Weather permitting, class will be held outdoors.

THE FOURTH TRIMESTER

For parents with newborns from birth to 12 weeks

12 weeks! Some call this time period the fourth trimester because even though a baby is out of the womb, both mom and baby are still biologically connected and need each other to regulate and get through those first weeks postpartum.

Join us as we talk about all the realities of the fourth trimester, connect new parents with the resources they need and build a supportive community of families who are all navigating the same journey. Together, we will all share experiences, learn & grow.
