Learning Structure

SCSD Approach:

- 1. k-6 all kids in school with enhanced distancing.**
- 2. 7-12 all students on an A/B schedule with half the population in school on any given day.**
 - 8 period schedule**
 - 4 Periods meet per day**
 - Either in school Monday/ Wednesday or Tuesday/ Thursday**
 - Groups will alternate attending Fridays**
- 3. 100% eLearning for parents that choose**

Learning Structure Enrollment

Grade	Enrollment	eLearning #	eLearning %
k	193	24	12%
1	155	30	19%
2	187	32	17%
3	182	23	13%
4	169	18	11%
5	195	36	18%
6	199	26	13%
7	223	38	17%
8	241	16	7%
9	243	17	7%
10	269	23	9%
11	270	14	5%
12	279	16	6%
Total	2805	313	11%

Classrooms (k-6)

Elementary Class of 24 students		
1 Teacher		
1 Teaching Assistant		
Room A 12 Students		Room B 12 students
Teacher		Teaching Assistant

Each elementary class will be divided into 2 sections and housed in 2 classrooms or instructional spaces in the same wing of the building.

All spaces will be repurposed for instruction including gyms, cafeteria and special area rooms.

One teacher and one teaching assistant will be assigned to each class and share responsibility for the 2 sections throughout the da

For eLearning in grade k-5, a classroom teacher and teacher assistant will be identified for students. In grade 6, students will follow the same model as students in 7-12.

Classrooms (7-12)

Secondary Class of 24 students		
Cohort A 12 Students		Cohort B 12 students
In school	Connected via Zoom	At home

- Each secondary class will be divided into 2 sections and they will be placed in an A/B cohort.
- Students will attend class from home for attendance purposes, be present for instruction, and actively engage in classroom discussion. (Typically this will be approximately 25 minutes live per period).
- Instructional elements of sessions will be recorded (instructor voice and screen) and available to students in Schoology Learning Management System.
- 100% eLearning students will be home each day

Health and Safety

- Screening for employees and students
- Screening completed at home
- 6 feet of separation when possible and masks with planned breaks

 PNW BOCES COVID SAFETY RESPONSE PROTOCOLS COVID COORDINATORS XXXXXXXXXX XXXXX, (XXX) XXX-XXXX							
LEVEL	DISTRICT IS NOTIFIED OF:	IMMEDIATE ACTION	NOTIFY	CONTACT TRACING	CLEANING AND DISINFECTING	ACTION ITEMS	RETURN
1	COVID+ STUDENT/STAFF <i>(Lab Confirmed Positive Test)</i>	Confirm Name Confirm Location	COVID Coordinator	DOH directed with district support	Follow CDC guidance	Probable switch to 100% remote learning and site closure for 24-72 hours	NYS DOH guidelines
2	QUARANTINED <i>(Contact of a known COVID+)</i>	Confirm Name Confirm Location	COVID Coordinator	District log <i>(unless person under quarantine tests positive)</i>	Follow CDC guidance	NO ACTION REQUIRED	Upon completion of issued quarantine orders <i>(unless person under quarantine tests positive)</i>
2	COVID TEST PENDING	Confirm Name Confirm Location	COVID Coordinator	DOH directed with district support	Follow CDC guidance	NO ACTION REQUIRED	If COVID+ follow Level 1
3	A CONTACT OF A CONTACT <i>(Of a known COVID+)</i>	NO ACTION REQUIRED	COVID Coordinator	NO ACTION REQUIRED	Follow CDC guidance	NO ACTION REQUIRED	NO ACTION REQUIRED
CHIPS							
	STUDENT/STAFF PRESENTS WITH COVID SYMPTOMS ON CAMPUS	- Contact nurse - Hold in place - Isolate - Prohibit access - Student & staff check-in	- Building Nurse - COVID Coordinator - Custodian - Safety Team	COVID Coordinator to update log	Seal room for 24 hours if possible, and clean and disinfect	NO ACTION REQUIRED	Follow health office protocol

Operations

- No afterschool or evening access to school buildings by staff or community
- HVAC:

OLA has performed a thorough review of the recent mechanical system guidance documents from agencies such as CDC, DOH, NYSED and ASHRAE for post-COVID-19 occupation of schools. We have found that the guidance issued by the above agencies as it relates to mechanical ventilation systems has generated significant confusion for parents and staff at educational facilities. In an effort to clarify some of the confusion, we offer the following:

 1. The mechanical system guidance issued by all the above agencies is considered 'guidance' only. They are not to be considered mandates or code requirements. The guidance, thus far issued, has not been enacted into any code requirement for educational facilities.
 2. Essentially, if a school building that was designed, built and permitted in accordance with the building codes at that time, still operates in that manner, the facility is considered to be in compliance with ventilation code requirements. As per the NYSED Reopening Guidance, page 53, "Ventilation Mandatory Requirements: Maintain adequate code required ventilation (natural or mechanical) as designed."

Transportation

RE-ENTRY PLAN FOR SEPTEMBER RESTART

PLEASE NOTE: The 2 students per seat model will ONLY be used in situations where bus capacity is over 21 students. Knowing what we know about our tentative schedule we should not need to do this unless there is a necessity to vacate the schools quickly. We also anticipate that some parents may change their mind about busing and not bring their own child/ren to school thus adding more capacity to a route than planned.

Please know your child's safety and security are of the utmost importance and we are working the best we can to reduce capacity of runs.

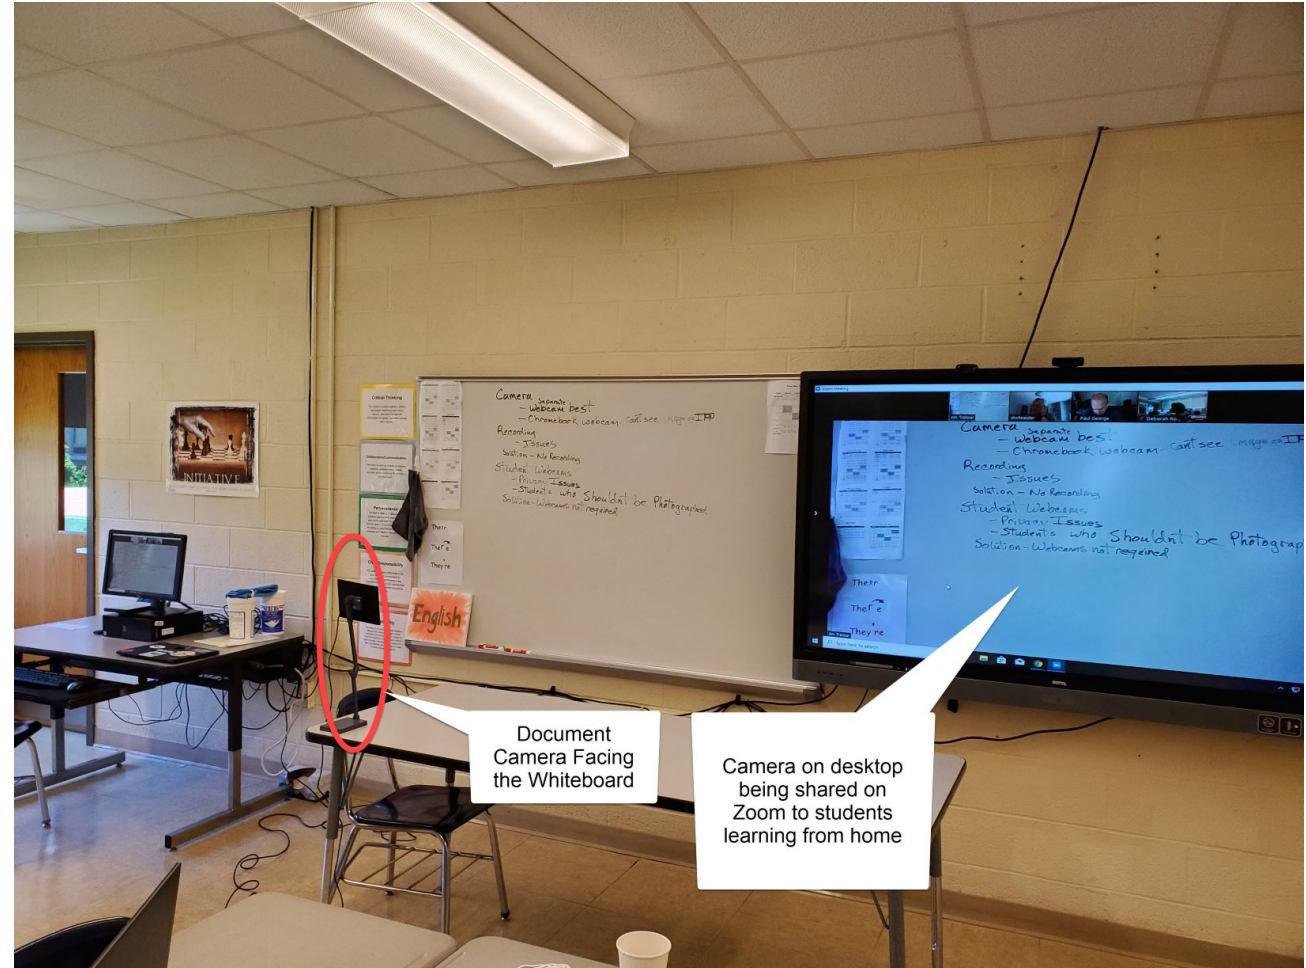

- Seats not available for student or staff seating will be marked with red tape.
- Students will disembark at schools from the forward to the aft of the bus.
- School Bus Drivers will have a clipboard with a student attendance roster for each route.
- Drivers will check off the students riding their bus when arriving at the school.
- Royal Coach Lines will sanitize buses and vans following their morning and afternoon routes. They will use the approved cleaning agents as prescribed by the New York State Department of Health.
- A contractor accountability log will be required for each bus. Anytime a bus is cleaned and/or sanitized it must be logged.

Athletics

- **Governor briefing 8.24.20**
 - **“lower-risk” sports like tennis, soccer, cross country, field hockey and swimming may practice and resume competition on 9.21.20**
 - **No practice or play outside of the school’s region until 10.19.20**
 - **50% occupancy for fans with max 2 spectators per player (no guidance for outdoor sports)**
 - **Social distancing**
 - **Wearing face masks**
 - **“physical contact” sports like football, wrestling, ice hockey and volleyball can practice conditioning 9.21.20 but are not authorized to play yet**
- **Waiting further guidance**

Technology

- iPad devices k-5 arrived for PES and SIS end of week
- Document camera solution on order
- Family Tech Support form available to complete on the web – Front Page

Estimated Fiscal Impact for 2020-21

- **Academic - Scheduling**
 - K-6 all students in \$1.4-\$1.6 Million for human resources (TAs)
- **Health**
 - Health Aides at PES and SIS - \$25,000 -\$45,000
- **Operations**
 - Part-time cleaners for schools - \$120,000-\$180,000
 - Supplies (hand sanitizers, signage, PPE, cleaning supplies, etc. \$100,000+
 - Moving and Storage for furniture - \$60,000 -\$75,000
- **Technology**
 - Audio/Video hardware support: \$35,000-\$45,000
 - Bandwidth - \$30,000
- *****NYSED – Deferral of payments of 20%*****
 - Additional reduction of \$800,000K
