Comprehensive School Safety Plans for 2023-2024

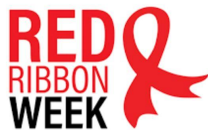

The Board of Trustees approved the Comprehensive School Safety Plans for the 2023-2024 school year. Education Codes 32280-32282 require each public school to develop a School Safety Plan that addresses the safety concerns identified in these codes and the prevention of potential incidents involving crime and violence on school campuses.

In accordance with Education Code 32286, the School Safety Plan shall be reviewed and updated as needed by March 1 of each year. The School Safety Plans for 2023-2024 were approved by each school's Site Council prior to receiving Board approval. Memorandum of Understanding for Universal Instructional Assistants

The Ocean View School District is committed to providing students with high-quality after school childcare programming that is focused on developing academic, social, emotional, and physical needs and interests of students through the Expanded Learning Opportunities Program for Transitional Kindergarten (TK) through 6th grade.

To help recruit and retain Classified staff members to work in the After School Childcare Program, the Board approved a Memorandum of Understanding (MOU) with CSEA to provide Universal Instructional Assistants a shift differential of \$6.50 per hour for hours worked from 2:00 p.m. to 6:00 p.m. in the Program. This wage increase will hopefully guarantee a bigger pool of applicants to staff our After School Childcare Program.
