recommend expulsion. (Education Code 48915(c)) T

he Superintendent, principal, or designee may impose a suspension for a first offense if he/she determines that the student violated any of items #1-5 listed under "Grounds for Suspension and Expulsion: Grades K-12" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

For all other offenses, a student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

For a list of appropriate alternatives, see AR 5144 (Discipline) and the PUSD Alternatives to Suspension Resource Guide. When other means of correction are implemented prior to imposing suspension or supervised suspension upon a student,

the Superintendent, principal, or designee shall document the other means of correction used and retain the documentation in the student's record. (Education Code 48900.5) (cf. 5125 - Student Records)

Length of Suspension

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days and may be in the process of a pre-expulsion consideration. (Education Code 48911) Please reference page 6 for students in grades TK-5th grade A student may be suspended from school for not more than 20 school days in any school year. However, if a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class for the purpose of adjustment, he/she may be suspended for not more than 30 school days in a school year. The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903, 48911, 48912)

The office of CWA will monitor the number of days of student suspensions. With a student approaching 10 days of suspension, CWA will intervene with the respective school site administrator(s) with additional guidance. (cf. 6184 - Continuation Education) These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion. (Education Code 48911)

Due Process Procedures for Suspension Suspensions shall be imposed in accordance with the following procedures:

1. **Informal Conference:** Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension as required pursuant to Education Code 48900.5, and the evidence against him/her, and shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911) This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference and the conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)
2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)
3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall also be notified in writing of the suspension. (Education Code 48911) This notice shall state the specific offense committed by the student. (Education Code 48900.8) In addition, the notice may state the date and time when the student may return to school.
4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may request a meeting with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914) If school officials request to meet with the parent/guardian, the notice may state that the law requires the parent/guardian to respond to such requests without delay. However, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference. (Education Code 48911)
5. When students are placed on suspension of any kind, they will be given access to classwork via the Learning Management System (Canvas), packet or teacher designed work. This will allow students to maintain access to their academics during this time away from class. A Short-Term Independent Study may be of best use during this

time.

6. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision, provided the following requirements are followed: (Education Code 48911)
 - a. The extension of the original period of suspension is preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension.
 - b. The Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)
 - c. If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1) (cf. 6173.1 - Education for Foster Youth)
 - d. If the student involved is a homeless child or youth, the Superintendent or designee shall notify the district liaison for homeless students.

(cf. 6173 - Education for Homeless Children) In lieu of or in addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

Readmission After Suspension Upon student's readmission, but not longer than one week:

1. The Principal or administrative designee shall hold a conference, in person, virtual or by telephone, with the parent/guardian, identified staff (teacher or others), and the student. At the conference, the student's rehabilitation/success plan shall be reviewed and the Principal or administrative designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
2. The Principal or administrative designee must monitor the progress of the students' reentry to ensure all agreements/plan is being fulfilled by all parties.
3. If it finds that the student has not satisfied the conditions of the rehabilitation/success plan or that the student continues to pose a danger to campus safety or to other district students or employees, a conference must be held immediately, in person, virtual or by telephone, address any concerns. (Education Code 48916)

Suspension by the Board The Board may suspend a student for any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12" and "Additional Grounds for Suspension and Expulsion: Grades 6-12" above and within the limits specified under "Suspension by Superintendent, Principal, or Designee" above.

(Education Code 48912) The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester.

The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold a closed session if a public hearing would lead to disclosure of information that would violate a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code

On-Campus Suspension

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to on campus suspension in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The on-campus suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The on-campus suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. The student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to an on-campus suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification may be made in writing. (Education Code 48911.1)

Superintendent or Principal's Authority to Recommend Expulsion Unless the Superintendent or principal determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, he/she shall recommend a student's expulsion for any of the following acts: (Education Code 48915)

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance as listed in Health and Safety Code 11053-11058, except for (a) the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis, or (b) the student's possession of over-the-counter medication for his/her use or other medication prescribed for him/her by a physician
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether or not to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether he/she should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed the act(s) that form the basis for the expulsion recommendation. (Education Code 48918(a)) The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Stipulated Expulsion

After a determination that a student has committed an expellable offense, the Superintendent, principal, or designee shall offer the student and his/her parent/guardian the option to waive a hearing and stipulate to the expulsion or to a suspension of the expulsion under certain conditions. The offer shall be made only after the student or his/her parent/guardian has been given written notice of the expulsion hearing pursuant to Education Code 48918.

The stipulation agreement shall be in writing and shall be signed by the student and his/her parent/guardian. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of his/her right to have a full hearing, to appeal the expulsion to the County Board of Education, and to consult legal counsel. A stipulated expulsion agreed to by the student and his/her parent/guardian shall be effective upon approval by the Board.

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of a student who is the complaining witness. (Education Code 48918.5) Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present at the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing
2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based
3. A copy of district disciplinary rules which relate to the alleged violation
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c). (cf. 5119 - Students Expelled from Other Districts)
5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney adviser

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Nonattorney adviser means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing
7. The opportunity to confront and question all witnesses who testify at the hearing
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses

Additional Notice of Expulsion Hearing for Foster Youth and Homeless Students

If the student facing expulsion is a foster student, the Superintendent or designee shall also send notice of the hearing to the student's attorney and a representative of an appropriate child welfare agency at least 10 days prior to the hearing. (Education Code 48918.1)

PASADENA UNIFIED SCHOOL DISTRICT

STUDENT WELLNESS AND SUPPORT SERVICES

If the student facing expulsion is a homeless student, the Superintendent or designee shall also send notice of the hearing to the district liaison for homeless students at least 10 days prior to the hearing. (Education Code 48918.1)

Any notice for these purposes may be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing

1. **Closed Session:** Notwithstanding Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such a request is made, the meeting shall be public to the extent that privacy rights of other students are not violated. (Education Code 48918)

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student also shall be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, a videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. **Record of Hearing:** A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))
3. **Subpoenas:** Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. **Presentation of Evidence:** Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion: Grades K-12" and "Additional Grounds for Suspension and Expulsion: Grades 6-12" above. (Education Code 48918(h))

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f)) In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when a hearing involves allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)
 - a. Any complaining witness shall be given five days' notice before being called to testify.
 - b. Any complaining witness shall be entitled to have up to two adult support persons, including, but not limited to, a parent/guardian or legal counsel, present during his/her testimony.
 - c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
 - d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
 - e. If one or both support persons are also witnesses, the hearing shall be conducted in accordance with Penal Code 868.5.
 - f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
 - g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
 - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - (3) The person conducting the hearing may: (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours (c) Permit one of the support persons to accompany the complaining witness to the witness stand
6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. The Board may also appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918)

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue a decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d)) The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated and permitted to return to the classroom instructional program from which the referral was made, unless another placement is requested in writing by the student's parent/guardian. Before the student's placement decision is made by his/her parent/guardian, the Superintendent or designee shall consult with the parent/guardian and district staff, including the student's teachers, regarding other placement options for the student in addition to the option to return to the classroom instructional program from which the student's expulsion referral was made. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion. If the hearing officer or administrative panel recommends that the Board expel a student but suspend the enforcement of the expulsion, the student shall not be reinstated and permitted to return to the classroom instructional program from which the referral was made until the Board has ruled on the recommendation. (Education Code 48917, 48918)

Final Action by the Board

Whether the expulsion hearing is conducted in closed or open session by the Board, a hearing officer, or an administrative panel or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board in public. (Education Code 48918(j)) (cf. 9321.1 - Closed Session Actions and Reports)

The Board's decision is final. If the decision is to not expel, the student shall be reinstated immediately. If the decision is to suspend the enforcement of the expulsion, the student shall be reinstated under the conditions of the suspended expulsion.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for any "mandatory recommendation and mandatory expulsion" act listed in the section "Authority to Expel" in the accompanying Board policy, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review, as well as assessment at the time of review, for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 6-12" (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)

Decision to Suspend Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)
4. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)
5. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 6-12" above or violates any of the district's rules and regulations governing student conduct. (Education Code 48917)

The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of his/her status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j))
9. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board. (Education Code 48917)

Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919) If the student submits a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board, the district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902) The principal or designee shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance, or of any student acts involving the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. 3. Not housed at the school site attended by the student at the time of suspension (cf. 6158 - Independent Study)

(cf. 6185 - Community Day School) When the placement described above is not available and when the County Superintendent so certifies, students expelled for only acts described in items #6-12 under "Grounds for Suspension and Expulsion: Grades K-12" and items #1-3 under "Additional Grounds for Suspension and Expulsion: Grades 6-12" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (Education Code 48915) The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion Prior to the date set by the Board for the student's readmission:

1. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
2. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session. If a written request for open session is received from the parent/guardian or adult student, it shall be honored to the extent that privacy rights of other students are not violated.
3. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
4. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
5. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school.
6. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (Education Code 48645.5)

Maintenance of Records

86 Daily Journal D.A.R. 2130
Regulation Pasadena Unified School District
Approved: November 14, 1995 City: Pasadena, California

In accordance with Board policy prohibiting sexual harassment in the work place, the purpose of this regulation is to provide a procedure to handle complaints of sexual harassment.

Sexual Harassment Defined

Pursuant to Education Code 212.5, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. Submission to the conduct is made either an explicit or implicit condition of employment, status, or promotion.
2. Submission to or rejection of the conduct is used as the basis for an employment decision affecting the harassed employee.
3. The harassment substantially interferes with an employee's work performance or creates an intimidating, hostile, or offensive work environment.
4. Submission to, or rejection of, the conduct is the basis for any decision affecting benefits, services, honors, programs, or other available activities.

Unlawful sexual harassment under the Fair Employment and Housing Act (FEHA) also includes unwelcome sexual advances of an employer toward an employee of the same sex and harassment on the basis of pregnancy disability. [Gov. Code 12940 (h) (3) (c)]

Examples Of Sexual Harassment

By way of example, sexual harassment includes, but is not limited to:

1. Making unsolicited written, verbal or physical contact with sexual overtones.
2. Visual conduct: leering or suggestive eye contact, making sexual gestures, posting or circulating sexually suggestive objects or pictures, cartoons, or posters.

3. Verbal conduct: making or using derogatory comments, epithets, slurs, and jokes bragging about sexual exploits, using terms with double meanings (one of which is sexual).
4. Verbal abuse of a sexual nature, graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, suggestive or obscene letters, notes, or invitations.
5. Physical conduct: touching, assault, impeding or blocking movements, touching oneself or another.
6. Continuing to express sexual interest after being informed that the interest is unwelcome. (Reciprocal attraction is not considered sexual harassment.)
7. Making reprisals, threats of reprisal, or implied threats of reprisal following a negative response. For example, either implying or actually withholding support for an appointment, promotion or change of assignment; suggesting a poor performance report will be prepared; or suggesting probation will be failed.
8. Engaging in implicit or explicit coercive sexual behavior which is used to control, influence or affect the career, salary and/or work environment or another employee.
9. Offering favors or employment benefits, such as promotions, favorable performance evaluations, favorable assignments, favorable duties or shifts, recommendations or re-classifications, in exchange for sexual favors.

Complaint Process

1. Employees may report incidents of sexual harassment to any supervisor, manager, or administrator at the school site or in the department where they are working. If there is no supervisor, manager, or administrator to whom the employee is comfortable reporting the incident, the report may be made to the next higher level in the chain of command.
2. Any supervisor, manager, or administrator who has received a report, verbally or in writing, from any employee regarding sexual harassment of that employee or another employee by a student or adult in the work place must forward that report to the Cabinet level administrator within twenty-four (24) hours, or within a reasonable extension of time thereafter for good cause.
3. All complaints of sexual harassment will be investigated and promptly resolved.
4. Upon receipt of an allegation of sexual harassment, the supervisor, manager, or administrator will designate an investigator who will initiate an investigation into the complaint within 48 hours.
5. The school district will designate management employees at each work site who are trained to investigate sexual harassment complaints.
6. After completion of the investigation, the manager will render his/her findings and a recommended disposition of the complaint. In determining whether the alleged conduct constitutes sexual harassment, the manager will look at the record as a whole and the totality of the circumstances, including the nature of the alleged sexual harassment and the context in which the alleged incidents occurred.
7. If the complainant is not satisfied by the report of the manager and the recommended disposition, he/she may submit the matter to the appropriate Cabinet officer. The complainant shall make an appeal in writing stating the reasons why the complainant is dissatisfied with the report and recommended disposition. This written appeal shall be on a form prescribed by the district and shall be signed by the complainant.
8. The Cabinet officer shall review the basis for complainant's appeal and the report and recommended disposition compiled by the manager. The Cabinet officer may make a decision based on the record presented or, if he/she determines it is necessary, collect any additional information deemed necessary. The decision of the Cabinet officer may be appealed to the Superintendent or designee and then to the Board using the same appeal process and form.

Enforcement

Each work site supervisor, manager, and administrator has full responsibility for maintaining a work environment free of sexual harassment. Work site managers shall take appropriate actions to reinforce the district's sexual harassment policy. These actions will include:

1. Maintaining an available supply of the policy and the district's brochures and materials regarding this policy.
2. Prompt removal of vulgar or sexually offensive graffiti or other displays.
3. Providing annual staff in-services within the first four weeks of each work year.
4. Taking appropriate disciplinary action as needed.
5. All supervisors, managers, and administrators shall instruct employees on the procedure for reporting sexual harassment on an as needed basis.
6. Employees determined to have violated district prohibition against sexual harassment shall be subject to disciplinary action up to and including termination from employment. Disciplinary actions may include, but are not limited to:

STUDENT WELLNESS AND SUPPORT SERVICES

- a. Verbal and written warnings.
 - b. Written reprimands.
 - c. Suspension with or without pay.

Confidentiality

District employees involved in processing sexual harassment complaints shall endeavor in good faith to protect the privacy of all parties involved in a complaint of sexual harassment. Files pertaining to sexual harassment complaints shall not be made available to the general public.

Records

Copies of all reports of sexual harassment shall be forwarded to the chief personnel officer who is responsible for maintaining overall district records of incidents. Such records and reports shall not be made available to the general public.

Educational Outreach

As a means of preventing sexual harassment, the Superintendent shall ensure that all employees are notified of the adoption of policies and procedures to prevent sexual harassment. Each manager of a work site shall have a plan on file for providing staff in-service and procedures relative to sexual harassment education and the policies, regulations, and procedures.

The Department serves as a neutral fact-finder and attempts to help the parties voluntarily resolve disputes. If the Department finds evidence of sexual harassment and settlement efforts fail, the Department may file a formal accusation against the employer and the harasser. The accusation will lead to either a public hearing before the Fair Employment and Housing Commission or a lawsuit filed on the complainant's behalf by the Department. If the Commission finds that harassment occurred, it can order remedies, including up to \$50,000 in fines or damages for emotional distress from each employer or harasser charged. In addition, the Commission may order hiring or reinstatement, back pay, promotion, and changes in the policies or practices of the involved employer. A court may order unlimited damages. School Dress Code

PUSD SPECIFIC (Entire Regulation) The Governing Board values student individuality; however, it also believes that in order to ensure a successful school and learning atmosphere, guidelines for dress and grooming must be in place. In cooperation with teachers, students and parents/guardians, the principal or designee has the right to determine if attire or appearance is appropriate and shall establish school rules governing student dress and grooming which are consistent with law, Governing Board policy and administrative regulations.

These school dress codes shall be regularly reviewed. In addition, the following guidelines shall apply to all regular school activities:

1. Shoes must be worn at all times. Sandals must have heel straps. Backless shoes or sandals are not acceptable.
2. Clothing, jewelry, and personal items (backpacks, fanny packs, gym bags, water bottles etc.) shall be free of writing, pictures or any other insignia which are crude, vulgar, profane or sexually suggestive, which bear drug, alcohol or tobacco company advertising, promotions, and likenesses, or which advocate racial, ethnic or religious prejudice or other illegal activity.
3. No unnecessary headwear or items allowed. (ie. Hats, hair picks, stocking caps, hair curlers, and hoods may not be worn in schools). Headwear for religious reasons is excluded. Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5)
4. Clothes shall be sufficient to conceal undergarments at all times. No skin should be visible between shirts and pants while sitting or extending hands overhead. See-through fabrics, halter tops, off-the shoulder or low-cut tops, bare midriffs, open backs, tube tops, tank tops, or sleeveless shirts are prohibited.
5. Gym shorts may not be worn in classes other than physical education. Shorts and skirts cannot be shorter than the length of a student's arm when held by the side of the body. Leotards, spandex, Lycra, and form-fitting clothes alone are not suitable; however, they are allowable if worn in conjunction with other garments that adequately cover the shoulders, chest and backside. Shorts, pants, and skirts are to be hemmed or stitched; cut-offs are not allowed. Ripped or torn clothing is not allowed.
6. Hair shall be clean and groomed. Hair may not be sprayed by any coloring that would drip when wet.
7. Pants, shorts or skirts must be worn appropriately and fit at the waist. Sagging pants or shorts are not allowed. Belts, buttons, and fasteners must be fastened at all times. Belts are required for pants and shorts with belt loops if the clothing is too large for the student's size. The dress code shall be modified as appropriate to accommodate a student's religious or cultural observance, health condition, or other circumstances deemed necessary by the principal or designee.

In addition, the principal or designee may impose dress requirements to accommodate the needs of special school activities, physical education classes, athletic activities, and other extracurricular and co-curricular activities.

(cf. 3260 - Fees and Charges) No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)

(cf. 5121 - Grades/Evaluation of Student Achievement)

(cf. 3260 - Fees and Charges) (cf. 6142.7 - Physical Education and Activity)

(cf. 6145 - Extracurricular and Cocurricular Activities) (cf. 6145.2 - Athletic Competition)

The principal, staff, students, and parents/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

Gang-Related Apparel At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff, and parents/guardians participating in the development of the school safety plan should define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282) Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received. As necessary, the school shall collaborate with law enforcement agencies to update definitions of gang-related apparel.

Uniforms

The Board may approve a school-initiated dress code requiring students at the school to wear a school uniform whenever

PASADENA UNIFIED SCHOOL DISTRICT

STUDENT WELLNESS AND SUPPORT SERVICES

the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety. The Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. (Education Code 35183) In schools where a schoolwide uniform is required, the principal, staff and parents/guardians of the individual school shall jointly select the specific uniform to be worn. (Education Code 35183)

At least six months before a school uniform policy is implemented, the principal or designee shall notify parents/guardians of this policy. (Education Code 35183) Parents/guardians shall also be informed of their right to have their child exempted. The principal or designee shall also repeat this notification at the end of the school year so that parents/guardians are reminded before school clothes are likely to be purchased.

The Superintendent or designee shall establish criteria for determining student eligibility for financial assistance when purchasing uniforms.

The Superintendent or designee shall establish a method for recycling or exchanging uniforms as students grow out of them. Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting. (Education Code 35183)

Disciplinary Measures

When a student is attired in a manner likely to cause disruption or interference with the operation of the classroom, the principal may administer appropriate consequences which may include calling parents to bring appropriate clothing, detention, time-out, in-school suspensions, and/or other disciplinary action as deemed appropriate. Students sent home to change will be counted as an unexcused absence. Administrators have the right to determine if attire or appearance is inappropriate for school.

Students With Bloodborne Pathogen Infections

The Board recognizes that hepatitis B virus, hepatitis C virus, and (human immunodeficiency virus (HIV) and/or AIDS (Acquired Immune Deficiency Syndrome) infection is not casually transmitted, the sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school. Students with bloodborne pathogen infections are entitled to the rights and services accorded to other students. They may attend their regular school and classroom barring special circumstances.

The Board encourages parents/guardians to inform the Superintendent or designee if their child has an infectious disease so that any such child will have access to appropriate district programs and services, and so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. The Superintendent or designee shall ensure that student confidentiality rights are strictly observed in accordance with law. No district employee shall release medical information, including knowledge of a bloodborne pathogen infection, without written consent from the parent/guardian or adult student. Such information shall be shared only with those persons specifically named in the written permission.

- a. The identity of infected students will remain confidential and restricted to those who need to know or are required to be informed.

2.4. Decisions on attendance at school are dependent on the circumstances of each individual case. Regular evaluation of the appropriateness of attendance will be conducted.

2.5. The Board will be notified immediately when the team considers the health condition of a student to be a danger to the immediate health and welfare of a school, its students or employees of the Board.

- a. Upon being notified of the team's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

Employees

2.6. The Superintendent will be informed, by district staff as soon as is known, of any employee infected with an infectious blood borne disease.

2.7. Employees with an infectious blood borne disease, who are able to carry out the essential duties of their jobs in a satisfactory manner without posing a health or safety risk to themselves or others, will be entitled to continue their work.

2.8. Decisions regarding potential health or safety hazards will be made on a case-by-case basis in consultation with the employee, the personal physician and district personnel as appropriate.

2.9. The identity of infected employees will remain confidential and restricted to those who need to know or are required to be informed.

PASADENA UNIFIED SCHOOL DISTRICT

- 2.10. The Board will be notified immediately if the Superintendent considers the health condition of an employee to be a danger to the immediate health and welfare of a school, its students or other employees of the Board.
- Upon being notified of the Superintendent's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

3. Hygienic Safety Practices

- All employees will follow "Universal Infection Control Precautions" by assuming that blood and other body fluids from all individuals are potentially infectious. These precautions include:
 - Routinely using gloves when anticipating contact with blood
 - Immediately washing hands and other skin surfaces after removal of gloves and/or contact with blood
- Schools will be provided with appropriate protective equipment including disposable waterproof gloves (natural rubber latex, neoprene, nitrile, or vinyl), tongs or pliers and proper sharps containers.
- Schools' medical room mattresses will be either vinyl-coated beds or cloth mattress with a protective vinyl (plastic) covering so that they can be cleaned as needed with a bleach solution.
- Blankets can be cleaned as needed by forwarding them, in a clearly labeled plastic bag, to the Assistant Supervisor Operations at the Facilities Office.

4. Universal Precautions

- Universal Precautions to prevent transmission of blood-borne disease will be followed. *Universal Precautions* is the term for infection control measures endorsed by the Canadian Centre for Occupational Health and Safety for workers who might come into contact with blood and other body fluids. In summary they include:
 - Wash hands for 30 seconds after contact with blood and other body fluids contaminated with blood.
 - Wear disposable latex gloves when you encounter blood, body fluids, or when cleaning cuts, scrapes or wounds. Wash your hands as soon as you remove your gloves. Dispose gloves in a plastic bag.
 - Use disposable absorbent material like paper towels to stop bleeding.
 - Discard bloodstained material in a sealed plastic bag and deposit in the garbage. Label as containing blood-tainted material.
 - Cover cuts or scratches with a bandage until healed.
 - Immediately protect staff and students from coming in contact with blood-soiled surfaces. The area must be disinfected with a fresh solution of one part bleach and nine-parts water (10% bleach solution).

Mops or brushes used for cleaning should be soaked in a bleach solution for 20 minutes.

(Note: The custodial department will provide each school with the product for dissolving in water to provide the bleach solution.)

5. Identification of Risks of Occupational Exposure

- In accordance with the Occupational Health and Safety Regulations (section 6.35), the district's Health & Safety Coordinator will develop and maintain a list of positions and/or tasks and procedures where there is a potential for occupational exposure to a blood borne pathogen.
- Employees who have, or may have, occupational exposure to the hepatitis B virus, will upon request, receive a hepatitis B vaccination (section 6.39, OH&S Regs).
- Employees who may have been exposed to a blood borne pathogen in an exposure incident will be advised to immediately seek medical attention

Procedures To Ensure A Safe And Orderly Environment

Rules And Procedures On School Discipline

Philosophy Of Discipline

- Behavior expectations and the consequences for not meeting expectations must be clearly communicated to all students and their parents (in writing as well as verbally).
- The severity of consequences for violating behavior expectations increases with each incident of inappropriate behavior.
- The consequences for violating behavior expectations should be severe enough to discourage students from making poor behavior decisions.
- Expectations and consequences should permit students an opportunity to eliminate inappropriate behavior.
- Additionally, the school staff recognizes that the middle school years are a transition time from adolescence to young adulthood. As a part of this transition, the student is given greater opportunities to be responsible and demonstrate independence and good judgment. The structure of our behavior expectations (in the classroom as well as school wide) is meant to encourage students to be responsible. The first step in many instances of inappropriate behavior (those considered to be "minor") is a simple warning ("Your behavior is unacceptable. Please stop such behavior"). It is only when a student ignores such warnings and continues to choose to act irresponsibly (like a child rather than an emerging adult) that we involve parents and implement consequences.

Elements Of A Good Discipline Program

1. The program is focused upon making the entire campus, especially the classroom, a safe, supportive and orderly environment for learning for students and staff.
2. Classroom authority is retained by the classroom teacher. (Administration's role is to support, not to replace.)
3. Rules and procedures are clearly understood by staff and students.
4. All staff members will acknowledge and take appropriate action on any minor or major infraction of the school rules.
5. Rules and procedures comply with State Law and District policies.
6. The program recognizes the responsibilities and the rights of students and staff.
7. Program is structured to keep students in class and engaged in the educational process.
8. Rules are enforced:
 - A. by all staff members at all times.
 - B. strictly, but not rigidly (beware of "automatics").
 - C. in substantial part by adult modeling.
 - D. using techniques that promote the growth of positive self-esteem.
 - E. as close to the source as is possible.
 - F. by keeping parents informed.
9. The discipline program is understood, endorsed, and supported by staff, parents, and students.

Principal's Statement To Edms Staff Expectations In Developing & Maintaining Discipline

As Principal of our school, I will expect;

Each teacher to have a defined system of classroom management. A written description of this system, including representative examples of the progressive interventions you intend to employ, will be approved and filed by me.

Whenever possible and appropriate, teachers are encouraged to use standards and systems that are consistent with other village/department members.

You can expect

Each administrator to assist and support you in every reasonable way in developing, implementing, and refining that system as needed.

PASADENA UNIFIED SCHOOL DISTRICT

STUDENT WELLNESS AND SUPPORT SERVICES

I will expect

That when you refer a student for discipline:

1. The student has been made fully aware of classroom and school rules and knows what rules he/she has violated.
2. Teachers within a village will discuss any continuing behavior problems and schedule a team conference with the student and parents when appropriate.
3. That information will be provided on the referral regarding previous actions you have taken regarding this specific issue.
4. You have exhausted the interventions at your disposal (i.e., you have done everything you can do) and you have followed the guidelines established by the administration and staff on what constitutes an appropriate behavior referral.
5. The behavior was so serious or so blatant as to make immediate removal from the classroom necessary.
6. The written referral will be explicit in stating the offense(s).
7. You will send the student out of class with a referral only if his/her continued presence in the class would disrupt or prevent teaching and/or learning.
8. If necessary, the referral will be delivered to the office at a time convenient to the staff member so that the issue may be handled most efficiently, causing a minimum of lost class time.

You can expect

1. Each administrator to support your position in every reasonable way.
2. A response time on your referral of one, or at most, two days.
3. The availability of an administrator to discuss unresolved referrals after school on any given day.
4. That the administrator will exercise independent judgment regarding disposition of referrals.

I will expect

1. That each teacher will go to the doorway of his/her classroom after each class period as often as possible and assume control of student behavior in the corridor.
2. That each staff member will hold students accountable for their behavior on the school grounds at all times.

You can expect

1. Administrator support, investigation, and follow-through as indicated.
2. A response to referrals from incidents outside the classroom to be the same as to those within.

[Enter Principals Name] Principal

What To Do When Problems Appear

Both behavioral and academic problems are present in some of our students. Teachers often ask for guidelines for dealing with these problems. Here they are:

1. Talk to the administrator assigned to your grade level.
2. Call parents at first sign of concern. Inform the parents of your observations, ask for their ideas, assistance, and support in serving the student. Keep a log of your calls.
3. If possible, talk privately to the student about your concerns.
4. Behavior concerns—look through students' CUM file. Any official suspensions will be in file, also look for teacher comments on report cards. Look for patterns of behavior. We use In-House Suspension whenever possible, as it is preferable to having students at home unattended—and it saves the district money. Serious infractions (fighting, threats, etc.) do result in official suspension. Unresponsive students can be moved to other schools or expelled.
5. Referrals—please remember if you write a student referral, you are required to call the parents. You are writing the referral and can answer the parents' questions firsthand. Administrators will also call parents, but we can only give secondhand information on the incident.
6. Academic Concerns—Again, look through student CUM. This will contain test scores, report cards, and a student history. You may want to ask the grade level administrator to schedule a Student Study Team (SST). This will involve a meeting with the student, parents, administrators, students' teachers, and perhaps the psychologist

Reference Guide - Emergency Supplies
2022-23 School Year

Title: School Site Emergency Supplies & Emergency Bin

Date: January 3, 2022

Issuer: Risk Management

Purpose: The purpose of the following information is to provide a guide to ensure emergency supplies are adequate at each site within PUSD.

INSTRUCTIONS:

I. Background

The goal of this document is to provide a road map that can guide site administrators in their effort to create a comprehensive emergency and disaster plan for the school. It is the responsibility of the school and the faculty and staff to protect and care for the students during a disaster. Section 3100 of the Civil Code stipulates that all public employees are "Disaster Service Works." As part of this responsibility, PUSD employees will care for students during a disaster.

II. Site Administrator Responsibilities

It is the responsibility of the site administrator to confirm there is a minimum of 72-hours of emergency food, water and other emergency supplies, including medications needed for the respected student body.

The following section reviews emergency preparedness activities including the storage and maintenance of emergency supplies for all employees and staff at each location.

1. One-half gallon of potable water per person, per day. A three-day supply should be stored for employees and students.
2. Emergency food supplies in case food is not available from the cafeteria.
3. First aid supplies sufficient for the school population.
4. Search and Rescue (SAR) team supplies and equipment for each team, including protective gear for each member of the SAR team.
5. Identify a designated area for bathrooms/washrooms (separated by gender) and confirm adequate supplies are included in the site's emergency supplies.
6. General emergency supplies for bin
7. Classroom emergency supplies
8. School emergency documents
9. District contacts and additional information

III. Site Certification

PASADENA UNIFIED SCHOOL DISTRICT

STUDENT WELLNESS AND SUPPORT SERVICES

Emergency supplies and bins should be audited annually. The custodians will be responsible for leading the audits of each bin. First aid supplies within the bins is the responsibility of the school nurse. Additional assistance can be provided by the safety and security team at the district office.

It is recommended the audits take place 30-days before the Great California ShakeOut. This will provide ample time to replenish expired or missing supplies. Once the audits have been completed, please submit a drill report to Children's Welfare Attendance, and Safety (CWAS).

Anytime there are students on school property, emergency supplies must be accessible to that group (LEARNs, Parks & Rec, etc.). Training is also required for each group to meet response demands in the event of a disaster.

IV. Water

PUSD minimum standard of one-half gallon of water per person per day is in addition to any cafeteria beverage inventory that is kept daily.

Example: 500×0.5 gallons per day \times 3 days = 750 gallons, or (14) 55-gallon drums of treated water.

If you find your current water supply to be expired or inadequate based on the number of employees and students at the school, please contact the safety and security team at the district office. We will contact the vendor responsible for providing treated barrels of water, and ensure it is delivered to your site.

As a reminder, untreated tap water must be changed every six months. Please do not use the following water supplies during a disaster: swimming pools, boilers, water drained from water heaters, stale-smelling or cloudy water.

The following items should be included in your emergency supplies/bin:

1. 4 oz. cups (three or more cups per person)
2. Water carriers/Plastic water pitchers
3. Water pump(s) for water barrels
4. Lid wrench (opens and closes 55-gallon barrel lids)
5. One-half gallon of potable water per person, per day for three days. This will be commonly stored in blue 55-gallon barrels located in the emergency supply bin.

V. Food

A best practices approach to food supplies should include a three-day food supply at each school. The availability at each site will vary depending on the cafeteria size. Site administration should work with the Food Services Manager to determine what foods are available on a daily basis. Remember to detail this information for each day of the week as the rations could be different from one day to the next. Plan accordingly to purchase and store additional emergency food, if needed.

If additional food is stored in the emergency supply bin, please remember the following conditions during the annual audit:

1. Package date/Expiration date (document accordingly)
2. Foods that will attract insects and rodents should not be included in the bin.
3. Food should be kept in a sealed container, such as a trash can. Confirm the lid is secure and sealed properly.
4. If needed, a manual can opener should be included on the supply checklist.

VI. First Aid Supplies

PASADENA UNIFIED SCHOOL DISTRICT

X. Classroom Emergency Supplies

Schools can take into consideration their emergency supplies located in the classrooms when doing the annual audit. These types of supplies normally include sanitation supplies or simple food, bottled water and first aid kits.

It is recommended that elementary schools have a back pack in every classroom that includes class rosters, first aid supplies and comfort supplies. Children's comfort supplies or comfort packs can be supplied by the parent or legal guardian and can include pictures of the child's family, hand-written notes, sunscreen, a bottle of water, a toy or stuffed animal, etc.

Tarps are an essential supply that should be included in classrooms. They can serve many purposes during an emergency such as shelter during rainy weather, a ground cover for children to sit on during an emergency, or they can be used at markers to identify with a specific class or grade level (Example: green tarps are for 1st grade, blue tarps for 2nd grade, and so on).

XI. School Emergency Documents

PASADENA UNIFIED SCHOOL DISTRICT

STUDENT WELLNESS AND SUPPORT SERVICES

A copy of essential emergency documents is required in your emergency supply bin. The following list should be located in a plastic waterproof container in the site's bin. The documents should be audited annually to confirm the lists are up-to-date. As a reminder, schools should create a station for parents or guardians to check-out their students when they arrive at school to pick-up their child(ren) during or after a disaster:

1. Student roster
2. Faculty roster
3. Staff roster
4. List of emergency district contacts
5. Parent contact information

8. Basic school supplies (Pens, pencils, paper that can be used for signs, markers, paper clips, notebooks)

XII. District Contacts & Additional Information

As a reminder, the following guide was set forth to include the basic needs during a disaster. Each site administrator must take into account the special needs of their employee and student body and plan accordingly. Requirements will vary based on individual allergies, disabilities and general needs.

During the annual audit, confirm the following:

1. Emergency bin can be easily opened and closed.
2. The emergency bin is not in need of any repairs (e.g. – holes in the bin).
3. Keys have been provided to the head custodian, principal(s), and after-school program directors.
4. After-school program directors have a basic understanding of the emergency supply bin and the school site.

STUDENT WELLNESS AND SUPPORT SERVICES

Mental Health Programs

PUSD's Student Wellness and Support Services houses two internal mental health departments dedicated to providing mental health services to our student community. **PUSD Mental Health Services** and **THRIVE: School Mental Health** aim to provide a spectrum of comprehensive, integrated, culturally sensitive services that support the academic achievements of PUSD students by addressing mental, social, and emotional barriers.

The PUSD Mental Health Consortium is a partnership of all school-based mental health programs servicing the district. The consortium meets monthly to ensure that the highest quality of mental health services are provided to PUSD students and their families.

Any staff observing warnings signs or symptoms of mental health issues with students must communicate their concerns with a site administrator/designee and shall refer the students to appropriate mental health services available within the district. In extreme crisis situations, schools shall implement the district Procedures for Responding to Students at Risk for Suicide from the School Site Mental Health Crisis Management Manual for cases where a student presents with suicidal ideation or plan. In incidences of possible suicide, staff identified to respond in these circumstances will be contacted. Law enforcement may also need to be contacted under specific circumstances. Staff shall refer to the section titled, "Intervening with Suicidal Youth" in this Comprehensive School Safety Plan as well as the district's School Site Mental Health Crisis Management Manual for further guidance on effectively intervening with students at risk for suicide.

The following is a list of PUSD Mental Health Consortium members and the respective school sites they provide services to. Please visit the PUSD website for a list of school sites serviced by THRIVE: School Mental Health and PUSD Mental Health Services

Addressing Discrimination, Harassment, Intimidation, or Bullying

Every student is entitled to a safe school environment free from: discrimination, harassment, intimidation and bullying. The District's Policy on Bullying can be accessed on the District's website. Copies are available in the school office.

1. The District prohibits bullying. This includes, but is not limited to: discrimination, harassment, intimidation, and bullying based on the actual or perceived characteristics set forth in Penal Code section 422.55 and Education Code section 220, and disability, gender, gender identity, gender expression, nationality, race, or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. Bullying is defined in Education Code section 48900 (r)
2. School personnel must immediately intervene (e.g. to commence an investigation within 24 hours of receiving a notification, 48 hours for school personnel to provide an update to parent/guardian of involved student(s) if they witness an act of discrimination, harassment, intimidation or bullying provided it is safe to do so.
3. Acts of discrimination, harassment, intimidation, or bullying should be brought to the attention of the principal.
4. You may make an anonymous complaint by contacting the principal or the Director of Child Welfare, Attendance, and Safety. If there is sufficient corroborating information, the District will commence an investigation.
5. Complaints of discrimination, harassment, intimidation or bullying will be considered confidential. However, it may be necessary to disclose certain information in order to effectively investigate.
6. Students who violate the District's policies on discrimination, harassment, intimidation or bullying may be subject to discipline, including suspension and expulsion.
7. The District prohibits retaliation against individuals who make complaints of discrimination, harassment, intimidation, bullying or provide information related to such complaints.

Threat Assessment Addendum

PASADENA UNIFIED SCHOOL DISTRICT

STUDENT WELLNESS AND SUPPORT SERVICES

What is a threat?

A threat is an expression of intent to harm someone

Types of Threats

Transient threats-

- Expression of intent to harm
- Express temporary feelings of anger/frustration
- Usually can be resolved on the scene or in the office
- After resolution, threat no longer exists
- Usually end with clarification

Substantive threats

- Express intent to physically injure someone beyond the immediate situation
- There is at least some risk the student will carry out the threat
- Require protective action
- May be legal violations and require police consultation

Identifying threats as transient or substantive

Step 1: Evaluate the threat

- Obtain an account from the student and witnesses
- Document the type of threat
- Obtain student's explanation of the threat's meaning/intention
- Obtain witness perceptions of the threat's meaning/intention
- Document your evaluation in writing

Step 2: Transient or Substantive

- Determine whether the threat is transient or substantive

Step 3: Responses to a transient threat

- No need to take safety precautions
- Threat is resolved through explanation, apology, etc.
- Provide counseling and education if appropriate
- Administer discipline if appropriate

Step 4: Responses to substantive threat

- Take precautions to protect potential victims
- May consult with law enforcement
- Notify and interview the students who made the threat's parents
- Specifically warn victims and parents
- Discipline student for threat
- Determine appropriate intervention for student
- Follow up to verify that threat has been resolved

INTERVENING WITH SUICIDAL YOUTH

Instructions for Crisis Teams

Staff shall refer to the district's School Site Mental Health Crisis Management Manual for detailed procedures for responding to and assessing students at risk for suicide or non-suicidal self-injury. Below is an outline of the procedures.

1. Report concerns to the Incident Commander (typically the Principal or Administrative Designee) or Mental Health Crisis Team Coordinator, as identified by the Principal. Supervise the student at all times, do not leave the student alone. Trained crisis team members, Principal, and/or Administrative Designee shall conduct a suicide risk assessment. Under no circumstances should the student be allowed to leave school or be alone (even in the restroom) until a risk assessment has been completed and a plan has been generated. It may be appropriate to solicit the aid of collaborators to monitor the child while the crisis team member seeks a phone in private if a call needs to be made to the Psychiatric Mobile Response Team, law enforcement, guardians/parents, or other supports.
2. The administration and crisis team members shall collaborate on assessing the student to identify risk level, and shall intervene accordingly using the Suicide Risk Levels and Action Plan guide in the School Site Mental Health Crisis Management Manual. Many potentially difficult decisions will have to be made and having the support and consultation among crisis team members is both reassuring and prudent.
3. Communicate with and inform guardians/parents, even if low risk. The Department of Children and Family Services may need to be contacted depending on the situation. If the risk is moderate or high, the crisis team members shall contact the county Psychiatric Mobile Response Team to conduct a thorough assessment.
4. Provide resources to parents. Provide parents with additional school-site and local mental health resources as appropriate.
5. Utilize law enforcement when appropriate. If a student resists, becomes combative or attempts to flee, law enforcement can be of invaluable assistance. In some cases they can assume responsibility for securing a "72-hour hold" which will place the youth in protective custody up to three days for psychiatric observation.
6. Develop a safety plan with the student.
7. Monitor and manage

STUDENT WELLNESS AND SUPPORT SERVICES

Assessing Risk in Suicidal Students

Questions to ask students:

- Has the student thought about suicide (thoughts or threats alone, whether direct or indirect, may indicate LOW risk)?
- Have they tried to hurt themselves before (previous attempts, repetitive self-injury may indicate MODERATE risk)?
- Do they have a plan to harm themselves (the greater the planning, the greater the risk)?
- What method are they planning to use and do they have access to the means (these questions would indicate HIGH risk)?

Questions to ask parents, teachers, and staff

- What warning sign(s) initiated the referral?
- Has the student demonstrated abrupt changes in behavior?
- What is the support system that surrounds this child (the more the student feels isolated and alone, the greater the risk)?
- Is there a history of mental illness (depression, alcohol and substance abuse, conduct or anxiety disorder, comorbidity)?
- Is there a history of recent losses, trauma, or victimization?

Questions, Indicators, Levels of Risk and Interventions

Low Risk (Ideation)

- Sample student question: Have you ever thought about suicide (harming yourself)?
- Other indicators: current or recent thoughts, signs of depression, direct or indirect threats, sudden changes in personality, friends, behaviors, evidence of self-harm in written or artwork; dark internet websites and chats.
- Actions: Reassure and supervise student; warn parent; assist in connecting with school and community resources; suicide-proof environments; mobilize a support system; develop a safety plan that identifies caring adults, appropriate communication and coping skills and resource numbers.
- Document all actions.

Moderate Risk (Current ideation and previous behaviors)

- Sample student question: Have you ever tried to kill (hurt yourself) before?
- Other indicators: previous attempt; recent mental health hospitalizations; recent trauma (losses, victimization); recent medications for mood disorders; alcohol and substance addiction; running into traffic or jumping from high places; repetitive self-injury.
- Actions: See high risk.
- Document all actions

High Risk (Current plan and access to method)

- Sample student question: Do you have a plan to kill (harm) yourself today?
- Other indicators: current plan with method/access; finalizing arrangements; giving away prized possessions or written/emailed good bye notes; refusal to agree to a safety plan.

PASADENA UNIFIED SCHOOL DISTRICT

STUDENT WELLNESS AND SUPPORT SERVICES

Actions

- Supervise student at all times (including restrooms).
- Notify and hand off student ONLY to:
 - Parent or guardian who commits to seek an immediate mental health assessment.
 - Law Enforcement
 - Psychiatric mobile responder.
- Document all actions.
- Prepare a re-entry plan. All students returning from mental health hospitalization should have a re-entry meeting where parents, school and community mental health personnel make appropriate follow up plans.

General Interventions for Crisis Teams

Crisis Preparedness

- Educate/train staff in warning signs of self-injury.
- Develop referrals procedures and resources at your school site. You may also work with the Office of Child Welfare, Attendance and Safety to get updated mental health resources.

Procedures for School Mental Health Personnel

- Assess for suicide risk. While students who self-injure are generally low risk for suicide they often have complex mental health histories.
- Warn and involve parents if active wounds appear or student assesses at any risk level for suicide.
- Utilize school/community resources. Tighten the circle of care by obtaining appropriate signed releases of information.
- Document all actions.
- Encourage appropriate coping and problem-solving skills, do not discourage self-harm.
- Identify caring adults at school and appropriate replacement skills utilizing "No Harm Agreements".
- Teach substitute positive behaviors (i.e. rubber bands, ice), communication skill building journaling, help seeking behavior), reduction of tension (exercise/stress management), limiting isolation, regulation of emotions and distress tolerance.

Signs of Self Injury (SI)

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing designed to conceal wounds (often found on the arms, thighs, abdomen)
- Secretive behaviors, spending unusual amounts of time in the student bathroom or isolated areas on campus.
- Bruises on the neck, headaches, red eyes, ropes/clothing/belts tied in knots (signs of the "Choking Game").
- General signs of depression, social-emotional isolation and disconnectedness.
- Possession of sharp implements (razor blades, shards of glass, thumb tacks, clips).
- Evidence of self-injury in work samples, journals, art projects.
- Risk taking behaviors such as gun play, sexual acting out, jumping from high places or running into traffic.

Suggestions for School Personnel: Do

- Connect with compassion, calm and caring.
- Understand that this is his/her way of coping with pain.
- Refer and offer to go with the student to your school counselor, psychologist, social worker or nurse.
- Encourage participation in extracurricular activities and outreach in the community (e.g. volunteering with animals, nursing homes, tutoring or mentoring).
- Discover the student's strengths.

PASADENA UNIFIED SCHOOL DISTRICT

STUDENT WELLNESS AND SUPPORT SERVICES

Suggestions for School Personnel: Don't

- Discourage self-injury; threaten hospitalization, use punishment or negative consequences.
- Act shocked, overreact, say or do anything to cause guilt or shame.
- Publicly humiliate the student or talk about their SI in front of class or peers.
- Agree to hold SI behavior confidential.
- Make deals or promises you can't keep in an effort to stop SI.

Suggestions for School Personnel to Limit Contagion

SI behaviors are imitated and can spread across grade levels, schools/campuses, clubs, and peer groups.

- Each student should be assessed and triaged individually. If the activity involves a group "rite of togetherness," the peer group should be identified and each student interviewed separately. When numerous students within a peer group are referred, assessment of every student will often identify an "alpha" student whose behaviors have set the others off. The "alpha" student should be assessed for more serious emotional disturbance. While most students participating in a group event will assess at low risk, identifying moderate and high risk students and targeting them for follow up is critical.
- Respond individually but try to identify friends who engage in SI.
- School mental health professionals should refrain from running specific groups that focus on cutting rather focusing on themes of empowerment, exercise/tension relief and grief resolution.
- Health educators should reconsider the classroom presentation of certain books, popular movies, and music videos that glamorize such behaviors and instead seek appropriate messages in the work of popular artists.
- Monitor the internet chat and websites
- SI should not be discussed in detail in school newspapers or other student venues. This can serve as a "trigger" for individuals who SI.
- Those who SI should be discouraged from revealing their scars because of issues of contagion. This should be discussed and explained and enforced.
- Educators must refrain from school wide communications in the form of general assemblies or intercom announcements that address self-injury.
- In general, designated person should be clear with the student that although the fact of SI can be shared, the details of what is done and how, should not be shared as it can be detrimental to the well-being of the student's friends.
- Prepare a re-entry plan. All students returning from mental health hospitalization should have a re-entry meeting where parents, school and community mental health personnel make appropriate follow up plans.

Child Abuse Reporting

The California Child Abuse and Neglect Reporting Act ("CANRA," Penal Code sections 11164-11174.4) requires certain professionals, known as mandated reporters, to report known or suspected instances of child abuse or neglect to law enforcement.

Who must report - Mandated reporters

- Teachers
- Instructional aides, teacher's aides, or instructional assistants
- Classified employees of any public school
- Administrators or employees of organizations whose duties require direct contact and supervision of children
- Licensees, administrators, or employees of a licensed community care or child day care facility.

Failing to report Child Abuse

- It's a crime
- Failure to report can result in a demotion, dismissal, and revocation of credentials.
- By not reporting and only informing your school site administrator of suspected abuse does not release you of your obligation to file a report as a mandated reporter.
- Criminal liability: You may be guilty of a misdemeanor – punishable by up to six months in jail or by a fine of \$1,000 or both.
- Civil Liability: Cost of defense or related damages the child incurs

Reasonable Suspicion

Reasonable suspicion of child abuse means that, after examining all the facts in the situation, most people with comparable professional training and experience in a similar position, would also suspect abuse. In other words, when you have any information that would lead a reasonable person to suspect abuse, you are required by law to make a report. This does not mean that you have to have conclusive proof of child abuse; just that you have a reason to believe it might be happening.

When in doubt call: 800-540-4000 or local police

How to report

Immediately or as soon as possible by telephone

- Pasadena Police department: 626-744-4241
- Sierra Madre Police department: 626-355-7135
- Altadena Sheriff station: 626-798-1131
- (PUSD) Student Wellness and Support Services: 626-396-3600, extension 88238
- You must make a report even if some information is not known or is uncertain. Cross report, don't always assume the authorities will do it.

Also, in writing

- Within 36 hours of your initial telephone report
- To Child Protective Services
- Keep your copy, maintain redacted copy in Main office, and send redacted copy to CWAS

Confidentiality

Mandated reports are confidential and may be disclosed only among agencies receiving, investigating, and prosecuting. If the police or a child protective worker discloses to anyone that you made a report, report to CWAS to follow up with a call to their supervisor.

Bullying Assessment

BULLYING PREVENTION AND INTERVENTION

Every student is entitled to a safe school environment free from discrimination, harassment, intimidation, and bullying. The District prohibits bullying. This includes, but is not limited to: discrimination, harassment, intimidation and bullying based on the actual or perceived characteristics set forth in Penal Code section 422.55 and Education Code section 220, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual-orientation, or association with a person or group with one or more of these actual or perceived characteristics.

1. Ensure that each school establishes clear rules for student conduct and implement strategies to promote a positive and collaborative school climate.
2. Provide information to students, through student handbooks, district and school websites and social media, and other age-appropriate means, about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying
3. Encourage students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and provide means by which students may report threats or incidents confidentially and anonymously.

Reporting Bullying

Any student, parent/guardian, or school staff who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, or any other available school employee. Acts of bullying will be addressed in the following manner:

1. School personnel will immediately intervene and bring it to the attention of the school principal or designee.
2. Any individual may make an anonymous complaint by contacting the School Principal or designee. If there is sufficient corroborating information, the Principal or designee will commence an investigation.
3. Students and parents may also contact the District's Office of Child Welfare, Attendance.
4. Students who violate the District's policies on bullying or discrimination may be subject to progressive interventions and/or disciplinary actions.

Reasons for Ideation

What sort of reasons did you have for thinking about wanting to die or killing yourself? Was it to end the pain or stop the way you were feeling (in other words you couldn't go on living with this pain or how you were feeling) or was it to get attention, revenge, or a reaction from others? Or both?

- (1.) Completely to get attention, revenge or a reaction from others
- (2.) Mostly to get attention, revenge, or a reaction from others
- (3.) Equally to get attention, revenge, or a reaction from others and to end/stop the pain
- (4.) Mostly to end or stop the pain (you couldn't go on living with the pain or how you were feeling)
- (5.) Completely to end or stop the pain (you couldn't go on living with the pain or how you were feeling)
- (6.) Does not Apply

<p>Actual Attempt:</p> <p>A potentially self-injurious act committed with at least some wish to die, <i>as a result of act</i>. Behavior was in part thought of as method to kill oneself. Intent does not have to be 100%. If there is any intent/desire to die associated with the act, then it can be considered an actual suicide attempt. There does not have to be any injury or harm, just the potential for injury or harm. Opium Prevention and Life-Saving Response Procedures

Additional for SB 10:

SB10 expands existing law to require a comprehensive school safety plan for a school serving pupils in any grades 7 to 12, inclusive, to include the development of a protocol in the event o a pupil is suffering or is reasonably believed to be suffering from an opioid overdose. The protocol is required to include prevention, response, training, education, and awareness related to opioid overdose prevention and treatment.

Staff from the Student Wellness and Support Services and Health Programs, including certificated and classified employees, have begun developing clear guidelines for roles and responsibilities during the event of one or more opioid overdoses occurring at a PUSD school site or administrative facility. This work will be further developed and incorporated into the Comprehensive Safety Plan to ensure the prioritization of interventions and support for students to maintain school safety and a positive school climate.

SB10 requires schools to provide alternatives to a referral of a pupil to a law enforcement agency in response to an incident involving the pupil's misuse of an opioid, to the extent not in conflict with any other law requiring that referral. PUSD commitment to a multi-tiered systems of support (MTSS) approach to our students in need of intervention has prompted the Health Programs team to develop an MTSS framework including prevention practices for all students in grades 6 – 12 and intervention and cessation practices for students in need of more intensive support. While this MTSS framework is being finalized, it is important to highlight current practices in place.

1. Current PUSD practices designed to prevent substance use include:
 - a. Stanford toolkit: Program designed to reduce youth tobacco use by helping young people grades 6-12 make healthful tobacco-related decisions through tobacco-specific educational instruction and activities that build knowledge as well as social skills and youth development assets.
2. Information posters
 - a. Educating PUSD staff, parents/guardians, and students on the dangers and prevalence of Fentanyl in our community, county, and country; how to recognize an opioid overdose; how to respond using Narcan nasal spray which will save a life –partnerships with Day One, Huntington Health, and PPHD.
 - b. Youth advocacy opportunities that focus on the dangers of substance use, marketing tactics that target youth, and healthful decisions.
3. Current PUSD practices designed to intervene and cease substance abuse include:
 - a. alternative to the suspension program
 - b. mental health counseling
 - c. Impact Program
 - d. Peer Counseling
 - e. Drug testing approved and supervised by parent/guardian
 - f. Referrals to outside agencies

SB10 also addresses access to Naloxone or Narcan in the event of an opioid overdose. Current PUSD board policy addresses emergency medication for Opioid Overdose:

AR 5141.21 ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS Emergency Medication for Opioid Overdose

When available at the school site, the school nurse shall provide emergency naloxone hydrochloride or another opioid antagonist for emergency medical aid to any person exhibiting potentially life-threatening symptoms of an opioid overdose at school or a school activity. Other designated personnel who have volunteered and have received training may administer such medication when a school nurse or physician is unavailable and shall only administer the medication by nasal spray or auto-injector. (Education Code 49414.3)

PASADENA UNIFIED SCHOOL DISTRICT

STUDENT WELLNESS AND SUPPORT SERVICES

Current PUSD practice ensures that we are ready to respond to an emergency through our participation in the Naloxone Distribution Project which has provided us with enough Narcan kits to be able to supply at least one at each TK - 12 school site. Each health office is staffed with individuals trained in how to administer Narcan nasal spray. Multiple staff members at each school site have been trained to administer Narcan, including our PUSD mental health team and District Security Officers.

Adaptations for Students with Disabilities

SB 323 specifically requires that comprehensive school safety plans address accommodations related to relevant federal disability laws and requires that the annual evaluation of those plans ensures appropriate adaptations to school safety practices are in place for students with disabilities. The bill further authorizes parents and others to bring a concern about a student's safety to the principal.

Emergency Planning for Students with Special Needs

The Director of Special Education or Designee is responsible for developing an emergency plan that ensures all staff are aware of students with special conditions and the care and treatment to be provided to those students in an emergency. The Director of Special Education/Designee must ensure that an emergency plan is developed for each student with special needs if the school's standardized emergency management plan needs to be modified to meet the student's needs. The IEP and/or Student Health Record documents the needs of special education students for emergency purposes.

Site administrators shall ensure that unassigned staff report to self-contained special education programs to assist staff with the emergency evacuation process. One staff member may be responsible for more than one Special needs student as necessary.

Categories of Students with Special Needs

Health Conditions - Students who have seizures, diabetes, asthma or other breathing difficulties, severe allergic reactions, or technology-dependent or medically fragile conditions have special emergency concerns that may include the need to maintain a current supply of medication at the school for emergency purposes.

Physical Abilities - Students with physical impairments may require special assistance during an emergency. This includes but is not limited to students in wheelchairs, students who are temporarily on crutches or who temporarily have walking casts, and students who may otherwise have problems walking or getting up and down stairs. The teachers of these students should ensure that a buddy is pre-assigned to these students and that this information is provided to the principal (or other individual designated as Incident Commander) and school nurse.

Communication Challenges - Students with sensory challenges have special needs in an emergency. This includes students with vision impairment, hearing impairment, processing disorders, limited English language abilities, behavior or development disorders, or emotional or mental health issues. The Director of Pupil Services in coordination with the Director of Educational Services is responsible for developing an emergency communication plan.

Items containing confidential student information such as IEPs and Student Health Plans are for internal use only and shall be removed from any public document.

Message from the Superintendent

Dear PUSD Community,

The safety and well-being of our students and staff have always been our top priorities. As described in this eighth edition of our COVID-19 Safety Plan, we have made some critical updates to adapt to changing and improving conditions. As COVID-19 transmission and hospitalization rates fluctuate, we will continue to revise our Safety Plan and adjust the guidance for students and staff.

We are also providing weekly updates on student and staff cases on our [COVID-19 Dashboard](#).

If you need this document in an accessible format, have questions or suggestions for additional resources, please email the PUSD COVID-19 Compliance Team at HealthPrograms@pusd.us or call the **PUSD Hotline at (626) 396-3680**. Questions and concerns regarding C-19 safety plans can also be submitted to the City of Pasadena Public Health Department online at cityofpasadena.net/CSC or by phone at (626) 744-7311. Thank you for your continued cooperation.

Sincerely,

Brian O. McDonald, Ed.D.

Health and Safety Practices

Guidance from multiple resources emphasizes the importance of offering in-person learning. In-person instruction can occur safely when prevention strategies are implemented. PUSD has a robust set of safety measures already in place and will comply with the State’s public health requirements for schools. We continue to work closely with the Pasadena Public Health Department (PPHD). The PUSD is regularly updating its COVID Safety Plan to present information for students, parents and community members

Los Angeles County (LAC) will now be using the COVID-19 Community Level Matrix from the Centers for Disease Control and Prevention (CDC) to assess the level of risk across the county and adopt corresponding prevention strategies. The [CDC COVID-19 community level](#) is determined by the combination of three metrics as shown in Table 1 below. Community levels are classified as low, medium, or high. The community level may drop after qualifying for the lower level for seven consecutive days.

TABLE 1: CDC COVID-19 Community Levels

New Cases (per 100,000 population in the last 7 days)	Level of Risk Indicators	Low	Medium	High	LA County’s Current Values <u>New Cases:</u> 216.5/100,000 (as of 2/24/2022)
Fewer than 200	New COVID-19 admissions per 100,000 population (7-day total)	<10.0	10.0-19.9	≥20.0	NA
	Proportion of staffed inpatient beds occupied by COVID-19 patients (7-day average)	<10.0%	10.0-14.9%	≥15.0%	NA
200 or more	New COVID-19 admissions per 100,000 population (7-day total)	NA	<10.0	≥10.0	10.6
	Proportion of staffed inpatient beds occupied by COVID-19 patients (7-day average)	NA	<10.0%	≥10.0%	7.7%
The COVID-19 community level is determined by the higher of the inpatient beds and new admissions indicators, based on the current level of new cases per 100,000 population in the past 7 days.					

LAC has transitioned to a Low Community level. Due to the change in CDC guidance, PUSD will now refer to Community Levels, along with Public Health protocols, to guide changes in our COVID Safety Plan in the areas of testing, contact tracing, and masking. We are now going to rely on **Community Level** metrics instead of **Transmission** metrics. Transmission refers to measures of the presence and spread of COVID-19. Community Level refers to the measures of the impact of COVID-19 in terms of hospitalizations and healthcare system strain, while accounting for transmission in the community. PUSD responses to these changes are:

- When LAC is in **HIGH** Community Level based on CDC measures, PUSD may implement restrictions on in-person events or activities that involve parents/guardians, community members, staff, and students. Such restrictions could include postponing Beautification Days, PTA meetings and special events, and staff training OR moving these activities to a virtual format.
- When LAC is in **MEDIUM or LOW** Community Level based on CDC measures, PUSD may reduce restrictions in place regarding events and activities that involve parents/guardians, community members, staff, and students. PUSD may continue to implement risk-reducing measures for events while still allowing them to be held in-person.

Staying Home When Sick

Students, teachers, and staff who have symptoms of infectious illness, should stay home and be referred to their healthcare provider for testing and care. Staying home when sick is essential to keep COVID-19 and other infections out of schools and prevent spread to others. **Before leaving home all students, employees and parents must conduct a self-check.** Ask these questions:

1. Do I have a fever?
2. Do I have a cough?
3. Am I experiencing shortness of breath or difficulty breathing?
4. Am I experiencing any other symptoms?
5. Have I been in contact with someone who has tested positive for COVID-19 in the last 14 days?
6. In the last ten days, have I been directed to isolate and have not yet met the criteria to leave isolation?

If you respond "yes" to any of the questions, you must stay home and it is recommended that you contact your primary care physician for further medical advice. If you have a fever with cough or shortness of breath, you are urged to contact your primary care physician as these symptoms may be attributed to COVID-19. To protect others, stay home, wear a face mask and get tested. For a more detailed symptom self-checker, visit the Los Angeles County Public Health Department's [COVID-19 Symptom page](#).

Updated Isolation, Quarantine and Testing Guidance

PUSD is adapting to new public health guidance and has revised the following protocols for isolation and quarantine:

PUSD Student Isolation Protocol

Students, regardless of vaccination status, who test positive for COVID-19 are required to isolate for 10 days, however, isolation can end on Day 6 ONLY if all of the following criteria are met:

(1) A COVID-19 FDA authorized rapid antigen test collected at home on Day 5 or later is negative; Day 5 **negative** test results should be reported here: [AT-HOME RAPID TEST SURVEY](#)

AND

(2) No fever for at least 24 hours without the use of fever-reducing medicine; AND

(3) Other symptoms are significantly improved and resolving

(4) Wear a highly protective mask, when around others both indoors and outdoors for 10 full days after exposure. The mask should be a well-fitting medical mask or respirator or a well-fitting high filtration reusable mask* with a nose-wire.

OR-- Isolation can end on Day 11 if both these criteria are met:

(1) No fever for at least 24 hours without the use of fever reducing medicine;

AND (2) Other symptoms are not present or are significantly improved and resolving.

Isolation is required when a student tests positive regardless of vaccination status. An antigen test is preferred for testing out of isolation.

PUSD Student Quarantine Protocol

The shorter incubation period and increased transmissibility of recent COVID-19 variants suggest that a quicker and broader response to contact tracing for cases identified in school settings is warranted. The CDPH and PPHD are therefore encouraging schools to move away from the Individual Contact Tracing approach. PUSD will continue to follow the [Group Contact Tracing](#) protocol which will allow schools to provide safe in-person instruction without the intense demand of individual contact tracing.

As per Pasadena Public Health Department Exposure Management Plan dated August 15, 2022, a student who shared the same indoor airspace with someone who was diagnosed with COVID-19 (based on a positive viral COVID-19 test result or clinician diagnosis) while that person was infectious with COVID-19, for 15 minutes or more over a 24-hour period is considered a potential close contact. Asymptomatic potential close contacts may remain at school if they follow these requirements:

(1) monitor for symptoms;

(2) wear a highly protective mask around others indoors, except when eating or drinking, for 10 days after the last date of exposure;

(3) test with an FDAauthorized viral COVID-19 test (e.g., PCR or Antigen test, including at-home tests) within 3-5 days after the last date of exposure.

Rapid antigen tests will be given to potential close contacts.

If your child is a **close contact** and has recovered from COVID-19 in the last 90 days, they are required to wear a highly protective mask, when around others indoors for 10 full days after exposure; monitor for symptoms for 10 days past the date of exposure.

On April 8, PUSD transitioned to the [Group Tracing](#) approach:

- School team will notify students who spent more than a cumulative total of 15 minutes (within a 24-hour time period) in a shared indoor airspace (e.g., classroom) with someone with COVID-19 during their period of infectiousness. **The students are considered to be possibly exposed and identified as potential close contacts.**
- Potential close contacts (possibly exposed students), regardless of COVID-19 vaccination status, must test for COVID-19 with at least one diagnostic test obtained within 3-5 days after last exposure, unless they had COVID-19 within the last 90 days.
- Potential close contacts may continue to take part in all aspects of TK-12 schooling, including sports and extracurricular activities, unless they develop symptoms or test positive for COVID-19.
- **Potential close contacts are required to wear a highly protective mask around others while indoors except when eating or drinking for 10 days after the last date of exposure.**

Testing results will then be reported as follows:

- At least one at home rapid antigen test for identified or potential close contacts, regardless of vaccination status, to be conducted at home 3 to 5 days after the exposure.
- Using the Testing Submission Survey, parent or guardian must confirm that the student is not experiencing any symptoms.
- Using the Testing Submission Survey, upload a digital image displaying the negative test results.
- Using the Testing Submission Survey, parent must confirm that the student will wear an upgraded mask indoors AND outdoors when around others
- Parent must monitor for symptoms for 10 days from the date of last exposure to ensure that student remains asymptomatic

**Parents/guardians are encouraged to stay up to date on COVID-19 vaccines and boosters which remain the best way to prevent severe illness, hospitalization and death.*

Who is eligible? At this time, everyone 6 months and older is eligible to get the COVID-19 vaccine and the updated fall booster has been approved for children as young as 5 years old. The new boosters protect against the Omicron variant and are recommended for those 5

years of age and older if it has been at least two months since their last dose (primary series or booster).

PUSD Employee Protocols

If an Employee Tests Positive:

Employees who test positive for COVID-19 regardless of vaccination status or lack of symptoms, must stay in isolation until:

- At least 5 days have passed since symptoms began or the date of the positive test
- AND no fever for at least 24 hours (without the use of medicine that reduces fevers)
- AND currently have no symptoms or symptoms are significantly improved and resolving
- AND A viral diagnostic specimen collected no sooner than Day 5 is negative.

Employees meeting ALL of the above criteria may exit isolation Day 6

- If on Day 5, symptoms have not improved, employee continues to isolate until symptoms have improved
- No test necessary to return after completing 10 full days of isolation **if no longer experiencing symptoms**
- PUSD employees must continue to wear recommended face masks indoors and social distance until 10 days have passed since the positive test result.

If an Employee is Exposed:

If an employee is exposed to COVID-19, the employee may be allowed to continue to work on the following conditions:

1. Must remain asymptomatic (have no symptoms); and
2. Must receive a negative COVID-19 viral test result obtained 3-5 days after last exposure to the close contact case;
3. Must monitor symptoms for 10 days
4. Wear a well-fitting mask, surgical mask (3-ply) with a nosewire, KN95 or N95 respirator indoors and outdoors, and no eating/drinking around others, for a total of 10 full days; and
5. Must observe home-quarantine when not at work.

If an employee has fully recovered from COVID-19 in the 90 days prior to the date of exposure and has **NO symptoms**, the employee can continue to work as long as they remain asymptomatic, wear a well-fitting mask, surgical mask (3-ply) with a nosewire, KN95 or N95 respirator indoors for 10 days after exposure.

Employees Returning to Work After Isolation or Quarantine

An employee who has tested positive will be notified to follow these procedures:

1. Schedule an appointment for a rapid antigen test on Day 5*
2. If the employee tests negative, health programs verifies the negative test result, provides the employee the test result documentation, and a KN95 mask.
3. Employee reports the test result documentation form to Human Resources
4. Human Resources reviews the health protocols to return to work with employee.
5. Employee receives A Return to Work Checklist that verifies the employee is asymptomatic and understands the wearing of the KN95 mask for the following 5 days (for a total of 10 days) is a requirement to maintain their safety and the safety of others.

In the event an employee tests positive on Day 5, they will continue to isolate

*The employee will be cleared by Risk Management prior to being released and instructed to schedule an appointment with Health Programs for the appropriate test.

Use of Face Masks

Masks are one of the most effective and simplest safety mitigation layers to prevent in-school transmission of COVID-19 infections and to support full time in-person instruction in K-12 schools. SARS-CoV-2, the virus that causes COVID-19, is transmitted primarily by aerosols (airborne transmission), and less frequently by droplets. Physical distancing is generally used to reduce only droplet transmission, whereas masks are one of the most effective measures for source control of both aerosols and droplets. Therefore, masks best promote both safety and in-person learning by reducing the need for physical distancing (CDPH). For more information, see Los Angeles County Office of Education (LACOE) [Masking Updates for Students](#).

The District will supply staff and students with non-cloth, non-woven medical-grade surgical masks (with 3-layers of protection). Site administration will make these masks available and will notify staff and students on how to access the masks on site.

Starting November 1, 2022, masks will be recommended but not required for students, children, teachers, and staff regardless of vaccination status. PUSD will continue to require masking at testing and vaccination clinics, after exposure to COVID-19, and after an early leave from isolation as shown in chart below.

Who is required to wear a mask?	Where must they wear a mask?	When are they required to mask?
---------------------------------	------------------------------	---------------------------------

Students who have been exposed and who have met the criteria to leave isolation before 10 days.	Indoors and outdoors at school when they are around others and when not eating or drinking	For 10 days after the exposure or after the positive test result.
Students, staff and community members at a PUSD testing or vaccination clinic	In the parking lot or indoor facility of the PUSD testing or vaccination clinic	When individuals enter the parking lot or indoor facility where the testing or vaccination clinic is located
Students and staff Health Office	In the School Site Health Offices	Upon entering

Please note that it is strongly recommended for visitors and volunteers to wear masks when on school campuses.

When are masks required for EMPLOYEES?

All employees must wear a mask for 10 days after exposure when indoors around others and for 10 days if leaving isolation before the 10th day after the positive test result.

What are specific masking requirements for EMPLOYEES?

- All school employees, when required to mask (such as in a healthcare setting), must wear medical-grade surgical masks (also referred to as medical procedure masks and are three-ply) or higher level PPE (e.g., KN95 mask or N95 respirator). For those wearing surgical masks, double masking with a cloth face covering worn over the surgical mask is recommended for enhanced protection. Cloth face coverings alone are no longer recommended, as they do not provide the same level of source control or personal protection as a medical-grade surgical mask or higher level PPE (PPHD TK-12 Protocol, 3.15.22)
- Any employee who cares for sick children or who has close contact with a child with a medical condition that precludes the child’s use of a facemask must wear a high-grade surgical mask (3-ply), KN95 mask or respirator, preferably N95.
- Cal-OSHA requires employers to provide, upon request, respirators to any unvaccinated employee along with instructions on how to ensure the mask fits appropriately

Additional recommendation:

- All employees are recommended to replace face masks daily if using a 3-ply surgical mask. Replacing KN95 masks after 2-3 days is suggested.

Exemptions and accommodations:

Public Health protocols allow individuals to be exempt from wearing a mask for the following reasons:

1. Persons younger than two years old.
2. Persons who are hearing impaired, or communication with a person who is hearing impaired, where the ability to see the mouth is essential for communication.
3. Persons with a medical condition, mental health condition, or disability or whose medical provider has determined that it is unsafe for them to wear a mask, may file for an exemption with their school. A certification from a state licensed health care provider attesting that the student has a condition or disability that precludes them from wearing a mask safely will be accepted as a proof of exemption. The following licensed health care professionals may provide such attestations: Medical providers including physician (MD or DO), nurse practitioner (NP), or physician assistant (PA) practicing under the authority of a licensed physician; and licensed mental and behavioral health practitioners including Clinical Social Work (LCSW), clinical psychologist (PSy.D.) Professional clinical Counselor (LPCC), or Marriage and Family Therapist (LMFT).
4. For employees who are unable to wear a mask, refer to Cal/OSHA ETS for return-to-work requirements after an exposure event. Employees should also refer to [Appendix B: Required Use of Face Masks](#).

At times when the Health Officer Orders may require universal indoor masking or may require masking for certain individuals, students who are exempt from wearing a mask should wear a face shield with a drape at the bottom, as long as their condition allows it.

Mask exemption for close contacts: Students who are identified as close contacts with valid mask exemption who wish to remain in school after an exposure must remain asymptomatic, monitor for symptoms for 10 days after the last date of exposure, and test negative for COVID-19 at least once 3-5 days after the exposure and once 6-9 days after exposure. Students who are not able to meet these requirements and cannot wear a mask after exposure will need to remain at home for ten days after last exposure.

Handwashing and Respiratory Etiquette

All employee and campus visitors are asked to follow these safety guidelines:

1. Wash hands frequently for 20 seconds with soap and water — especially before and after eating, after coughing or sneezing, after sharing items in class and before and after using the restroom.
2. Avoid touching your face.
3. Cover coughs and sneezes with a tissue or elbow.
4. Use tissues to wipe your nose.

For informational video on handwashing, please see [How to Wash Your Hands](#)

The District is committed to securing additional handwashing and sanitation stations and PPE to the extent possible.

1. School sites will have hand washing stations or hand sanitizer available at designated locations to allow for frequent hand washing.

2. Hand sanitizer effective against COVID-19 is available to all employees in or near the following locations:
 - a. Central office
 - b. Classrooms
 - c. Faculty break room
 - d. Faculty offices
3. Additional sinks and/or sanitation stations will be provided in high frequency areas for students

Using personal protective equipment (PPE)

1. We evaluate the need for PPE (such as gloves, goggles, and face shields) as required by California Code of Regulations (CCR) Title 8, section 3380, and provide such PPE as needed.
2. PPE, cleaning and sanitizing supplies can be ordered through *Current Solutions*
3. At school sites, Administrators and Health Clerks will monitor PPE supplies to ensure that schools maintain at least a 14-day supply.
4. Training on maintaining PPE (i.e. sanitization procedures) will be provided.

Health Monitoring and Containment Plan

Vaccinations

Vaccination is currently the leading public health prevention strategy to end the COVID-19 pandemic. Promoting vaccination, throughout the community and for all who are eligible, can help schools safely return to in-person learning by reducing transmission risk.

As of September 13, 2022, the CDPH public health order of August 11, 2021, requiring all school staff to either show proof of full vaccination or be tested at least once per week for COVID-19 was rescinded.

PUSD Health Programs and the City of Pasadena offer opportunities for vaccination. Individuals ages 3 years and older are currently eligible to obtain a vaccine that protects against COVID-19. Individuals may sign up at [MyTurn.ca.gov](https://myturn.ca.gov), call the CA COVID-19 information line at 833-422-4255, email: healthprograms@pusd.us or call the Pasadena Citizen Service Center at 626-744-7311 for assistance. Links to vaccine appointments at pharmacies and other federal, state, and county sites are available at the [PPHD website](#).

Screening & Diagnostic Testing

PUSD will provide opportunities for COVID-19 testing to reduce the risk of transmission and to prevent outbreaks. We will continue to provide access to testing for all individuals who are exposed to a COVID-19 case and/or when a major outbreak or multiple infections are reported within a school.

At-home rapid antigen tests are available for identified or potential close contacts, regardless of vaccination status, at each school health office and the PUSD Health Programs office at 351 S. Hudson Ave.

How and Where PUSD Students and Staff Can Get Tested

1. PUSD offers rapid antigen nasal swab tests at the District's Primary Clinic, M-F 1:00pm - 4:00pm.

Exposure Management and Temporary Class or School Closure

The information in this Covid Safety Plan is not meant to replace the [Exposure Management Plans for TK-12 students](#) and [Early Childhood Education](#) which are required by the Pasadena

Public Health Department and were recently updated. Please see excerpt below and refer to Appendix C: PUSD Exposure Management and Temporary Class or School Closure Plan.

The criteria for moving from in-person learning back to remote learning would be determined based on the number of cases and groups impacted, and could be necessary if active in-class or in-school transmission is occurring. Closure would be done in consultation with the Pasadena Public Health Department (PPHD), which is our local health department (LHD).

Operations Plan for Mitigation Measures

Recent evidence indicates that in-person instruction can occur safely without minimum physical distancing requirements when other mitigation strategies (e.g., masking) are implemented, consistent with public health guidance. The following measures will still be in place:

Buses and Transportation

1. **It is recommended that students, adults, and drivers wear face masks.**
2. Students will fill the vehicle from back to front. The front seat behind the driver will be empty.
3. The students will sit one to a seat unless they are family members from the same house.
4. Students will practice physical distancing to the best extent possible.
5. Parents will be asked to screen their own children (students), so that they can call the transportation office to cancel transportation if the student has a fever. Students will be screened prior to getting on the bus. Screening is conducted before students, visitors and employees may enter the bus similarly to entering the school. Screening includes a check-in concerning fever, cough, shortness of breath and any other symptoms of illness. If a student reports a symptom or does not pass the screening, they will not be allowed to enter the bus.
6. Should a student become ill while in transit, they will be seated in a dedicated seat directly behind the driver.
7. Vehicles will be cleaned and disinfected at the end of each route.

Cleaning and disinfecting

If an outbreak has been determined, the following measures intensified cleaning, sanitation and ventilation will be put into effect at all schools and work locations:

1. Cleaning and disinfecting of space, surfaces, and objects throughout the school.
2. Common areas and frequently touched objects in those areas (tables, doorknobs, light switches, countertops, handles, desks, phones, keyboards, elevator switches and buttons, touch screens, printers/copiers, grab bars, and handrails) are disinfected multiple times daily using appropriate products.
3. Restrooms, lobbies, break rooms, and lounges and other common areas are disinfected frequently.
4. Use of shared objects is eliminated wherever possible
5. Where individualized alternatives are not feasible, for example, in laboratories and art rooms where some equipment may have to be used by multiple students, objects and surfaces are cleaned and disinfected between users.

6. Cleaning products that are effective against COVID-19 (these are listed on the [Environmental Protection Agency \(EPA\)-approved list "N"](#)) are used according to product instructions.
7. Deeper cleaning is done when students are not at school with adequate time to let spaces air out before the start of the school day.
8. Custodial and other employees responsible for cleaning and disinfecting school surfaces and objects are trained on manufacturer's directions, Cal/OSHA requirements for safe use and as required by the Healthy Schools Act, as applicable.
9. Custodial staff and other employees responsible for cleaning and disinfecting are equipped with appropriate personal protective equipment as required.
10. Classroom carpet or rugs are cleaned.
11. Students are recommended to maintain physical distancing and to have assigned seating.
12. Teachers will not be responsible for cleaning, disinfecting or sanitizing student supplies

Field Trips

Field trips are permissible and schools may submit requests for instructional field trips and transportation. Safety measures such as social distancing and masks while in school-provided transportation are recommended. Assigning and maintaining a seating chart is recommended. The location needs to replicate the COVID-19 protocols in place at the school sites. Instructional trip liability form must be completed if the field trip includes possible hazards or unsafe conditions, such as in or near water, camping, mountain climbing, etc.

For overnight trips (if permitted):

1. Students need to have a negative COVID-19 PCR or rapid antigen test result or be fully vaccinated and boosted if eligible.
2. Masks are not required while sleeping.
3. Cohorting into consistent groups for indoor small group interactions particularly unmasked, such as sleeping in a cabin.
4. Test 3-5 days after trip

These guidelines are subject to change at any time, please confirm with our PUSD Health Programs if additional safety measures are needed prior to the instructional trip.

Personal protective equipment (PPE), tools and equipment

1. PPE, such as gloves and face shields, must not be shared
2. After using shared materials, students and employees should use hand sanitizer or wash hands

Plexiglass Barriers:

In the case of outbreaks or upon public health guidance, the following may remain in place:

1. Physical plexiglass barriers that were previously installed in front office areas where face-to-face interaction with the public occurs.
2. One plexiglass barrier unit for use for when working one-on-one with a student.

School Events and Meetings

1. Parent-Teacher and Faculty meetings can be conducted in person or virtually. Any individuals visiting “on site” for such meetings must follow the PUSD visitor protocols.
2. School events (such as Open House, student dances, proms, assemblies and performances) may be scheduled.
3. **For Student Dances, Proms:**
 - Indoor venues allowed
 - Rapid antigen testing for all students and staff is recommended within 48 hours prior to event.
 - Health Programs can support testing needs for student events.

Assemblies and Performances:

- Indoor performances and assemblies are allowable.
 - Outdoor performances and assemblies are recommended.
 - Masks are recommended to be worn by the audience members of indoor performances.
 - Visitor protocol required.
4. For additional guidance for planning events, see the California Department of Public Health’s **Safe and SMART Events Playbook**:
<https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Document%20Library/COVID-19/Events-Playbook.pdf>

School Meals

Cafeterias at each site remain open to provide children a hot breakfast and lunch meal. Meals will be eaten outside as much as possible. All the serving lines have been equipped with plexiglass shields and required signage for social distancing. Staff will continue to wear masks and practice all safety standards in the preparation and serving of the meals.

Ventilation

1. HVAC systems are set to maximize indoor/outdoor air exchange unless outdoor conditions (recent fire, very high outside temperature, high pollen count, etc.) make this inappropriate.

2. If HVAC systems are not functioning at maximum capacity, doors and windows are kept open during the school day if feasible and if outdoor conditions make this appropriate.
3. Air filters have been upgraded from MERV 6 to hospital grade MERV 10 filters.
4. Each classroom and isolation room will have an air purifier.

Visitors and Volunteers

All visitors, volunteers and external groups or organizations are strongly encouraged to use a face mask and required to sign in before entry and screen for symptoms.

Water

Students will also be encouraged to bring their own water bottles to refill at water filling stations. (Please note: selected drinking water fountains will be closed to minimize COVID-19 exposure)

Supportive Services

The PUSD is committed to ensuring continuity of services when students and their families are impacted by exposure to COVID-19 and by other barriers to learning. Pasadena Unified aims to continue student and staff services related to academics as well as services connected to social, emotional, mental and physical well-being. Students with disabilities and English learners must also be taken into consideration when determining how to ensure continuity of services.

Reset. Re-Engage. Reignite. Returning safely to school this year meant that resources are aligned with trauma informed approaches to address students' academic, behavioral, and social-emotional needs. PUSD has streamlined resources, scope and sequence, and trainings that will offer the classroom teacher, administrator, students or staff to prepare for the return of our students. These will be housed in a "Wellness Hub," to be included in the PUSD Curriculum folder @ gopUSD.com/curriculum.

Continuity of Services Plan

In cases where isolation, quarantine, classroom or school closures are required, the PUSD will provide for the continuity of learning, meals and other supportive services for students and families as follows.

For Individual Students in Quarantine or Self-Isolation

In cases where student, family member, school nurse, health clerk and/or School Covid-19 Compliance Team identifies need for an individual student to isolate or quarantine due to Covid-19 exposure or testing positive, the following steps are planned:

- The Canvas learning platform will remain in place for school year 2022-23, allowing students to access weekly assignments provided by teachers virtually if they are required to isolate or quarantine at home.
- Health Clerk, Community Assistant, or other designated staff will manage services for quarantined students and will provide information to student and family on quarantine or isolation procedures; access to food, health, mental health and social services; and instructions for accessing Canvas, Webex, chromebook or WiFi connectivity as needed.
- School Nurse will provide support as needed and will check in regarding the student's health.
- Student and family will be connected to mental health and social services if requested.
- *Considerations for English Learners:* If a student is required to quarantine, LADD office will collaborate with the teacher to tailor support based on the assignments. Students in quarantine will be invited to virtual tutoring and English Language Development sessions.

- *Considerations for Students with Disabilities:* in the event the student must be medically quarantined or isolated, case carriers will contact family to discuss virtual service delivery and coordinate with service providers.

Connections to Supportive Services

The following are just a few of the supportive services provided by PUSD and its community partners. Please note that the PUSD Office of Child Welfare, Attendance and Safety (CWAS) has been renamed Student Wellness and Support Services (SWSS).

Resources for Mental Health Services for Students

SWSS and Mental Health Services provide services for students under three scenarios as circumstances allow: remotely/telehealth; in-person/on-site utilizing safety measures to consider for clinicians and clients; and pending room availability for confidential and safe sessions; or hybrid combining both methods.

Additional mental health services, attendance and social emotional learning support is provided by Master of Social Work Interns from various Southern California universities who are placed at school sites. These Interns are able to service students who are uninsured or privately insured, providing individual, group, and family counseling while gaining field experience towards their master's degree. Please contact Lara Choulakian, Manager of Mental Health for further information, x 88233 or choulakian.lara@pusd.us

PUSD Crisis Hotline

Parents also have the option of calling the PUSD crisis line and will be linked to the SWSS Clinical Social Work team who can also help parents system-navigate and link to services at **(626) 396-3680**

Access to Resources and Support Services

The Office of Student Wellness and Support Services as well as programs and initiatives such as Families in Transition and Community Schools provide outreach to ensure students with unique needs, including foster youth and homeless students, have the necessary resources to access learning while following public health guidelines as well as supports to address academic and social-emotional needs. These resources include:

- **Student Wellness and Support Services:** Any PUSD school or district employee, a parent, or the neighbor of a child in need, can access a [School Support Referral](#) process form to help children get the support and services they need to be successful.

- **Community Schools:** Coordination of screening, services and referrals in partnership with community providers. This guide - [Resources for Supporting Pasadena Unified Students and Families during Safe Return to School \(Fall 2021/Spring 2022\) \(English/Espanol\)](#) - first developed by the Pasadena HS Community Schools Initiative will continue to be updated and distributed.
- **PUSD Center for Student & Family Services** located at 750 N. Robles Ave, Pasadena, CA 91104 (next to Madison Elementary School) is the home of **Families in Transition (FIT)** and other programs within the Office of Student Wellness & Support Services. FIT is PUSD's McKinney-Vento Homeless Assistance program for student and family support addressing socioeconomic barriers to student success like housing and food insecurities, lack of access to health and mental health care, recent immigration, and other educational challenges. For assistance or an appointment, please call 626.396.5782 or text the FIT cell at 626.720.2476.
- **Care Solace** Care Solace is a complimentary and confidential service provided to staff and their families by the Pasadena Unified School District. Care Solace can help with mental health or substance use and they can quickly and confidentially find providers matched to employees' needs. If you would like to use Care Solace to help you find a provider:
 - Call 888-515-0595 available 24/7/365 in any language.
 - Visit www.caresolace.com/pasadena and either search on your own
 - OR click "Book Appointment" for assistance by video chat, email, or phone.
- The [Employee Assistance Program](#) provides PUSD employees with 24-hour access to advice for dealing with COVID-19 related stress and/or anxiety.

Considerations for Students with Disabilities

Safety Considerations for Students with Disabilities

1. Any alternatives to face masks should be discussed by the student's IEP team and documented in the IEP. For example, if a student has behavioral, sensory intolerance to the health mandated use of personal protective equipment (PPE), use a face shield or alternative covering to help assist in maintaining health safety.
2. Teachers of students who are deaf/hard of hearing will use a face shield and/or a clear mask for instruction. Contact the Special Education Office with requests.
3. School personnel will work closely with families of students who have health conditions that put their child at increased risk of severe illness from COVID-19. As appropriate, a health and safety plan may be developed.

Considerations for Employees Working with Students with Disabilities

Services will now be conducted in-person. If community transmission rates for COVID-19 are high, services for students with disabilities and their families may be conducted with staff remotely as per PPHD guidance.

1. Employees will use the type of face covering that is most conducive to addressing specific students' needs.
2. IEP services, to the extent possible, will be delivered with adherence to the wearing of facial coverings, and increased hand washing and sanitizing.
3. All employees who work with students who require more hands-on services such as diapering, catheterization, feeding, etc. will use face coverings and gloves. Employees who work with students who require modeling of oral tasks to complete work will be issued face shields with drapes so students are able to view their instructor.

ARTS Plan & Procedures

The PUSD Arts and Enrichment Department will follow the ARTS Reintegration Plan and Safety Procedures 2022-23 which are specific to arts education programming, including: all levels of instrumental and choral music, assemblies, performances, teaching artists, community and enrichment partners. This plan is currently under revision to accommodate recent changes to the PUSD COVID-19 Safety Plan.
