UNDERSTANDING YOUR MEMBER ID CARD

Member name -

Each family member covered by your plan will have an ID card. This includes minor children.

Member ID number

Your member ID number helps providers look up your plan details. We also use it to track expenses.

The sample shown is a guide only. The information and the format of your card may vary.

UNDERSTANDING YOUR HEALTH PLAN

Having health insurance means you and a health plan share in paying your medical costs. The plan tracks what you pay in medical costs and applies eligible costs toward certain milestones. When your costs hit these milestones, you move into the next stage of your plan. Your share of costs becomes less as you reach each stage. Here's how it works:

Stage 1: Deductible -

Each year, you pay for all covered medical services until you meet your deductible.

Stage 2: Coinsurance

Premium -

Then, the health plan starts sharing a percentage of your costs until you reach your out-of-pocket maximum. Example: 80/20 coinsurance means the plan pays 80 percent and you pay 20 percent.

Stage 3: Out-of-pocket maximum

At this point, the health plan pays all your covered medical costs for the rest of the plan year.* *Covered medical costs up to the lifetime maximum. Your deductible and coinsurance **count toward** your out-of-pocket maximum.
