

Advanced Placement (AP)

AP courses are open to all students with the prerequisite coursework who wish to take on the additional challenge of advanced academics.

Richland One offers Advanced Placement courses to high school students who are ready to engage in college level course content and rigorous academics. AP courses concentrate on providing students with rigorous college level academic instruction by a College Board authorized AP teacher while preparing students for the AP exam associated with the course and possibly qualifying for college credit. AP students are expected to work at an accelerated pace and to engage in outside reading and independent learning.

The following AP courses are offered at various Richland School District One high schools:

- American Government
- Art 2-D Design
- Art 3-D Design
- Biology
- Calculus AB
- Calculus BC
- Chemistry
- Computer Science Principles
- English Language and Composition
- English Literature and Composition
- Environmental Science
- European History
- French
- German
- Human Geography
- Macroeconomics
- Physics I
- Physics II
- Psychology
- Research
- Seminar
- Spanish Language and Culture
- Statistics
- Studio Art Drawing
- United States History
- World History

A complete description of all AP courses offered is listed in the course catalogs.

Parents and students may wish to visit the AP Credit and Placement College and University Search at www.collegeboard.com/ap/creditpolicy to review the AP policies at individual institutions. Each college and university determines their own policy; however, Texas public colleges and universities must provide credit for a score of 3 or higher on any exam.

AP Exam Fees

As a commitment to advanced academics, the South Carolina Department of Education reimburses our school district for all exams taken.
