

NEW ISSUE BOOK-ENTRY FORM ONLY

In the opinion of Bricker & Eckler LLP, Bond Counsel, under existing law, (i) assuming continuing compliance with certain covenants and the accuracy of certain representations, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations under the Internal Revenue Code of 1986, as amended (the "Code") and (ii) interest on and any profit made on the sale, exchange or other disposition of the Bonds is exempt from taxes levied by the State of Ohio and its political subdivisions. The School District has not designated the Bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Code. Interest on the Bonds may be subject to certain federal income taxes imposed on certain corporations, and certain taxpayers may have certain other adverse federal income tax consequences as a result of owning the Bonds. For a more complete discussion of the tax aspects, see "TAX MATTERS" herein.

OFFICIAL STATEMENT

\$24,549,970.10

DUBLIN CITY SCHOOL DISTRICT
Franklin, Delaware and Union Counties, Ohio
Various Purpose Bonds, Series 2011
(General Obligation-Unlimited Tax)
Voted November 7, 2000 and November 4, 2008

Dated: Date of Delivery

Due: December 1, as shown on the inside cover

The Various Purpose Bonds, Series 2011 (the "Bonds") are voted general obligation debt of the Dublin City School District, Franklin, Delaware and Union Counties, Ohio (the "School District"), and the full faith, credit and revenue of the School District are irrevocably pledged for the prompt payment of the principal of and interest on the Bonds. (See "SECURITY AND SOURCE OF PAYMENT FOR THE SCHOOL DISTRICT'S GENERAL OBLIGATION DEBT" herein.) Terms used herein with initial capitalization where the rules of grammar would not otherwise so require and not defined have the meanings given to them under "DEFINITIONS" herein.

Interest on the Current Interest Bonds will be payable at the respective rates shown on the inside cover herein on June 1 and December 1 of each year, beginning December 1, 2011, to the Bondholders of record as of the record dates described in the Bond Resolution (as defined herein). The Capital Appreciation Bonds will bear interest, compounded semiannually, from the date of their issuance, but such interest will be payable only at maturity.

Principal of the Bonds will be payable at the designated office of the Treasurer of the Dublin City School District, as registrar, paying agent and transfer agent for the Bonds.

The Bonds will be issuable as fully registered bonds without coupons in the denominations set forth herein. The Bonds will be issuable under a book-entry only method and registered in the name of The Depository Trust Company ("DTC") or its nominee. There will be no physical delivery of the Bonds to the ultimate purchasers. The Underwriter has satisfied the requirements of DTC for the Bonds to be eligible for its book-entry services. (See "BOOK-ENTRY ONLY SYSTEM" herein.)

Current Interest Bonds maturing on or after December 1, 2021 will be subject to optional redemption prior to stated maturity, as set forth herein. (See "THE BONDS – Redemption Provisions" herein.)

The Bonds are offered when, as and if issued and received by the Underwriter, subject to prior sale and to withdrawal or modification of the offer without notice.

Certain legal matters relating to the issuance of the Bonds are subject to the approving opinion of Bricker & Eckler LLP, Bond Counsel, Columbus, Ohio. (See "LEGAL MATTERS" and "TAX MATTERS" herein.)

This cover page contains certain information for general reference only. It is not a summary of the provisions of the Bonds. Investors must read the entire Official Statement to obtain information essential to the making of an informed investment decision.

This Official Statement has been prepared by the School District in connection with the original offering for sale by it of the Bonds. It is expected that delivery of the Bonds in definitive form will be made through DTC on or about October 26, 2011. The date of this Official Statement is October 11, 2011, and the information herein speaks only as of that date.

REGARDING THIS OFFICIAL STATEMENT

This Official Statement does not constitute an offering of any security other than the original offering of the Various Purpose Bonds, Series 2011 (the "Bonds") of the Dublin City School District, Franklin, Delaware and Union Counties, Ohio (the "School District"), identified on the Cover hereof. No person has been authorized by the School District to give any information or to make any representations other than those contained in this Official Statement, and if given or made, such other information or representation must not be relied upon as having been given or authorized by the School District. Statements contained in this Official Statement that involve estimates, forecasts, or matters of opinion, whether or not expressly described herein, are intended solely as such and are not to be construed as representations of facts.

The information set forth herein has been obtained from the School District and other sources that are believed to be reliable for purposes of this Official Statement. This Official Statement contains, in part, estimates and matters of opinion that are not intended as statements of fact, and no representation is made as to the correctness of such estimates and opinions or that they will be realized. The information and expressions of opinions herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the School District since the date hereof.

Certain information in this Official Statement is attributed to the Ohio Municipal Advisory Council ("OMAC"). OMAC compiles information from official and other sources. OMAC believes the information it compiles is accurate and reliable, but OMAC does not independently confirm or verify the information and does not guarantee its accuracy. OMAC has not reviewed this Official Statement to confirm that the information attributed to it is information provided by OMAC or for any other purpose.

The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

UPON ISSUANCE, THE BONDS WILL NOT BE REGISTERED BY THE SCHOOL DISTRICT UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAW OF ANY STATE, AND WILL NOT BE LISTED ON ANY STOCK OR OTHER SECURITIES EXCHANGE. THE BONDS HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION, NOR HAS ANY OTHER FEDERAL, STATE, MUNICIPAL OR OTHER GOVERNMENTAL ENTITY OR AGENCY, EXCEPT THE BOARD OF EDUCATION OF THE SCHOOL DISTRICT, PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFICIAL STATEMENT OR APPROVED THE BONDS FOR SALE. **THIS OFFICIAL STATEMENT DOES NOT CONSTITUTE AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO BUY, AND THERE SHALL NOT BE ANY SALE OF, THE BONDS BY ANY PERSON IN ANY JURISDICTION IN WHICH IT IS UNLAWFUL TO MAKE SUCH OFFER, SOLICITATION OR SALE.**

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITER MAY OVERALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME. THE UNDERWRITER MAY OFFER AND SELL THE BONDS TO CERTAIN DEALERS AND DEALER BANKS AND BANKS ACTING AS AGENT AT PRICES LOWER THAN THE PUBLIC OFFERING PRICE STATED ON THE COVER HEREOF AND SAID PUBLIC OFFERING PRICE MAY BE CHANGED FROM TIME TO TIME BY THE UNDERWRITER.

INVESTMENT CONSIDERATIONS

General

The Bonds, like all obligations of state and local governments, are subject to changes in value due to changes in the condition of the market for tax-exempt obligations or changes in the financial position of the School District.

It is possible under certain market conditions, or if the financial condition of the School District should change, that the market price of the Bonds could be adversely affected. With regard to the risk involved in a downward revision or withdrawal of one or more of the ratings for the Bonds shown on the Cover, see "RATINGS" herein.

With regard to the risk involved in a loss of the exclusion from gross income for purposes of federal income taxation of interest payable on the Bonds, see "TAX MATTERS" herein.

Prospective purchasers of the Bonds should consult their own tax advisors prior to any purchase of the Bonds as to the impact of the Internal Revenue Code of 1986, as amended (the "Code"), upon their acquisition, holding or disposition of the Bonds.

Investment Suitability and Market Volatility of Capital Appreciation Bonds

A primary test of the suitability of a tax-exempt obligation for an individual investor is a comparison of the yield the investor would have to earn on a taxable obligation to equal a tax-exempt yield in his or her income tax bracket. Individuals should consult with brokers or qualified financial or tax advisors to determine the taxable equivalent yield they could expect given their particular tax circumstances.

The Capital Appreciation Bonds may not be suitable for all investors. Investors should realize that capital appreciation bonds such as the School District's Capital Appreciation Bonds are subject to greater market volatility than traditional tax-exempt obligations that have semiannual interest payments. An investor who purchases a Capital Appreciation Bond and holds it until maturity receives an amount equal to the original principal amount plus the interest that has accrued over the life of the bond at the stated interest rate for such Capital Appreciation Bond. An investor who sells such a bond prior to maturity at a time when interest rates, generally, are higher than at the time that the bond was purchased, may realize a loss on the investment. Prospective purchasers of the Capital Appreciation Bonds who believe they may have to sell such bonds prior to maturity should consider the market risk associated with capital appreciation bonds. It is particularly important for the first-time buyer of capital appreciation tax-exempt bonds to review the suitability of the School District's Capital Appreciation Bonds with a broker or qualified financial or tax advisor.

Prepayments of Principal

The Bonds allow the School District to prepay certain maturities of the principal of the Current Interest Bonds without penalty. (See "THE BONDS – Redemption Provisions – Optional Redemption" herein.) If such Current Interest Bonds were to be prepaid before scheduled maturity, the investor would not receive the anticipated yield through the scheduled maturity date. In such a prepayment situation there is no guarantee that the investor could reinvest the proceeds and receive a comparable yield for the period remaining until the scheduled maturity of such Current Interest Bonds. The investor, therefore, may receive a lower total return for the period beginning on the date of purchase through the scheduled date of maturity than anticipated.

BOND ISSUE SUMMARY

The information contained in this Bond Issue Summary is qualified in its entirety by the entire Official Statement, which should be reviewed in its entirety by potential investors.

Issuer:	Dublin City School District, Franklin, Delaware and Union Counties, Ohio
Issue:	\$24,549,970.10 Various Purpose Bonds, Series 2011 (the "Bonds")
Dated Date:	Date of Delivery
Interest Payment Dates:	Interest on the Current Interest Bonds will be paid each June 1 and December 1, beginning December 1, 2011. Interest on Capital Appreciation Bonds will accrue and be compounded on each June 1 and December 1 and be payable at maturity.
Principal Payment Dates:	<u>Current Interest Bonds:</u> December 1, 2012 through December 1, 2020, inclusive, and December 1, 2022 through December 1, 2028, inclusive <u>Capital Appreciation Bonds:</u> December 1, 2021
Redemption:	Current Interest Bonds maturing on or after December 1, 2021 are subject to redemption at the option of the School District, either in whole, or in part, in such order of maturity as the School District shall determine, on any date on or after June 1, 2021, at a redemption price equal to 100% of the principal amount redeemed plus, in each case, accrued interest to the date fixed for redemption. (See "THE BONDS – Redemption Provisions – Optional Redemption" herein.)
Purpose:	The Bonds are being issued for the purpose of (i) advance refunding a portion of the outstanding principal amount of the School District's School Facilities Construction and Improvement Bonds, Series 2003, dated as of July 1, 2003; and (ii) currently refunding the School District's School Facilities Construction and Improvement Notes, Series 2010, dated December 28, 2010. (See "THE BONDS – Authorization and Purpose" herein.)
Security:	The Bonds will be voted general obligations of the School District and will contain a pledge of the full faith and credit of the School District for the payment of the principal of and interest on the Bonds when due.
Credit Rating:	The School District has applied for a rating of the Bonds from Moody's Investors Service, Inc. and Standard & Poor's Ratings Services, a division of The McGraw Hill Companies, Inc., which have rated the Bonds Aaa and AAA, respectively. (See "RATINGS" herein.)
Tax Matters:	In the opinion of Bond Counsel, under existing law and assuming compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes, is not treated as an item of tax preference for purposes of the alternative minimum income tax imposed on individuals and corporations under the Internal Revenue Code of 1986, as amended (the "Code"), and is exempt from certain taxes imposed by the State of Ohio and its political subdivisions. Interest on the Bonds may be subject to certain federal income taxes imposed on certain corporations, and certain taxpayers may have certain other adverse federal income tax consequences as a result of owning the Bonds. (See "TAX MATTERS" herein.)
Bank Qualification:	The School District has <u>not</u> designated the Bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Code.
Legal Opinion:	Bricker & Eckler LLP, Columbus, Ohio
Underwriter:	Fifth Third Securities, Inc., Columbus, Ohio
Bond Registrar and Paying Agent:	Treasurer, Dublin City School District, Dublin, Ohio

Escrow Trustee:	U.S. Bank National Association, Cincinnati, Ohio
Escrow Verification Agent:	Causey Demgen & Moore Inc., Denver, Colorado
Book-Entry Only System:	The Bonds are being issued as fully registered Bonds in book-entry form only and book-entry interests therein will be available for purchase in amounts of \$5,000 and integral multiples thereof with respect to the Current Interest Bonds and maturity amounts of \$5,000 and integral multiples thereof with respect to the Capital Appreciation Bonds. Owners of book-entry interests will not receive physical delivery of bond certificates. DTC or its nominee will receive all payments with respect to the Bonds from the Bond Registrar. DTC is required by its rules and procedures to remit such payments to its participants for subsequent disbursement to owners of the book-entry interests.
Delivery and Payment:	It is expected that delivery of the Bonds in definitive form will be made through DTC on or about October 26, 2011. The Bonds will be released to the Underwriter against payment in federal funds.
School District Official:	Questions concerning the Official Statement should be directed to Stephen L. Osborne, Treasurer, Dublin City School District, 7030 Coffman Road, Dublin, Ohio 43017. Telephone: (614) 760-4310.

INTRODUCTORY STATEMENT

This Official Statement has been prepared by the Board of Education (the "Board") of the School District in connection with the original issuance and sale by the School District of the Bonds identified on the Cover hereof.

All financial and other information presented herein has been provided by the School District from its records, except for information expressly attributed to other sources. The presentation of information, including tables of receipts from taxes and other sources, is intended to show recent historic information, and is not intended to indicate future or continuing trends in the financial position or other affairs of the School District. No representation is made that past experience, as might be shown by such financial and other information, will necessarily continue or be repeated in the future.

Certain statements contained in this Official Statement, including, without limitation, statements containing the words "believes," "anticipates," "expects" and words of similar import, involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the School District to be materially different from any future results, performance or achievements expressed or implied by such statements. Such factors include, among others, general economic conditions, demographic changes, and existing government regulations and changes in, or the failure to comply with, government regulations. Certain of these factors are discussed in more detail elsewhere in this Official Statement. Given these uncertainties, readers of this Official Statement and investors are cautioned not to place undue reliance on such forward-looking statements.

This Official Statement should be considered in its entirety and no subject discussed should be considered less important than any other subject by reason of its location in the text. Reference should be made to laws, reports or documents referred to for more complete information regarding their contents.

References herein to provisions of Ohio law, whether codified in the Ohio Revised Code or uncodified, the Ohio Constitution, or federal law, are references to such provisions as they presently exist. Provisions of Ohio law and the Ohio Constitution and federal law may in the future, and from time to time, be amended, repealed or supplemented.

Additional information relating to the financial condition of the School District may be obtained by contacting the Treasurer, Stephen L. Osborne, Treasurer, Dublin City School District, 7030 Coffman Road, Dublin, Ohio 43017, telephone (614) 760-4310, and from the Ohio Department of Education's website: www.ode.state.oh.us. The School District makes no representation as to the accuracy of the information appearing at such website.

DEFINITIONS

The following capitalized terms, as used in this Official Statement and the Appendices attached hereto, have the following meanings unless otherwise indicated:

"Annual Report" means any annual report provided by the School District referred to in this Official Statement and any appendix hereto.

"Bankruptcy Code" means Title 11 of the United States Code.

"Board" means the Board of Education of the School District.

"Bond Counsel" means Bricker & Eckler LLP, Columbus, Ohio.

"Bond Registrar" means the Treasurer.

"City" means the City of Dublin, Ohio.

"Code" means the Internal Revenue Code of 1986, as amended.

"County" means Franklin County, Ohio, the dominant county of the School District, as defined by the Revised Code.

"County Auditor" means the County Auditor of the County.

"County Treasurer" means the County Treasurer of the County.

"Cover" means the cover page and the inside cover of this Official Statement.

"Department" means the State Department of Education.

"MSA" means the Columbus Metropolitan Statistical Area, as defined by the United States Office of Management and Budget.

"OMAC" means the Ohio Municipal Advisory Council.

"Outstanding Bonds" means the School District's \$20,999,986.90 School Facilities Construction and Improvement Bonds, Series 2003, dated as of July 1, 2003, of which \$19,999,986.90 in aggregate principal amount remains outstanding (prior to the refunding of the Refunded Bonds).

"Outstanding Notes" means the School District's \$5,500,000 School Facilities Construction and Improvement Notes, Series 2010, dated December 28, 2010 and maturing on December 8, 2011.

"Refunded Bonds" means \$19,050,000.00 in aggregate principal amount of the Outstanding Bonds, including the current interest serial bonds maturing December 1, 2014 through December 1, 2022.

"Revised Code" means the Ohio Revised Code, as amended.

"School District" means the Dublin City School District, Franklin, Delaware and Union Counties, Ohio.

"State" or **"Ohio"** means the State of Ohio.

"State Auditor" means the Auditor of the State.

"State Superintendent" means the State Superintendent of Public Instruction.

"Tax Commissioner" means the Tax Commissioner of the State.

"Treasurer" means the Treasurer of the School District.

"Underwriter" means Fifth Third Securities, Inc., Columbus, Ohio.

THE BONDS

Authorization and Purpose

The Bonds are unlimited tax general obligation bonds issued for the purpose of advance refunding the Refunded Bonds and currently refunding the Outstanding Notes. The Bonds are authorized by resolutions of the Board passed on September 12, 2011 (collectively, the "Bond Resolution").

The electors of the School District approved the issuance of bonds in the amount of \$67,900,000 at the election held on November 7, 2000, and the Outstanding Bonds were issued pursuant to such voted authority for the purpose of curriculum implementation district wide including related textbooks, media center improvements, and equipment; repairs and improvements to existing facilities; upgrading computer technology in elementaries, middle schools, and high schools; constructing, furnishing and equipping a new high school on the Hyland-Croy Road site; constructing, furnishing and equipping a new elementary school on the Concord Road site; with related facilities, appurtenances, and site improvements.

The electors of the School District approved the issuance of bonds in the amount of \$50,000,000 at the election held on November 4, 2008, and the Outstanding Notes were issued pursuant to such voted authority for the purpose of expanding, renovating, and improving Davis Middle School, Karrer Middle School, and Coffman High School; repairing, improving, and maintaining existing school buildings and facilities; constructing, furnishing, and equipping a new elementary school, with related site improvements and appurtenances thereto; purchasing school buses and related transportation equipment; replacing and refurbishing existing equipment; and upgrading and improving technology and building security enhancements district-wide.

The Bonds are issued in conformity with Revised Code Chapter 133, and are, therefore, lawful investments for banks, savings and loan associations, credit union share guaranty corporations, trust companies, trustees, fiduciaries, insurance companies, including domestic for life and domestic not for life, trustees or other officers having charge of sinking and bond retirement or other funds of the State, subdivisions and taxing districts, the Commissioners of the Sinking Fund of the State, the Administrator of Workers' Compensation, the State teachers, public employees, and school employees retirement systems, and the police and firemen's disability and pension fund, and are eligible as security for the repayment of the deposit of public moneys.

A portion of the proceeds of the sale of the Bonds will be deposited in the Escrow Fund within the School District's bond retirement fund and will be used to advance refund the Refunded Bonds. The Escrow Fund will be held by the U.S. Bank National Association, Cincinnati, Ohio, as escrow trustee (the "Escrow Trustee"). Monies in the Escrow Fund will be invested in direct obligations of the United States of America and applied, by the Escrow Trustee, to pay debt service on the Refunded Bonds and to redeem the Refunded Bonds on their earliest optional redemption date. A portion of the proceeds of the

sale of the Bonds will be deposited in the School District's bond retirement fund and will be used to currently refund the Outstanding Notes on their maturity date.

Under Ohio law, the final maturity of the portion of the Bonds allocated to the refunding of the Refunded Bonds cannot be later than the final maturity of the Refunded Bonds (December 1, 2022), and the maximum maturity of the portion of the Bonds allocated to the refunding of the Outstanding Notes is 17 years.

Form and Terms

The Bonds will be issued in fully registered form and the Current Interest Bonds (as shown on the Cover hereof) will bear interest from their dated date until maturity or earlier redemption, at the rates per annum as set forth on the Cover hereof, payable on June 1 and December 1 of each year, and will mature on December 1 in the years as indicated on the Cover of this Official Statement. The Current Interest Bonds will be issued in denominations of \$5,000 or any integral multiple thereof, provided that, so long as the Bonds shall be in book-entry form and held by a depository, each Bond will be of a single maturity, and will be numbered as determined by the Treasurer.

Interest on the Capital Appreciation Bonds will accrue from the date of delivery until maturity, at the stated interest rates per annum as set forth on the Cover hereof. Interest on the Capital Appreciation Bonds will compound semiannually on June 1 and December 1 (the "Interest Accretion Dates") but will be payable only at maturity. The Capital Appreciation Bonds will mature on December 1 in the years as indicated on the Cover of this Official Statement. The Capital Appreciation Bonds will be issued in the maturity amounts of \$5,000 or any integral multiple thereof.

Principal of the Bonds and accreted interest on the Capital Appreciation Bonds (as shown on the Cover hereof) will be payable at maturity, in lawful money of the United States of America, at the office of the Treasurer, who has been designated by the Board as bond registrar, paying agent, and transfer agent for the Bonds (the "Bond Registrar"). Interest on the Current Interest Bonds will be payable to the person whose name appears as the registered holder thereof on the registration records maintained by the Bond Registrar, on the respective Record Date (15th day next preceding an interest payment date) by check mailed to such registered holder at the address of such registered holder as it appears on the registration records. No deduction shall be made for exchange, collection, or service charges.

[Balance of Page Intentionally Left Blank]

The table below sets forth the adjusted basis for federal income tax purposes of a Bondholder who purchases a Capital Appreciation Bond at the initial offering price for each maturity date and per \$5,000 maturity amount, from the date of delivery of the Capital Appreciation Bonds and on each June 1 and December 1 thereafter until maturity.

Interest Accretion Date	Compound Accreted Value
October 26, 2011	\$3,435.95
December 1, 2011	3,448.38
June 1, 2012	3,513.04
December 1, 2012	3,578.91
June 1, 2013	3,646.02
December 1, 2013	3,714.38
June 1, 2014	3,784.03
December 1, 2014	3,854.98
June 1, 2015	3,927.26
December 1, 2015	4,000.90
June 1, 2016	4,075.91
December 1, 2016	4,152.34
June 1, 2017	4,230.20
December 1, 2017	4,309.51
June 1, 2018	4,390.32
December 1, 2018	4,472.64
June 1, 2019	4,556.50
December 1, 2019	4,641.94
June 1, 2020	4,728.97
December 1, 2020	4,817.64
June 1, 2021	4,907.97
December 2021	5,000.00

THIS TABLE IS NOT TO BE CONSTRUED AS A REPRESENTATION AS TO THE MARKET VALUE OF THE CAPITAL APPRECIATION BONDS AT ANY TIME IN THE FUTURE. For a discussion of the adjustments to the basis of a holder of a Capital Appreciation Bond resulting from the accretion of original issue discount for federal income tax purposes, see "TAX MATTERS – Original Issue Discount" herein.

Redemption Provisions

Optional Redemption

The Current Interest Bonds maturing on or after December 1, 2021 are subject to redemption at the option of the School District, either in whole or in part, in such order of maturity as the School District shall determine, on any date on or after June 1, 2021, at a redemption price equal to 100% of the principal amount redeemed plus, in each case, accrued interest to the date fixed for redemption.

When partial redemption is authorized, the Current Interest Bonds or portions thereof will be selected by lot within a maturity in such manner as the Bond Registrar may determine, provided, however, that the portion of any such Current Interest Bond so selected will be in the amount of \$5,000 or any integral multiple thereof.

The notice of the call for redemption of Current Interest Bonds shall identify (i) by designation, letters, numbers or other distinguishing marks, such Current Interest Bonds or portions thereof to be redeemed, (ii) the redemption price to be paid, (iii) the date fixed for redemption, and (iv) the place or places where the amounts due upon redemption are payable. From and after the specified redemption date, interest on such Current Interest Bonds (or portions thereof) called for redemption shall cease to accrue. Such notice shall be sent by first class mail to each such registered holder at the address shown in the Bond registration records at least 30 days prior to the redemption date. Failure to receive such notice or any defect therein shall not affect the validity of the proceedings for the redemption of any such Current Interest Bond.

ESTIMATED SOURCES AND USES OF FUNDS

The proceeds of the Bonds, other than accrued interest, if any (which will be deposited in the School District's bond retirement fund and used to pay interest on the Bonds), will be applied as follows:

Sources	
Par value of the Bonds	\$24,549,970.10
Net original issue premium	<u>2,731,031.40</u>
Total Sources	<u>\$27,281,001.50</u>
Uses	
Deposit to Escrow Fund	\$21,239,205.32
Deposit to Bond Retirement Fund	5,500,000.00
Costs of Issuance*	222,372.74
Deposit to bond retirement fund (premium to School District)	<u>319,423.44</u>
Total Uses	<u>\$27,281,001.50</u>

* Includes Underwriter's compensation, rating fees, printing and distribution costs, escrow and verification agent fees, legal fees, and miscellaneous expenses.

SECURITY AND SOURCE OF PAYMENT FOR THE SCHOOL DISTRICT'S GENERAL OBLIGATION DEBT

The Bonds are voted general obligation debt of the School District, payable from the sources described, subject to Chapter 9 of the Bankruptcy Code and other laws affecting creditors' rights. The basic security for payment of the Bonds is the requirement that the School District levy ad valorem property taxes outside the ten-mill limitation (which limitation is further described in APPENDIX A under "SCHOOL DISTRICT DEBT AND DEBT LIMITATIONS"), which taxes are unlimited as to rate and amount, to the extent necessary to pay the anticipated debt service on the Bonds as the same becomes due, and to the extent that such debt service on the Bonds is not paid from other sources.

Such taxes can be expended only for the purpose of paying the anticipated debt service on the Bonds (together with costs of issuing the Bonds) and since such taxes are unlimited as to rate or amount, the rate of millage actually levied in each year while the Bonds are outstanding will be such as is determined to be necessary by the County Auditor to produce the amount necessary to pay debt service on the Bonds due in that year, giving due consideration to the School District's assessed valuation and previous tax collection experience.

The Bonds are also secured by a pledge of the full faith and credit of the School District. This pledge includes all of the funds of the School District, except those prohibited from use by the Ohio Constitution, State or federal law, or specifically limited to another use. (See "SCHOOL DISTRICT DEBT AND DEBT LIMITATIONS – Statutory Debt Limitations Generally" in APPENDIX A.)

In addition to the right of individual bondholders to sue upon their particular Bonds, State law authorizes the holders of not less than 10% in principal amount of the Bonds to bring mandamus or other actions to enforce all contractual or other rights of the bondholders, including the right to require the School District to levy, collect and apply the taxes to pay debt service on the Bonds, and in the case of any default in payment of debt service on the Bonds, to bring an action to require the School District to account as if it were the trustee of an express trust for the bondholders or to enjoin any acts that may be unlawful or in violation of bondholder rights.

School District Bankruptcy

An Ohio school district may file for bankruptcy under Chapter 9 of the Bankruptcy Code if it meets certain prerequisites under both federal and State law. Section 109(c) of the Bankruptcy Code sets forth the requirements for a State political subdivision to file for bankruptcy protection. In addition to requiring the school district to be insolvent¹, the school district must be specifically authorized, in its capacity as a school district or by name, to be a debtor under such chapter by State law, or by a governmental officer or organization empowered by State law to authorize such entity to be a debtor under such chapter.² With regard to State law, Revised Code Section 133.36 requires that a political subdivision which desires to file bankruptcy seek and obtain permission of the Tax Commissioner. Moreover, Revised Code Section 3313.483(E)(5) provides that a school district may not file for bankruptcy if it owes money to the State.

The foregoing federal and State laws also permit an Ohio county to initiate Chapter 9 proceedings which, because a county collects certain revenues on behalf of a school district (particularly ad valorem property taxes), may adversely affect the financial condition of such school district.

UNDERWRITING

Fifth Third Securities, Inc. (the "Underwriter") has agreed, pursuant to the Bond Purchase Agreement with the School District dated October 11, 2011 (the "Purchase Agreement"), to purchase all, but not less than all, of the Bonds at a purchase price of \$27,166,167.39 (the "Purchase Price"), which is equal to the par amount of the Bonds (\$24,549,970.10), plus net original issue premium (\$2,731,031.40), less Underwriter's discount (\$114,834.11).

¹ 11 U.S.C. Section 101(32)(C) requires that in order to be "insolvent" a school district must not be paying its debts as they come due.

² See 11 U.S.C. Section 109(c)(2).

The Underwriter is purchasing the Bonds as originally issued for purpose of resale. The Underwriter reserves the right to join with dealers and other underwriters in offering the Bonds to the public. The Underwriter may offer and sell the Bonds to certain dealers (including dealer banks and dealers depositing the Bonds into unit investment trusts, certain of which may be sponsored or managed by the Underwriter), and others at prices lower than the public offering prices noted on the Cover. The initial offering prices of the Bonds may be changed, from time to time, by the Underwriter.

The Underwriter will retain \$107,538.63 from the Purchase Price to pay certain costs of issuance of the Bonds on behalf of the School District, including rating fees, printing and distribution costs, escrow and verification agent fees, legal fees, and other miscellaneous expenses.

The obligation of the Underwriter to accept delivery of the Bonds is subject to the various conditions set forth in the Purchase Agreement. The Underwriter is obligated to purchase all of the Bonds if any of the Bonds are purchased.

RATINGS

As noted on the Cover, the School District has applied for a rating of the Bonds from Moody's Investors Service, Inc. ("Moody's"), and Standard & Poor's Ratings Services ("Standard & Poor's"), a division of The McGraw Hill Companies, Inc., which have rated the Bonds Aaa and AAA, respectively. No application for a rating has been made to any other rating agency.

The ratings reflect only the views of such rating agency. Any explanation of the significance of the rating may only be obtained from such respective rating agency at Moody's Investors Service, Inc., 7 World Trade Center, New York, New York 10007, telephone (212) 553-0300, website: www.moodys.com; and Standard & Poor's Ratings Services, a division of The McGraw Hill Companies, Inc., 55 Water Street, New York, New York 10041, telephone (212) 438-2000, website: www.standardandpoors.com.

The School District furnished to the rating agencies certain information and materials, some of which may not have been included in this Official Statement, relating to the Bonds and the School District. Generally, rating agencies base their ratings on such information and materials, as well as investigation, studies and assumptions by the rating agencies. Such ratings are not recommendations to buy, sell or hold the Bonds.

There can be no assurance that a rating, when assigned, will continue for any given period of time or that it will not be lowered or withdrawn entirely by a rating agency if, in the rating agency's judgment, circumstances so warrant. In addition, the School District currently expects to provide to the rating agencies (but assumes no obligation to furnish to the Underwriter or the holders of the Bonds) further information and materials that it or they may request. However, the School District does not obligate itself hereby to furnish such information and materials to the rating agencies, and the School District may issue unrated bonds and notes from time to time. Failure by the School District to furnish such information and materials, or the issuance of unrated bonds or notes, may result in the suspension or withdrawal of a rating agency's rating on the Bonds. Any lowering, suspension or withdrawal of such ratings may have an adverse effect on the marketability or market price of the Bonds.

LITIGATION

Litigation Generally

To the knowledge of the appropriate officials of the School District, no litigation or administrative action or proceeding is pending or threatened restraining or enjoining, or seeking to restrain or enjoin, the issuance and delivery of the Bonds, or the levy and collection of taxes to pay the debt service on the Bonds, or contesting or questioning the proceedings and authority under which the Bonds are to be authorized and are to be issued, sold, executed or delivered, or the validity of the Bonds. A no-litigation certificate to such effect will be delivered to the Underwriter at the time of original delivery of the Bonds to the Underwriter.

In common with other political subdivisions, the School District from time to time receives notices of claims for money damages. In the opinion of School Board officials, any such claims outstanding, regardless of their merit, are not in excess of the School District's insurance coverage.

The School District is party to various legal proceedings seeking damages or injunctive relief and generally incidental to its operations. These proceedings are unrelated to the Bonds or the security therefor. The ultimate disposition of such proceedings is not presently determinable, but will not, in the opinion of School Board officials, have a material adverse effect on the Bonds or the security therefor.

School Funding Litigation

In 1997, the Ohio Supreme Court determined in the case of DeRolph v. State of Ohio that Ohio's elementary and secondary public school financing system violated the Ohio Constitution. Included in the DeRolph decision was a ruling that property taxes may be used as a part of a school funding solution, but could no longer be the primary means of financing schools. In 2003, the Ohio Supreme Court effectively prohibited further judicial review of the DeRolph case and the United States Supreme Court denied the plaintiffs' Petition for Writ of Certiorari, without opinion.

Throughout its rulings the Ohio Supreme Court did not specifically address, and did not hold as invalid:

Voted securities issues (bonds and notes previously issued and bond issues that may be placed on the ballot in the future) and the debt service levy included within such voted authority.

Unvoted securities issues (bonds and notes previously issued and future bond and note issues), issued for the purpose of constructing permanent improvements or capital facilities, and the debt service levy included within such authority.

Voted levies (property taxes or income taxes). The decisions did not address the current authority of school districts to levy and collect operating levies, and the decisions do not prevent school districts from approving additional levies.

LEGAL MATTERS

Legal matters incident to the issuance of the Bonds and with regard to the excludability from gross income for federal income tax purposes of the interest thereon (see "TAX MATTERS" herein) are subject to the approving opinion of Bricker & Eckler LLP, Bond Counsel to the School District. A signed copy of that opinion will be delivered to the Underwriter at the time of original delivery. Assuming no change in applicable law prior to the date of delivery of such opinion, the opinion will be substantially in the form attached hereto as APPENDIX D. The opinion will speak only as of its date, and subsequent distribution of it by recirculation of the Official Statement or otherwise shall create no implication that Bond Counsel has reviewed or expresses any opinion concerning any of the matters referred to in the opinion subsequent to the date thereof.

While Bond Counsel has participated in the preparation of portions of this Official Statement, it has not been engaged to confirm or verify, and expresses and will express no opinion as to the accuracy, completeness or fairness of any of the statements in this Official Statement, including its appendices (other than APPENDIX D), or in any other reports, financial information, offering or disclosure documents or other information pertaining to the School District or the Bonds that may be prepared or made available by the School District or others to the holders of the Bonds or others.

TAX MATTERS

General

In the opinion of Bricker & Eckler LLP, Bond Counsel, under existing law interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103(a) of the Code, and is not treated as an item of tax preference under Section 57 of the Code for purposes of the alternative minimum tax imposed on individuals and corporations; it should be noted, however, that for the purpose of computing the alternative minimum tax imposed on corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings. Further, the Bonds are not "private activity bonds" as defined in Section 141(a) of the Code.

Interest on the Bonds, the transfer thereof, and any profit made on their sale, exchange or other disposition, are exempt from the Ohio personal income tax, the Ohio commercial activity tax, the net income base of the Ohio corporate franchise tax, and municipal, school district, and joint economic development district income taxes in Ohio.

The opinion on tax matters will be based on and will assume the accuracy of certain representations and certifications made by the Board and others, and the compliance with certain covenants of the School District, to be contained in the transcript of proceedings and which are intended to evidence and assure the foregoing, including that the Bonds are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes. Bond Counsel has not and will not independently verify the accuracy of such certifications and representations.

The School District has **not** designated the Bonds as "qualified tax-exempt obligations" as defined in Section 265(b)(3) of the Code.

The Code prescribes a number of qualifications and conditions for the interest on state and local government obligations to be and remain excluded from gross income for federal income tax purposes, some of which require future or continued compliance after issuance of the obligations in order for the interest to be and continue to be so excluded from the date of issuance. Noncompliance with these requirements could cause the interest on the Bonds to be included in gross income for federal income tax

purposes and thus to be subject to regular federal income tax retroactively to the date of their issuance. The School District has covenanted to take such actions that may be required of it for the interest on the Bonds to be and remain excluded from gross income for federal income tax purposes, and not to take any actions which would adversely affect that exclusion.

Under the Code, interest on the Bonds may be subject to a branch profits tax imposed on certain foreign corporations doing business in the United States of America and a tax imposed on excess net passive income of certain S corporations. Under the Code, the exclusion of interest from gross income for federal income tax purposes can have certain adverse federal income tax consequences on items of income or deductions for certain taxpayers, including among them financial institutions, certain insurance companies, recipients of Social Security and Railroad Retirement benefits, and those that are deemed to incur or continue indebtedness to acquire or carry tax-exempt obligations and individuals otherwise eligible for the earned income credit. The applicability and extent of these or other tax consequences will depend upon the particular tax status or other items of income and expenses of the holders of the Bonds. Bond Counsel will express no opinion and make no representation regarding such consequences.

Legislation affecting municipal bonds is considered from time to time by the United States Congress. Recently, the President of the United States submitted the "American Jobs Act of 2011" (the "AJA") to Congress. The AJA includes a provision that would limit the tax value of tax-exempt interest from obligations such as the Bonds, as well as other expenditures and deductions, for tax years beginning after December 31, 2012, to 28% for all individuals with \$200,000 or more of taxable income and married couples with \$250,000 or more of taxable income. The likelihood of such provision being enacted in its present form cannot be reliably predicted. However, such a provision, as well as any other legislation enacted or proposed after the date of issuance of the Bonds, could have an adverse effect on the tax-exempt status or market price of the Bonds, as well as tax-exempt bonds generally.

Original Issue Discount

Certain of the Bonds may be sold to the public at a price of less than 100% of their face amount (the "Discount Bonds"). The following information, which has not been included in the opinion of Bond Counsel, may be helpful to prospective purchasers of the Discount Bonds.

Under present federal income tax law, original issue discount (i.e., the difference between the issue price, as hereinafter defined, of a Discount Bond and the stated redemption price at maturity of such Discount Bond), is treated as accruing (accreted) over the term of such Discount Bond. The issue price is the price at which a substantial amount of the Discount Bonds are sold to the public (excluding bond house, brokers or similar persons acting in the capacity of underwriters or wholesalers). In general, the amount of original issue discount which is to be accreted in each "accretion period" will equal (i) the issue price of that Discount Bond, increased by the amount of original issue discount which has been accreted in all prior accretion periods, multiplied by (ii) the initial offering yield of that Discount Bond reflected on the inside cover page of this Official Statement (determined on the basis of compounding at the close of each accretion period and properly adjusted for the length of the accretion period), minus, with respect to the Current Interest Bonds, interest actually paid during such accretion period. For these purposes, "accretion period" means a six-month period (or shorter period from the date the Discount Bond was issued) which ends on a day in the calendar year corresponding to the maturity date of that Discount Bond or the date six months before such maturity date.

The amount of original issue discount so accreted in a particular accretion period will be considered to accrete ratably on each day of the accretion period. Such accreted amount is used for purposes of determining the adjusted basis for federal income tax purposes of the holder of such Discount Bond but is not included in such holder's gross income for federal income tax purposes. Consequently, a

purchaser who buys a Discount Bond in the initial offering at the issue price and holds such Discount Bond to its maturity would not realize any gain or loss for federal income tax purposes upon payment of the stated redemption price of that Discount Bond at maturity.

Amortizable Bond Premium

Certain of the Bonds may be sold at issue prices greater than the principal amount payable at maturity or earlier call date (the "Premium Bonds"). The following information, which has not been included in the opinion of Bond Counsel, may be helpful to prospective purchasers of the Premium Bonds.

Premium Bonds will be considered to be issuable with amortizable bond premium (the "Bond Premium"). A taxpayer who acquires a Premium Bond in the initial public offering will be required to adjust his or her basis in the Premium Bond downward as a result of the amortization of the Bond Premium, pursuant to Section 1016(a)(5) of the Code. The amount of amortizable Bond Premium will be computed on the basis of the taxpayer's yield to maturity with compounding at the end of each accrual period. Rules for determining (i) the amount of amortizable Bond Premium and (ii) the amount amortizable in a particular year are set forth at Section 171(b) of the Code. No income tax deduction for the amount of amortizable Bond Premium will be allowed to a holder pursuant in Section 171(a)(2) of the Code. The amortization of Bond Premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining other tax consequences of owning the Premium Bonds. A purchaser of a Premium Bond at its issue price in the initial public offering who holds that Premium Bond to maturity will realize no gain or loss upon the retirement of such Premium Bond.

PROSPECTIVE PURCHASERS OF THE DISCOUNT OR PREMIUM BONDS SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX CONSEQUENCES OF THE PURCHASE, SALE, TRANSFER, REDEMPTION, PAYMENT, OR OTHER DISPOSITION OF THE DISCOUNT OR PREMIUM BONDS, INCLUDING, WITHOUT LIMITATION, MODIFICATIONS TO THE METHOD FOR AMORTIZING PREMIUM FOR CERTAIN SUBSEQUENT PURCHASERS, AND INCLUDING THE EFFECT OF ANY APPLICABLE STATE OR LOCAL INCOME TAX LAWS.

VERIFICATION OF ARITHMETICAL AND MATHEMATICAL COMPUTATIONS

Upon delivery of the Bonds, Causey Demgen & Moore Inc., certified public accountants (the "Verification Agent") will deliver reports on the arithmetical accuracy of certain computations contained in schedules provided to them by the Underwriter on behalf of the School District relating to (a) computation of forecasted receipts of principal and interest on the securities held in the Escrow Fund to refund the Refunded Bonds and (b) computation of the yields on the Bonds and the securities held in the Escrow Fund to refund the Refunded Bonds.

Such computations will be based solely on assumptions and information supplied by the Underwriter on behalf of the School District, and the Verification Agent has restricted its procedures to examining the arithmetical accuracy of certain computations and has not made any study or evaluation of the assumptions and information on which such computations are based. Accordingly, the Verification Agent has not expressed an opinion on the data used, the reasonableness of the assumptions, or the ability to achieve the forecasted outcome.

BOOK-ENTRY ONLY SYSTEM

The information in this section concerning DTC and DTC's book-entry only system has been obtained from DTC and the School District takes no responsibility for the completeness or accuracy thereof. The School District cannot and does not give any assurances that DTC, Direct Participants or Indirect Participants will distribute to the Beneficial Owners (each as hereinafter defined) (a) payments of interest, principal, or premium, if any, with respect to the Bonds, (b) certificates representing ownership interest in or other confirmation of ownership interest in the Bonds, or (c) redemption or other notices sent to DTC or Cede & Co., its partnership nominee, as the registered owner of the Bonds, or that they will so do on a timely basis or that DTC, Direct Participants or Indirect Participants will act in the manner described in this Official Statement. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered Bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at **www.dtcc.com**.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bonds. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Bond Registrar and request that copies of the notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the School District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the School District or the Bond Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, the Bond Registrar, or the School District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the School District or the Bond Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

Revision of Book-Entry Only System - Replacement Bonds

The Bond Resolution provides for issuance of fully registered Bonds (the "Replacement Bonds") directly to owners other than DTC or its nominee only if DTC determines not to continue to act as security depository of the Bonds. In such event, the School District may in its discretion establish a securities depository/book entry relationship with another qualified securities depository. If the School

District does not or is unable to do so, and after appropriate notice to DTC, the School District's Bond Registrar will authenticate and deliver fully registered Replacement Bonds, in the denominations of \$5,000 or any multiple thereof, to or at the direction of and, if the event is not the result of School District action or inaction, at the expense (including printing costs) of, any persons requesting such issuance. Replacement Bonds may be transferred, registered and assigned only in the registration books of the School District's Bond Registrar.

TRANSCRIPT AND CLOSING DOCUMENTS

A complete transcript of proceedings for the Bonds, including an appropriate no-litigation certificate (described above under "LITIGATION"), will be delivered by the School District when the Bonds are delivered by the School District to the Underwriter. The School District will at that time also provide to the Underwriter a certificate of the Treasurer, in the form attached hereto as APPENDIX E, addressed to the Underwriter relating to the accuracy and completeness of this Official Statement.

CONTINUING DISCLOSURE

The School District has agreed for the benefit of the holders and beneficial owners of the Bonds to provide annual financial and operating information in its Annual Report, not later than December 1 of each year, and to provide notices of certain events, if material. Concurrently with the delivery of the Bonds, the School District will deliver a certificate of the Treasurer of the School District (the "Disclosure Certificate"), in the form attached hereto as APPENDIX F, describing the nature of the information to be provided, the persons and entities to whom such information will be provided and the times at which such information will be provided. The School District's failure to comply with any undertaking contained in the Disclosure Certificate will not constitute an event of default under the Bonds. The School District has never failed to comply in all material respects with the undertakings contained in continuing disclosure certificates delivered by the School District in connection with notes or bonds heretofore offered by the School District.

The Disclosure Certificate is being executed by the School District to assist the Underwriter in complying with Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission. Specifically, the School District agrees to provide the Annual Report to the Municipal Securities Rulemaking Board (the "MSRB") in an electronic format, if required, and to provide notice of the enumerated events to the MSRB in an electronic format, if required.

[Balance of Page Intentionally Left Blank]

CONCLUDING STATEMENT

To the extent that any statements made in this Official Statement involve matters of opinion or estimates, whether or not expressly stated to be such, they are made as such and not as representations of fact or certainty, and no representation is made that any of such statements will be realized. Information herein has been derived by the School District from official and other sources and is believed by the School District to be reliable, but information other than that obtained from official records of the School District has not been independently confirmed or verified by the School District and its accuracy is not guaranteed.

Neither this Official Statement nor any statement which may have been made orally or in writing is to be construed as or as part of a contract with the original purchasers or holders of the Bonds.

This Official Statement has been duly prepared and delivered by the School District, and executed for and on behalf of the School District by the President and the Treasurer of the Board.

DUBLIN CITY SCHOOL DISTRICT
FRANKLIN, DELAWARE AND UNION COUNTIES, OHIO

By: /s/ Lynn May
President, Board of Education

By: /s/ Stephen Osborne
Treasurer, Board of Education

THE DUBLIN CITY SCHOOL DISTRICT

GENERAL INFORMATION

Introduction

The School District serves an area of approximately 49 square miles in and around the City of Dublin, Ohio (the "City"). The School District is located in Franklin, Delaware and Union Counties, approximately sixteen miles north and northwest of downtown Columbus, the state capital. The City is a rapidly growing suburb of Columbus. Founded in the early 1800's, and until the late 1970's primarily a farming community, the historic village was elevated to city status in September 1987. The City now contains several middle and upper income residential areas as well as considerable new commercial and industrial development. The City's official population in 1970 was 671 residents. According to an estimate prepared by the Mid-Ohio Regional Planning Commission ("MORPC"), the School District's population was 71,525 in 2009.

The City is easily reachable from most other portions of the Greater Columbus area and hence has become attractive to both businesses and homeowners. Three direct I-270 interchanges provide convenient entry to all parts of the City while State Route 161 and U.S. 33 enter the City from the east and west.

The School District has an enrollment of approximately 14,227 students in grades pre-kindergarten through twelve. The School District's facilities include 12 elementary schools, four middle schools, and three high schools. The School District offers a comprehensive and advanced curriculum and a wide selection of extracurricular activities at all levels.

The School District is an independent political subdivision of the State of Ohio and operates subject to the provisions of the Ohio Constitution and various sections of the Revised Code. Under such laws, there is no authority for the School District to have a charter or adopt local laws. The School District is not a part of, nor under the control of, the County or the City.

[Balance of Page Intentionally Left Blank]

According to information supplied by OMAC, the School District contains portions of the assessed valuation of other subdivisions, as shown below:

Overlapping Subdivisions
Dublin City School District

Subdivision	Percent of Subdivision's Assessed Valuation Within the School District	Percent of School District's Assessed Valuation Within the Subdivision

Win-Win Agreement

In 1955, Ohio law governing school district territory transfers was changed to eliminate the previously existing requirement that school district territory transfers automatically follow municipal annexations. Over time in Central Ohio, this resulted in significant amounts of land being in a "common area" (in the City of Columbus for municipal purposes, but in suburban school districts for educational purposes). In 1986, Ohio law was again changed to permit negotiated agreements regarding transfers of school district territory following municipal annexations, when at least one urban school district is involved.

The agreement for Central Ohio (commonly referred to as the "Win-Win Agreement") includes the following school districts that have territory in the City of Columbus: Columbus City, Canal Winchester Local, Dublin City, Gahanna-Jefferson City, Groveport Madison Local, Hamilton Local, Hilliard City, New Albany • Plain Local, South-Western City, Westerville City, and Worthington City¹. The Win-Win Agreement contains the following key provisions:

- (1) Existing "common area" will remain permanently in the suburban school districts;
- (2) Unincorporated land located in suburban school districts which may be annexed to the City of Columbus will, with a few exceptions, be automatically transferred to the Columbus City School District; and
- (3) Property taxes resulting from construction of new commercial and industrial property in the "common area" will be shared on an equal basis between the suburban school districts and the Columbus City School District.

For detailed information regarding the percentages of the assessed valuation of the School District in overlapping political subdivisions, see the table captioned "Overlapping Subdivisions" under "GENERAL INFORMATION" and "SCHOOL DISTRICT DEBT AND DEBT LIMITATIONS – Overlapping Subdivision Indebtedness" herein.

[Balance of Page Intentionally Left Blank]

¹ The Worthington City School District is a party to the collaborative provisions, but not the territorial provisions, of the Win-Win Agreement.

School District Officials

The legislative power of the School District is vested in the Board of Education (the "Board"), consisting of five members elected at large for staggered four-year terms. Regular meetings of the Board are held the second and fourth Tuesdays of each month unless scheduled otherwise. At the first meeting of each year, the Board elects a president and a vice president from its membership, each to serve a one-year term. The Board employs a Superintendent who serves as the executive officer for the Board and a Treasurer who serves as the chief fiscal officer for the Board.

School District Officials Dublin City School District

Official	Office	Expiration of Current Term	Beginning of Tenure
Lynn May	Board President	12/31/2013	1/1/2006
Scott Melody	Board Vice President	12/31/2011	1/1/2008
Gwen Callender	Board Member	12/31/2013	1/1/2006
Stu Harris	Board Member	12/31/2013	1/1/2006
Chris Valentine	Board Member	12/31/2011	1/1/2004
David Axner, Ed.D.	Superintendent	Contract	8/1/2007
Stephen Osborne	Treasurer	Contract	8/1/2007

School District Employees

The School District currently has 1,154 certificated employees and 629 classified employees. In fiscal year 2010, salaries accounted for 69.35% of the School District's operating expenditures, while fringe benefits accounted for 21.25% of the School District's operating expenditures.

Certified Staff

The teaching or certified staff is represented by the Dublin Educators' Association (D.E.A.) which is affiliated with the Ohio Education Association (O.E.A.), and the National Education Association (N.E.A.). The Board has bargained with the D.E.A. since 1986. In May 2010, the Board and the D.E.A. signed a three-year agreement effective August 1, 2010. The settlement granted the certified staff annual salary increases of 1.00%, 1.25%, and 1.5% in August of 2010, 2011, and 2012, respectively. In May 2011, the D.E.A. agreed to a concession of foregoing 66% of all raises for the 2011-2012 fiscal year, including the scheduled 1.25% raise and any step increases.

Classified Staff

Classified staff includes secretarial, clerical, custodial and cafeteria workers, as well as bus drivers and other non-teaching, non-administrative personnel.

In June 2010, the Board entered into a three-year agreement effective July 1, 2010, with the Dublin Support Association, a group affiliated with the Ohio Association of Public School Employees (O.A.P.S.E.). The settlement granted the classified staff annual salary increases of 1.00%, 1.25%, and 1.5% in 2010, 2011, and 2012, respectively. In June 2011, the D.S.A. agreed to a concession of foregoing the 1.25% raise scheduled for the 2011-2012 fiscal year.

Pension Obligations

Present and retired employees of the School District are covered under two statewide public retirement (including disability retirement) systems. The State Teachers Retirement System (the "STRS") is applicable to all teachers, principals, supervisors and administrators employed by the School District who are required to hold a certificate issued by the Department pursuant to the Revised Code. Other eligible employees are covered by the School Employees Retirement System (the "SERS"). Pursuant to federal law, all School District employees hired after March 31, 1986 are required to participate in the federal Medicare program which currently requires employee and employer contributions each equal to 1.45% of the employee's wages subject to the Federal Insurance Contribution Act (FICA) wage limit. Otherwise, School District employees are not presently covered under the Federal Social Security Act.

STRS and SERS are not presently subject to the funding and vesting requirements of the Federal Employee Retirement Income Security Act of 1974.

Both STRS and SERS were created by and operate pursuant to Ohio law. The State legislature could determine to amend the format of either system and could revise rates or methods of contribution to be made by the School District into the pension funds and revise benefits or benefits levels.

School District Facilities

The School District presently operates the following schools:

Current School District Facilities Dublin City School District

Name of Building	Group/ Grades Housed	Enrollment (2010 – 2011)	Capacity	Number of Teachers	Pupil/ Teacher Ratio	Year Building Completed
Indian Run Elementary	K-5	639	575	36	17.8	1960
Deer Run Elementary	K-5	510	400	29	17.6	1980
Olde Sawmill Elementary	K-5	411	400	25	16.4	1981
Riverside Elementary	K-5	408	400	27	15.1	1984

Community School

The School District does not serve as a sponsor for a community school established under Revised Code Chapter 3314.

Open Enrollment

The School District does not have open enrollment.

Educational Program

Curriculum in the School District is regularly revised to meet student needs as well as to comply with State mandates. Historically, the School District has offered students a strong program of basic academic subjects. During the last three years, major curriculum revisions were undertaken in the areas of Language Arts, Mathematics, and Science. Ohio's standards-based achievement tests are administered to students in grades 3, 4, 5, 6, 7, 8, and 10. Additionally, the district administers nationally norm referenced achievement assessments to students in grades 2, 4, 6, and 8. Nationally norm referenced ability assessments are administered to students in grades 2, 4, and 6. Combined, these assessments provide critical information about each student. School District students have consistently scored in the top 10 percent of the State over the past several years.

The School District's high schools are accredited by the North Central Association of Colleges and Schools. Each building in the School District is committed to a continuous improvement process model and has a committee to drive instructional improvement proficiency development and higher student performance.

Technology is a major component of the teaching and learning process. All professional staff are trained continuously in the use of major operational systems and the use of software.

A growing array of educational services complements the School District's academic programs. Personnel and services are available in "English as a Second Language", the Gifted and Talented Program, and the Special Education Program. The School District employs K-12 guidance counselors and the program is a model for the State. Programs are available in drug and alcohol prevention/intervention, diversity training and career education awareness and exploration. These programs enable the School District to better accommodate the community's diverse population.

Planning, organization, program evaluation and staff development are the keys to offering a quality curriculum. The Board and School District staff have joined with the community in a commitment to fulfill the School District's Mission Statement, "The Dublin School Community is committed to each student's growth and success."

[Balance of Page Intentionally Left Blank]

State Performance Standards

According to the Department, the Local Report Card acts as a catalyst for analysis of school improvement and excellence by reporting on the performance of school districts. The Local Report Card includes federal No Child Left Behind requirements, such as full building-level accountability, Adequate Yearly Progress ("AYP"), and separate data reporting for students with disabilities and limited English proficient students. Every school district, building, and community school receives one of the following State designations indicating the general level of performance based on its Local Report Card data:

- Excellent with Distinction;
- Excellent;
- Effective;
- Continuous Improvement;
- Academic Watch; or
- Academic Emergency.

The State Superintendent is required to establish an independent Academic Distress Commission ("ADC") for any Academic Emergency school district that fails to meet AYP goals for four or more consecutive years. An ADC may exercise extraordinary authority over school district operations pursuant to Revised Code Section 3302.10, including the power to reassign or terminate administrators, override collective bargaining agreements and adopt a budget for school district expenditures.

The following table summarizes the School District's Local Report Card measures. Further explanation of the measures and a breakdown of the School District's performance on the State Indicators follows.¹

Local Report Card Summary, 2010-2011 Dublin City School District

Number of State Indicators Met	26 out of 26 (100%)
Performance Index Score	106.9
Adequate Yearly Progress	Met
Value-Added Measure	+ (Above)
Designation	Excellent with Distinction

Source: Ohio Department of Education

The four measures summarized below are the basis for assigning State designations.

1. Number of State Indicators Met: Twenty-four of the 26 State Indicators are based on achievement tests and identify a minimum percentage of students that should be at or above the proficient level on third-, fourth-, fifth-, sixth-, seventh-, eighth-, tenth- and eleventh-grade tests. The remaining two State Indicators identify minimum graduation and attendance rates. The following table shows the School District's performance indicators. Any results at and above the State standard are shown in **bold**.

¹ This discussion of state performance standards is provided for the convenience of the reader and only summarizes the process by which the Department reaches its designation for school districts. For more information about state performance standards, including more detail about the School District's performance, please see the Department's website relating to state and local report card reporting at <http://www.ode.state.oh.us/GD/Templates/Pages/ODE/ODEDetail.aspx?page=279>.

2010-2011 State Performance Indicators
Dublin City School District

			26. Graduation Rate*	90%	98.2%

* 2009-2010 graduation rate.

Source: Ohio Department of Education

2. Performance Index (PI): This measure records the achievement of every tested student, not just those who score proficient or higher. School districts earn points based on how well each student does on all tested subjects in grades 3-8 and the 10th Grade Ohio Graduation Test. Each achievement test has five performance levels: advanced, accelerated, proficient, basic, and limited. The School District's PI is a weighted score from 0 to 120 based on the number of students falling into each performance level. Students who are not tested earn zero points.

3. Value-Added Measure: This measure gauges the amount of academic improvement in the performance of students even though the School District may not have met the standard for student achievement. The Value-Added measure attempts to reflect student progress over time, whereas the State Indicators reflect student proficiency at a single point in time. The Value-Added measure is rated as follows:

+ (Above): school district has achieved more than one year of expected growth in student progress

✓ (Met): school district has achieved one year of expected growth in student progress

- (Below): school district has achieved less than one year of expected growth in student progress

A school district that achieves above expected growth in student progress for two consecutive years may increase its overall rating by one category.

4. **AYP:** The goal of the Department is for all students to reach the proficient level in reading and mathematics by 2013-2014. Until then, yearly goals are set requiring a specific percentage of students in 10 student groups, such as African American, Hispanic and White students, to reach proficiency in these subjects. For a school district to meet its Adequate Yearly Progress ("AYP") goal, goals for each student group must be met. If any goal is missed, the school district will not meet AYP for the year.

Determining the State designation for a school district is a two-step process. First, the combination of the percentage of State Indicators met, PI, and AYP for a school district determine its preliminary designation as follows:

Indicators Met		Performance Index Score		AYP Status		Preliminary Designation
94%-100%	or	100 to 120	and	Met or Not Met	=	Excellent
75%-93.9%	or	90 to 99.9	and	Met or Not Met	=	Effective
0%-74.9%	or	0 to 89.9	and	Met	=	Continuous Improvement
50%-74.9%	or	80 to 89.9	and	Not Met	=	
31%-49.9%	or	70 to 79.9	and	Not Met	=	Academic Watch
0%-30.9%	and	0 to 69.9	and	Not Met	=	Academic Emergency

For the 2010-2011 year, the School District met 100% of the State Indicators, scored a PI of 106.9, and met its AYP. The School District's preliminary designation was Excellent.

Once a school district's preliminary designation is determined, the value-added measure determines the school district's final designation as follows:

Preliminary Designation		Value-Added Measure*	Final Designation
Excellent	and	Above expected growth for at least 2 consecutive years	Excellent with Distinction
		Below expected growth for at least 3 consecutive years	Effective
Effective	and	Above expected growth for at least 2 consecutive years	Excellent
		Below expected growth for at least 3 consecutive years	Continuous Improvement
Continuous Improvement	and	Above expected growth for at least 2 consecutive years	Effective
		Below expected growth for at least 3 consecutive years	Academic Watch
Academic Watch	and	Above expected growth for at least 2 consecutive years	Continuous Improvement
		Below expected growth for at least 3 consecutive years	Academic Emergency
Academic Emergency	and	Above expected growth for at least 2 consecutive years	Academic Watch
		Below expected growth for at least 3 consecutive years	Academic Emergency

* In all other cases, then the Value-Added Measure will have no impact on the designation and the preliminary designation becomes the final designation.

The School District's value added measure was + (Above) in 2010-2011. The School District's final designation for 2010-2011 was Excellent with Distinction.

National Standardized Test Scores

The following table sets forth ACT results for the 864 seniors who took the test and graduated from the School District in 2011.

ACT Scores for Seniors Graduating in 2011 Dublin City School District

	School District	State of Ohio	United States
ACT Score Composite	24.9	21.8	21.1

ECONOMY AND EMPLOYMENT

Economic Development

Over the last two decades the City of Dublin (the "City") has experienced impressive growth in the nature and size of commercial and industrial businesses that choose to operate in the City. By taking a proactive approach to city planning, the City has worked to manage its growth and maximize the economic opportunities created by burgeoning developments. By striving to provide high quality infrastructure and to establish valuable partnerships with its businesses, the City is poised to continue this economic growth over the next several years.

The City issued 18 building permits for new commercial development in the year 2008 at an estimated cost of \$46,696,000; 2 building permits at an estimated cost of \$245,000 in 2009; and 14 building permits at an estimated cost of \$8,310,700 in 2010. For 2011, the City had issued 11 building permits for new commercial development through the month of July at an estimated cost of \$8,348,160. The City's economic base rests on a variety of more than 2,500 businesses so that no single industry dominates the City's economy. The result is a well-balanced corporate climate that has the ability to endure setbacks in any one business segment.

The City is assisting with the development of a 1,500-acre technology park, dubbed the Central Ohio Innovation Center (the "Innovation Center"), near the U.S. 33 and State Route 161/Post Road interchange. The City has committed \$52 million for infrastructure improvements at the site, including a rebuilt interchange. It is estimated that the Innovation Center site will accommodate a total of 1.77 million square feet of future office and/or lab space development. DubLINK, the City's underground optical fiber route, will connect the Innovation Center directly to the Ohio Supercomputer Center's Third Frontier Network, the most advanced statewide research network in the country. This network links Ohio's college and universities, research labs and hospitals via 1,600 miles of high-speed broadband connectivity.

In January 2008, the new Dublin Methodist Hospital opened at the intersection of U.S. 33 and Avery-Muirfield Drive. Services offered at the \$150 million, 94-bed hospital include a 24-hour, full-service emergency department, outpatient and inpatient surgical procedures, women's health services and intensive care beds. In addition to the hospital's facilities, the City has approved construction of 19 buildings valued at a combined \$18.6 million near the hospital.

The City is not only focused on new development, however; it is also committed to the success and growth of its current business partners. Several companies with a global presence, including Wendy's International Inc., Cardinal Health Inc., Ashland Specialty Chemical Co., and Verizon Wireless, have their headquarters or a significant number of employees who live and work in the City. Cardinal Health recently constructed a \$50 million, 250,000 square foot expansion at its headquarters. This new facility is home to the Healthcare Supply Services branch of the company and is projected to added approximately 700 jobs.

Even with all of the development that has occurred over the last twenty years, the City has worked to retain a small-town feeling in the historic downtown area called Old Dublin. The square at the intersection of High and Bridge streets, considered the heart of City, is the location of BriHi Square, a new 22,000-square-foot mixed-use development featuring commercial, restaurant and retail businesses in two, two-story buildings along with a public plaza, water features and public parking. BriHi Square is an estimated \$9 million project that represents a public-private partnership between the City (\$3 million tax increment financing investment) and The Stonehenge Company (\$6 million investment), and it was opened in May 2010.

In addition to new commercial and residential developments, the City saw the opening of the Shoppes at River Ridge, an upscale lifestyle retail center of approximately 103,000 square feet on 15 acres located on the bluffs of the Scioto River. The open-air, pedestrian-friendly center was designed to emulate the cozy atmosphere of Old Dublin. The inviting architecture and quality of businesses within the center make it a premier shopping and eating destination in central Ohio. The popular Montgomery Inn restaurant opened its first location in central Ohio in 2009 at the Shoppes at River Ridge, and other businesses located at the center include Ann Taylor Loft, bliss, Learning Express Toys, and Bruegger's Bagels.

Despite the magnitude of recent construction projects, large areas of the School District remain rural in character, and residential development is expected to continue in the City and School District during the next decade. The potential for the City's growth to continue is illustrated by the additional vacant land already within the City's municipal boundaries and also by its regular annexations.

City residents generally comprise an upwardly mobile, young, married and employed citizenry, more than half of whom have children living at home. The City continues to be one of the fastest growing communities in Central Ohio. According to the City's Building Department, the City issued 78 building permits for single-family residential units in the year 2010 at an estimated cost of \$24,580,607. For 2011, the City issued 37 building permits for single-family residential units through the month of July at an estimated cost of \$11,726,201.

The City has many attractions that draw thousands of tourists to the area each year. The internationally celebrated Memorial Tournament, held at the Muirfield Village Golf Club, was founded by Jack Nicklaus and opened on Memorial Day in 1974. The 1,600-acre Muirfield development includes single-family homes and condominium units designed primarily for buyers in upper income brackets. The City is also home to one of the largest Irish festivals in the U.S., the Dublin Irish Festival, which attracts about 85,000 people annually.

Building Permits

The School District's growth in the past decade is reflected, in part, in the degree of building activity in the School District. Building permit statistics are not readily available for the School District as such. The following table relating to the issuance of permits for new residential (single and multi-family) and commercial buildings by the City from 2001 through 2011 is set forth for informational purposes only. It should not be implied from the inclusion of such data in this Official Statement that the School District is representative of the City, or vice versa.

Building Permits and Total Construction Cost City of Dublin

Year	Number of Building Permits	Total Construction Cost
2001	873	\$126,749,157
2002	853	171,643,244
2003	873	135,493,085
2004	458	124,101,947
2005	635	286,496,832
2006	437	178,109,955
2007	199	130,924,023
2008	99	80,109,960
2009	101	32,869,984
2010	104	35,755,386
2011*	104	31,527,716

SCHOOL DISTRICT PROPERTY TAX BASE

Ad Valorem Taxes and Assessed Valuation

Overview

For property taxation purposes, assessment of real property is performed on a calendar year basis by the elected County Auditor subject to supervision by the Tax Commissioner, and assessment of public utility tangible personal property is performed by the Tax Commissioner. Property taxes are billed and collected by the County Treasurer.

Taxes collected from real property in one calendar year are levied in the preceding calendar year on assessed values as of January 1 of that preceding year. Public utility tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of that second year preceding the tax collection year. Beginning with the 2009 tax year, general business tangible personal property is no longer subject to tax.

Real Property

The "assessed valuation" of real property is fixed at 35% of true value and is determined pursuant to rules of the Tax Commissioner, except that real property devoted exclusively to agricultural use is assessed at not more than 35% of its current agricultural use value. Beginning in 2008, certain elderly or disabled resident homeowners may receive a flat \$25,000 property tax exemption on the market value of their homestead.

Ohio law requires the County Auditor, subject to supervision by the Tax Commissioner, to adjust the true value of taxable real property every six years to reflect current fair market values. This "sexennial reappraisal" is done by individual appraisal of properties. In the third year following a sexennial reappraisal, the County Auditor, again subject to supervision by the Tax Commissioner, performs a "triennial update" to adjust the value of taxable real property to reflect true values. The triennial update is done without individual appraisal of properties, but with reference to a sales-assessment ratio over the three-year period.

Personal Property

In 2005, the State accelerated its phase-out of the tangible personal property tax. After 2008, general business tangible personal property is not subject to tax.

Public utility tangible personal property – including tangible personal property of electric utilities not used for transmission and distribution and all tangible personal property of gas utilities – was not included in the phase-out created by the State. All public utility tangible personal property is assessed at varying percentages of its true value depending on the type of property and the type of utility.

The State currently reimburses School Districts for tax losses resulting from the phase-out of the tangible personal property tax. However, recent legislation will reduce and eliminate the amount of such payments. (See "SCHOOL DISTRICT PROPERTY TAX BASE – State Reimbursement of Property Tax Revenues.")

Tax Abatements and Economic Development Incentives

Tax abatements are temporary property tax exemptions designed to stimulate economic growth or promote other activities deemed by the State to be in the public interest. Under Ohio law, tax abatements may be granted for urban renewal projects, community redevelopment corporations, community reinvestment areas, property acquired by municipal corporations engaged in urban redevelopment, enterprise zones, railroad property, and for any improvements declared to serve a "public purpose" in municipalities, townships, and counties.

Because the burden of tax abatements falls disproportionately on school districts due to their reliance on property taxes, the State has created safeguards that allow school districts to protect their interests. First, a school district must be given advance notice of a planned abatement, and be allowed to comment on the abatement prior to its granting. Under certain circumstances, a board of education may "veto" a proposed tax abatement and/or negotiate an annual compensation payment. Second, school district representatives sit on tax incentive review councils to monitor compliance with tax abatement agreements and make recommendations on abatements to the governmental entity involved. Finally, municipalities with an income tax in place must negotiate a compensation agreement with a school district if a tax abatement is expected to generate a significant amount of increased payroll to the area.

The table below summarizes the tax abated real property within the School District:

Summary of Tax Abatements^{*} Dublin City School District

Current Owner Name	Total Project Investment	Total Reimbursement Subject to Exemption	Tax Savings	Tax Years Effective
CAREYBPDUBLIN, LLC	\$4,945,738	\$5,604,400	\$175,096	2001-2010
Cleveland Lexington Investors, LLC	552,398	561,000	17,527	2001-2010
Duke Realty Ohio	7,721,300	7,721,300	241,233	2000-2010
W2005 / Fargo Hotels Realty LP	5,800,000	6,838,300	213,646	2001-2010

^{*} All abatements are 10-year commercial abatements with a 100% exemption. Data is as of the 2010 tax year.

Assessed Valuation

The following table classifies the School District's assessed valuation of taxable property according to use:

Assessed Valuation Dublin City School District (2011 Collection Year)

Property Classification	Amount	Percent of Total Assessed Valuation
<i>Real Estate</i> ¹		
Residential/Agricultural	\$2,156,778,480	71.56%
Commercial/Industrial/Mineral	801,907,570	26.60
Public Utility Real	<u>0</u>	<u>0.00</u>
Total Real Estate	\$2,958,686,050	98.16%
<i>Personal Property</i> ²		
Public Utility Personal	<u>\$55,499,200</u>	<u>1.84%</u>
Total Personal	\$55,499,200	1.84%
Total Assessed Valuation	\$3,014,185,250	100.00%

Source: Franklin County Auditor

Growth in Assessed Valuation Dublin City School District

Tax Collection Year	Assessed Valuation	Percent Increase Over Prior Year
2003 ³	\$2,405,652,152	12.46%
2004	2,440,505,938	1.45
2005	2,510,048,018	2.85
2006 ⁴	2,850,937,127	13.58
2007	2,879,829,383	1.01
2008	2,939,307,193	2.07
2009 ³	2,957,379,601	0.61
2010	2,981,975,501	0.83
2011	3,014,185,250	1.08

Source: Franklin County Auditor

¹ Real property taxes collected in a calendar year are levied in the preceding calendar year on assessed values as of January 1 of that preceding year. Real property is assessed at 35% of market value and reappraised every six years, with triennial updates every three years.

² Tangible personal property taxes collected in a calendar year are levied in the same calendar year, on assessed values during and at the close of the most recent fiscal year of the taxpayer (ending on or before March 30 of said calendar year) at tax rates determined in the preceding year.

³ Year of triennial update for the County.

⁴ Year of sexennial reappraisal for the County.

Largest Taxpayers

The following tables list the largest real estate and public utility taxpayers in the School District. Percentages of total assessed valuation are based on a total assessed valuation of \$3,014,185,250 for the 2011 collection year.

Largest Taxpayers Dublin City School District (2011 Collection Year)

Real Estate Taxpayers

Name	Type of Business	Assessed Valuation	Percent of School District's Total Assessed Valuation
Ohio Health Corp.	Health Care	\$42,194,530	1.40%

06/02/92	2.10 Operating levy – current expense	44.81	55.19
05/07/91	\$48,500,000 bond issue – building improvements	47.76	52.24
05/08/90	8.90 Operating levy – current expense	58.12	41.88

Source: Ohio Municipal Advisory Council

The School District has placed a 7.97-mill issue on the November 8, 2011 ballot, which issue consists of a 7.2-mill operating levy and 0.77-mill, \$25,000,000 bond issue. If approved by the electors of the School District, the operating levy would be collected for a continuing period of time beginning in the 2012 tax year (2013 collection year).

[Balance of Page Intentionally Left Blank]

Property Tax Rates and Collections

The following are the rates (in mills per \$1.00 of assessed valuation) at which the Board levied ad valorem taxes for the general categories of purposes in recent years (without the reduction factor discussed below).

School District Tax Rates Dublin City School District

Collection Year	Operating *	Debt Retirement	Permanent Improvement	Total
2005	57.40	7.20	--	64.60
2006	65.30	7.20	--	72.50
2007	65.30	7.20	--	72.50
2008	65.30	7.20	--	72.50
2009	65.30	7.20	--	72.50
2010	73.20	7.20	--	80.40
2011	73.20	7.20	--	80.40

* Includes inside millage and outside (voted) millage.

Source: Franklin County Auditor

The total School District operating millage of 73.20 mills for collection year 2011 includes voted operating levies of 68.80 mills approved by the School District electorate. The balance of 4.40 mills constitutes the School District's mandated share of the ten mills authorized to be levied without a vote of the electors of the School District (See "SCHOOL DISTRICT DEBT AND DEBT LIMITATIONS – Statutory Debt Limitations Generally – Indirect Debt Limitation.")

The following table identifies the historical tax collections for the School District:

Property Tax Collections Dublin City School District

Collection Year	Assessed Valuation	Taxes Levied	Taxes Collected (including delinquent taxes)	Collection Rate
2004	\$2,440,505,938	\$ 91,033,111	\$ 89,551,009	98.37%
2005	2,510,048,018	93,275,110	91,451,606	98.05
2006	2,850,937,127	114,195,589	108,377,911	94.91

2010	2,981,975,501	132,531,436	127,496,992	96.20
2011	3,014,185,250	N/A	N/A	N/A

Source: Franklin County Auditor

Property Tax Rate Calculations

State law has a "reduction factor" mechanism that is intended to negate increases in taxes resulting from increases in the true value of real property due solely to inflation. Legislation implementing a 1980 constitutional amendment classifies real property as either (1) residential and agricultural or (2) all other real property, and provides for tax reduction factors to be separately computed for and applied to each class.

Statutory procedures limit the amount realized by each taxing subdivision from real property taxation, by the application of a tax reduction factor, to the amount realized from those taxes in the preceding year plus: (i) the proceeds of any new taxes (other than renewals) approved by the electors, calculated to produce an amount equal to the amount that would have been realized if those taxes had been levied in the preceding year, and (ii) amounts realized from new and existing taxes on the assessed valuation of real property added to the tax duplicate since the preceding year. Such limitations are expressly inapplicable to amounts realized from taxes levied at a rate required to produce a specified amount, such as for debt service charges or emergency school levies, and from taxes levied inside the ten-mill limitation or any applicable municipal charter tax rate limitation. Further, such limitations will not reduce operating millage for school districts below 20 mills or for joint vocational school districts below 2 mills.

A reduction factor is computed for each separate levy that is subject to the limitation. A resulting "effective tax rate" reflects the aggregate of those reductions, and is the rate at which real property taxes are in fact collected. Real property tax amounts from property devoted to residential and agricultural purposes are further reduced by an additional 10% (12-1/2% in the case of certain owner-occupied residential property) or a flat, \$25,000 reduction in taxable value applicable to certain elderly or disabled resident homeowners. See "SCHOOL DISTRICT PROPERTY TAX BASE – State Reimbursement of Property Tax Revenues" for a discussion of reimbursement by the State for these reductions.

Repeal of Property Tax Levies

Each operating tax levy approved for a continuing period is subject to decrease through a statutory referendum procedure requiring (1) a petition signed by qualified electors of the School District equal in number to those who voted in the last governor's race (to be filed at least 75 days before the general election in any year) stating the amount of the proposed decrease and (2) the approval of the decrease by a majority vote at the general election with the decrease to commence at the expiration of the then current year. No petition has been filed with respect to any existing current expense tax levy of the School District.

If such a petition is filed and subsequently approved by the electors of the School District, under Revised Code Section 5705.261, the Board must continue to levy and collect such amount as will be sufficient to pay the principal of and interest on any notes in anticipation of an increased rate of levy approved for a continuing period of time.

Total Property Tax Burden

The following table displays the total effective tax rates levied on property located in the School District. In addition to the 80.40 mills levied by the School District, properties in the School District are subject to a county tax levy, a joint vocational school district ("JVSD") levy, and taxes levied by other overlapping political subdivisions.

State Reimbursement of Property Tax Revenues

Rollback and Homestead Exemption Reimbursement

The State reimburses taxing districts, including school districts, for decreased tax revenues due to (a) the 10% reduction or "rollback" in non-commercial property taxes, (b) the 2-1/2% reduction applicable to owner-occupied housing, and (c) the flat, \$25,000 reduction in taxable value applicable to certain elderly or disabled homeowners. Such reimbursements are subject to repeal or revision by the State.

Public Utility Property and Tangible Personal Property Tax Loss Reimbursement

In tax year 2001, changes took effect which reduced the assessment percentages applicable to electric generation and natural gas tangible personal property, thereby reducing the amount of tangible public utility property tax revenue collected by taxing districts. In order to replace the taxes no longer received due to the lower assessment percentages, State consumption taxes on electricity and natural gas were enacted in 1999 and 2000, respectively.

Beginning in 2006, the State began to phase out the tax on tangible personal property used in business. The State also reimburses certain taxing districts for the loss of tax revenues due to the phase-out of the tax on general business tangible personal property, and on the tangible personal property belonging to telephone, telegraph, and interexchange companies. In order to replace a portion of the lost revenue, a commercial activity tax was enacted in 2005 and is imposed on gross receipts, including receipts from services, in the State.

The reimbursement of both types of tangible personal property tax revenue losses were scheduled to phase out by calendar year 2018. Instead, recent legislation generally accelerates the phase-out and reduces payments, depending on the type of levy.

For fixed-rate levies, the reimbursement amounts for fiscal year 2011 are compared to the "total resources" of a school district. "Total resources" includes fiscal year 2010 State aid; fiscal year 2010 reimbursement for current expense fixed-rate levy losses; the average current expense real and public utility taxes payable for tax years 2008 and 2009; the school district's fiscal year 2009 receipts from a school district income tax levied for current expenses; and receipts during calendar years 2009 from a municipal income tax levied for municipal and school district purposes.

If a school district's reimbursement payments are less than the threshold percentage of total resources for a year, then no further reimbursement is made. If the reimbursement payments exceed the threshold percentage, then the school district receives the amount in excess of the percentage. For fiscal years 2012, the threshold amount is 2%; for fiscal years 2013 and thereafter, the threshold percentage is 4%. Any reimbursement for 2013 will continue indefinitely.

For fixed sum and unvoted debt levy losses, amounts will continue to be reimbursed (less the amount attributed to one-half mil) so long as the levy continues to be imposed for fixed-sum levy purposes, and so long as the levy continues to be imposed for debt purposes until 2018, in the case of unvoted debt levies. Fixed rate levies for purposes other than current expenses are reduced by 25% over reimbursement levels for fiscal year 2010 for fiscal year 2012, and are reduced by 50% for fiscal years 2013 and thereafter.

For additional information and a chart prepared by the Ohio Department of Taxation illustrating the amount of reimbursements for future years, go to http://www.tax.ohio.gov/channels/government/phase_out.stm.

OTHER SOURCES OF SCHOOL DISTRICT FUNDING

School Foundation Program

The State assists public school districts under a statutory program that includes the School Foundation Program.¹ School Foundation Program funds distributed to a school district are required to be used for current operating expenses, unless specifically allocated by the State for some other purpose. Payments made pursuant to the School Foundation Program are expected to increase due to the projected increase in need resulting from the accelerated phased elimination of the tax on tangible personal property. State reimbursement of property tax losses paid to school districts will be reduced by this increase, if any, in School Foundation Program receipts. (See "SCHOOL DISTRICT PROPERTY TAX BASE – State Reimbursement of Property Tax Revenues.")

Basic eligibility for School Foundation Program payments is based on a school district's compliance with State-mandated minimum standards. The School District is in compliance with those standards and has no reason to believe it will not remain in compliance.

The State also assists school districts by funding the School District Solvency Assistance Fund (the "Solvency Fund"). Created within the Solvency Fund is the School District Shared Resource Account and the Catastrophic Expenditures Account. A school district must be in a state of "fiscal emergency" to qualify for assistance and grants from the School District Shared Resource Account. A school district may qualify for assistance and grants from the Catastrophic Expenditures Account if the school district suffers an unforeseen catastrophic event that severely depletes the financial resources of the school district. School districts receiving assistance and grants from the Solvency Fund are required to repay such advances no later than the end of the second fiscal year following the fiscal year in which they received the assistance and grants, and if they fail to do so, the State will repay the Fund from amounts the school district would otherwise receive pursuant to the School Foundation Program. The School District does not have any outstanding advances from the Solvency Fund. The Solvency Fund, with the exception of the Catastrophic Expenditures Account, evolved from statutes declared unconstitutional in DeRolph. (See "LITIGATION – School Funding Litigation.")

State Classroom Facilities Assistance

The Ohio School Facilities Commission (the "Commission") was created in 1997 to administer the provision of financial assistance to Ohio school districts for the acquisition or construction of classroom facilities in accordance with Revised Code Chapter 3318. Revised Code Chapter 3318 provides for several different school facilities assistance programs involving financial assistance from the State. These programs include the Classroom Facilities Assistance Program, the Exceptional Needs School Facilities Assistance Program, and the Expedited Local Partnership Program. Each of these programs provides State funding for all or a portion of qualifying school facilities projects based on financial tests, inadequate facilities, or a combination of the two. Participation in these programs also requires the school district to commit to adhere to Commission requirements for project construction.

The School District is not currently participating in any of these programs.

¹ The Supreme Court of Ohio has declared the School Foundation Program unconstitutional. See "LITIGATION - School Funding Litigation."

School District Income Tax

Under Ohio law, a school district, with the approval of the voters, may impose an income tax for the purpose of providing additional funds for the operation of the school district. The tax may be imposed upon the income of individuals residing in the school district and estates of decedents who at the time of their death were residents of the school district; or solely upon the earned income of individuals residing in the school district. Such selection must be made by the board of education prior to submission of the question of an income tax to the board of elections and be clearly stated on the election ballot. The tax may be imposed either for a specified number of years or for a continuing period of time. If the tax is imposed for a period in excess of five years, the voters of the school district may, by majority vote, repeal the tax, provided that a proposal to repeal the tax may not be initiated more than once in any five-year period.

While the School District does not currently levy an income tax on its residents, this form of funding remains available to the School District. The Board does not, however, anticipate asking voters to approve an income tax in the near future.

SCHOOL DISTRICT DEBT AND DEBT LIMITATIONS

Statutory Debt Limitations Generally

The School District may issue voted general obligation bonds (such as the Bonds), and notes issued in anticipation thereof, pursuant to a vote of the electors of the School District. Ad valorem taxes, without limitation as to amount or rate, assessed to pay debt service on voted bonds are authorized by the electors at the same time they authorize issuance of the bonds. Such voted debt is subject to the direct debt limitations but is not subject to the indirect debt limitation. Voted obligations may also be issued by certain overlapping subdivisions.

General obligation bonds and notes issued in anticipation thereof, may also be issued by the School District (and certain overlapping political subdivisions, such as the City and the County) without a vote of the electors. Unvoted debt is subject to both the direct and indirect debt limitations.

A political subdivision's debt limitations are based on its "tax valuation," which is the aggregate of the valuations of real property, personal property, and public utility property that is subject to ad valorem property taxation. For school districts, tax valuation is calculated in accordance with Revised Code Section 133.01(PP) and excludes the valuation of tangible personal property used in business, telephone or telegraph property, interchange telecommunications company property, or personal property owned or leased by a railroad company and used in railroad operations.

Direct Debt Limitations

Revised Code Section 133.06 provides that, exclusive of certain "exempt debt" (discussed below), the net principal amount of unvoted general obligation debt of a school district may not exceed the following percentages of a School District's tax valuation: (a) for permanent improvements generally, one-tenth of one percent (0.10%); and (b) for qualified energy conservation projects under Revised Code Section 133.06, nine-tenths of one percent (0.90%). Revised Code Section 133.06 also provides that the net principal amount of both voted and unvoted general obligation debt of the School District may not exceed 12% of a school district's tax valuation, except in the specific situations discussed below. These two limitations, referred to as "the direct debt limitations," may be amended from time to time by the State.

Exempt Debt

The Revised Code provides that certain debt a school district may issue is exempt from direct debt limitations ("exempt debt"). Exempt debt includes, among other things, bonds payable from school district income taxes under Revised Code Section 3318.052(E); notes issued in anticipation of the collection of current revenues; notes issued for qualified energy savings projects under Revised Code Section 3313.372; and certain bonds issued for school construction purposes following declaration of an emergency. Notes issued in anticipation of "exempt" bonds also are exempt debt. In calculating debt subject to the direct debt limitations, the amount of money in a school district's bond retirement fund allocable to the principal amount of non-exempt debt is deducted from gross non-exempt debt.

Indirect Debt Limitation

Unvoted general obligation bonds and bond anticipation notes cannot be issued by the School District unless the tax required to be imposed on taxable property in the School District for the payment of the debt service on (a) such bonds (or the bonds in anticipation of which notes are issued), and (b) all outstanding unvoted general obligation bonds (including bonds in anticipation of which notes are issued) of the combination of overlapping taxing subdivisions in the School District resulting in the highest tax rate required for such debt service, in any one year, is ten mills or less per \$1.00 of assessed valuation. This indirect debt limitation, the product of which is commonly referred to as the "ten-mill limitation," is imposed by a combination of the provisions of Article XII, Sections 2 and 11 of the Ohio Constitution and Revised Code Section 5705.02.

The ten-mill limitation is the maximum aggregate millage for all purposes that may be levied on any single piece of property by all overlapping taxing subdivisions without a vote of the electors. The ten mills which may be levied without a vote of the electors is in fact levied, collected and allocated among the School District and its overlapping taxing subdivisions for general fund purposes pursuant to a statutory formula.

This "inside" millage allocated to each overlapping taxing subdivision is required by present Ohio law to be used first for the payment of debt service on unvoted general obligation debt of the subdivision, unless provision has been made for its payment from other sources. The balance of the millage is available for other purposes of the subdivision. Thus, to the extent this inside millage is required for debt service of a taxing subdivision (which may exceed the formula allocation to that subdivision), the amount that would otherwise be available to that subdivision or to other such overlapping subdivisions for general fund purposes is reduced.

A subdivision's allocation of inside millage can be exceeded only in the event it is required for the payment of debt service on its unvoted general obligation debt and, in that case, the inside millage allocated to the other overlapping subdivisions would be reduced proportionally to bring the aggregate levies of inside millage down to ten mills.

In case of notes issued in anticipation of the issuance of unvoted general obligation bonds, the highest annual debt service estimated for the bonds anticipated by the notes is used to calculate the millage required.

The ten-mill limitation applies to all unvoted general obligation debt even if debt service on some of such debt is expected to be paid in fact from special assessments, utility earnings or other sources.

In calculating whether or not unvoted debt to be issued by the School District is within the ten-mill limitation, it is necessary to determine the total outstanding debt service requirements within the ten-mill limitation of all the taxing subdivisions overlapping the School District.

Bond Anticipation Notes

Under Ohio law, notes, including renewal notes, issued in anticipation of the issuance of general obligation bonds may be issued and outstanding from time to time up to a maximum period of twenty years from the date of issuance of the original notes. Any period in excess of five years must be deducted from the permitted maximum maturity of the bonds anticipated, and portions of the principal amount of notes outstanding for more than five years must be retired in amounts at least equal to, and payable not later than, principal maturities that would have been required if bonds had been issued at the expiration of the initial five-year period. The last maturity of any bonds issued to refund general obligation bond anticipation notes may not be later than the year of last maturity permitted by law for the bonds anticipated.

Bond anticipation notes may be retired at maturity from the proceeds of the sale of renewal notes, the proceeds of the sale of the bonds anticipated by such notes, from other available funds of the School District, or from a combination of these sources.

The ability of the School District to retire its outstanding bond anticipation notes from the proceeds of the sale of either renewal notes or bonds will be dependent upon the marketability of such renewal notes or bonds under market conditions then prevailing. Under present Ohio law, there is no ceiling on the annual interest rate permitted on general obligation notes and bonds of school districts.

After a portion of the proceeds of the Bonds are used to retire the Outstanding Notes, none of the debt of the School District will be in the form of general obligation bond anticipation notes.

[Balance of Page Intentionally Left Blank]

School District Debt Currently Outstanding

Upon issuance of the Bonds, the School District will have the following issues of bonds and notes outstanding (excluding the Refunded Bonds and the Outstanding Notes to be refunded by the Bonds):

Outstanding Debt Dublin City School District

⁽¹⁾ Includes the mandatory sinking fund deposits on the \$4,000,000 Energy Conservation Notes, Series 2010 (the "2010 Notes"), and on the \$1,700,000 Energy Conservation Notes, Series 2011 (together with the 2010 Notes, the "Notes"). The Notes mature on December 1, 2025, and the Notes were issued as "qualified school construction bonds" under Section 54F of the Code.

⁽²⁾ Includes the gross interest on the Notes without deduction for the credits (equal to the stated interest paid on the Notes) that the School District expects to receive from the United States Department of the Treasury pursuant to Section 6431(f) of the Code (the "Direct Payments"). The Direct Payments expected to be paid through maturity of the Notes is \$4,195,737. Although it is the intention of the School District to use the Direct Payments to pay the debt service on the Notes, the School District is not required to do so under federal or State law.

⁽³⁾ Includes the Direct Payments, which credits the School District expects to total \$4,195,737 through maturity of the Notes. Although it is the intention of the School District to use the Direct Payments to pay the debt service on the Notes, the School District is not required to do so under federal or State law.

An additional \$14,500,000 in bonds were authorized by the electors of the School District at the November 4, 2008 election and have not yet been issued.

The School District is not and has not been in default in the payment of debt service on any of its general obligation bonds or notes.

[Balance of Page Intentionally Left Blank]

Overlapping Subdivision Indebtedness

In addition to the School District, other political subdivisions have the power to issue bonds and to levy taxes or cause taxes to be levied on taxable real property in the School District. The estimated outstanding bonded indebtedness of such political subdivisions (excluding self-supporting debt and debt payable primarily from enterprise revenues or special assessments) is as follows:

Overlapping Debt Dublin City School District

Overlapping Units	Estimated Outstanding Debt	Percent Applicable to School District	Estimated Amount of Overlapping Debt
Delaware County	\$ 30,995,000	6.57%	\$ 2,036,372
Franklin County	252,220,000	8.58	21,640,476
Union County	6,395,000	12.61	806,410
City of Columbus	597,999,537	5.25	31,394,976
City of Dublin	49,046,701	91.09	44,676,639
City of Hilliard	41,055,000	0.25	102,638
City of Upper Arlington	17,539,994	0.31	54,374
Washington Township	1,874,999	89.44	1,676,999
Tolles Career & Tech. Cent. JVSD	4,820,000	45.50	2,193,100
Total			\$104,581,984

Source: Ohio Municipal Advisory Council. Data as of September 16, 2011.

The following table shows the per capita debt of the residents in the School District based upon the 2009 MORPC estimate of 71,525 people residing in the School District, the above overlapping indebtedness figures and the School District debt shown above, including the Bonds:

Debt Per Capita Dublin City School District

School District Debt, per capita	\$2,546.05
Overlapping Debt, per capita	1,462.17
Total Debt, per capita	\$4,008.22

Debt Capacity Analysis

The following table provides an analysis of the School District's debt capacity as of October 26, 2011, excluding the Refunded Bonds and the Outstanding Notes to be refunded by the Bonds. The School District's tax valuation is calculated in accordance with Revised Code Section 133.01(PP) and is based on collection year 2011 data provided by the State Department of Taxation.

Debt Capacity Dublin City School District

A.	Tax valuation	\$2,985,685,590
B.	Total debt, including the Bonds but excluding the Refunded Bonds and the Outstanding Notes	182,106,105
C.	Exempt debt	0
D.	Total non-exempt debt (B minus C)	182,106,105
E.	1/10 of 1% direct debt limitation (1/10 of 1% of tax valuation)	2,985,685
F.	Total limited tax non-exempt bonds and notes outstanding (not including Revised Code Section 133.06(G) debt)	0
G.	Debt leeway within 1/10 of 1% unvoted debt limitation, but subject to indirect debt limitation (E minus F)	2,985,685
H.	9/10 of 1% direct debt limitation (Section 133.06(G) debt) (9/10 of 1% of tax valuation)	26,871,170
I.	Total Revised Code Section 133.06(G) debt	10,461,000
J.	Debt leeway within 9/10 of 1% unvoted debt limitation, but subject to indirect debt limitation (H minus I)	16,410,170
K.	9% direct debt limitation	268,711,703
L.	Debt leeway within 9% direct debt limitation (K minus D)*	86,605,598

* Debt leeway is determined without reference to applicable moneys in the School District's bond retirement fund.

Lease Obligations

Under Ohio law, school districts have only the authority to lease or lease purchase any capital asset that is expressly granted by statute or necessarily implied from expressly granted authority. Express statutory authority exists for true leases (i.e., leases where no portion of the lease payment is applied toward the purchase of the capital asset) or lease-purchase or installment sale arrangements for the following: land, office equipment, school buses, administrative office facilities and buildings for any school district purpose. Except in cases where lease-purchase or installment sale arrangements include certain provisions providing that the obligations under such agreement may be terminated at the end of a fiscal year (e.g., a requirement of annual appropriation in order to extend the lease term beyond the current fiscal year), such agreements would constitute "debt" for purposes of the indirect debt limitation and the statutory direct debt limitations discussed more fully herein (see "SCHOOL DISTRICT DEBT AND DEBT LIMITATIONS - Statutory Debt Limitations Generally").

The School District currently leases several copiers. The payments on such leases are immaterial to the School District's overall financial position.

Future Financings

Of the \$50,000,000 of voted authority to issue bonds approved by the electors of the School District at the November 4, 2008 election, \$14,500,000 has not yet been issued, and the School District expects to issue this remaining \$14,500,000 in bonds in the future, although the timing has not yet been determined. The School District anticipates the need for additional capital improvements during the next five years, including additions to high school facilities, maintenance of facilities, and upgrading and replacing equipment. While the timing of additional capital financings has not yet been determined, the School District has placed a 0.77-mill, \$25,000,000 bond issue on the November 8, 2011 ballot. If approved by the electors of the School District, such additional debt authorization will be used to pay for the improvements described above.

FINANCES OF THE SCHOOL DISTRICT

Budgeting, Tax Levy and Appropriations Procedures

The Revised Code contains detailed provisions regarding School District budgeting, tax levy and appropriation procedures. These procedures involve review by County officials at several steps.

School District budgeting for a fiscal year formally begins with the preparation of a tax budget or alternative document as determined by the County Budget Commission, comprised of the County Auditor, County Treasurer and County Prosecuting Attorney. After a public hearing, this budget is adopted by the Board by the January 15th prior to the fiscal year to which it pertains. Among other items, the tax budget must show the amounts required for debt service, the estimated receipts for payment from sources other than ad valorem property taxes and the net amount for which an ad valorem property tax levy must be made. The tax budget then is presented for review by the Budget Commission. The Budget Commission holds a public hearing to review the budget, and issues, by March 1st, the Certificate of Estimated Resources which is the basis for School District appropriations and expenditures for the coming fiscal year.

Upon approval of the tax budget and issuance of the Certificate of Estimated Resources, the County Budget Commission certifies its actions to the Board together with the approved tax rates. Thereafter, the Board levies the approved taxes and certifies them to the proper County officials. The approved and certified tax rates are reflected in the tax bills sent to property owners during the collection

year. Real property taxes are payable on a calendar year basis, generally in two installments with the first due usually in January and the second due in June or later.

At the start of each fiscal year, the Board adopts a temporary appropriation measure to begin that new fiscal year and then, within three months, a permanent appropriation measure for that fiscal year. Permanent appropriation measures may be amended or supplemented during the fiscal year. Annual appropriations may not exceed the County Budget Commission's official estimates of resources. The County Auditor must certify that the Board's appropriation measures, including any supplements or amendments, do not appropriate moneys in excess of the amount set forth in the latest of those official estimates.

The County serves as tax collector for the School District. Investments and deposits of County funds are also governed by Revised Code Chapter 135 (the "Uniform Depository Act"). The County Treasurer is responsible for those investments and deposits. The County's most recent audited financials contain a recitation of the County's current investment practices and can be obtained at the Ohio Auditor of State website: <http://www.auditor.state.oh.us/>.

Financial Reports and Audits

The School District's fiscal year is the twelve-month period beginning July 1 and ending June 30. The Board maintains its accounts, appropriations, and other fiscal records on the basis of generally accepted accounting principles ("GAAP").

The State Auditor is charged by law with the responsibility for auditing the financial statements of each taxing subdivision and most public agencies and institutions. A financial report for each fiscal year is required to be filed with the State Auditor pursuant to Revised Code Section 117.38. Such reports are required to be submitted to the State Auditor at the close of each fiscal year. At the time of filing of such report, the Treasurer is required to publish a notice that the report is completed and available for review in the Treasurer's office.

The most recent audit of the School District's financial statements by the State Auditor was completed through the fiscal year ending June 30, 2010 and was reviewed by the Board's administrative staff. The Auditor did not make any citations, require any adjustments, or make any findings for recovery. No bring-down procedures have been undertaken by the State Auditor since the date of the financial statements. The audited Basic Financial Statements for the Year Ended June 30, 2010 are attached hereto as APPENDIX B.

Governmental Accounting Standards Board pronouncements and Financial Accounting Standards Board pronouncements are the principal sources used to determine the accounting principles employed under GAAP. These publications, among other things, provide for a modified accrual basis of accounting for governmental funds and for a full accrual basis of accounting for proprietary funds and for each major and aggregated non-major fiduciary funds. The publications also further provide for the preparation of balance sheets for each major and non-major fund, and statements of revenues and expenditures, and changes in fund balances (major and aggregated non-major governmental funds) or statements of revenues, expenses and changes in retained earnings/equity (major and aggregated non-major proprietary funds) and statement of cash flows. The principles further require preparation of a statement of net assets and a statement of activities for the entity's business type and government type activities on the full accrual basis of accounting, and management's discussion and analysis of major events and transactions during the year.

Five-Year Projection

Boards of education are required to submit a five-year projection of operational revenues and expenditures (commonly known as the "five-year forecast") according to Department rules. Pursuant to such rules, the Department reviews the School District's five-year projection to determine if the School District has projected a deficit during the first three years of the five-year projection period. If the Department determines that further fiscal analysis is needed, the Department must forward the projection to the State Auditor, who will determine if the School District must be formally notified of a pending projected deficit. The School District must then take steps to eliminate any deficit in the current year and to plan to avoid projected deficits. The Board approved a five-year projection on October 25, 2010, a copy of which is attached hereto as APPENDIX C.

Deficit projections arising from the "five-year forecast" may have the effect of triggering certain fiscal oversight mechanisms created under State law.

Fiscal Oversight System

The State has created a fiscal oversight system designed to ensure the financial stability of public school districts so that they can continue to perform the vital governmental mission of educating children while meeting their ongoing obligations to creditors, employees, vendors and suppliers. Under this fiscal oversight system, a school district may be declared to be in a state of "fiscal caution," "fiscal watch," or "fiscal emergency" based on certain triggering criteria established by law. These triggering criteria relate primarily to the size of the school district's current and projected operating deficits, but also include an evaluation of the school district's financial practices and its effectiveness in taking the necessary corrective measures. Increasing levels of intervention and control are imposed with each successive determination, culminating (at the "fiscal emergency" level) in the creation of an independent governing board for the school district. This independent governing board, the Financial Planning and Supervision Commission ("FPSC"), is vested with extraordinary powers, including the power to remove the superintendent and/or the treasurer and to implement staff reductions which would otherwise violate existing collective bargaining agreements. The State Auditor may conduct a performance audit of a school district in fiscal caution, fiscal watch, or fiscal emergency at any time.¹

The School District is not subject to a declaration of fiscal caution, fiscal watch, or fiscal emergency, and is not subject to any directives from the State Auditor, the State Superintendent, or the FPSC arising from any prior declaration.

General Fund Operations

The General Fund is the main operating fund of the School District. It is the fund from which most of the School District's expenditures are paid and into which most of the School District's revenues are deposited. The School District derives most of its revenues from a tax on real and tangible personal property and from State aid, including the School Foundation Program. (See "OTHER SOURCES OF SCHOOL DISTRICT FUNDING – School Foundation Program.")

¹ For more information about the criteria the State Auditor and State Superintendent use to determine whether a school district should be placed on fiscal caution, fiscal watch, or fiscal emergency, please visit the State Auditor's website at <http://auditor.state.oh.us/LGS/FiscalWatchEmergency/SchoolFactSheet.htm>.

General Fund Set-Aside

Ohio school districts are required to establish the following set-aside within their General Fund:

Fund	Source and Amount of Balance	Purpose
Capital and Maintenance Fund ¹	3% ² of general fund revenues ³ using the state base-cost formula amount for the preceding fiscal year multiplied by the School District's student population for the preceding fiscal year	Acquisition, replacement, enhancement, maintenance, or repair of permanent improvements

¹ A school district may elect to set aside funds pursuant to previous law by notifying the State Auditor within 90 days of the beginning of the fiscal year of such election.

² A different percentage requirement may be set by the State Auditor.

³ A school district may elect to set aside funds from the proceeds of a permanent improvement levy instead of diverting funds from the general fund to meet this requirement.

Any balance remaining in the above funds at the end of the current fiscal year is carried over to the next fiscal year.

Investment of Funds

According to the Treasurer, all moneys of the School District, specifically moneys in the general fund, the bond retirement fund, and all project funds containing proceeds of any debt issuances of the School District (including the Bonds), are presently or will be invested in accordance with the requirements of Ohio law, and in particular the Uniform Depository Act. Under Revised Code Section 135.14, the School District may invest its funds, provided that such investments generally must mature or be redeemable within five years from the date of purchase. The classifications of obligations which are eligible for such investment by the School District range from investment in the State Treasury Asset Reserve of Ohio investment pool ("STAR Ohio") to investment in United States Treasury bills, commercial paper, certificates of deposit and bankers acceptances. Certain investment practices remain exclusive to those school districts whose fiscal officers have completed additional training in accordance with the Uniform Depository Act.

Further, pursuant to Revised Code Section 135.14, all investments of the School District, except for investments in securities in STAR Ohio and certain no-load money market mutual funds, must be made through members of the National Association of Securities Dealers, Inc., banks, savings banks, or savings and loan associations regulated by the State superintendent of financial institutions or through institutions regulated by the comptroller of the currency, Federal Deposit Insurance Corporation, or board of governors of the Federal Reserve System.

The School District interprets the limits on Federal guaranteed investments, bankers' acceptances, commercial paper and all other legal investments very conservatively. No moneys of the School District have ever been invested in interest-only obligations, reverse-repurchase obligations, inverse floater obligations, or other investment vehicles commonly referred to as derivative investments. No moneys of the School District are invested in obligations which mature later than the time at which it is reasonably expected that the School District will need access to such moneys in order to meet current financial commitments. The Treasurer has attended special training in all of the investment areas to assure strict compliance with the strictly conservative investment philosophy of the School District. All investments are transacted with banks or other financial institutions operating in the State. Complete detail of the current investment practices of the School District can be found in the most recent audited financial statements of the School District (see APPENDIX B herein).

School District Insurance

The School District maintains a \$362,691,583 blanket insurance coverage with private carriers for real property, building contents and vehicles with a \$5,000 deductible clause per occurrence. The School District also maintains several other property insurance policies with coverage for computer hardware, musical instruments, and miscellaneous equipment. In addition, the School District maintains liability coverage with a \$1,000 deductible and limits of \$1,000,000 per occurrence and \$2,000,000 in aggregate.

Ohio law provides immunity for political subdivisions such as the School District from liability in damages. The immunity covers injury, death, or loss to persons or property allegedly caused by an act or omission of such political subdivisions or their employees in connection with governmental and proprietary functions, as defined in the Ohio statutes. Included among such governmental functions is the design, construction, reconstruction, renovation, repair, maintenance, and operation of any school athletic facility, school auditorium, or gymnasium. The statutes have no effect on any liability imposed by federal law or other federal cause of action. Pursuant to Ohio law, there are, however, five areas in which a political subdivision may be held liable for such loss. These include the negligent operation of a motor vehicle by employees engaged within the scope of their employment and authority; negligent performance of proprietary functions; negligent failure to keep public roads in repair, and other negligent failure to remove obstructions from public roads; negligence of employees due to physical defects within or upon the grounds of buildings used in the performance of governmental functions, excluding jails, juvenile detention workhouses and other detention facilities; and liability specifically imposed by statute. Ohio law also imposes a two-year statute of limitations and puts limits on the damages which may be recovered from such political subdivisions. No punitive or exemplary damages can be recovered, and any insurance benefits are deducted from any award against a political subdivision. Although there is no limitation with respect to compensatory damages representing a person's economic loss, there is a \$250,000 per person ceiling on the compensatory damage that represents a person's non-economic loss in cases other than wrongful death, in which case there is no maximum limitation.

**NOTES TO THE FEDERAL AWARDS EXPENDITURES SCHEDULE
FISCAL YEAR ENDED JUNE 30, 2010**

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Expenditures Schedule (the Schedule) reports the Dublin City School District's (the Districts) federal award programs' receipts and disbursements. The Schedule has been prepared on the cash basis of accounting.

NOTE B - CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE C – FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Dublin City School District
Franklin County
7030 Coffman Road
Dublin, Ohio 43017

To the Board of Education:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Dublin City School District, Franklin County, (the District) as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 10, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

88 E. Broad St. / Tenth Floor / Columbus, OH 43215-3506
Telephone: (614) 466-3402 (800) 443-9275 Fax: (614) 728-7199
www.auditor.state.oh.us

We did note certain matters not requiring inclusion in this report that we reported to the District's management in a separate letter dated December 10, 2010.

We intend this report solely for the information and use of management, the audit committee, Board of Education, and federal awarding agencies and pass-through entities and others within the District. We intend it for no one other than these specified parties.

A handwritten signature in black ink that reads "Mary Taylor". The script is cursive and fluid, with the first letters of each name being capitalized and prominent.

Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM, INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133, AND THE FEDERAL AWARDS RECEIPTS AND EXPENDITURES SCHEDULE

Dublin City School District
Franklin County
7030 Coffman Road
Dublin, Ohio 43017

To the Board of Education:

Compliance

We have audited the compliance of Dublin City School District (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to each of its major federal programs for the year ended June 30, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal programs. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the Dublin City School District complied, in all material respects, with the requirements referred to above that apply to each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program, to determine our auditing procedures for the purpose of opining on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

88 E. Broad St. / Tenth Floor / Columbus, OH 43215-3506
Telephone: (614) 466-3402 (800) 443-9275 Fax: (614) 728-7199
www.auditor.state.oh.us

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Federal Awards Receipts and Expenditures Schedule

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Dublin City School District (the District) as of and for the year ended June 30, 2010, and have issued our report thereon dated December 10, 2010. Our audit was performed to form opinions on the financial statements that collectively comprise the District's basic financial statements taken as a whole. The accompanying federal awards receipts and expenditures schedule provides additional information required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This schedule was subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

We intend this report solely for the information and use of the audit committee, management, Board of Education, others within the entity, federal awarding agencies, and pass-through entities. It is not intended for anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT

Dublin City School District
Franklin County
7030 Coffman Road
Dublin, Ohio 43017

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Dublin City School District, Franklin County, Ohio (the District), as of and for the year ended June 30, 2010 which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Dublin City School District, Franklin County, Ohio, as of June 30, 2010, and the respective changes in financial position and where applicable, cash flows, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2010, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

88 E. Broad St. / Tenth Floor / Columbus, OH 43215-3506
Telephone: (614) 466-3402 (800) 443-9275 Fax: (614) 728-7199
www.auditor.state.oh.us

Accounting principles generally accepted in the United States of America require this presentation to include Management's discussion and analysis, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the District's basic financial statements taken as a whole. The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information provide additional analysis and are not a required part of the basic financial statements. The financial section's combining statements, individual fund statements and schedules are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. These statements and schedules were subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Auditor of State

December 10, 2010

Dublin City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

Our discussion and analysis of the District's financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2010.

Financial Highlights

The District's net assets increased by approximately \$1,900,000 or 3.1%. Program revenues accounted for \$13.5 million or 7.0% of total revenues, and general revenues accounted for \$180.8 million or 93.0%.

The general fund reported a positive fund balance of \$64.5 million.

Using this Comprehensive Annual Financial Report

This comprehensive annual financial report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the District as a whole, and then proceed to provide an increasingly detailed look at specific financial activities.

Reporting the District as a Whole

The Statement of Net Assets and Statement of Activities

One of the most important questions asked about the District's finances is, "Is the District better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the District as a whole and about its activities in a manner that helps to answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector corporations. All of the current year's revenues and expenses are taken into consideration regardless of when cash is received or paid.

These two statements report the District's net assets and changes in them. The change in net assets provides the reader a tool to assist in determining whether the District's financial health is improving or deteriorating. The reader will need to consider other nonfinancial factors such as property tax base, current property tax laws, student enrollment growth, and facility conditions in arriving at their conclusion regarding the overall health of the District.

Reporting the District's Most Significant Funds

Fund Financial Statements

Our analysis of the District's major funds begins on page 28. The fund financial statements begin on page 38 and provide detailed information about the most significant funds – not the District as a whole. Some funds are required to be established by state statute, while many other funds are established by the District to help manage money for particular purposes and compliance with various grant provisions. The District's three types of funds, governmental, proprietary, and fiduciary, use different accounting approaches as further described in the notes to the financial statements.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or less financial resources available to spend in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the basic financial statements.

Proprietary Funds

Proprietary funds use the accrual basis of accounting, which is the same as is used on the entity-wide statements, therefore the statements will essentially match the business-type activities portion of the entity-wide statements.

Fiduciary Funds

The District is the trustee, or fiduciary, for its scholarship program listed as private purpose trust. All of the District's fiduciary activities are reported in separate Statements of Fiduciary Net Assets and Changes in Fiduciary Net Assets on page 47. We exclude these activities from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceeded liabilities by \$62.7 million at the close of the most recent fiscal year.

Dublin City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

A portion of the District's net assets (2.3%) reflects its investment in capital assets less any related debt used to acquire those assets that is still outstanding. The District uses capital assets to provide services; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A comparative analysis of fiscal year 2010 to 2009 follows:

	Net Assets (Amounts expressed in thousands)					
	Governmental Activities		Business-Type Activities		Total	
	2010	2009	2010	2009	2010	2009

Total Assets	<u>485,545</u>	<u>492,873</u>	<u>991</u>	<u>1,190</u>	<u>486,536</u>	<u>494,063</u>
Current Liabilities	197,725	194,801	244	318	197,969	195,119
Long-Term Liabilities	<u>225,771</u>	<u>238,047</u>	<u>64</u>	<u>64</u>	<u>225,835</u>	<u>238,111</u>
Total Liabilities	<u>423,496</u>	<u>432,848</u>	<u>308</u>	<u>382</u>	<u>423,804</u>	<u>433,230</u>
Net Assets:						
Invested in Capital						
Assets, Net of Debt	976	3,073	497	551	1,473	3,624
Restricted	20,576	20,441	0	0	20,576	20,441
Unrestricted	<u>40,497</u>	<u>36,511</u>	<u>186</u>	<u>257</u>	<u>40,683</u>	<u>36,768</u>
Total Net Assets	<u>\$ 62,049</u>	<u>\$ 60,025</u>	<u>\$ 683</u>	<u>\$ 808</u>	<u>\$ 62,732</u>	<u>\$ 60,833</u>

An additional portion of the District's net assets (32.8%) represents resources subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets may be used to meet the District's ongoing activities.

The District is able to report, this year as well as last year, positive balances in all three areas of net assets for both the government as a whole, as well as for its separate governmental activities and business type activities.

Governmental Activities

Net assets of the District's governmental activities increased by \$2.02 million and unrestricted net assets reflect a positive balance of \$40.50 million. The increase in net assets is primarily the result of a \$15.74 million increase in property tax and an increase of almost \$3.14 million in grants and entitlements due to homestead and rollback collections. Both revenue increases are related to the voter approved November 2008 tax levy, which started being collected at the beginning of 2010. The increase in revenues, however, was offset by increases in operating costs. Instructional staff expenditures increased by \$4.89 million compared to the prior year while expenditures for special education and bilingual aides, counseling, and other pupil and instructional staff support services increased by approximately \$2.91 million. Fiscal and central support expenditures together increased by almost \$2.75 million compared to the prior year reflecting increased auditor and treasurer fees for property tax collections and remittance of insurance premiums

The property tax laws in Ohio create the need to periodically seek voter approval for additional operating funds. Tax revenues generated from a levy do not increase as a result of inflation. An operating levy is approved for a fixed millage rate, but the rate is reduced for inflation with the effect of providing the District the same amount of tax dollars as originally approved. Therefore school districts such as ours that are dependent upon property taxes as a primary source of revenue must periodically return to the ballot and ask voters for additional resources to maintain current programs. Since the District must rely heavily on voter approval of operating tax issues management of the resources is of paramount concern to District administration and the voting public. The District utilizes a five-year cash financial forecast to estimate revenues and control expenditures to assure tax levy revenues can maintain operations for a significant period of time. The voters of the District passed in November 2008 a 7.9 mill operating levy that began collection in January 2010.

Dublin City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

The District's reliance upon tax revenues is demonstrated by the graph above that indicates 76.0% of total revenues for governmental activities come from local taxes. The reliance on general revenues to support governmental activities is indicated by the net services column reflecting the need for \$178.5 million dollars of support as well as the graph indicating general revenues comprise 95.5% of total revenues.

Business-Type Activities

Business-type activities include food service, community education, and summer school. These programs had a decrease in net assets of \$124,113 for the fiscal year. The decrease was due to increases in food service and summer school expenditures. The District has reviewed the situation and is looking at ways to curtail expenses and/or raise prices to prevent this situation in the future.

Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

The District's Funds

The District's governmental funds (as presented on the balance sheet on page 38) reported a combined fund balance of \$98.4 million, which is under last year's total of \$112.7 million. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2010 and 2009.

	Fund Balance June 30, 2010	Fund Balance June 30, 2009	Increase (Decrease)
General	\$ 64,476,465	\$ 61,796,260	\$ 2,680,205
Debt Service	19,528,710	20,251,323	(722,613)
Capital Projects	12,735,160	29,249,916	(16,514,756)
Other Governmental	1,677,196	1,381,774	295,422
Total	<u>\$ 98,417,531</u>	<u>\$ 112,679,273</u>	<u>(\$ 14,261,742)</u>

General Fund

The increase in the District's General Fund fund balance is due to many factors. The tables and graphs that follow assist in illustrating the financial activities and balance of the General Fund.

	2010 <i>Amount</i>	2009 <i>Amount</i>	<i>Percentage Change</i>
<i>Revenues</i>			
Taxes	\$ 121,370,221	\$ 106,830,974	13.61%
Earnings on Investments	888,797	2,438,192	(63.55)
Intergovernmental – State	34,071,304	31,696,995	7.49
Other Revenues	1,173,659	1,269,905	(7.58)
Total	<u>\$ 157,503,981</u>	<u>\$ 142,236,066</u>	10.73%

The property tax revenues are up \$14.54 million due primarily to an increase in the District's tax base and the beginning collection of a new 7.9 mill operating levy beginning in January 2010. The District anticipates tax collections will remain steady in fiscal year 2011 as compared to fiscal year 2010. Interest earnings decreased \$1.55 million due to the depressed interest rate environment.

State revenue is up \$2.37 million for the fiscal year because of state reimbursements of tangible personal property revenues lost due to the systematic phase out enacted with Ohio HB66 and increased homestead and rollback reimbursements from the new 7.9 mill operating levy.

Dublin City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2010

As the graph below illustrates, the largest portions of general fund expenditures are for salaries and fringe benefits. The District is a service entity and as such is labor intensive.

<i>Expenditures by Object</i>	<i>2010 Amount</i>	<i>2009 Amount</i>	<i>Percentage Change</i>
Salaries and Wages	\$ 107,925,554	\$ 102,418,711	5.38%
Fringe Benefits	32,289,700	29,854,324	8.16
Purchased Services	8,649,706	7,702,662	12.30
Supplies	4,164,502	4,166,598	(0.05)
Capital Outlay	221,320	172,964	27.96
Miscellaneous	2,394,840	1,824,115	31.29
Total	<u>\$ 155,645,622</u>	<u>\$ 146,139,374</u>	<u>6.50%</u>

Expenditures are up approximately \$9.51 million or 6.5% over the prior year mostly due to salary and benefit increases associated with new and existing staff as well as an increase in purchased services due to increased health insurance premium. Overall, revenues exceeded expenditures during the fiscal year resulting in an increase in the General Fund fund balance, which contributed to the financial health of the District.

Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

Other Funds

The District's debt service fund balance decreased by approximately \$723,000. This decrease is primarily due to reduced tax revenues as a result of phase out of personal property taxes and increases in delinquent property taxes. The revenues of the fund are property taxes, calculated by the county auditor, and state homestead and rollback money computed as a percentage of the tax due to the fund. The expenses of the fund include debt principal and interest payments as well as county auditor and treasurer fees. Tax collections are expected to remain steady and adequate to meet current debt requirements.

The capital projects fund balance decreased by \$16.51 million. This decreased is a result of spending down resources received in conjunction with the November 2008 bond issue approved by voters. This is a normal occurrence and is not indicative of diminishing financial health. Ultimately, the entire amount of capital from this bond issue will be issued and subsequently will be spent.

Other governmental funds consist of special revenue funds. The increase in fund balance is primarily due to increased revenue accruals of federal grant monies due to the American Reinvestment and Recovery Act monies in the other governmental funds.

General Fund Budget Information

The District's budget is prepared in accordance with Ohio law and is based on the cash basis of accounting, utilizing cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

The District amended its revenue estimates to reflect greater than originally anticipated revenues from taxes and interest on investments. The final budget for expenditures decreased by approximately \$3.54 million over the original budget primarily due to lower than expected expenditures for salaries and wages and fringe benefits. Other appropriations required changes in functional categories due to spending patterns.

The District utilizes the five-year forecast as the original document from which to form the operating budget. After updating of the forecast for changes in revenue and expenditure assumptions the operating budget begins at the school level. Each school in the District receives a per pupil allocation augmented with resources for special education students in the specific buildings. The departments then receive the remainder of funds to bring the budget into balance with the five-year forecast. The site and department budgets are reviewed periodically to ensure management becomes aware of any significant variations during the year.

Capital Assets

The District has \$179.29 million invested in capital assets, net of depreciation, with \$178.79 million attributed to governmental activities. Acquisitions for governmental activities totaled \$11.32 million and depreciation was \$8.03 million. The majority of the acquisitions were for building additions, building improvements, and land improvements throughout the District. Detailed information regarding capital asset activity is included in the notes to the basic financial statements (Note 9).

Dublin City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

On November 4, 2008, the District passed a bond issue in the amount of \$50.0 million. This issue will fund additional facilities, security improvements to buildings, technology upgrades, equipment replacement, and maintenance of existing facilities. The new facilities will include an addition to Coffman High School; additions to Davis and Karrer Middle Schools; additions to Thomas, Wright, and Wyandot Elementary Schools; and a thirteenth elementary school.

Debt

At June 30, 2010, the District had \$214.13 million in outstanding bonds, unamortized bond premiums, and notes payable. The District paid \$14.54 million in principal on bonds outstanding and \$18.5 in notes payable during the fiscal year. The District issued bond anticipation notes payable in the amount of \$18.0 million to be paid in October 2010. The District also advance refunded \$5.61 million of its 2001 series general obligation issues. The advance refunding reduced cash flows required for debt service by \$171,910 over the next 5 years and resulted in economic gains of \$159,560. In addition, the District had a balance of \$5,336,199 in unamortized bond premiums, which will continue to be amortized over the life of the applicable bonds. Detailed information regarding long term debt and notes payable activity is included in the notes to the basic financial statements (Notes 10, 11, & 22).

The bond issue passed in November of 2008, over time will increase the debt service requirements of the District. The District, by managing the timing of debt issuance, will be able to issue all \$50.0 million without increasing the tax burden on current taxpayers. The "no new millage" concept results in keeping the current tax rate in effect by utilizing the increasing tax base in conjunction with current debt reduction. The District, in the last twelve years, has been able to rely on this method of funding for over \$268.0 million in general obligation debt issuance while reducing the tax rate of current taxpayers.

Under current state statutes, the District's general obligation bonded debt issues are subject to a legal limitation based on 9% of the total value of real and personal property. At June 30, 2010, the District's general obligation debt was below the legal limit.

Restrictions and Other Limitations

With the passage of the November 2004 and 2008 operating levies and the November 2000, 2004, and 2008 bond issues, the District is in a good financial position. The operating levy combined with the bond issue provides the necessary funds for the District to manage current growth patterns while maintaining the educational program and the facilities. However, the future financial stability of the District is not without challenges.

The first challenge is for management to ensure resources can be preserved as long as possible. The five-year forecast of the general fund and the five-year capital plan is utilized by management as a tool to manage resources effectively.

The second challenge facing the District is based in the local economy. The District has experienced significant growth over the last 15 years. If the growth patterns in student population change so additional students enter the District more than currently anticipated, adjustments will have to be made to the financial models upon which assumptions have been made. This scenario or local and

Dublin City School District
Management's Discussion & Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited

statewide economic slowdown could cause the District to scale down the educational program offerings or seek additional resources.

The last challenge facing the District is the state funding formula for education in Ohio. The State legislature adopted HB 66 in June 2005, which established provisions to eliminate tangible personal property tax revenue. The State has provisions to "hold harmless" through fiscal year 2013, but with the lack of a permanent reimbursement plan to replace lost tangible tax revenues, projecting the impact of these changes is difficult. In addition, the Governor's Proposed Ohio-Adapted Evidence Based Model and Substitute House Bill 1, dramatically changed the state funding formula for biennium budget beginning fiscal year 2010. The new formula is not fully funded, however, due to the state budget crisis. The District's funding essentially remained flat from the previous year with a slight reduction for both fiscal 2010 and 2011. The fiscal years 2010 and 2011 are supported by one-time Federal Stimulus "fiscal stabilization funds," which accounts for approximately 7.86% of the District's current formula amounts. A reduction similar to this is likely to ensue for future fiscal years. With a potential deficit gap of up to \$8 billion for the next biennium budget, it is reasonable that further reductions in state foundation aid will be made to reduce deficit. The District carefully prepares its five-year forecast with the best information available, and utilizes the forecast for financial planning.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional financial information contact the Treasurer's Office at Dublin City School District, 7030 Coffman Road, Dublin, OH 43017 or call (614) 764-5913.

Dublin City School District, Ohio
Reconciliation of the Statement of Revenues, Expenditures, and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2010

Net Change in Fund Balances - Total Governmental Funds (\$14,290,210)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.	3,255,506
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	
Taxes	2,341,234
Interest	(69,485)
Proceeds from the sale of refunding bonds reported in governmental funds are not reported as revenues in the statement of activities since this provides current financial resources to governmental funds.	(5,550,000)
Premium on the sale of refunding bonds reported in governmental funds are not reported as revenues in the statement of activities since this provides current financial resources to governmental funds.	(452,143)
Governmental funds report the effect of issuance costs, premiums, discounts and similar items debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.	
Bond Premiums	452,786
Issuance Costs	(2,763)
Proceeds from Capital Leases provides current financial resources to governmental funds, while the repayment of the principal consumes current financial resources of governmental funds. Neither transaction, however, has an effect on net assets.	(158,272)
Proceeds from the sale of Bond Anticipation Notes reported in governmental funds are not reported as revenues in the statement of activities, since long-term bonds and bond anticipation notes were issued after the statement date to retire the notes.	(18,000,000)
Repayment of bond principal and notes payable is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and does not result in an expense in the statement of activities.	38,491,001
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.	(2,880,630)
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	
Compensated Absences	(181,735)
Net Inventory Increase	28,468
The internal service fund used by management to charge the costs of insurance to individual funds is not reported in the district-wide statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities.	(959,676)
<i>Change in Net Assets of Governmental Activities</i>	<u><u>\$2,024,081</u></u>

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

(1) **Summary of Significant Accounting Policies**

The significant accounting policies followed in the preparation of these financial statements are summarized below. These policies conform to generally accepted accounting principles (GAAP) as applied to governmental units prescribed in the statements issued by the Governmental Accounting Standards Board (GASB) and other recognized authoritative sources. The District has elected, under GASB No. 20, to apply Financial Accounting Standards Board Statements and Interpretations issued on or before November 30, 1989, except those that conflict with a GASB pronouncement.

A. Fund Accounting

The District's accounts are maintained on the basis of funds, each of which is considered a separate accounting entity. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to specific District functions or activities. The operation of each fund is accounted for within a separate set of self-balancing accounts.

Major Governmental Funds:

General Fund - The General Fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Capital Projects Fund - The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary and trust funds. The District also uses the capital projects fund to pay initial functional costs, such as textbooks, involved in opening a facility, therefore all expenditures are not recorded as capital outlay.

Major Enterprise Funds:

Food Service Fund – The Food Service Fund is used to account for all financial transactions related to the food service operation.

Community Education Fund – The Community Education Fund is used to account for all financial activities related to community education programs and operations.

Summer School Fund – The Summer School Fund is used to account for all financial activities related to summer school operations. This program is primarily remedial in nature and is offered to both resident and non-resident students.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Other Fund Types:

Internal Service Funds - Internal Service funds are used to account for the financing of vision insurance and testing services provided by one department or agency to other departments or agencies of the District on a cost-reimbursement basis.

Fiduciary Funds - Fiduciary Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. These include private-purpose trust and agency funds. Private-purpose trust funds account for resources, including both principal and earnings, which must be expended according to the provision of a trust agreement, and are accounted for in essentially the same manner as proprietary funds. The private-purpose trust funds are primarily used for the award of scholarships to graduating seniors of the District. Agency funds are purely custodial and thus do not involve measurement of results of operations. The agency funds are primarily used to account for the resources of the District's student extracurricular organizations.

B. Basis of Presentation

Government-wide Financial Statements – The statement of net assets and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements except for interfund services provided and used. Internal Service fund operating activity is eliminated to avoid overstatement of revenues and expenses. The statements distinguish between governmental and business-type activities of the District.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type, and for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Fund Financial Statements

Fund financial statements report detailed information about the District. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column. Internal Service funds are combined and the totals are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary funds and private-purpose trust funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations of these funds are included on the statement of net assets. Fund equity (i.e., net total assets) is segregated into amounts invested in capital assets and unrestricted components. Proprietary fund's operating statements present increases (e.g., revenues) and decreases (expenses) in net total assets.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the Food Service enterprise fund, the Community Education enterprise fund, the Summer School enterprise fund, and of the District's internal service funds are charges for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. The Fund financial statements are prepared using either modified accrual for governmental funds or accrual basis for proprietary and fiduciary funds.

Revenues, Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenues are recognized in the

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

accounting period when they become both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current fiscal year. The available period of the District is sixty days after year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 7). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been met. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available: property taxes available for advance, investment earnings, tuition, grants and student fees.

Unearned/Deferred Revenue

Unearned or deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of June 30, 2010, but which were levied to finance fiscal year 2011 operations, have been recorded as unearned revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

On proprietary fund financial statements, summer school receipts collected for classes that will be held subsequent to year end are reported as unearned revenue.

Expenditures/Expenses

On the accrual basis of accounting, expenses are recorded at the time they are incurred. The measurement focus of governmental fund accounting is on flow of current financial resources. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred except for (1) principal and interest on general long-term debt, which are recorded as fund liabilities when due and (2) the costs of accumulated unpaid vacation and sick leave are reported as fund liabilities in which they will expect to be liquidated with expendable available financial resources to the extent the liabilities mature in the period rather than in the period earned by employees.

D. Cash and Investments

The District maintains a cash and investment pool used by all funds. The cash and investment pool has the same characteristics as demand deposits. Each fund's portion

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

of this pool is displayed in the financial statements as cash and cash equivalents. The District utilizes a financial institution to service bonded debt as principal and interest payments come due. The monies are either maintained in a central bank account or used to purchase legal investments.

It is the policy of the District to value investment contracts and money market investments with a maturity of one year or less at the time of purchase at cost or amortized cost. Investment contracts and money market investments that had a remaining maturity of greater than one year at the time of purchase are reported at fair value.

The District has invested funds in the State Treasury Asset Reserve of Ohio (STAR Ohio). STAR Ohio is an investment pool managed by the State Treasurer's office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on the last day of the fiscal year.

The Ohio Revised Code authorizes the District to invest in United States and State of Ohio bonds, notes and other obligations; bank certificates of deposit; banker's acceptances; commercial paper notes rated prime and issued by United States corporations; and STAR Ohio. It is management's policy to invest in all of the above types of investments. Under existing Ohio statutes, all investment earnings accrue to the general, food service, and auxiliary funds except certain trust funds and those funds individually authorized by Board resolution. Interest earnings are allocated to these funds based on average monthly cash balances. Investment income credited to the general fund during the fiscal year amounted to \$888,797, which includes \$197,331 assigned from other District funds. The capital projects fund, auxiliary services fund, and food service fund also received interest revenue of \$25,295, \$134, and \$417 respectively.

E. Inventory

On government-wide financial statements, inventories are presented at the lower of cost or market using the first in, first out (FIFO) method and are expensed when used.

On fund financial statements, inventories of governmental funds are valued at cost while inventories of proprietary funds are stated at lower of cost or market. For all funds, cost is determined using the FIFO method, and are determined by physical count. Inventory in governmental funds consists of expendable supplies held for consumption. The cost is recorded as an expenditure at the time of purchase. Reported inventories in these funds are equally offset by a nonspendable fund balance, which indicates they do not represent available spendable resources. Inventories of proprietary funds consist of donated and purchased food.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

F. Capital Assets and Depreciation

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets are reported in the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by proprietary funds are reported on both statement types.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The District follows the policy of not capitalizing assets with a cost of less than \$500 and a useful life of less than 1 year.

All reported capital assets, with the exception of land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Useful Life</u>
Land and Construction in Progress	not depreciated
Land Improvements	30
Buildings & Improvements	10 - 50
Furniture and Equipment	5 - 15
Vehicles/Buses	10

G. Interfund Activity

Transfers between governmental and business-type activities on the entity-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds.

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the statement of net assets, except for amounts due between governmental and business-type activities, which are presented as internal balances.

H. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employee's right to receive compensation is attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. The liability is based on the sick leave accumulated at June 30 by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

eligible to receive termination benefits in the future. The criteria for determining the vacation and sick leave liability is derived from Board policy, negotiated agreements, and state laws. The general fund is primarily responsible for liquidating the liability.

The entire compensated absence liability is reported on the government-wide financial statements. For governmental fund financial statements, the amount of accumulated vacation and sick leave of employees has been recorded as a current liability to the extent that the amounts are expected to be paid using expendable available financial resources to the extent that the liabilities mature each period. The balance of the liability is not recorded. For proprietary funds, the entire amount of compensated absences is recorded as an expense and liability of the fund.

I. Accrued Liabilities and Long-term Debt

All accrued liabilities and long-term debt are reported in the government-wide financial statements as well as the proprietary fund financial statements.

For governmental fund financial statements, the accrued liabilities are generally reported as a governmental fund liability if due for payment as of the balance sheet date regardless of whether they will be liquidated with current financial resources. However, claims and judgments and compensated absences paid from governmental funds (typically the General fund) are reported as a liability in the fund financial statements only for the portion expected to be financed from expendable available financial resources to the extent the liabilities mature in the period. Long-term debt paid from governmental funds are not recognized as a liability in the fund financial statements.

Issuance costs and bond premiums are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Issuance costs are recorded as deferred charges and generally paid from debt proceeds. On the governmental fund financial statements, issuance costs and bond premiums are recognized in the period in which the bonds are issued.

J. Fund Balance

The District reports classifications of fund equity based on the purpose for which resources were received and the level of constraint placed on the resources. Nonspendable fund balance indicates resources that are not expected to be converted to cash because they are not in a spendable form. Resources that have purpose constraints placed upon them by laws, regulations, creditors, grantors, or other external parties are considered available only for the purpose for which they were received and are reported as a restricted fund balance. The District may limit the use of unreserved resources and may be reported as committed or assigned fund balance depending on at what level of governance the constraints were placed. With an affirmative vote of its members, the Board of Education may create funds for which resources are committed to the established purpose of that fund. Through the District's purchasing policy the Board has given the Treasurer the authority to

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

constrain monies for intended purposes, which are reported as assigned fund balances. All other funds in spendable form not restricted, committed, or assigned are reported as an unassigned fund balance.

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The District considers committed, assigned, and unassigned fund balances, respectively, to be spent when expenditures are incurred for purposes for which any of the unrestricted fund balance classifications could be used.

(2) **Description of the District and Reporting Entity**

The Dublin City School District (the "District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The District is a city district as defined by Section 3311.02 of the Ohio Revised Code. The District operates under a locally elected five member board and is responsible for the provision of public education to residents of the District. The Board controls the District's twenty-three instructional/support facilities staffed by 603 non-certificated employees, 1,133 certificated full time-teaching personnel and 57 administrative employees to provide services to approximately 13,957 students and other community members.

Reporting Entity

The District's Comprehensive Annual Financial Report (CAFR) includes all funds, agencies and boards for which the District is financially accountable. Governmental Accounting Standards Board (GASB) Statement 14 states the primary basis of determining whether outside agencies and organizations should be considered component units of the District and included in the District's financial statements is financial accountability. Financial accountability has been defined as follows: A primary government has substantive authority to appoint a voting majority of the component unit's board; the primary government is either able to impose its will on a component unit or there is a potential for the component unit to provide specific financial burdens on the primary government; and the component unit is fiscally dependent on the primary government. The District has no component units.

(3) **Change in Accounting Principles**

In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." The District implemented this pronouncement for fiscal year 2009, but implementation is not required until fiscal year 2011. GASB 54 does not effect the calculation of the District's fund balance but it shifts the focus of fund balance reporting from the availability of fund resources for budgeting to the extent to which the District is bound to honor constraints on the specific purposes for which amounts in funds can be spent (See Note 1J).

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

(4) **Reconciliation of government-wide and fund financial statements**

A. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statements of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$3,255,506 difference are as follows:

Capital outlay	\$ 11,319,308
Depreciation expense	(8,029,291)
Loss on the Disposal of Capital Assets	<u>(34,511)</u>
Net adjustment to increase net changes in fund balances – Total governmental funds to arrive at changes in net assets of governmental activities	 <u>\$ 3,255,506</u>

(5) **Cash & Cash Equivalents**

State statutes require the classification of monies held by the District into three categories.

Active Monies - Those monies required to be kept in a “cash” or “near-cash” status for immediate use by the district. Such monies must be maintained either as cash in the District Treasury, in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive Monies - Those monies not required for use within the current five year period of designation of depositories. Inactive monies may be deposited or invested as certificates of deposit maturing not later than the end of the current period of designation of depositories, or as savings or deposit accounts including, but not limited to, passbook accounts.

Interim Monies - Those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Ohio law permits interim monies to be invested in legal securities (see Note 1D).

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Deposits

Custodial credit risk is the risk that in the event of bank failure, the District's deposits may not be returned to it. Protection of District cash and deposits is provided by the federal deposit insurance corporation as well as qualified securities pledged by the institution holding the assets. By law and District investment policy, financial institutions must collateralize all public deposits and the face value of the pooled collateral must equal at least 105 percent of public funds deposited. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

At year end, the carrying amount of the District's deposits were \$53,681,083 and the bank balance was \$54,381,583. Of the bank balance, \$43,781,604 was covered by standard federal depository insurance and an additional \$10,599,979 was insured under the temporary Transaction Account Guarantee Program. At the end of the fiscal year, all the District's deposits were covered by standard federal depository insurance or the temporary Transaction Account Guarantee Program

Investments

Investments are reported at fair value. As of June 30, 2010, the District had the following investments:

	Fair Value	Weighted Average Maturity (Years)
FFCB	\$4,000,425	1.32*
FHLB	9,404,581	1.46*
FNMA	2,705,432	1.46*
FHLMC	1,204,795	1.20*
Commercial Paper	1,996,400	0.29
Money Market Fund	22,033	0.00
Wellpoint Stock (See Note 20)	978,600	0.00
STAR Ohio	<u>1,051,699</u>	0.00
Total Fair Value	<u>\$21,363,965</u>	
Portfolio Weighted Average Maturity		1.17

* - The securities have various call dates. The District believes no securities will be called.

Interest Rate Risk

The Ohio Revised Code and District investment policy generally limits security purchases to those that mature within five years of the settlement date.

Credit Risk

The District's investments at June 30, 2010 in FFCB, FHLB, FNMA and FHLMC are rated AAA by Standard & Poor's. Its investments in Commercial Paper are rated A-1+ by Moody's. Its investments in Money Market Fund and Star Ohio are rated AAAM by Standard & Poor's.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Concentration of Credit Risk

The District places no limit on the amount the District may invest in any one issuer. More than 5 percent of the District's investments are in FFCB, FHLB, FNMA, FHLMC, and Commercial Paper. These investments are 18.7%, 44.0%, 12.7%, 5.6%, and 9.3%, respectively, of the District's total investments, for the amounts listed above.

(6) **Interfund Transactions**

Interfund balances on the fund statements at June 30, 2010 consist of the following receivables and payables:

Fund	Receivable	Payable
General	\$ 3,000	
Other Governmental Funds		<u>3,000</u>
Total	<u>\$ 3,000</u>	<u>\$ 3,000</u>

The purpose of the interfund balances is primarily the result of short-term interfund loans made by the General Fund while the other funds await reimbursement for goods or services already provided.

Interfund transfers on the fund statements at June 30, 2010 consist of the following:

Transfers from General Fund to Other Governmental Funds	\$ 64,350
Transfers from General Fund to Proprietary Fund	\$ 190,000
Transfer from Proprietary Fund to General Fund	<u>\$1,017,800</u>
Total	<u>\$1,272,150</u>

The purpose of the transfer from the General Fund to Other Governmental Funds is to finance safety supplies for the Athletic program. The transfer from the General Fund to the Summer School Fund (proprietary) is to finance the cost of proficiency remediation during summer 2009. The transfer from the Self-Insurance Fund (proprietary) to the General Fund is to transfer the residual balance related to Health Insurance upon becoming fully insured.

(7) **Property Taxes**

Property taxes are levied and assessed on a calendar year basis. Distributions from the second half occur in a new fiscal year and are intended to finance the operations of that year. Property taxes include amounts levied against all real, public utility and tangible personal (used in business) property located in the District. Taxpayers remit payment to their respective county, Franklin, Delaware, or Union, which then distributes funds to the District on settlement dates that vary each year. The District, through board resolution, may request that the county advance 90% of amounts collected on a weekly basis through the collection period.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Real property taxes and public utility taxes are levied in April on the assessed value listed as of the prior January 1, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. All property is required to be revalued every six years. Real property taxes are payable annually or semi-annually. If paid annually, payment is due January 20; if paid semi-annually, the first payment is due January 20 with the remainder payable by June 20. Settlement dates for real property taxes generally occur during the months of February and August but on occasion run into the following month. Amounts certified by the county auditor prior to June 30 are available to the District as an advance and should therefore be recognized as revenue in the current fiscal year. The District's policy is not to take an advance on these taxes, as they are budgeted for the next fiscal year, and therefore has designated fund balance accordingly.

Public utility property taxes are assessed on tangible personal property at 25 percent of true value (with certain exceptions) and on real property at 35 percent of true value. Public utility property taxes attached as a lien on December 31 of the prior year, were levied April 1 and are collected with real property taxes. Tangible personal property taxes are levied in April on the value listed as of December 31 of the current year. Tangible personal property settlements are 25 percent of true value. Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20. Settlement dates for tangible personal property taxes generally occur during the months of October and June.

Ohio House Bill No. 66 was signed into law on June 30, 2005. House Bill No. 66 phases out the tax on tangible personal property of general businesses, telephone and telecommunications companies, and railroads. The tax on general business and railroad property was eliminated by calendar year 2009, and the tax on telephone and telecommunications property will be eliminated by calendar year 2011. The tax is phased out by reducing the assessment rate on the property each year. The bill replaces revenue lost by the District due to the phasing out of the tax. In calendar years 2006-2010, the District will be fully reimbursed at the level of calendar year 2004 assessed values for the lost revenue. House Bill No. 1 extended the "hold harmless" payments two additional years through calendar year 2012. In calendar years 2013-2020, the reimbursements will be phased out.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

The assessed values upon which fiscal year 2010 taxes were collected are:

	2009 Second Half Collections	2010 First Half Collections
Real Estate		
Residential/ Agricultural	\$ 2,114,296,940	2,124,786,860
Commercial	778,935,710	799,031,620
Personal Property		
General	15,171,501	7,412,611
Public Utility	<u>48,975,450</u>	<u>50,744,410</u>
Total	<u>\$ 2,957,379,601</u>	<u>\$ 2,981,975,501</u>

Accrued delinquent property taxes receivable represent taxes outstanding for real property, personal property and public utility taxes, and are offset by a credit to deferred revenue. Amounts from the August settlement are not intended to finance current fiscal year operations and, therefore have been recorded as a receivable offset by unearned revenue to the extent these amounts were not available as advances at June 30, 2010.

(8) **Receivables**

Receivables at June 30, 2010 consisted of taxes, accounts (rent and student fees), interest and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of federal funds.

A summary of the principal items of receivables follows:

	Amount
Governmental Activities	
Taxes - Current & Delinquent	\$ 232,637,087
Accounts – Governmental Funds	81,055
Accounts – Internal Service Funds	73
Accrued Interest	194,746
Intergovernmental - State	40,702
Intergovernmental - Federal	1,000,897
Business-Type Activities	
Accounts	<u>4,630</u>
Total Receivables	<u>\$ 233,959,190</u>

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

(9) **Capital Assets**

10) **Long-Term Debt**

A. General Obligation Bonds

The following is a description of the District's bonds outstanding as of June 30, 2010:

Issue	Interest Rate	Issue Date	Maturity Date	Original Amount	Accretion In 2010	Retired In 2010	Bonds Outstanding 6/30/10
19	5.970%	08/01/97	12/01/19	26,489,222	240,305	2,165,000	4,111,520
25	4.590%	09/01/01	12/01/18	20,000,000	0	1,155,000	3,105,000
26	5.730%	08/01/02	12/01/19	20,000,000	110,004	1,000,000	3,856,969
27	4.027%	07/01/03	12/01/22	21,000,000	55,957	300,000	21,382,285
28	4.100%	06/17/04	07/01/19	7,822,000	0	475,000	5,256,000
29	3.437%	02/01/05	12/01/18	59,227,233	936,913	7,455,000	42,985,915
30	3.830%	07/19/05	12/01/22	21,899,978	132,489	635,000	21,376,535
31	4.000%	08/22/06	12/01/20	19,530,000	0	400,000	17,000,000
32	3.940%	03/28/07	12/01/20	23,634,957	284,570	370,000	24,411,852
33	3.751%	09/25/07	12/01/19	27,945,000	0	585,000	26,590,000
34	3.789%	03/03/09	12/01/26	15,000,000	58,752	0	15,167,657
35	1.476%	06/02/10	12/01/14	5,550,000	0	0	5,550,000
				<u>\$268,098,390</u>	<u>\$1,818,990</u>	<u>\$14,540,000</u>	<u>\$190,793,733</u>

The District issued general obligation bonds for the construction and improvement of District buildings. These bonds include current interest serial bonds, capital appreciation bonds, and current interest term bonds. For fiscal year 2010, the capital appreciation bonds accreted \$1,818,990. The District received premiums from the issuance of bond and the remaining premiums to be amortized at the end of fiscal year 2010 were \$5,336,199.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

The following is a summary of the District's future annual debt service requirements to maturity for general obligation bonds:

Year Ending June 30	Principal	Interest	Total
2011	\$ 15,451,728	\$ 6,306,397	\$ 21,758,125
2012	16,532,722	5,934,702	22,467,424
2013	16,892,390	6,196,797	23,089,187

Total	\$ 190,793,733	\$ 51,244,345	\$ 242,038,078

B. Defeasance

In prior years, the District defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. During the current year, the District issued general obligation refunding bonds (2010 general refunding bonds dated June 2, 2010) to advance refund \$5,610,000 of 2001 series general obligation issues. The advance refunding reduced cash flows required for debt service by \$171,910 over the next 5 years and resulted in economic gains of \$159,560. The amount of defeased debt outstanding at June 30, 2010 is \$45,880,000.

C. Long-Term Liabilities

The following changes occurred in long-term liabilities during the year.

	Restated Balance July 1, 2009	Increase	Decrease	Balance June 30, 2010	Amounts Due In One Year
Governmental Activities					
General Obligation Debt	\$158,631,000	\$5,550,000	\$17,985,000	\$146,196,000	\$13,301,728
Capital Appreciation Bonds	44,943,743	1,818,990	2,165,000	44,597,733	2,150,000
Premium on Bonds	5,336,842	452,143	452,786	5,336,199	0
Bond Anticipation Notes	18,500,000	18,000,000	18,500,000	18,000,000**	18,000,000
Compensated Absences	11,135,566	3,243,961	2,880,130	11,499,397	1,880,811
Capital Leases	<u>0</u>	<u>158,272</u>	<u>17,025</u>	<u>141,247</u>	<u>27,709</u>
Total Governmental Activities	<u>\$238,547,151</u>	<u>\$29,223,366</u>	<u>\$41,999,941</u>	<u>\$225,770,576</u>	<u>\$35,360,248</u>
Business-Type Activities					
Compensated Absences	<u>\$ 64,474</u>	<u>\$ 15,790</u>	<u>\$ 16,409</u>	<u>\$ 63,855</u>	<u>\$ 0</u>

**** See note 11**

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

D. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District.

The effects of these debt limitations at June 30, 2010 are a voted debt margin of \$87,719,811 and an unvoted debt margin of \$2,981,975.

(11) **Notes Payable**

A summary of the bond anticipation note (BAN) transactions for the fiscal year ended June 30, 2010 follows:

		Notes				
Issue	Interest Rates	Issue Date	Maturity Date	Original Amount	Retired in 2010	Outstanding 06/30/10
BAN	2.901%	10/16/08	10/15/09	\$3,500,000	\$3,500,000	\$0
BAN	0.651%	1/21/09	10/15/09	\$15,000,000	\$15,000,000	\$0
BAN	1.000%	10/15/09	10/14/10	\$18,000,000	\$0	\$18,000,000

The District retired \$18,500,000 of which \$500,000 was reported as a governmental fund liability in the prior year and issued \$18,000,000 in bond anticipation notes in fiscal year 2010. The BAN's were issued to retire other BAN's. The government-wide and fund financial statements reflects \$0 of notes payable due to the issuance of \$18.0 million in general obligation bonds after the close of the fiscal year to retire \$18.0 million in BAN's (see note 10C and note 22).

(12) **Capital Lease Obligation**

Dublin City School District entered into capital leases for copiers. The leases meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, *Accounting for Leases*, which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee.

Capital assets consisting of copiers have been capitalized in the Statement of Net Assets in the amount of \$158,272. This amount represents the present value of minimum lease payments at the time of acquisition. A corresponding liability was recorded in the Statement of Net Assets. Principal payments from the General Fund and the Capital Projects Fund for fiscal year 2010 totaled \$1,189 and \$15,836, respectively.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

The following is a schedule of the future minimum lease payments required under the capital lease and the present value of the minimum lease payments as of June 30, 2010:

Fiscal Year Ending June 30,	Capital Lease Obligations
2011	\$39,752
2012	39,752
2013	39,752
2014	39,752
2015	13,564
Total minimum lease payments	\$172,572
Less: amount representing interest	(31,325)
Present value of minimum lease payments	\$141,247

(13) **Risk Management**

The District is exposed to various risks of loss related to torts, theft or, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. During fiscal year 2010, the District contracted with Indiana Insurance Company, for general liability with a \$ 1,000,000 single occurrence limit and a \$2,000,000 aggregate. Property is, also, protected by Indiana Insurance Company, and holds a \$ 5,000 deductible. Settled claims have not exceeded this coverage in any of the past three years.

The District has maintained an internal service “self-insurance” Health Insurance fund in connection with formalized risk management programs in an effort to minimize risk exposure and control claims and premium costs for health and vision insurances. The District, effective April 1, 2009, contracted with Anthem to provide health insurance for its employees. The District, again, entered into a contingent premium agreement for health insurance during fiscal year 2010 in an effort to control costs. The District will consider returning to a self-insurance plan in the future if it is determined to financially beneficial and has therefore retained the balance in the fund. The vision insurance coverage is the only remaining component of this fund and no stop-loss coverage is in effect

The liability for unpaid claims of \$91,089 reported in the Self-Funded Insurance Internal Service Fund at June 30, 2010, is based on the existing unpaid vision claim adjustment expenses and an estimate for incurred but unreported claims at year end. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Changes in the fund's claim liability amount in 2009 and 2010 were:

	Beginning of Year Liability	Current Year Claims and Changes in Estimates	Claims Payment	End of Year Liability
2009	\$1,171,028	\$10,198,795	\$11,282,796	\$ 87,027
2010	\$ 87,027	\$ 308,072	\$ 304,010	\$ 91,089

Post employment health care is provided to plan participants or their beneficiaries through their respective retirement systems discussed in Note 15. As such, no funding provisions are required by the District.

For fiscal year 2010, the District participated in the Individual Retrospective Rating Plan through the Ohio Bureau of Workers' Compensation. The intent of the Program is to allow the District to assume a portion of the risk to achieve reduced premiums. Under the Individual Retrospective Rating Plan the District is charged a fixed cost charge based on the District's workers' compensation experiences, the District's assumed level of potential risk, and a minimum premium percentage. The firm of Sheakley Group provides administrative services to the Program.

(14) **Defined Benefit Pension Plans**

A. School Employees Retirement System

The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3476, by calling (800) 878-5853. It is also posted on SERS website, www.ohsers.org, under Employers/Audit Resources.

Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund) of the System. For fiscal year ending June 30, 2010, the allocation to pension and death benefits is 12.78 percent. The remaining 1.22 percent of the 14 percent employer contribution rate is allocated to the Health

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Care and Medicare B Funds. For fiscal year 2009, 9.09 percent of annual covered salary was the portion used to fund pension obligations. For fiscal year 2008, 9.16 percent of annual covered salary was the portion used to fund pension obligations. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2010, 2009, and 2008, were \$3,309,428, \$3,110,692, and \$2,989,324, respectively, 100 percent has been contributed for all fiscal years.

B. State Teachers Retirement System

The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple-employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, by calling (888) 227-7877, or by visiting the STRS Ohio website at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. A member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2010, plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

For fiscal years 2009 and 2008, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to the DB Plan for the fiscal years ended June 30, 2010, 2009, and 2008, were \$12,389,624, \$11,646,221, and \$11,202,036, respectively, 100 percent has been contributed for all fiscal years.

(15) **Postemployment Benefits**

A. State Teachers Retirement System

The School District contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursements of monthly Medicare Part B premiums.

Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding post-employment health care may be deducted from employer contributions. For 2010, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School District's contributions for health care for the years ended June 30, 2010, 2009, and 2008 were \$884,973, \$831,873, and \$800,145, respectively; 100 percent has been contributed for all fiscal years.

B. School Employees Retirement System

The School District participates in two cost-sharing multiple employer defined benefit OPEB plans administered by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. Two third-party administrators and a pharmacy benefit manager are employed to manage the self-insurance and prescription drug plans, respectively. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

The Medicare B plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B monthly premium for calendar year 2010 was \$96.40 for most participants, but could be as high as \$353.60 per month depending on their income. SERS' reimbursement to retirees was \$45.50.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2010, the actuarially required allocation was 0.76 percent of covered payroll. The School District's contributions for Medicare B for the fiscal year ended Jun 30, 2010, 2009, and 2008 were \$179,655, \$166,644, and \$140,925, respectively; 100 percent has been contributed for all fiscal years.

State statute permits SERS to fund the health care benefits through employer contributions. Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contributions of 14 percent of covered payroll to the Health Care Fund. The Health Care fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For 2010, 0.46 percent of covered payroll was allocated to health care. In addition employers pay a surcharge for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For 2010, the minimum compensation level was established at \$35,800, and the District's surcharge was \$ 343,416.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care for the fiscal years ended June 30, 2010, 2009, and 2008 were \$108,738, \$924,320, and \$ 892,527, respectively; 100 percent has been contributed for all fiscal years.

(16) **Budgetary Basis of Accounting**

While the School District is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget (Non-GAAP Basis) and Actual presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

**Net Change in Fund Balance
General Fund**

Budget Basis	\$ (4,850,263)
Adjustments (net):	
Revenue Accruals	6,563,717
Expenditure Accruals	(1,516,932)
Encumbrances	1,844,915
Interfund Transactions	<u>610,300</u>
GAAP Basis	<u>\$ 2,651,737</u>

(17) **Set-asides and Fund Reserves**

Senate Bill 345 established set aside requirements for textbooks and capital acquisition. The base used for calculation consists of the State Foundation per pupil formula amount multiplied by the District's student population. The textbooks and capital acquisition set aside requirements for fiscal year 2010 were set at 3%. The District is required, for the textbook and capital set asides, to spend an amount greater than or equal to the required amount or restricted fund balance for any unspent amount. The amount for textbook and capital set asides for fiscal year 2010 was calculated to be \$2,229,097. The District had qualifying expenditures in excess of the requirements for capital acquisition and for textbook and materials, therefore a fund balance restriction was not required. Expenditures in excess of the required amounts are carried over into future periods.

(18) **Contingencies**

A. Grants

The District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits should become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual funds included herein or on the overall financial position of the District at June 30, 2010.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

B. Litigation

There are currently a few matters in litigation with the District as defendant. It is the opinion of management that the potential claims against the District not covered by insurance would not materially affect the financial statements.

(19) **Jointly Governed Organizations**

A. Jointly Governed Organizations

Metropolitan Educational Council (MEC) – The District is a participant in the MEC. MEC is an association of public school districts within the boundaries of Franklin, Delaware, Union, Pickaway, Madison and Fairfield counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member districts. The governing board of MEC consists of one representative from each of the member school districts. Financial information can be obtained from Denise Canfield, who serves as fiscal officer, at 2100 Citygate Drive, Columbus, Ohio 43219.

The Tolles Career and Technical Center is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of one representative from each of the participating district's elected boards, which possesses its own budgeting and taxing authority. The District is a member of this organization. Financial information can be obtained from Pamela Orr, who serves as Treasurer, at 7877 Route 42 NE, Plain City, Ohio 43064.

(20) **Significant Commitments**

A. Construction Commitments

At June 30, 2010, the District had numerous construction commitments in the capital projects fund. The projects include renovations to Coffman High School, construction of additional classrooms at Davis Middle School, and construction of additional classrooms at Karrer Middle School. At year end, the District's commitments with contractors were approximately as follows:

<u>Project</u>	<u>Spent-to-Date</u>	<u>Remaining Commitment</u>
Coffman H.S. Renovation	\$ 858,288	\$ 750,959
Davis M.S. Addition	1,041,186	300,529
Karrer M.S. Addition	1,007,559	334,041
Total	<u>\$ 2,907,033</u>	<u>\$ 1,385,529</u>

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

B. Other Commitments

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year-end are reservations of fund balance for subsequent-year expenditures and may be report as part of restricted, committed, or assigned classifications of fund balance. At year end, the District's commitments for encumbrances in the governmental funds were as follows:

<u>Fund Type</u>	<u>Year-End Encumbrances</u>
General Fund	\$1,392,202
Capital Projects	5,779,180
Other Governmental	171,676
Total	<u><u>\$7,343,058</u></u>

(21) **Demutualization of Anthem Healthcare**

On November 2, 2001, Anthem Insurance Companies, Inc. converted from a mutual insurance company to a stock insurance company in a process called demutualization. On the date of demutualization, all membership interests in Anthem Insurance were extinguished and the eligible members of Anthem Insurance were entitled to receive consideration in the form of Anthem, Inc.'s common stock. As a result of demutualization, the District received 56,193 shares of Anthem, Inc. common stock (ATH). In November 2004, Anthem merged with Wellpoint and the resulting company was named Wellpoint. On June 1, 2005, there was a 2:1 stock split resulting in the District holding 112,386 shares of Wellpoint stock. On January 13, 2006, January 8, 2007, January 10, 2008, and June 23, 2009 the District sold 12,386, 33,000, 40,000, and 7,000 shares respectively. At June 30, 2010, the market value of Wellpoint common stock was \$48.93 per share. The total value of the District's stock at June 30, 2010 was \$978,600.

(22) **Subsequent Event**

On September 29, 2010, the District issued \$17,999,978.25 in School Facilities Construction and Improvement Bonds for the purpose of retiring \$18,000,000 in School Facilities Construction and Improvement Bond Anticipation Notes maturing October 14, 2010.

On September 29, 2010, the District issued \$4,000,000 in Energy Conservation Notes in the form of Qualified School Construction Bonds for the purpose of funding House Bill 264 Energy Conservation Projects at each of the District's buildings.

On November 22, 2010, the Dublin City School District Board of Education authorized by resolution the issuance of \$5,500,000 in Bond Anticipation Notes for purposing of funding Construction and Improvements to the District's Facilities.

Dublin City School District, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

On November 22, 2010, the Dublin City Schools Board of Education authorized by Resolution the issuance of \$1,700,000 in Energy Conservation Notes in the form of Qualified School Construction Bonds for the purpose of further funding House Bill 264 Energy Conservation Projects at each of the District's buildings.

**COMBINING STATEMENTS AND
INDIVIDUAL FUND SCHEDULES – Governmental Funds**

Dublin City School District, Ohio
Combining Statements and Individual Fund Schedules

The District's nonmajor funds consist completely of special revenue funds, therefore the combining statements for nonmajor funds are titled "Nonmajor Special Revenue Funds". A brief description of each fund is below.

Nonmajor - Special Revenue Funds

Special Revenue Funds are established to account for revenues from specific sources which legally, or otherwise, are restricted to expenditures for specific purposes. A description of the District's Special Revenue Funds follows:

Public School Support - This fund is provided to account for specific local revenue sources, other than taxes (i.e. profits from vending machines, sale of pictures, etc.), that are restricted to expenditures for specified purposes approved by board resolution. Such expenditures may include curricular and extra-curricular related purchases.

Other Grants - This fund is used to account for the proceeds of specific revenue sources except state and federal grants that are legally restricted to expenditures for specified purposes.

Athletics/Music - This fund is provided to account for those student activity programs that have student participation in the activity, but do not have student management of the programs. This fund would usually include athletic programs but could also include the band, cheerleaders, flag corps, and similar types of activities.

Auxiliary Services - This fund is provided to account for State of Ohio monies that provide services and materials to pupils attending non-public schools within the district.

Dublin City School District, Ohio
Combining Statements and Individual Fund Schedules

Management Information Systems - This fund is provided to account for monies received from the State of Ohio for expenses associated with implementation of the requirements of the Educational Management Information System (EMIS).

Data Communication Support - A fund provided to account for monies received from the State of Ohio for expenses supporting the establishment, maintenance and upgrade of data communication links from the schools to the Metropolitan Educational Council, data acquisition site, and further to the Ohio Department of Education.

Principal Evaluation System – This fund is used to account for monies received from the State of Ohio for expenses related materials and professional development as part of the District’s participation in the Ohio Department of Education’s pilot program for the Ohio Principal Evaluation System.

Underrepresented Gifted Students – This fund is used to account for monies received from the State of Ohio for expenses related to the development and implementation of innovative practices aimed at identifying gifted students from underrepresented student groups.

Early Childhood Gifted Identification – This fund is used to account for monies received from the State of Ohio for expenses related to the development and adoption of practices aimed at identifying gifted students at the preschool and kindergarten level.

Coherent Human Capital Management - This fund is used to account for monies received from the State of Ohio for expenses related to the District’s participation in the Ohio Department of Education’s Coherent Human Capital Management Pilot Program.

Dublin City School District, Ohio
Combining Statements and Individual Fund Schedules

IDEA - This fund is to account for Federal monies that assist states in the identification of handicapped children, and provision of full educational opportunities to handicapped children at the preschool, elementary, and secondary levels.

Fiscal Stabilization - This fund is to account for Federal monies from the American Recovery and Reinvestment Act in State Fiscal Stabilization Funds (SFSF) to help stabilize state and local budgets in order to minimize and avoid reductions in education and other essential services.

Title IID - This fund is to account for Federal monies received and expended to improve student academic achievement through the use of technology in schools and to encourage the effective integration of technology with teacher training and curriculum development to establish successful research-based instructional methods.

Title III – This fund is to account for Federal monies that are used to develop and carry out elementary and secondary school programs, including activities at the pre-school level, to meet the educational needs of children of limited English proficiency.

Title I – This fund is to account for Federal monies that are used to help targeted buildings improve the teaching and learning of children failing, or most at-risk of failing, to meet challenging State academic standards.

Title V - A fund provided to account for Federal revenues that support the implementation of a variety of programs such as computer education, gifted and talented programs, in service, and staff development.

Dublin City School District, Ohio
Combining Statements and Individual Fund Schedules

Drug Free Schools - A fund provided to account for Federal Revenues which support the implementation and improvement of local programs of drug abuse prevention, early intervention, rehabilitation referral, and education in elementary and secondary schools.

Preschool - A fund used to provide for the education of handicapped children ages three through five, and account for the monies received and expended for the purpose of this grant.

Title IIA - This fund is to account for Federal monies received and expended for the purpose of hiring new teachers in grades 1 through 3 in an effort to improve student achievement through reduced class sizes.

LSTA Disabilities Grant – This fund is to account for Federal monies received and expended for assistive library technology and materials to promote an atmosphere of inclusion for the student body and specifically for students with physical and literacy challenges.

Learn and Serve America – This fund is to account for Federal monies received and expended to engage students in service-learning to simultaneously enrich student education, demonstrate the importance of community involvement, and provide a strategy to meet unmet community needs.

Combining Statements and Individual Fund Schedules

Internal Service Funds

A fund category used to account for the financing of goods or services provided by one department or agency of the District to other departments or agencies on a cost-reimbursement basis. Charges are intended only to recoup the total cost of such services. A description of the District's Internal Service Funds follows:

Self-Funded Insurance Fund

A fund provided to account for monies received from other funds as payment for providing vision or any other similar employee benefits. The District's self-funded vision plan comprises the activity in this fund. The Self-Funded Insurance Fund may make payments for services provided to employees, for reimbursement to employees who have paid providers, to third party administrators for claim payment or administration, for stop-loss coverage, or any other reinsurance or other similar purposes.

Guidance/Testing Fund

This fund is used to account for monies received as payment for providing college entrance examinations, transcript fees, and college application fees. The Guidance/Testing fund makes payments for college application materials, testing materials, and other items deemed necessary to assist future graduates in gaining admittance to college.

FIVE-YEAR PROJECTION OF OPERATIONAL REVENUES AND EXPENDITURES

DUBLIN CITY SCHOOL DISTRICT
FRANKLIN, DELAWARE AND UNION COUNTIES, OHIO

Following is a summary of a five-year financial projection prepared by the Treasurer of the School District, in compliance with Revised Code Section 5705.391 (see discussion in APPENDIX A under "FINANCES OF THE SCHOOL DISTRICT – Five-Year Projection"). The projection is based upon certain assumptions required to be made in accordance with rules promulgated by the Department, including the assumption that no revenues from future voter-approved tax levies will be available. A complete version of the projection may be obtained from the Treasurer's office or from the Department. Readers of this Official Statement are cautioned that actual circumstances may differ from the assumptions required to be used in preparation of this projection. As a result, the actual future financial situation of the School District may be materially different from that stated in this projection, and investors are cautioned not to place undue reliance on such forward-looking statements.

NOTES TO THE FIVE YEAR FORECAST GENERAL FUND ONLY

October 25, 2010

REVENUE ASSUMPTIONS

REAL ESTATE VALUE ASSUMPTIONS

Property values are established each year by the County Auditor based on new construction and complete or updated values. A reappraisal update of district property values occurred for 2008 values collected in calendar year 2009. The reappraisal left values unchanged. These have been factored into the projection for district property values along with their corresponding tax reduction factors affecting outside voted millage. The Dublin School District has values in Delaware, Franklin and Union Counties.

For collection year 2011 the historic growth trends will be adjusted from/to: Res./Ag. 2.0% to 1.2% (decrease); Comm./Ind. 2.0% to 1.2% (decrease)

For collection year 2012 the historic growth trends will be adjusted from/to: Res./Ag. 1.2% to 1.5% (increase); Comm./Ind. 1.2% to 1.5% (increase) Total AV is estimated to increase \$44.4 M for new construction and \$0.0 M due to reappraisal increases resulting in Class I rates of 41.48 mills and Class II rates of 47.51 mills.

For collection year 2013 the historic growth trends will be adjusted from/to: Res./Ag. 1.5% to 2.0% (increase); Comm./Ind. 1.5% to 2.0% (increase)

For collection year 2014 the historic growth trends will be adjusted from/to: Res./Ag. 2.0% to 2.0% (no change); Comm./Ind. 2.0% to 2.0% (no change)

For collection year 2015 the historic growth trends will be adjusted from/to: Res./Ag. 2.0% to 2.0% (no change); Comm./Ind. 2.0% to 2.0% (no change) Total AV is estimated to increase \$62.8 M for new construction and \$219.3 M due to reappraisal increases resulting in Class I rates of 36.38 mills and Class II rates of 42.80 mills.

ESTIMATED ASSESSED VALUE BY COLLECTION YEARS (IN MILLIONS)

Classification	Est. 2011	Est. 2012	Est. 2013	Est. 2014	Est. 2015
Res./Ag.	\$2,150	\$2,183	\$2,226	\$2,283	\$2,497
Comm./Ind.	809	820	837	855	922
P.U... Pers.	<u>51</u>	<u>51</u>	<u>51</u>	<u>51</u>	<u>51</u>
Total	<u>\$3,010</u>	<u>\$3,054</u>	<u>\$3,114</u>	<u>\$3,189</u>	<u>\$3,470</u>

NEW TAX LEVIES

New levies are estimated to be collected at 96% of the annual amount. This allows for 2.25% delinquency and 1.75% A & T fees. Also, 52% of new Res./Ag. is expected to be collected in March tax settlements and 48% collected in August tax settlements. Public Utility taxes are estimated at 50% in March and August. These timing estimates are very important to estimating when new levy or new construction tax dollars will be available to the district.

ESTIMATED REAL ESTATE TAX

Source	FY11	FY12	FY13	FY14	FY15
New Base	\$120,194,345	\$121,614,230	\$123,191,519	\$125,195,917	\$127,477,822

Win Win Deduction	(1,300,000)	(1,300,000)	(1,400,000)	(1,400,000)	(1,500,000)
Reappraisal	<u>0</u>	<u>0</u>	<u>0</u>	<u>27,035</u>	<u>480,360</u>
Total	<u>\$123,587,216</u>	<u>\$125,295,424</u>	<u>\$127,335,979</u>	<u>\$129,759,486</u>	<u>\$132,518,436</u>

ESTIMATED TANGIBLE PERSONAL TAX AND HB 66

The phase out of inventory taxes noted above began in FY 06. HB 66 was adopted in June 2005 and the provisions of this legislation has eliminated the tangible personal property tax. HB 66 has provisions for the State to "hold harmless" through 2013 (annually phased out until gone after 2020) based on Tax Year 2004 valuations and tax rates the loss of personal property tax revenue. For tax year 2007, the classification of telephone and railroad public utility personal property was switched to general business personal property. This results in higher tangible personal property tax revenue and lower real estate tax revenue with a zero net effect. HB 66 also systematically phases out the telephone/railroad public utility personal property by 2011. Projecting the impact of these changes is difficult, we believe our estimates are accurate in this forecast with the most current information that has been made available to us.

Source	FY11	FY12	FY13	FY14	FY15
Tangible Personal Property	\$574,129	\$0	\$0	\$0	\$0
Total	<u>\$574,129</u>	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

INTEREST INCOME

Interest income will increase and decrease as the cash position of the General Fund fluctuates over the forecast period. The Federal reserve reduced the overnight rate to 0.00 - 0.25%. We'll use approximately 0.3% of general fund revenues as a guide for interest income in FY11. Funds are predominately invested in STAR Ohio, Agencies, T-bills, T-notes and interest bearing sweep accounts. Security of the public funds collected by the district is the top priority of the treasurer's office.

OTHER LOCAL REVENUES

These amounts are estimated based on past trends. Our tuition rate will increase along with the percentage of total General Fund income that comes from local property taxes. Rentals, pay to participate, & student fees are generally stable. No increase in building rental rates are planned at this time but could be increased over the five year forecast. Other fees are expected to remain stable.

Source	FY11	FY12	FY13	FY14	FY15
Pay To Participate	\$245,000	\$245,000	\$245,000	\$245,000	\$245,000

Building Rentals	400,764	404,772	408,819	421,084	433,716
Other	<u>36,000</u>	<u>36,000</u>	<u>36,000</u>	<u>36,000</u>	<u>36,000</u>
Total	<u>\$1,170,034</u>	<u>\$1,182,447</u>	<u>\$1,195,068</u>	<u>\$1,216,077</u>	<u>\$1,237,630</u>

STATE TAXES REIMBURSEMENT

a) ROLLBACK & HOMESTEAD REIMBURSEMENT

These funds are reimbursements from Ohio for tax credits given owner occupied residences equaling 12.5% of the gross property taxes charged residential taxpayers and up to 10% for commercial and industrial taxpayers. These amounts will grow along with new levies and new construction in Res./Ag/ and Comm./Ind. property classifications. HB 66 has eliminated the 10 percent rollback on Class II property (commercial and industrial), and HB 119 has expanded the homestead exemption for seniors for the first \$25,000 of value.

Source	FY11	FY12	FY13	FY14	FY15
Base R & H	\$10,343,051	\$11,778,955	\$11,899,293	\$12,051,877	\$12,226,004

STATE REVENUE ESTIMATES

Per the Governor's Proposed Ohio-Adapted Evidence Based Model and Substitute House Bill 1, the state funding formula dramatically changes with the state bi-annum budget beginning FY 2010. However, the new formula is not fully funded due to the state budget crisis. Districts like Dublin essentially remained flat funded from the previous year with a slight reduction of approximately 1% for 2010 and additional 2% for 2011. The current amounts for FY10 & FY11 are supported by one time Federal Stimulus "fiscal stabilization funds" (See Federal section below).

The federal stimulus monies account for approximately 7.86% of the current formula amounts and we anticipate a similar reduction in total state aid beginning in FY12. The next bi-annum budget of FY 12 & 13 has a potential deficit gap of up to \$8 billion. It is anticipated that state foundation aid will be reduced to "plug" the deficit hole. We have included in this forecast a 10% reduction in state aid. With the best information we have available, we developed estimates for FY11 and beyond.

FEDERAL

There are two federal programs that were provided to states that were passed onto local school districts. State Fiscal Stabilization Funds (SFSF) to help stabilize state and local budgets in order to minimize and avoid reductions in education and other essential services. Education SFSF for primary and secondary education will be distributed to school districts as part of the foundation settlement payments each month and total foundation support will include both state and federal SFSF funds for FY10 & FY11. The District will also receive monies as of the Education Jobs Fund (Ed Jobs) federal program that is to be used to save or retain education jobs. Ed Jobs can be utilized for the 2010-11 and/or 2011-2012 school years. The District will utilize all monies in FY 2012.

SHORT TERM BORROWING

No short term or long term General Fund borrowing is anticipated at this time.

WAGES

The model reflects pay increases approved by the Board of Education for certificated, administrative and technical staff of 1.00% effective August 1, 2010; 1.25% effective August 1, 2011; 1.5% effective August 1, 2012; and estimates for wage increases through FY 2015. Increases and step & training increases are projected to grow as additional staff members are added for new buildings, school improvement plans and growth staff.

Classified employees covered by the DSA agreement were granted increased of 1.0% for contract periods effective July 1, 2010; 1.25% effective July, 1, 2011; 1.50% effective July 1, 2012; and estimates have been included through FY 2015.

This model also projects the following major assumptions for future operations of the district:

- FY11 Base includes approx \$535,000 from GCOS
- FY12 Includes additional staff required by State mandated all-day kindergarten
- FY14 includes additional staff required for new Elem XIII

Source	FY11	FY12	FY13	FY14	FY15

OTHER EXPENSES

The category of Other Expenses consist mostly of Auditor & Treasurer fees and County Educational Service Center deductions for participation in the SB 140 City/County agreement. Auditor and treasurer fees will increase sharply anytime a new operating levy is collected. Also new construction will cause A & T fees to increase as more tax dollars are collected.

NON OPERATING EXPENSES

This account group covers fund to fund transfers and end of year short term loans from the General Fund to other funds until they have received reimbursements and can repay the General Fund. Summer school costs have increased due to additional state mandated remediation of students struggling with achievement tests and because the Board of Education has departed from the policy of making summer school operate at a breakeven with fees collected.

Source	FY11	FY12	FY13	FY14	FY15
Athletic Transfer	\$64,350	\$64,350	\$64,350	\$64,350	\$64,350
Summer School	3,000	50,000	50,000	50,000	50,000

TAX ANTICIPATION NOTE REPAYMENT

No General Fund borrowing is planned in this five year projection.

ENCUMBRANCES

These are outstanding purchase orders that have not been approved for payment as goods were not received in the fiscal year in which they were ordered. This is estimated to run about 1.55% of expenditures for the foreseeable future.

ENDING UNENCUMBERED CASH BALANCE

This amount must not go below \$-0- or the district General Fund will violate all Ohio Budgetary Laws. Any multi-year contract which is knowingly signed which will cause a negative unencumbered cash balance is a violation of 5705.412, ORC, punishable by personal liability of \$10,000.

FORM OF APPROVING LEGAL OPINION
OF BRICKER & ECKLER LLP

Fifth Third Securities, Inc.
Columbus, Ohio

We have acted as bond counsel to the Dublin City School District, Franklin, Delaware and Union Counties, Ohio (the "School District") in connection with the issuance by the School District of its \$24,549,970.10 Various Purpose Bonds, Series 2011, dated October 26, 2011 (the "Bonds"). In such capacity, we have examined such law and such certified proceedings, certifications and other documents as we have deemed necessary to render this opinion.

Regarding questions of fact material to our opinion, we have relied on the certified proceedings and other certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion that, under existing law:

1. The Bonds have been duly authorized and executed by the School District, and are valid and binding general obligations of the School District.
2. The Bonds are secured by the pledge of the full faith and credit of the School District for the payment thereof and by the pledge of the School District to levy ad valorem taxes outside the ten mill limitation of Article XII, Section 2 of the Constitution of the State of Ohio, upon all property on the general tax lists and duplicates of the School District, in an amount sufficient to pay the principal of and interest on the Bonds when due, which taxes are unlimited as to rate and amount.
3. The interest on the Bonds is excludable from gross income for federal income tax purposes under Section 103(a) of the Internal Revenue Code of 1986, as amended (the "Code"), and is not treated as an item of tax preference under Section 57 of the Code for purposes of the alternative minimum tax imposed on individuals and corporations; it should be noted, however, that for the purpose of computing the alternative minimum tax imposed on corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings. The opinion set forth in the preceding sentence is subject to the condition that the School District comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The School District has covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on the Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.
4. Interest on the Bonds, the transfer thereof, and any profit made on their sale, exchange or other disposition, are exempt from the Ohio personal income tax, the Ohio commercial

activity tax, the net income base of the Ohio corporate franchise tax, and municipal, school district, and joint economic development district income taxes in Ohio.

Although we have participated in the preparation of portions of the Official Statement dated October 11, 2011 (the "Official Statement"), relating to the Bonds, we have not been engaged to review the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds (except to the extent, if any, stated in the Official Statement) and we express no opinion and make no representation relating thereto (excepting only the matters set forth as our opinion in the Official Statement). Further, we express no opinion regarding tax consequences arising with respect to the Bonds other than as expressly set forth herein.

Please be advised that the rights of the holders of the Bonds and the enforceability thereof are limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur. We bring to your attention the fact that our legal opinions are an expression of our professional judgment and are not a guarantee of a result.

SAMPLE CLOSING CERTIFICATE

To Fifth Third Securities, Inc.:

It is my understanding that, in considering whether to purchase the above-captioned obligations, you have relied on the Official Statement for such obligations dated October 11, 2011 (the "Official Statement"), which Official Statement was prepared and executed by and for the Dublin City School District, Franklin, Delaware and Union Counties, Ohio (the "School District") under the direction of the Board of Education of the School District.

In connection with your reliance as stated above, I hereby certify that:

1. I have reviewed the Official Statement and have made such investigation and inquiries as I deemed necessary in the circumstances;
2. The statements and information contained in the Official Statement are correct and complete in all material respects, and they do not omit any statement or information necessary in order to make the statements and information therein, in light of the circumstances under which they were made, not misleading or incomplete in any material respect; and
3. To the best of my knowledge, since the date of the Official Statement, nothing has occurred which has caused, or which might reasonably be expected to cause, a material adverse change in the condition or prospects of the School District.

SAMPLE CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the "Disclosure Certificate") is executed and delivered by the Treasurer of the Dublin City School District, Franklin, Delaware and Union Counties, Ohio (the "School District") pursuant to the resolution of the Board of Education of the School District authorizing the issuance and sale of the above-captioned obligations (the "Bonds"). The School District covenants and agrees as follows:

Section 1. Definitions. The following capitalized terms shall have the following meanings:

"Annual Report" means any annual report provided by the School District referred to in the Official Statement and any appendix thereto.

"EMMA" shall mean the Electronic Municipal Market Access system of the MSRB for use in the collection and dissemination of information, which system the Securities and Exchange Commission has stated to be consistent with its Rule 15c2-12. Currently, the following is the website address for EMMA: emma.msrb.org.

"Listed Events" shall mean any of the events listed in Section 5 of this Disclosure Certificate.

"MSRB" shall mean the Municipal Securities Rulemaking Board, located at:

1150 18th Street, NW, Suite 400
Washington, D.C. 20036-3816
Phone: (202) 223-9347
Fax: (202) 872-0347
Internet: www.msrb.org

"Official Statement" shall mean the Official Statement prepared in connection with the sale of the Bonds.

"Participating Underwriter" shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with the offering of the Bonds.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the United States Securities and Exchange Commission ("SEC") under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 2. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the School District for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with the Rule.

Section 3. Provision of Annual Reports.

- (a) The School District shall, not later than December 1 of each year, commencing December 1, 2011, provide to the MSRB in an electronic format as prescribed by the MSRB an Annual Report for the fiscal year of the School District ended June 30 of such year, which Annual Report shall be consistent with the requirements of Section 4 of this Disclosure Certificate. The School District shall furnish an Annual Report to any person requesting the same. Requests for Annual Reports shall be made to: Stephen L. Osborne, Treasurer, Dublin City School District, 7030 Coffman Road, Dublin, Ohio 43017, Telephone: (614) 760-4310.
- (b) If the School District fails to provide an Annual Report to the MSRB by the date set forth in subsection (a) of this Section 3, the School District shall send in a timely manner to the MSRB notice of such failure, which shall include a statement as to the date by which the School District anticipates that the Annual Report will be provided to the MSRB.

Section 4. Contents of the Annual Report.

- (a) The Annual Report shall contain or incorporate by reference the following:
 - (1) Basic Financial Statements of the School District.
 - (2) Five-Year Projection of the School District.
 - (3) Fiscal year data for the table entitled "History of Voted Taxes" and contained in APPENDIX A to the Official Statement under the caption "SCHOOL DISTRICT PROPERTY TAX BASE – History of Voted Taxes."
 - (4) Fiscal year data for the table entitled "Property Tax Collections" and contained in APPENDIX A to the Official Statement under the caption "SCHOOL DISTRICT PROPERTY TAX BASE – Property Tax Rates and Collections."

All or any of the items listed above may be included by specific reference from other documents which have previously been provided to the MSRB or to the Securities and Exchange Commission. If the document included by reference is a final official statement, it must be available from the MSRB. If this School District prepares a Comprehensive Annual Financial Report ("CAFR") that includes each of the items listed above, the School District may designate the CAFR as the Annual Report.

- (b) The Basic Financial Statements of the School District to be included in the Annual Report shall be initially prepared in accordance with generally accepted accounting principles and shall be accompanied by a report of the Auditor of the State of Ohio, or, if applicable, the independent certified public accountants who audited the financial statements; provided, however, if such report is not available to the School District at the time of providing the Annual Report to the MSRB as provided in Section 3 of this Disclosure Certificate, the School District will provide such report to the MSRB as provided in Section 3 of this Disclosure Certificate as soon as it is available.

Section 5. Reporting of Significant Events. The School District shall provide to the MSRB in a timely manner not in excess of ten business days after the occurrence of the event notice of any of the following events with respect to the Bonds:

- (a) Principal and interest payment delinquencies;
- (b) Non-payment related defaults, if material;
- (c) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (d) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (e) Substitution of credit or liquidity providers, or their failure to perform;
- (f) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (g) Modifications to rights of holders of the Bonds, if material;
- (h) (1) Calls for redemption of the Bonds, if material, other than calls pursuant to the mandatory sinking fund provisions of the Bonds, if any, and (2) tender offers;
- (i) Defeasances;
- (j) Release, substitution or sale of property securing repayment of the Bonds, if material;
- (k) Rating changes;
- (l) Bankruptcy, insolvency, receivership or similar event of the School District;
- (m) The consummation of a merger, consolidation, or acquisition involving the School District or the sale of all or substantially all of the assets of the School District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
- (n) Appointment of a successor or additional trustee or the change of name of a trustee, if material.

For the purposes of subsection (l), above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the School District in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the School District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the School District.

Section 6. Means of Reporting Information. The School District shall provide information to the MSRB's EMMA disclosure service as prescribed by the MSRB. As of the date hereof, submissions must be by electronic submission in an electronic portable document format ("PDF") that shall have a word-search function permitting a user to search the document.

The School District is authorized to transmit information to the MSRB by whatever means are mutually acceptable to the School District and the MSRB.

Section 7. Termination of Reporting Obligation. The School District's obligation under this Disclosure Certificate shall terminate upon the defeasance, redemption or payment in full of all of the Bonds.

Section 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the School District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, if the School District has received an opinion of counsel knowledgeable in federal securities laws to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof but taking into account any subsequent change in or official interpretation of the Rule.

Section 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the School District from disseminating any other information (using the means of dissemination set forth in this Disclosure Certificate or any other means of communication) or including any other information in any Annual Report or providing notice of occurrence of events, in addition to that which is required by this Disclosure Certificate. If the School District chooses to include any information in an Annual Report or provide notice of occurrence of events which are not Listed Events in addition to that which is specifically required by this Disclosure Certificate, the School District shall have no obligation to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 10. Default; Remedies. Failure of the School District to perform any of its undertakings contained in this Disclosure Certificate shall not constitute an event of default with respect to the Bonds. The exclusive remedy for any such failure shall be enforcement of the School District's obligations to so perform by actions or proceedings taken in accordance with Ohio Revised Code Section 133.25(B)(4)(b) or Section 133.25(C)(1).

Section 11. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the School District, the Participating Underwriter and the holders of the Bonds, and shall create no rights in any other person or entity.
