

HEALTH SCIENCES AND PUBLIC SAFETY

DUBLIN
CITY SCHOOLS

The **Health Sciences and Public Safety** career community includes medical and other health-related careers as well as careers in public safety. Students who enjoy helping others, conducting research and/or problem solving may consider options in this pathway.

Student Spotlight

Biomed Academy "I loved how hands-on and interactive Biomed is! We were always doing labs and activities with our groups and often had guest speakers from the medical field come in and talk to us about next steps."
-Kiran Chitkara '23

Sports Science Academy "I like how the course really teaches you topics related directly to the job and what you're going to learn in college. The course has been really influential in choosing my wanted career which is either orthopedic surgeon or a athletic trainer."
-Kenan MacDonald '24
