Student Spotlight

Marketing Media Academy "I learned how to shoot good photos and videos...(even with no past experience) and how to edit them in Adobe, how to create professional social media posts, and how to work with a club/clients for their projects. This academy is very helpful...even if I don't pursue a career mainly focused on these skills, it's still useful to have them in other jobs too, and to be able to take better shots in general"
-Catherine Harman '25

Interior Design "I like this course because it helps me understand the depth of interior design and it is fun. It has helped me realize that I want to go to college for interior design" -Mia Ellis '23
