

SAYVILLE HIGH SCHOOL BREAKFAST OF CHAMPIONS

THIS CERTIFICATE IS AWARDED TO:

Joshua Minutello

Josh is a student in my AP Computer Science Principles course. He is very gifted in the area of computer science and has a patience and diligence that is greatly needed for the topic. Josh is always the first person to raise his hand with a thoughtful answer or comment. Everyday Josh leaves my classroom he says “Goodbye Mrs. Galea, have a nice day.” These are very simple words, but they mean so much. Throughout this school year I have gotten to see not only what a hard-working and dedicated student Josh is, but also what a kind and generous person he is. In addition to being in my class, Josh also volunteers to peer tutor several of my Geometry students. Josh chooses to do this to help his peers with no expectation in return. He is always there to help them, explaining patiently how to solve different problems and understand the concepts. With all of his gifts, Josh is incredibly humble. He will always put another person before himself. Josh is an example of great character and a wonderful model of kindness and humility. I am honored to have him in my class and I want to thank him for all he does.

Given this 16th day of May, 2017
