This document is provided as a convenience and not intended to replace the online Provider Finder experience which has greater functionality, more provider and facility information and important disclaimers. For example, if your search is an "All Plan/networks" search and includes providers located in California, this document may contain out-of-network providers.

## Important Information

---

The providers below have been identified as offering breastfeeding support or lactation counseling services. This is not an exhaustive list of all network providers who offer these services. Other providers who typically offer the service may be identified by searching for obstetrician-gynecologists, pediatricians, certified nurse midwives, certified nurse practitioners, or certified nurse specialists.

Your benefits plan may cover Blue Distinction Plus and Blue Distinction Centers at a higher level of benefits, which will be less cost to you. If you would like to view only Blue Distinction Centers, please use the filter at the top to select a Blue Distinction specialty.

Provider data changes regularly. These results are accurate as of the date the PDF was created.
