

Music at Home Bingo

Pick **2** squares a day with a music activity that you think you would enjoy! The goal is to try and get a “Bingo” two different ways! Several of the squares suggest using websites for your music fun and the websites are included below. Please remember to ask an adult for their guidance before you use the internet.

Assignment for Kindergarten, First, & Second Grade: After each activity for that day is completed, have a discussion with your parent/guardian describing the activity and what you learned. After each activity is completed, have your parent/guardian to initial each box of the music bingo card.

Assignment for Third, Fourth, & Fifth Grade: After each activity for that day is completed, write a summary answering the following questions:

- Describe the activity.
- What did you learn?
- Did you recognize anything from the activities that was taught in music class?

To receive credit for your work, have your parent/guardian to read and sign the bottom of your summaries.
