

Great Falls Public Schools Good Apple Award Recipients

Dale Whitish, Carpenter, Building and Grounds, was recommended for a Good Apple Award by Stephanie Schnider, Executive Director of GFPS Foundations, District Office Building because of the following:

The Great Falls Public Schools Foundation recently moved offices within the District Office Building. Dale completed the carpentry elements to prepare this space for use. He clearly takes pride in the work he does for the district. He made this new-to-us office space functional and beautiful with his high-quality craftsmanship. We are grateful for him!

Cody Gillespie, Paint Foreman and **Randy Shaffer**, Painter, both Building and Grounds, were recommended for a Good Apple Award by, Stephanie Schnider, Executive Director of GFPS Foundations because of the following:

The GFPS Foundation staff recently moved into a new office at the District Office Building. Cody and Randy painted the area in advance of us moving in. Cody was attentive and responsive as we worked to determine our colors. Cody and Randy invited us to see the progress and encouraged us to utilize our accent color in more than one area so the overall space felt warmer and more welcoming. They are efficient and detail-oriented and clearly care about creating spaces that are inviting and positive.
