CURRICULUM

The basic instructional program of the Roanoke County Schools offers a comprehensive program of studies consisting of over 300 courses. Each student is required to take a minimum of five credits per year. Courses within the core English, Math, Social Studies, and Science programs can be differentiated into average (regular), college bound and advanced sections. 19 AP courses are offered.

THE GOVERNOR'S SCHOOL FOR SCIENCE AND TECHNOLOGY

The Governor's School, a regional center for the study of advanced courses in science and mathematics, serves students in grades 9-12 for a half-day program. Students are chosen competitively. Participating school divisions are Roanoke County, Roanoke City, Franklin County, Salem City, Bedford County, Botetourt County, and Craig County. The grading scale is as follows:

A=90 - 100 B = 80 - 89 C = 70 - 79
D = 60 - 69 F = below 60

SPECIALTY SCHOOLS

Roanoke County offers specialty schools for students motivated and talented in Engineering, Mass Communications, Performing Arts, and Visual Arts.

CLASS RANK

The grade point average in the Roanoke County Public Schools is calculated on a four-point scale (Exception: AP, dual enrolled and college courses and certain specialty school courses will be computed on a five-point scale) using the final yearly average. Computation begins in the 9th grade, consists of all credit bearing classes, and continues through the senior year. Any credit-bearing courses taken in middle school are also included in the GPA calculation.

All courses granting credit are used in computing the GPA. Courses taken and passed may be repeated to improve the grade and GPA. Both grades will remain on the transcript. Otherwise, final grades for all classes taken will be used in GPA computation. Credits established by transfer students from accredited high schools are included in the computation of the student's GPA, weighted according to Roanoke County Policy.

Pass/fail courses are not included in the computation of the GPA. Foreign Exchange students and some students receiving Special Education services are excluded from the ranking procedure. All other students are included.

Grading system

A = 90-100 B = 80-89 C = 70-79 D = 60-69 F = 0-59

Most classes meet every other day for 95 minutes, on a modified block schedule. A summer session is held for 140 hours per one credit course.
