PREQUALIFICATION OF CONTRACTORS AND SUBCONTRACTORS

Prequalification Procedures

PART 1: OVERVIEW OF PUBLIC CONTRACT CODE SECTION 20111.6 PREQUALIFICATION REQUIREMENTS

As applicable, with respect to the Vallejo City Unified School District (“District”), Public Contract Code Section 20111.6 prequalification requirements are applicable to projects that are to be completed using the “lease-leaseback” construction delivery method authorized pursuant to Section 17406 (“LLB”) as well as other construction delivery methods. The contractors that must be prequalified for a project are the person, firm or corporation that constructs the project (each a “Contractor”), and, if used, any mechanical, electrical and plumbing (“MEP”) subcontractors having a contractor license in any of the following specialty categories:

- C-4 (boiler, hot water, and steam fitting);
- C-7 (low-voltage systems);
- C-10 (electrical);
- C-16 (fire protection);
- C-20 (HVAC);
- C-34 (pipeline);
- C-36 (plumbing);
- C-38 (refrigeration);
- C-42 (sanitation systems);
- C-43 (sheet metal); and
- C-46 (solar).

The Governing Board of the District has adopted this Contractor Prequalification Package for purposes of implementing the prequalification requirements for the public projects undertaken by the District that are to be constructed using the LLB construction delivery method and other construction delivery methods that will be subject to certain mandatory prequalification requirements (each a “District Project”).

PART 2: APPLICABILITY OF REQUIREMENTS

Each Contractor that will construct a District Project (which may or may not be the entity that directly contracts with the District to implement the lease-leaseback arrangement), and each MEP subcontractor holding any of the specialty contractor’s licenses described in Part 1 herein that will perform any work on the District Project, must first be prequalified by the District in accordance with this Contractor Prequalification Package.

IF A CONTRACTOR IS SUBJECT TO PREQUALIFICATION, AND SUCH CONTRACTOR HAS NOT BEEN PREQUALIFIED IN ACCORDANCE WITH THE REQUIREMENTS HEREIN, THE DISTRICT WILL NOT ENTER INTO ANY CONTRACT WITH THAT CONTRACTOR FOR A DISTRICT PROJECT OR, OTHERWISE, PERMIT THAT CONTRACTOR TO PERFORM ANY WORK ON A DISTRICT PROJECT.

As provided in this Contractor Prequalification Package, the District will accept and process Prequalification Submittals from any Contractor (presumably a contractor with an A or B contractor license) and from MEP subcontractors (with specialty licenses as specified in Part 1 herein). Each Contractor shall be responsible for determining what portions of that work will be performed by MEP subcontractors subject to the prequalification requirements and for ensuring that such subcontractors are prequalified in accordance with this Contractor Prequalification Package.

To the extent any two (2) or more entities, acting together, intend to act as a Contractor, each such entity must be separately prequalified pursuant to the requirements of this Contractor Prequalification Package.

Note that prequalification in accordance with this Contractor Prequalification Package is not in lieu of and does not supersede any express prerequisites set forth in the contract documents applicable to contractors performing work on any of the District Projects, including, without limitation, any required certification or license in connection with any specified material or product, type of material or product, or process.

Contractor Selection – The District reserves the right to: (1) Direct this Prequalification to a single, particular contractor; or (2) Establish a pool of prequalified contractors.

PART 3: REQUIREMENTS FOR PREQUALIFICATION SUBMITTAL

Each Contractor and MEP subcontractor that desires to prequalify must submit to the District a Prequalification Submittal that includes: (i) the prequalification questionnaire included in this Contractor Prequalification Package (“Questionnaire”), fully completed and executed by a duly-authorized officer or other representative of the contractor; and (ii) all supporting documentation as specified in the Questionnaire.

A Prequalification Submittal must include the Questionnaire included in this package, without modification. If a contractor submits a modified or alternate form of questionnaire, the District will reject that contractor’s Prequalification Submittal.

In order for a contractor’s Prequalification Submittal to be considered by the District, the contractor must answer all questions in the Questionnaire and must provide all information and documentation that the Questionnaire requires. Such information and documentation must, as indicated in the Questionnaire, be set forth in, attached to, or submitted with the Prequalification Submittal, and must be provided in the order specified in the Questionnaire. Contractors must submit the completed and executed Questionnaire, with supporting information, as a single submittal, and the District will reject any Prequalification Submittal that is not fully complete when received by the District.

Prequalification Submittals, including all supporting information can be submitted electronically by email.

The Prequalification Submittal (including electronic copy) must be in a sealed envelope, with the following clearly and legibly marked on the outside of the envelope: (i) the words “Attention: Prequalification Submittal”; (ii) the contractor’s name; and (iii) the contractor’s address.

Prequalification Submittals must be: (i) delivered to the District at the Location for Delivery of Prequalification Submittals set forth on the cover sheet to this Contractor Prequalification Package; and (ii) received by the District prior to the Prequalification Submittal Deadline set forth on the cover sheet to this Contractor Prequalification Package.

Each Prequalification Submittal received by the District shall, upon receipt, become the District's property, and the District shall have no obligation whatsoever to return a contractor's Prequalification Submittal or any copies thereof. Subject to maintaining the confidentiality of the information set forth in a contractor's Prequalification Submittal (other than the information set forth in Section I of the Questionnaire), the District, without notice to or recourse by the contractor, may destroy or otherwise dispose of the Prequalification Submittal as the District deems appropriate.

PART 4: MODIFICATION OF PREQUALIFICATION SUBMITTAL

At any time prior to the Prequalification Submittal Deadline, a contractor may modify a Prequalification Submittal that it has already submitted to the District by concurrently: (i) giving written notice that it is thereby superseding the Prequalification Submittal that it previously submitted; and (ii) submitting to the District the modified, fully complete Prequalification Submittal. Such notice and modified Prequalification Submittal must be delivered to the Location for Delivery of Prequalification Submittals and must be received by the District prior to the Prequalification Submittal Deadline.

Upon timely receipt of such notice and modified Prequalification Submittal from a contractor, the District will supersede the contractor's prior Prequalification Submittal with the contractor's modified Prequalification Submittal. A modified Prequalification Submittal must satisfy all requirements of this Contractor Prequalification Package, including, without limitation, those set forth in Part 3 herein.

The District will reject any modified Prequalification Submittal that is not received by the District prior to the Prequalification Submittal Deadline and/or that does not satisfy all requirements of this Contractor Prequalification Package. In the event the District rejects a contractor's modified Prequalification Submittal, the District will review and process the Prequalification Submittal originally submitted by the contractor, if that Prequalification Submittal satisfies all requirements of this Contractor Prequalification Package; provided, however, that such contractor may withdraw its original Prequalification Submittal as provided in Part 5 herein.

PART 5: WITHDRAWAL OF PREQUALIFICATION SUBMITTAL

A contractor, at any time, may withdraw a Prequalification Submittal that it has submitted to the District, by giving written notice of withdrawal. Such notice must be delivered to the District representative identified in Part 15 herein. Upon receipt of a contractor's withdrawal notice, whichever of the following is applicable shall govern the District's response and disposition of the contractor's Prequalification Submittal:

- (i) If a contractor's withdrawal notice is received by the District prior to review of the Prequalification Submittal, the District will not review that Prequalification Submittal;

- (ii) If a contractor's withdrawal notice is received by the District after the District has commenced review of the Prequalification Submittal, the District will stop its review of the Prequalification Submittal; or
- (iii) If a contractor's withdrawal notice is received by the District after it has completed its review of the Prequalification Submittal, the contractor, if prequalified by the District, may request that the District cancel the contractor's prequalification status.

A contractor that submits a written notice to thereby withdraw its Prequalification Submittal shall have no rights whatsoever to appeal any decision or lack of decision by the District in regard to the contractor's prequalification status, pursuant to Part 12 herein or otherwise.

PART 6: ADDENDA TO THIS CONTRACTOR PREQUALIFICATION PACKAGE

The District reserves the right, at any time prior to any Prequalification Submittal Deadline, to issue any one or more addenda to this Contractor Prequalification Package.

Each contractor shall be responsible for checking the District's website to determine if the District has issued any one or more addenda to this Contractor Prequalification Package. If a contractor has any question as to how to obtain such information from the District's website, the contractor may contact the District representative identified in Part 15 herein. Each contractor must acknowledge in its Questionnaire that it has received or obtained a copy of each addendum to this Contractor Prequalification Package.

If the District issues an addendum to this Contractor Prequalification Package less than 72 hours prior to the Prequalification Submittal Deadline, the addendum will specify an extension of time for submission of Prequalification Submittals, which shall be not less than 72 hours from the date and time the District issued such addendum.

PART 7: TIMELINESS OF PREQUALIFICATION SUBMITTAL

Each contractor is responsible for ensuring that its Prequalification Submittal is timely received by the District, and the District shall in no way be responsible for any failure of any Prequalification Submittal to be timely received by the District, including, without limitation, because of late delivery by a delivery service, back-up of traffic on any street or in any parking lot, or back-up or line at any District public counter or reception desk. Such clock, computer or other device in or at the Location for Delivery of Prequalification Submittals as designated by the District for purposes of determining the time the Prequalification Submittal Deadline is to occur shall be conclusively determinative as to such time, regardless of any variation from any other clock or device. The District shall reject each Prequalification Submittal that it receives after the Prequalification Submittal Deadline as non-responsive to the requirements of this Contractor Prequalification Package. The District will not substantively review any such untimely Prequalification Submittals.

PART 8: RESPONSIVENESS OF PREQUALIFICATION SUBMITTAL

The District will review each timely-received Prequalification Submittal to determine whether it is complete and otherwise responsive to the requirements of this Contractor Prequalification Package. The District shall reject a Prequalification Submittal as being non-responsive to the

requirements of this Contractor Prequalification Package in any of the following situations: (i) the contractor modified the Questionnaire or submitted a questionnaire other than the form included in this Contractor Prequalification Package; (ii) the contractor failed to respond, or to fully respond, to all of the questions and other requirements of the Questionnaire, or otherwise failed to provide with its Prequalification Submittal all information required to be specified in, attached to, or submitted with its Prequalification Submittal; (iii) the Questionnaire is not certified and signed subject to penalty for perjury by a person with the authority to bind the contractor; or (iv) the Prequalification Submittal otherwise does not satisfy all requirements of this Contractor Prequalification Package.

Notwithstanding the foregoing, the District reserves the right to waive any irregularity in any timely-received Prequalification Submittal that, in the District's opinion, does not constitute a material variation from the requirements of this Contractor Prequalification Package.

If the District determines that a contractor's Prequalification Submittal is non-responsive, the District will provide notice to the contractor specifying in reasonable detail the basis or bases for such determination ("Notice of Non-Responsiveness"). The District will send such Notice of Non-Responsiveness: (i) electronically to the e-mail address specified by the contractor in Section II of its Questionnaire; and (ii) by U.S. Mail to the street address specified by the contractor in Section II of its Questionnaire.

PART 9: RATING SYSTEM

With respect to each Prequalification Submittal that the District, in accordance with Part 8 herein, determines is responsive to the requirements of this Contractor Prequalification Package, the District will apply specific criteria to the information specified by the contractor in its Questionnaire, in order to determine if the contractor will be rated as "prequalified." Such criteria are described in the Questionnaire.

Any contractor that does not meet all of the essential requirements for prequalification specified in Section III of the Questionnaire shall be disqualified (i.e., not prequalified), regardless of whether the contractor satisfied any or all other criteria for prequalification.

With respect to each Section (or group of Sections) of the Questionnaire that are to be numerically scored, any contractor that does not score the required minimum number of points for such Section (or group of Sections) shall be disqualified (i.e., not prequalified), regardless of whether the contractor satisfied any or all other criteria for prequalification.

Question 1 of Section XIII of the Questionnaire applies to any contractor seeking to be prequalified as a Contractor, and Question 2 of Section XIII applies to any contractor seeking to be prequalified as a subcontractor. Therefore, either Question 1 or Question 2 of Section XIII of the Questionnaire will be scored, not both, and each contractor must answer only Question 1 or Question 2, not both.

The minimum number of points for each numerically-scored Section (or group of Sections) of the Questionnaire are set forth in the following table.

Questionnaire Section(s)	Total Possible Points	Min. Required Points
Section V (History and Organizational Performance) and Section VI (Contractor Licenses), combined	40	20
Section VII (Construction and Bid Disputes) and Section VIII (Criminal and Civil Actions), combined	60	50
Section IX (Financial Capacity)	32	24
Section X (Bonding Capacity)	15	8
Section XI (Health and Safety) and Section XII (Prevailing Wages and Apprenticeship), combined	53	35
Section XIII (Public Project Experience)	30	21

PART 10: DETERMINATION OF MAXIMUM AUTHORIZED CONTRACT AMOUNT

With respect to each contractor that the District, as described in Part 9 herein, determines is prequalified, the District will also determine the maximum amount of any contract that such contractor may enter into in connection with any of the District Projects (“Maximum Authorized Contract Amount”). A contractor’s Maximum Authorized Contract Amount will be based on the contractor’s responses to Questions 3 and 4 of Section XIII of the Questionnaire. The District will determine the average of the contract amounts specified in response to Question 3 and the average of the contract amounts specified in response to Question 4. A contractor’s Maximum Authorized Contract Amount shall be calculated by adding to the greater of such two (2) averages the additive amount specified in the table below that is applicable to such average amount. Note, however, that a contractor that has an average contract amount equal to or greater than twenty million dollars (\$20,000,000) may contract for work on any of the District Projects in any amount.

Average Contract Amount (“ACA”)	Maximum Authorized Contract Amount
≥ \$1,000,000 but < \$3,000,000	ACA + \$1,000,000
≥ \$3,000,000 but < \$10,000,000	ACA + \$5,000,000
≥ \$10,000,000 but < \$20,000,000	ACA + \$10,000,000

Average Contract Amount (“ACA”)	Maximum Authorized Contract Amount
≥ \$20,000,000	Unlimited

THE DISTRICT WILL NOT AWARD A CONTRACT TO A CONTRACTOR THAT IS IN EXCESS OF THE CONTRACTOR’S MAXIMUM AUTHORIZED CONTRACT AMOUNT.

IF A CONTRACTOR AWARDS A CONTRACT TO A MEP SUBCONTRACTOR THAT IS IN EXCESS OF THE SUBCONTRACTOR’S MAXIMUM AUTHORIZED CONTRACT AMOUNT, THE DISTRICT MAY REQUIRE SUBSTITUTION OF THAT SUBCONTRACTOR AT NO ADDITIONAL COST TO THE DISTRICT.

Each Contractor shall be responsible for ensuring that the amounts of the contracts that it awards to MEP subcontractors do not exceed the MEP subcontractors’ respective Maximum Authorized Contract Amounts. If the Contractor’s contract with a MEP subcontractor exceeds the MEP subcontractor’s Maximum Authorized Contract Amount, then, immediately upon request of the District, the Contractor must substitute one (1) or more other prequalified MEP subcontractors in place of the initial MEP subcontractor. In such event, if the Contractor desires to substitute two (2) or more MEP subcontractors in place of the initial MEP subcontractor, that initial MEP subcontractor may be one (1) of the substitute MEP subcontractors, if the amount of the new subcontract will not exceed the initial MEP subcontractor’s Maximum Authorized Contract Amount.

EACH CONTRACTOR SHALL BE RESPONSIBLE FOR COMPLIANCE WITH THE FOREGOING, AND IN NO EVENT SHALL THE DISTRICT BE RESPONSIBLE OR LIABLE FOR COSTS INCURRED BY A CONTRACTOR THAT IS REQUIRED TO PROVIDE ANY SUBSTITUTE MEP CONTRACTOR IN ACCORDANCE WITH THE FOREGOING.

PART 11: NOTICE OF PREQUALIFICATION DETERMINATION

Within a reasonable time following the Prequalification Submittal Deadline, the District will issue a written “Notice of Prequalification Determination” to each contractor from which the District received a timely Prequalification Submittal.

The District will send a Notice of Prequalification Determination to a contractor: (i) electronically to the e-mail address specified by the contractor in Section II of its Questionnaire; and (ii) by U.S. Mail to the street address specified by the contractor in Section II of its Questionnaire.

A Notice of Prequalification Determination to a Contractor will serve as notice to the contractor regarding whether it is prequalified for award of a District contract for work on any of the District Projects. If a Contractor is so prequalified, the Notice of Prequalification Determination will also specify the Maximum Authorized Contract Amount for which the contractor has been prequalified.

A Notice of Prequalification Determination to a MEP subcontractor will serve as notice to the contractor regarding whether it is prequalified to contract with a Contractor for work on a District Project. If a MEP subcontractor is so prequalified, the Notice of Prequalification Determination

will also specify the Maximum Authorized Contract Amount for which the subcontractor has been prequalified.

In the event a Notice of Prequalification Determination specifies that Contractor or MEP subcontractor has been disqualified (i.e., not prequalified), the Notice of Prequalification Determination shall also specify the basis or bases for such determination.

PART 12: APPEAL PROCESS

Untimely Submittals: If the District rejects a contractor's Prequalification Submittal as non-responsive because the District did not receive the Prequalification Submittal prior to the Prequalification Submittal Deadline, the rejection shall be deemed final and the contractor shall have no right to appeal such rejection to the District.

Withdrawn Submittals: A contractor that submits a written notice, as provided in Part 5 herein, to thereby withdraw its Prequalification Submittal shall be deemed and construed to have waived any and all rights to challenge any determination (or lack of determination) by the District in regard to the contractor's Prequalification Submittal or its prequalification status, including, but not limited to, any administrative, judicial or other rights, and such contractor shall have no rights whatsoever to file any appeal with the District in regard to such matters.

Timely but Non-Responsive Submittals: If a contractor timely submitted a Prequalification Submittal to the District, but the District rejected the Prequalification Submittal as non-responsive to the requirements of this Contractor Prequalification Package, the contractor may appeal such rejection to the District. A contractor's appeal shall be deemed to have merit only if the contractor can demonstrate that, as submitted, the Questionnaire was fully complete, the Prequalification Submittal included all supporting information that the Questionnaire required be included, and the Prequalification Submittal otherwise complied with all requirements herein. If, upon administrative review of a contractor's appeal, the District determines that the contractor's Prequalification Submittal was responsive, the District shall review the Prequalification Submittal to determine whether or not the contractor is prequalified to perform work on District Projects and, thereafter, the District will issue a Notice of Prequalification Determination to the contractor as provided in Part 11 herein.

Disqualification: If a contractor timely submitted a responsive Prequalification Submittal to the District, but, as specified in the Notice of Prequalification Determination, the contractor was disqualified (i.e., not prequalified) by the District, the contractor may appeal such determination by the District. A contractor's appeal shall be deemed to have merit only if the contractor can demonstrate that the District did not correctly apply the scoring criteria specified in the Questionnaire to the contractor's Prequalification Submittal as submitted. If, upon administrative review of a contractor's appeal, the District determines that the contractor should have been prequalified, the District will issue a revised Notice of Prequalification Determination to the contractor.

Maximum Authorized Contract Amount: A contractor that has been prequalified by the District may appeal the District's determination as to the Maximum Authorized Contract Amount assigned to the contractor, as specified in the Notice of Prequalification Determination sent by the District to such contractor. A contractor's appeal shall be deemed to have merit only if the contractor can demonstrate that the District did not correctly calculate the Maximum Authorized Contract

Amount in accordance with Part 10 herein, based solely on the contractor's Prequalification Submittal as submitted. If, upon administrative review of a contractor's appeal, the District determines that the contractor should have been assigned a different Maximum Authorized Contract Amount, the District will issue a revised Notice of Prequalification Determination to the contractor.

Deadline for Filing Appeals: A contractor that is authorized by this Part 12 to file an appeal must file its appeal with the District ***not later than 2:00 p.m. on the fourth calendar day*** following the date the District sends to the contractor via e-mail either the Notice of Non-Responsiveness or the Notice of Prequalification Determination, whichever is applicable ("Appeals Deadline"). For example, if the District sends a notice to a contractor via e-mail on a Monday, the Appeals Deadline will be 2:00 p.m. on the following Friday. If a contractor fails to file an appeal prior to the applicable Appeals Deadline, the contractor shall be deemed and construed to have waived any and all rights to challenge any determination by the District in regard to the contractor's Prequalification Submittal or its prequalification status, including, but not limited to, any administrative, judicial or other rights.

Method of Filing Appeal: Appeals may be filed with the District only by a contractor that timely submitted a Prequalification Submittal to the District and that is otherwise authorized to file an appeal by this Part 12. A contractor's appeal must: (i) be in writing on 8½ x 11 inch paper; (ii) specify in reasonable detail all bases for the appeal (e.g., errors by the District); (iii) specify in reasonable detail all facts asserted by the contractor in support of its appeal; (iv) include all documentation upon which the contractor will rely in connection with the appeal; and (v) must include signed certification by an authorized representative of the contractor in the following form "The undersigned hereby certifies, subject to penalty for perjury pursuant to the laws of the State of California, that: (1) the undersigned is a duly-authorized representative of the contractor that has filed this appeal; and (2) all assertions and facts set forth in this appeal by or on behalf of the contractor are true and correct." A contractor's appeal must be enclosed in a sealed envelope and must be addressed and delivered to the District contact person specified in Part 15 herein.

Appeal Review and Hearing: Each appeal received by the District prior to the applicable Appeals Deadline shall be administratively reviewed by a person or persons designated by the District. A contractor's appeal may request that the District conduct a hearing on the appeal, in which event, the District shall schedule such hearing at a time and on a date that takes into consideration the number of appeals received by the District, District staff workload, and other relevant factors. Because of those factors, the District will not consider the convenience to the contractor when scheduling any appeal hearing. If a contractor or its authorized representative does not appear for its appeal hearing at the time and on the date scheduled by the District, the District shall rule on the contractor's appeal solely on the basis of the content of the contractor's written appeal. Appeal hearings will be informal and not subject to formal procedural requirements similar to those applicable to judicial hearings, although the District may impose a time limit on the hearing or any element thereof, and each person at the hearing must act in a courteous and professional manner. The purpose of a contractor's appeal hearing shall be to provide the contractor with a reasonable opportunity to present information and arguments in support of its appeal.

District Decision on Appeal: In rendering a decision on a contractor's appeal, the District will consider the contractor's written appeal, the information and arguments submitted by the contractor at its appeal hearing, if a hearing was conducted, and any other information the District may deem relevant to the appeal. The District will set forth its decision in regard to a contractor's

appeal in a written notice to the contractor (“Notice of Decision on Appeal”), which, in appropriate cases, may include a revised Notice of Prequalification Determination. The District will send the Notice of Decision on Appeal to a contractor: (i) electronically to the e-mail address specified by the contractor in Section II of its Questionnaire; and (ii) by U.S. Mail to the street address specified by the contractor in Section II of its Questionnaire. The issuance of a Notice of Decision on Appeal by the District, after administrative review by the District of a contractor’s appeal, shall be mandatory prerequisite to the filing or initiation of any Government Claims Act claim or judicial or other legal or equitable action relating to the contractor’s Prequalification Submittal or its prequalification status.

PART 13: SUBSEQUENT REVIEW BY DISTRICT

Notwithstanding that the District, as provided in this Contractor Prequalification Package or by other process, may have determined that a contractor is prequalified to contract for and perform work on a District Project, the District may at any time: (i) request, receive, obtain, and evaluate information relating to whether the contractor is a “responsible” contractor; and (ii) undertake proceedings to determine whether the contractor is a “responsible” contractor for purposes of performing work on District Projects.

In addition, in the event the District reasonably determines that any information set forth in a contractor’s Prequalification Submittal is false, misleading or inaccurate in any material respect, the District shall have the right to: (i) revoke the contractor’s prequalification status; (ii) terminate for cause any contract that it has with the contractor (in which event the false, misleading or inaccurate information shall be conclusively deemed a sufficient cause for termination); (iii) require that any direct contractor to the District using the contractor as a subcontractor substitute a different subcontractor in place of the contractor (in which event the false, misleading or inaccurate information shall be conclusively deemed a sufficient cause for substitution); and/or (iv) recover all costs, losses, damages incurred by the District as a result of such misleading or inaccurate information or in connection with any of the foregoing actions by the District.

PART 14: CERTAIN INFORMATION NOT A PUBLIC RECORD

The information set forth in Section I of the Questionnaire submitted by a contractor shall be public information and may be disseminated by the District, whether upon request or on its own volition. However, all other information set forth in a contractor’s Prequalification Submittal, including, but not limited to, any financial statement or CPA letter, shall not be public information and shall not be open to public inspection, unless made subject to such inspection by law or order of a governmental entity with competent jurisdiction. However, the District may disclose the information in any Prequalification Submittal to third parties for the purpose of verification and/or investigation, including, without limitation, for purposes of any appeal hearing.

PART 15: CONTACTING THE DISTRICT

Questions regarding this Contractor Prequalification Package must be set forth in writing and sent via e-mail to Valezka Emes (“District’s Representative”), the District’s Director of Facilities and Bond Program, at vemes@vcusd.org. The e-mail subject line of each such question should be specified as “Question Regarding Contractor Prequalification Package.” No person other than the District’s Representative is authorized to receive questions relating to this Contractor Prequalification Package, and the District shall have no obligation to respond to questions sent to

any person or entity other than the District's Representative. In its discretion, the District may deem non-responsive the Prequalification Submittal of any contractor that, in connection with this Contractor Prequalification Package, contacts any District representative other than the District's Representative, including, without limitation, any member of the District Governing Board.

Questions regarding this Contractor Prequalification Package must be received by the District no later than seventy-two (72) hours prior to the Prequalification Submittal Deadline ("Deadline for Questions"). The District, in its discretion, may determine not to respond to any question submitted after the Deadline for Questions. If the District determines to respond to a question submitted after the Deadline for Questions, the District may extend the deadline for submittal of Prequalification Submittals so that all contractors will have the benefit of responses to questions submitted after the Deadline for Questions.

The District, in its discretion, may or may not respond to any question that it receives in regard to this Contractor Prequalification Package, and the District may determine to respond only to questions that raise issues generally of importance to all contractors or to the prequalification process. If the District does not respond to a question, the Contractor Prequalification Package will be interpreted on the basis of its "plain language" meaning and the lack of response to any question submitted in accordance with this Part 15 shall not be a basis for any challenge or appeal by any contractor. If the District chooses to respond to a question submitted in accordance with this Part 15, the District's response will be in the form of an addendum to this Contractor Prequalification Package issued in accordance with Part 6 herein. In no event shall the District be responsible or liable for any failure of any contractor to receive or obtain any such addendum.

3. Has the Contractor or any of its owners, officers or partners ever been convicted of a federal or state crime of fraud, theft, or any other act of dishonesty, and such conviction WAS NOT overturned on appeal?
- Yes No

(For all questions in this Section VIII, the District reserves the right to seek additional information for any questions answered "Yes". The District further reserves the right to disqualify the contractor, in its sole discretion, based on such additional information.)

SECTION IX: FINANCIAL CAPACITY

(The Contractor must comply with either Question 1 or Question 2, below, but the Contractor may comply with both. If the Contractor complies only with Question 1, the District will determine the ratios described below based on information in the Contractor’s financial statement. For purposes of the Working Capital ratio, the “Estimated Project Cost” for Contractors is assumed to be \$5 million and the Estimated Project Cost for MEP subcontractors is assumed to be \$1 million.)

1. Attach to this Questionnaire a copy of the Contractor’s reviewed or audited financial statement for the Contractor’s most-recent completed fiscal year, with accompanying notes and supplemental information. *(A financial statement that is not either reviewed or audited is not acceptable. A letter verifying availability of a line of credit is not a substitute for the required financial statement.)*

2. Attach to this Questionnaire a letter on the letterhead of an independent certified public accountant that specifies the financial ratios described in Table IX-A, below, for the Contractor’s most-recent completed fiscal year. The letter must be certified to be free of knowingly false, fictitious and fraudulent information and signed by a partner in the CPA firm and by the Contractor’s chief financial officer, president or chief executive officer. Attach to this Questionnaire a release letter authorizing the District to contact your accountant to verify the information.

TABLE IX-A

Ratio	Formula	Desired Ratio
Current	Current Assets divided by Current Liabilities	> 1.15
Net Worth	Total Assets minus Total Liabilities	≥ 0.0
Working Capital	Current Assets minus Current Liabilities, divided by Estimated Project Cost	≥ 10%
Leverage	Total Liabilities divided by Equity	≤ 2.5

SECTION X: BONDING CAPACITY

1. Attach to this Questionnaire a notarized statement from the surety insurer that would issue payment and performance bonds on behalf of the Contractor, if the District were to award

a contract for work on any of the District Projects to the Contractor. Such surety insurer must be an “admitted” surety insurer, i.e., authorized by the California Department of Insurance to conduct business and issue bonds in California. The notarized statement must be from such admitted surety insurer itself, not from a broker, agent or other representative of the surety insurer. The statement must specify: (i) the name of the surety insurer; (ii) the name, address and telephone number of the surety insurer’s local representative or agent; and (iii) the Contractor’s per-project and aggregate bonding capacity at the time the Contractor submits this Questionnaire to the District. Attach to this Questionnaire a release letter authorizing the District to contact your surety to verify the information.

2. At any time during the last five years, was the Contractor required to pay a premium of more than one percent for a performance and payment bond for a construction project?

Yes No

3. If, at any time during the last five years, any surety insurer (in addition to the surety that provided the notarized statement pursuant to Question 1 of this Section X) issued any payment or performance bond on behalf of the Contractor, list in Table X-A, below: (i) the name of each such surety insurer; (ii) such surety’s address; and (iii) the date the surety issued the bond.

TABLE X-A

Surety Name	Address	Date Bond Issued

4. At any time during the last five years, has a surety insurer refused to issue a bond on behalf of the Contractor, or has there ever been a period of time when the Contractor had no surety bond in place during a public construction project when one was required?

Yes No

SECTION XI: HEALTH AND SAFETY

1. At any time during the last five years, has the California Occupational Safety and Health Administration (“Cal-OSHA”) cited the Contractor for any “serious,” “willful” or “repeat”

violations of safety or health laws or regulations, and such citation WAS NOT withdrawn or overturned on appeal?

Yes No

2. At any time during the last five years, has the federal Occupational Safety and Health Administration (“Fed-OSHA”) cited the Contractor for violations of safety or health laws or regulations, and such citation WAS NOT withdrawn or overturned on appeal?

Yes No

3. At any time during the last five years, has a federal or state Environmental Protection Agency, Air Quality Management District, or Regional Water Quality Control Board cited the Contractor (or cited the owner of a project for which the Contractor was responsible for environmental compliance) for violation of any environmental law or regulation, and such citation WAS NOT withdrawn or overturned on appeal?

Yes No

4. Specify the frequency during the course of a construction project (*e.g., daily, once every two days, weekly, once every two weeks, monthly or other*) that the Contractor requires documented safety meetings to be held for construction employees and field supervisors:

More than Daily Daily
 Weekly Less than Weekly

5. Specify the frequency during the course of a construction project (*e.g., daily, once every two days, weekly, once every two weeks, monthly or other*) that the Contractor requires a safety manager or officer to conduct inspections of the project and work site:

More than Daily Daily
 Weekly Less than Weekly

6. In the appropriate spaces below, specify the Contractor’s Experience Modification Rate (EMR) (California workers’ compensation insurance), as determined by the Contractor’s workers’ compensation insurance carrier, for each of the past three premium years.

Current year: _____
Last year: _____
Year prior to last year: _____

7. At any time during the last five years, was there ever a period when the Contractor had employees, but was without workers’ compensation insurance or state-approved self-insurance?

Yes No

SECTION XII: PREVAILING WAGES AND APPRENTICESHIP

1. At any time during the last five years, was the Contractor required to pay either back wages and/or penalties because the Contractor failed to comply with federal or state prevailing-wage laws? *(This question pertains only to violations of prevailing wage laws by the Contractor, not by any subcontractor to the Contractor.)*

Yes No

2. Specify below the name, address and telephone number of the apprenticeship program (approved by the California Apprenticeship Council) from which the Contractor (if the District awards a contract to the Contractor for work on any of the District Projects) will, if applicable, request the dispatch of apprentices for use on any of the District Projects:

Name: _____

Address: _____

Tel: _____

3. Does the Contractor operate its own State-of-California-approved apprenticeship program?

Yes No

4. At any time during the last five years, has the Contractor been found to have violated any provision of California apprenticeship laws or regulations, or the laws pertaining to use of apprentices on public works?

Yes No

SECTION XIII: PUBLIC PROJECT EXPERIENCE

Answer the following question only if Contractor seeks to be prequalified as a Contractor. Do not answer both this Question and the following Question 3.

1. Specify the number of public projects that the Contractor completed during the last ten years, in each case acting as a general contractor or construction manager pursuant to direct contract with a California public school district, and for which projects the approval by the California Department of General Services, Division of State Architect (“DSA”) was required: _____

2. Specify the number of public projects that the Contractor completed during the last ten years, in each case acting as a general contractor or construction manager pursuant to direct contract with a California public school district **which utilized “lease-leaseback” construction delivery method authorized pursuant to Section 17406**, and for which
