

EIA - STUDENT APPLICATION

Students desiring to attend Elma Innovation Academy (EIA) should complete this application in order to be considered for the 2024-2025 school year.

EIA will operate in a format different from that of Elma Middle School or Elma High School, so the following questions have been developed to help guide students and parents when choosing to attend Elma Innovation Academy for their high school experience. All students are welcome and encouraged to apply to EIA.

At EIA students will work in groups on projects, developing real-world solutions to challenges.

1. Describe a project or activity you have worked on that you found particularly meaningful or impactful.
2. What did you learn from the experience identified in question 1?
3. How do you see yourself contributing to the project-based learning community at EIA?

For the 2024-25 school year projects at EIA will focus on the areas of Natural Resources and Manufacturing.

4. What are you excited to learn about in Natural Resources and/or Manufacturing next year?

Student Name (Print): _____ Date: _____

Student Signature: _____ Parent Signature: _____

*Submit completed application to the Counseling Center at EHS, Cathy Ferrier at EMS, or Ms. Ferrier at McCleary School
Applications accepted through May 15, 2024*
