MIDDLE SCHOOL ADVISORY

Beginning after Labor Day, CSMS Students will participate in a weekly *Advisory* session. Research indicates that *Advisory* groups at the middle school level "forge connections among students and the school community, creating conditions that facilitate academic success and personal growth."

We will implement a twenty-five minute *Advisory* session, once a week, during the A3 Block. *Advisory* groups will be grade-specific, and staff members will utilize lesson plans that focus on character development, social-emotional learning, as well as the developmental, social, and emotional needs of the young adolescent. Our goal is to foster connections among our school community; research indicates *these elements of connectedness have the potential to improve academic achievement and the overall school experience for middle grades students.*
