## Construction Update

Jim Choate, Executive Director of Facilities and Transportation, provided the Trustees with a construction update on a variety of projects. He stated that the Vista View modernization is progressing nicely, and is approximately 60-65 percent completed. The Star View modernization is in the design phase, which will be followed by the bidding phase, with construction planned to begin in July.

Mr. Choate spoke about deteriorating fencing at Harbour View. We will replace the 5' tall chain link fencing with 8' galvanized chain link fencing. Security updates were discussed for the property that houses our Facilities and Transportation Departments. Potential updates include replacing 6-8' fencing with 10'-12' fencing, and adding new vehicle gates, surveillance cameras, and security alarms. [See the presentation here.](#)

## 2nd Interim Report

Keith Farrow, Assistant Superintendent of Administrative Services, provided the Trustees with the 2021-22 2nd Interim Budget Report. He discussed the most current budget information and OVSD's five significant budget challenges that include: declining enrollment, low schools enrollment, program contributions, staffing, and the economic impact of COVID-19. The Board approved submitting the 2nd Interim Report with a Positive Certification to the OCDE. [See the presentation here.](#)

## 2022-2023 Calendar

The Board approved the OVSD 2022-2023 school calendar. The first day of school will be on Wednesday, September 7. You can find the calendar [here.](#)
