

## London Independent School District

### Pre-Kindergarten Family Engagement Plan

The London ISD Pre-Kindergarten program functions to ensure high quality learning exists for our youngest learners. Our goal is to ensure each Pre-Kindergarten student has the opportunity to experience high quality curriculum and instruction. London ISD will work collaboratively within our school and community. We all share the responsibility to encourage and support initiatives, activities, and practices that enhance the success of student learning and achievement.

Family Engagement, as defined by TEA, is the mutual responsibility of families, schools, and communities to build relationships to support student learning and achievement and to support family well-being and the continuous learning and development of children, families, and educators.

TEA has defined six family engagement categories that must be supported within the local family engagement plan. The following goals and strategies explain how London ISD is engaging families.
