

School Illness Guidelines

The following guidelines have been developed to help you determine when your student needs to stay home or go home from school

In most situations, any student who develops new, unexplained symptoms should not return to campus until it is clear that symptoms are mild and improving or are due to a non-infectious cause. For some instances a healthcare provider documentation may be requested.

COVID-19 Positive Please notify the school office if your student tests positive	<ul style="list-style-type: none"> ➤ Stay home for at least 5 days after start of symptoms, or after date of first positive test if no symptoms ➤ Return to school on Day 6, if negative Covid-19 antigen test on Day 5 or after <ul style="list-style-type: none"> ○ Must show the negative test (email photo ok) to the school ➤ If no test or testing positive on Day 5(or later), student may return to school on Day 11
