

FROM THE HEALTH ROOM

Welcome to Mill Creek Elementary!

The health room is available for students who need temporary health care and first aid. Please assess your child's health daily before sending him/her to school by utilizing the SC DHEC Childcare and School Exclusion parent brochure link: <http://scdhec.gov/sites/default/files/Library/CR-010752.pdf>.

Check your child's book bag daily as you will be notified by correspondence if they visited the health room. In addition, you will be notified by phone for any suspected serious injuries, illnesses or special concerns. Please arrange to have your child picked up immediately from school if you are requested to do so.

The Confidential Health Questionnaire must be completed (front/back) and sent to the school nurse each year.

Please request a Permission for Medication form **only** if your child will need prescription or over-the-counter medication during the school year. If at all possible, medication should be given at home.

There are several programs available to assist children with medical, vision and dental needs. Please contact me for additional information.

We are concerned about the health of your child here at Mill Creek Elementary and will make every effort to assist you in keeping your child healthy so that he/she can achieve their highest potential.

Debra Stewart, NBCSN, RN, BSN

Office Hours: 7:30 a.m. 3:00 p.m.

Telephone: (803) 695-4072
