

### **DEPARTURE FROM CAMPUS**

The Grandview School District is, by State statute, responsible for the welfare and behavior of its students during the school day and while students are engaged in approved extracurricular activities. The school board believes that its responsibilities on behalf of students, parents and the community can best be served by requiring elementary and middle school students to remain on campus during the student day. High school students may drive at noon subject to continued approval by the Superintendent or designee.

The Superintendent will establish procedures regarding student departure.
