

Forward in Excellence

Safety/Security Presentation

**Somers Central School District
December 13, 2016**

Safety

Safety is defined as freedom from
occurrence or risk of injury,
danger or loss.

Safety/Security Drills

Students and staff continue to practice many types of safety drills throughout the year:

- Lockdown Drill
- Lock-out Drill
- Shelter in Place Drill
- Hold in Place Drill (new)
- Evacuation (1 to incl. Relocation) (Fire drills previously)
- Bus Evacuation Drills – student training

School Bus Safety (Drivers)

- Drivers attend 2 -3hour refresher courses annually required by SED
- 1 additional 2-hour safety course annually required by the District
- Defensive Driving Review (Annual)
- Medical review (Annual)
- Behind the wheel test (Bi-annually)
- Physical Performance Test (Bi-annually)

Additional Safety Measures

- Continue to perform Building Safety/Security Audits
- AED Upgrades and Replacements completed
- Electronic Access Control (ID Card Readers)
- Check-in at Security Desk
- Raptor Software and ID System
- School Resource Officers (3rd year of 5yr term)
- SHS Vestibule

+ Future Safety/Security Improvements

- “Civilian Response to Active Shooter Training”- Brief presentation by Sergeant Amery Bernhardt.
